A Tired Feeling In Springtime

Not Sick, But Not Up To the Mark—You Need the Help of That Sterling Tonic, Dr. Williams' Pink Pills—They Give New Vitality.

With the passing of winter many people feel weak, depressed and easily tired. The body lacks the vital force and energy pure blood alone can give. In a word, while not exactly sick, the indoor life of winter has left its mark upon them. A blood-building, nerve-restoring tonic is needed to give renewed health and energy. Dr. Williams' Pink Pills are an all-year-round blood builder and nerve tonic, but are especially useful in the spring. Every dose helps to make new, rich, red blood, and with this new blood returning strength, cheerfulness and good health quickly follow.

If you are pale, easily tired, or breathless at the least exertion, if your complexion is poor or you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches and backaches, if you are irritable and nervous, if your sleep does not refresh you, or your appetite is poor, you need the treatment Dr. Williams' Pink Pills alone can give — you need the new blood, new strength and new energy this medicine always brings. Mrs. Emma Fraser, Thessalon, Ont., says: "Two years ago my nervous system was, in such a condition that life seemed a burden. I could neither work, eat or sleep well. I tried several medicines, but did not get any relief. Indeed my condition seemed to be growing worse. Then Dr. Williams' Pink Pills were brought to my attention and I decided to try them. After using a few boxes there was no room to doubt that they were helping me. I continued their use until I had taken eight boxes, when I was completely restored to health, and I have not any time since had a symptom of the trouble. When I began the use of the pills I weighed only 96 pounds, while under their use with my renewed health I now weigh 125 pounds. I feel it impossible to praise Dr. Williams' Pink Pills too highly."

Keep Your System Toned Up.

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, indigestion or nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50c. a box from the Dr. Williams Medicine Co., Brockville, Ont.

POULTRY PROMOTION IN ONTARIO

POULTRY FAIRS IN EASTERN ONTARIO

At the poultry fairs held in Eastern Ontario as scheduled below, there were very considerable quantities of poultry marketed. The quantity is a great increase over previous years. The prices paid were gratifying and are doubtless higher than they would have been if the poultry had been marketed under other conditions.

	Tons
Kingston, Nov. 24th and 25th	
Kemptville, Nov. 25th	10
Herrickville, Nov. 26th	12
Jasper, Nov. 27th	125
Napanee, Dec. 2nd and 3rd	
Perth and Lanark, Dec. 8th and 9th	20
Westport, Dec. 9th	35
Lyndhurst, Dec. 10th	65
Athens, Dec. 12th	30
Almonte, Dec. 10th	30
Smiths Falls, Dec. 10th and 11th	9
Carleton Place, Dec. 11th	12
Lansdowne, Dec. 15th	4

At North Napanee and several other places considerable dressed poultry is shipped each fall by the local dealers. It is safe to add another 65 tons to the above figures for these shipments. This would bring up the total to 456 tons. The tonnage for the year 1924 was only 237, therefore, there is an increase of 219 tons over last year's business.

At some points we were able to get the amount of cash paid through the local banks for poultry during the Fairs,—

Napanee	125 tons.	Cash	$ 68,000
Westport	35 tons.	Cash	19,000
Lyndhurst	65 tons.	Cash	38,000
Athens	30 tons.	Cash	18,000
Totals	255		$143,000

The four Fairs just mentioned would show that the average price paid was slightly over 28c. per pound. In order to get some grasp of the value of the poultry marketed in this way, it is necessary to arrive at some approximate average price. After reviewing the prices paid at the different Fairs this fall, whole report might be summed up in this manner.—

14 Fairs handled 912,000 pounds at 26c., $237,120.00. F.H.B.

Napanee As a Poultry Centre

The poultry industry in this vicinity is making steady progress and possibly no other centre offers more encouragement to producers. For several years active educational work has been conducted by poultry experts from both the Federal and Ontario Departments of Agriculture. Practically every subject pertaining to successful poultry raising has been taken up. Demonstrations in proper finishing, killing and plucking birds have been given at different points in the vicinity, until now the poultry coming forward is a great credit to the producers and, to those engaged in the educational work.

There is a very active Poultry Association at Napanee. The members of this Association conduct educational shows and promote good feeling between the town and country producer. I understand that it was this Association that introduced the first Poultry Fair at Napanee several years ago. Now Napanee boasts of having the largest annual Poultry Fair in the Province.

There is a large hatchery at Napanee and while it is a private enterprise, there is such a community spirit displayed that it is looked upon and often spoken of as the "Community Hatchery". I am very doubtful if any hatchery is rendering a greater service. This enterprise began in a small way as it required considerable educational work before producers would patronize it to any great extent. This work made slow progress for quite a while, then suddenly the demand increased to such an extent that the hatchery could not take care of the custom hatching offered last year. Mr. Mills, who operates this hatchery reports that he successfully hatched and distributed 21,000 baby chicks for the producers last spring. The capacity of his equipment was only 10,000. The former capacity is doubled now and with a 20,000 egg equipment Mr. Mills hopes to meet demands. The system followed is,—Producers supply their own eggs and the rate charged is $5.00 per hundred, or 5c. per egg. The reports at the hatchery show that the average hatch was 68% for the season. At one time 95% hatch was reported.

The matter of flock culling has also received attention. During the summer of 1923 a flock culling campaign was arranged by the Dominion and Provincial Representatives, the following was accomplished,—17 points in the Counties adjoining Napanee, 108 flocks culled, a total of 8,425 birds. From these 1,678 culls were removed, a percentage of 19.9. Through this campaign a great many producers have learned to do their own culling, with the result that there is an improvement in the average farm flocks.

The matter of selling poultry in this vicinity is practically confined to the Napanee Poultry Fair. The Napanee Board of Trade, the Town Council, the merchants and producers, also the leading wholesale buyers heartily support this annual event. This year the Fair was held on December 2nd and 3rd, with seven wholesale buyers present from Toronto and Montreal. The number of turkeys were below normal, but this was offset by a larger volume of chickens and fowl. There were approximately 125 tons of dressed poultry sold. $68,000 in cash was paid through the local banks for poultry during the two days. F.H.B. —The Farmers' Guide, February, 1926.

Johnnie's mother was making preserves one day, and, as she sealed each jar, she labelled it:

"Gooseberry Jam, put up by Mrs. Mason."

Johnnie soon discovered the shelf on which they were deposited, and fell to work. Having emptied one of the jars, he wrote underneath the label:

"Put down by Johnnie Mason."

REIDVILLE

(For last week.)

The proverbial March lion was much in evidence, ushering in the month in true lion style, with cold and blustery weather.—Mrs. George Fingland is visiting her daughter, Mrs. David Keech, who has been ill.—Mr. Delbert Blair has returned to Kingford, after spending the week end with friends here.—Mr. N. W. Reid and Mr. A. Fingland spent Saturday in Napanee.—The hum of the sawing machine has come and gone for another year.—Mr. and Mrs. Geo. McLaren entertained a number of friends on Friday evening. All report a pleasant time.—The Assessor passed through this street last week. All those who were fortunate enough to have a dog received a souvenir.—A wedding which has been looked forward to with much interest took place on Saturday, at the Parsonage, Enterprise, the contracting parties being Miss Lillie Lochhead and Mr. Jas. Thompson, of Mountain Grove. They left on the 4 o'clock train for Oshawa, where they had gathered a number of young people to extend congratulations and shower them with plenty of old shoes and confetti.—Miss Edna Wilson entertained a number of her young friends Monday evening. A pleasant time was spent.—Mr. and Mrs. R. J. Wilson are spending a week visiting friends at Selby and Kingsford.—We are pleased to say Mrs. Jas. Milligan is able to be around again, after having the pesky measles.—The ladies of the W. M. S. held their monthly meeting at the home of Mrs. R. J. Wilson. The day being beautiful, there was a fairly good attendance. Mr. and Mrs. Thornlee were also present, and considerable business was transacted. Mr. Thornlee addressed the ladies, which was much appreciated by all present. After the meeting was over Mrs. Wilson served dainty refreshments and a social half hour was held over the teacups.—Many of the fair ladies of this vicinity are taking advantage of the splendid weather, and can be seen going to the many hills, sleighing, shing and snowshoeing, enjoying the delights of the winter sports in the afternoons. — The Reidville Cats are anxiously waiting for the second series of home and home hockey games to be played with the Croydon Dogs. Particulars later.

The boys had been asked to write an essay on any animal they liked, and some surprising efforts were received by the master. One of them, evidently supposed to be a description of a mule, read as follows: "The newt is a hardier than the guse or turkie. It has two legs to walk with, two to kick with, and wears its wings on the side of its head."

Still doing duty after twenty-two years of service. That is the record of not only one, but dozens of Watertman Ideal Pens. Ever since Mr. Wallace first sold them in Napanee 22 years ago. Select your Waterman from Wallace's complete stock.

Three Things Determine Whether the Price You Pay for Your Automobile is High or Low—

Check Value For Value

Check the value in the car you buy on the basis of the advertised f.o.b. price. Chevrolet quality, power, appearance, easy riding, dependability and economy provide the reasons why over 2,000,000 people have bought Chevrolet cars.

Investigate the Cash Delivered Price

The purchaser of any automobile pays for freight, tax and handling charges. Chevrolet's *low delivered* price includes these charges—there is no padding.

Check Time Financing Charges

The financing charges when buying a Chevrolet on time are the lowest in the world. And these minimum charges include financing and fire and theft insurance. No other charges—no side notes to be signed.

Because of Chevrolet's low cash delivered price and the lowest of financing charges, you obtain the greatest value at the lowest cost, whether you pay cash or buy your CHEVROLET on the GMAC Time Payment Plan.

Come in—let us show you how we can save you money in buying a Chevrolet on time.

Good music between acts. Those who will attend have a dramatic treat in store for them. Admission: Single 40c, two for 75c. 12c

Most Successful Entertainment.

The play entitled "A Poor Married Man", presented last Friday evening in the Masonic Hall, Bath, by the Young People's Council of the United Church, was a decided success from every view point. Miss Wassman, Principal of the Continuation School, was in charge, and both she and the whole cast are to be congratulated on the excellent "hit" made. The hall was filled to capacity, the audience delighted, $68.00 taken in financial returns, and $50.00 voted by the youngsters to the Church Budget. The play was a farce comedy in three acts, and the music rendered by Mrs. R. Sexsmith each time as the curtain fell, was most fitting and greatly enjoyed by the large audience, and was a manifestation of taste, tact, and judgment. Miss Carrie Davey joined Mrs. Sexsmith in an instrumental duet.

ST. ANDREW'S SUPPER

St. Patrick's Day was fittingly observed in the town on Wednesday by means of an Irish supper and concert given by the Ladies' Aid of St. Andrew's Church. The Sunday School room was prettily decorated in the conventional 17th of March color, with green shamrocks, tapestries and candles. About four hundred partook of the supper, the main feature of which was a real Irish stew. Between the, two sittings which the large crowd made necessary, the Church Orchestra, of fifteen members, entertained the audience in the body of the Church.

The programme was all of local talent and was well rendered and highly appreciated. It consisted of a number of selections by the Male Quartette, composed of Messrs. Shannon, Waite, Vandervoort and Caldwell. This quartette is very popular, and had to respond to encores time and again. Mrs. Cameron Wilson need's little comment. She is an accomplished artist on the violin, and as usual delighted the audience with her playing. Miss Ramsay, of Newburgh, always welcome in Napanee, sang several songs and was well received. Miss Jean Paul, Miss Milling and Miss Catharine Henderson are three of the younger artists in the town and show great promise in their respective spheres. It would be difficult to find two better prepared or more pleasing elocutionists than Miss Milling and Miss Paul, while Miss Henderson surprised the gathering with her selections on the piano.

OBITUARY

Dr. W. H. Milsap.

The whole community was shocked on Saturday morning to learn of the death of William H. Milsap. On Monday of last week he was one of the gentlemen assisting at the Anniversary Dinner in Trinity Church, and on Monday following his funeral took place from the same church. But a few days' illness and he is gone, while in the prime of life. Dr. Milsap was a man universally respected and in a quiet way he made a multitude of friends, not only in town, but throughout the county. As a member of the Board of Education and an official of Trinity Church, his services were highly appreciated. Dr. Milsap had a large practice and was a friend to everyone. He was one of a family of nine children of the late Hicks Milsap and his wife, Mary McGill, of Moscow. He was born at the family homestead in February, 1875. He received his education at Newburgh High School and at Napanee Collegiate Institute. For six years he taught school and then took a course in dentistry at the Royal College of Dental Surgeons, Toronto, where he graduated in 1903. After graduation he opened an office in Napanee and by his skill, persevereance and pleasing manner he acquired a very large practice. He is survived by his wife, who was Blanche Williams, a daughter of Mr. and Mrs. James Williams, of Stirling, and three children, William, aged twelve years, Douglas, aged eight, and Mary, aged two years. The brothers and sisters who survive him are: Mrs. Wm. Gee, Victoria, B.C.; Mrs. Jas. Lochhead, Lansdowne; Mrs. J. J. Reid and Mrs. Fred Cline, Moscow; Marshall, at Colebrook; John and Neil, at Moscow.

The funeral took place on Monday afternoon, a private service being held first at the residence on East St., followed by a public service in Trinity Church. The services were conducted by Rev. W. R. Tanton, assisted by Rev. A. J. Terrill and Rev. H. B. Neal, the interment taking place in Riverside cemetery.

A. F. Chinneck

Arthur Chinneck, a former well-known resident of Napanee, died on Sunday morning at the Oddfellows' Home, Toronto. Mr. Chinneck was in the jewelry business in Napanee with his father for many years, but shortly following the death of his father he was taken with paralysis of the spine, rendering his limbs useless. He was in the General Hospital, Kingston, for months and recovered sufficiently to occupy a wheel chair, when he was transferred to the Oddfellows' Home at Toronto, and had been a resident of that institution for some years. The remains were brought to Napanee on Tuesday afternoon for interment in the family plot.

FRANCES NICKAWA

The seating capacity of Grace Church was taxed to its utmost capacity on Sunday evening, the attraction being Miss Frances Nickawa, the young and talented Red Indian elocutionist and singer, who possesses that wonderful talent of swaying the emotions as the winds sway the trees. Her singing and reciting held the vast audience spellbound, and her rendering of that masterpiece entitled "The Crucifixion", so touched the emotions of the people that every heart was stirred, and unbidden tears trickled down the cheeks of many. Her descriptive ability was so accurate that one could readily imagine they were witnessing the actual scenes enacted during the crucifixion. On Monday evening a large audience listened in rapt attention to a wonderful recital of dramatic and humorous readings, Indian legends and folk lore, part of which was given in Indian costume.

Miss Nickawa possesses versatility, grace and beauty of expression combined with genuine humor. There is nothing lacking in her recitals, she has in a very large measure the powers of interpreting the idea of any author with whom she deals, all the little movements of eye, hand and muscle, in fact all the things that are essential to realism are there. With a charm and naivete she told some amusing stories which delighted the audience greatly. She charmed her hearers with every item of the programme, grave or gay, and left them hungry for more.

The instrumental numbers were excellent. Mrs. Cameron Wilson is always heard with much appreciation, and Mrs. Black and Mrs. Seymour's piano number was much enjoyed.

CHARLES McGREER SALE

The top price for Registered Holstein cows at McGreer's sale on Wednesday of last week was $152.00 paid for Daisy Pauline Akartra, the purchaser being Mr. Arthur VanSlyck of Morven. This cow, five years of age, was exceptionally good, being a granddaughter of Daisy Pauline Pieterje, who gave 110 lbs. of milk in one day, 741 lbs. of milk seven days, and 23807 lbs. in one year. She was the first cow to hold three Canadian championships.

Nancy Ormsby Keyes, a splendid young cow, was sold to Mr. Royal Wemp, of Amherst Island, for $121.00.

Four good grade Holstein cows brought an average of $100.00, while eight exceeded an average of $95.00.

Amongst the purchasers of cattle were Walter Cranston, Thos. Morris, Enos Pringle, John Caldwell, John Thompson, W. A. McWilliams, John P. Benn and William Cranston.

EMPLOYEES BUY STOCK

By way of encouraging thrift and stimulating the interest of employees in the Company they work for, the Bell Telephone Company has made it easy for telephone workers to become purchasers of shares in the Company. As the Annual Report for 1925 discloses, no less than 8,255 employees have subscribed for stock to the amount of 26,528 shares. This means that 70 per cent of eligible employees are in process of becoming shareholders, indicating as the Report says "a commendable tendency towards saving and thrift." 12a

BASEBALL.

It won't be long now till the baseball bugs will be going again. Many are at it now, and just in passing we would like to say that it might be a good idea to get busy and hold a meeting pretty soon and see what we have got for the coming season. A dance or some sort of entertainment could be put on, and have the team start the season right, with a little money in the treasury. It is hoped that some action is taken before it is too late. Napanee has three leagues which they can enter, but many fans hope they will stick to the St. Lawrence now that Brockville is barred. The locals were in second place last season, and should come out in first place this season.

STORY OF THE GIRL GUIDES

MISS M. E. HERRINGTON
Commissioner of Girl Guides for Napanee District

Miss M. E. Herrington, M.A., Commissioner of the Girl Guides of the Napanee District, has been visiting in Belleville for the past week, in the interests of Guide work, and during her visit has inspected the various companies.

Miss Herrington, who is the daughter of W. S. Herrington, K.C., became interested in the Girl Guides while teaching at the Bishop Strachan School, Toronto, and organized that school into Girl Guides.

In 1922 Miss Herrington was appointed organizing secretary of the Dominion Council at Toronto and her duties brought her from coast to coast organizing the various cities.

Miss Herrington always travelled in her costume and as she said she was taken for anyone from a policewoman to a pullman attendant. "The most interesting person whom I met on my travels was a little English girl teaching school in Saskatchewan", said Miss Herrington. "She had organized her school into Girl Guides and Boy Scouts and was trying to teach these little "new Canadians" the best in life.

Miss Herrington, when asked about the history of the Girl Guides, gave a very interesting account of the beginning, the scope and the aims of this organization.

It was begun by Sir Robert Baden-Powell in England in 1909. He had organized the Boy Scouts there but found that the girls were trying to imitate the duties of their brothers and were developing into tom-boys. He introduced the Girl Guide movement in England and it was eagerly taken up by the girls there under the Honorary Presidency of the Princess Mary.

Similar organizations sprang up in different countries such as the Girl Scouts in the United States. In 1911 at Toronto Lady Pellatt made the first plans for a Girl Guide organization in Canada. Every province is now organized with Ontario and British Columbia the best organized, British Columbia has the most number of guides according to population and Ontario has the largest number.

The aim of the Girl Guide founders was to have a sisterhood of "woodcraft and service". Girls from the ages of 11 to 16 can belong. Those under eleven have their own organization known as the Brownies, whose motto is to help everyone. The older girls are known as Rangers, whose aim is citizenship and service.

The Girl Guide idea is to train its members in habits of self reliance, emphasizing service, courtesy, loyalty, honour and obedience. A Guide prizes her Guide honour above all else. The Brownies are taught these ideas through games and stories.

An interesting branch of the Guides is the "Lone Guides" made up of girls living on lonely farms in the northwest. Their captain, Mrs. Alton, is an invalid, partly paralysed, and the work of the Girl Guides is inspected by correspondence. Frequently the names of little girls anxious to join the Lone Guides are brought to the captain by North West Mounted Police returning from their long patrol.

In other countries, organizations similar in aim to that of the Girl Guides are doing good work. In France they are known as Les Eclaireuses, in Italy the Volunteria. When Mussolini was disbanding secret organizations, the Volunteria pleaded to be allowed to carry on, through a representative of one of the oldest Italian families. Mussolini consented on condition that at the end of the year they could have shown themselves to have done something useful.

The special charge the Volunteria have undertaken is the looking after the graves of the soldiers of the Great War.

At a recent conference of these organizations thirty-seven countries outside of the British Empire were represented. In India it is the one caste. The uniforms of other countries are very interesting. In Japan most of the girls wear the Japanese Kimono, in India the native girls wear a blue colored sarang, English girls in India wear pongee silk uniforms. Many other countries wear khaki uniforms. With minor differences the training, the guide laws and promises are exactly the same in all the nations.

The centre of Guide work in the Empire is "Fox-lease" a beautiful home given to the Guides by Princess Mary purchased at the time of her marriage by half of the "Mary" fund and money received from the public exhibition of her wedding gifts. "Fox-lease" is situated in New Forest, South Hampton and has been the scene of Imperial and International Guide conferences. Rooms in "Fox-lease" have been furnished by Canadian, Australian, American, South African and English Guides.

The Chief Commissioner of the Girl Guides, Mrs. H. D. Warren, of "Red Gables", Toronto, is a capable business woman who gives much of her time, voluntarily, to Guide work. The Girl Guide organization is a well-running, successful organization which is developing the best instincts and helping to form the best habits of young girls the world over.
—The Daily Ontario, Belleville, Ont.

MRS. (REV.) CREEGAN DIED SUDDENLY

Wife of Desercnto Clergyman Answered Call While Driving With Her Husband

Death came with startling suddenness about 7.30 on Sunday night to Mrs. A. H. Creegan, wife of Rev. A. H. Creegan, Anglican rector of St. Christ's Church, Deseronto, when she expired at the side of her husband as they were driving along the Highway in their car between Deseronto and Napanee. Mr. Creegan was to preach in Rev. Mr. Coleman's pulpit in St. Mary Magdalene Church at 8 p.m., and was on his way to that place, accompanied by his wife.

When about at McGreer's farm, one and a half miles Centre Napanee, Mrs. Creegan was seized with heart failure and died at once. The whole community was thrown into the most profound grief by the news which spread rapidly during the evening.

The first intimation Rev. Mr. Creegan had of anything out of the ordinary was when he noticed his wife leaning heavily against his side. Upon investigation he found that she was unconscious and apparently lifeless. She was at once taken to the home of Mr. and Mrs. John Jaynes and it was found that she had passed away.

The late Mrs. Creegan was a most beloved and respected lady, admired throughout the entire district for her amiable disposition and her earnest work at all times for those in need. She and her husband have been located in Deseronto for the past twenty-five years. Rev. Mr. Creegan ministering to the Anglican Church there. Besides her sorrowing husband, Mrs. Creegan leaves to mourn her loss five children, Frank, John, Marian, Kathleen and Isabel. Both Mr. and Mrs. Creegan were exceptionally well known in Napanee as well as in Deseronto, and in both places they have a host of friends who extend their deepest sympathy in the sudden and irreparable loss which the family has suffered.

The wee Scotch lad was in the habit of entering the village baker's shop and asking the proprietress there to give him two ha'pennies for a penny. This continual request so irritated the lady behind the counter that one day, losing her temper, she scolded him and told him not to return. The young Highlander promptly justed his bonnet on his head and said gravely: "Michty! It's a wunner tae me how yo keep yer customers."

ROD AND GUN

Of considerable interest in view of the recent controversy in Ontario over the usefulness or not of the crow, is a series of articles on Jack Miner's work that is running in Rod and Gun, the sporting magazine. The April issue contains an interesting article with references to his advice on the establishing of a large bird sanctuary.

The April issue of Rod and Gun also contains a very good offering of reading matter of interest to the sportsman, the lover of wild life and the outdoors and the casual general reader. An account of a tenderfoot bear hunt in the Wilds of British Columbia makes very interesting reading as do the current articles of Raymond Thompson's series of "In the Ojibway Country" and A. Bryan Williams' "Breezes from the West".

The regular departments on fishing, outdoor life, guns, dogs and trapping, contain some good reading matter as well as instructive matter.

Rod and Gun is published monthly by W. J. Taylor, Limited, Woodstock, Ontario.

RUN-DOWN AFTER BIRTH OF BABY

Ottawa Woman Made Strong by Taking Lydia E. Pinkham's Vegetable Compound

Ottawa, Ontario.—"I was terribly run-down after the birth of my third baby. I had awful bearing-down pains and was afraid I had serious trouble. I was tired all the time and had no appetite. My sister-in-law is taking Lydia E. Pinkham's Vegetable Compound and cannot praise it too highly and asked me to try it. I have had splendid results and feel fine all the time now. Any one who needs a thorough 'pick-me-up' soon learns from me what to take."—Mrs. RENE PAQUIN, 230 Cumberland Street, Ottawa, Ontario.

Terrible Backache

Hamilton, Ont.—"After my baby was born I had terrible backache and headaches. I could not do my work and felt tired from the first minute I got up. But worst of all were the pains in my sides when I moved about. I had to sit or lie down for a while afterwards. I could keep my house in order, but many things had to go undone for the time, because of my ailments. I was told by a neighbor to take Lydia E. Pinkham's Vegetable Compound, as she said it would build me up. I was relieved before I had taken the first we bought and have had no need of a doctor since."—Mrs. T. MASKUN, 125 Ferguson Avenue South, Hamilton, Ontario.

CHASSIS

This Demonstration is of real value to every person interested in Motor Cars

IT is a rare occasion when the average motorist has an opportunity of having the functions of the many parts of an automobile chassis demonstrated by an expert, using a cut open motor and stripped chassis. Such an opportunity happens only about once a year and should not be passed up. Every motorist should be familiar with the fundamentals of motor car construction. The expert will demonstrate the why and how of all the major motor car parts. For instance, he will explain in detail why the three-point motor suspension reduces vibration noise — why Chevrolet will flash from 5 to 25 miles in less than 8 seconds.

The lecturer, who comes to us direct from the Chevrolet factory at Oshawa, will also explain why the improved Chevrolet incorporates many mechanical features heretofore only found on high-priced cars.

Regardless of what car you drive or are interested in, this Chassis Demonstration will be a real education.

BAY CIRCUIT.

During the past week there were two happy gatherings on this field. On Monday evening sixty-five of the friends of Bethany Church spent the evening at the home of Mr. Frank Clark, and on Wednesday evening the people of Gretna enjoyed a social evening at the Parsonage. The people of the Parsonage hope they will soon come again.

The Maintenance and Extension Fund subscriptions of the United Church of Canada for year ending March 31st, has reached the three million nine hundred thousand dollar mark.

Remember the teameeting and entertainment at the Sand Hill Church on Thursday evening, April 1st.

All this Circuit is in mourning at the time of writing of this article over the death of a life long supporter of our Circuit, in the person of Mrs. William Howell, aged 58 years, 2 months and 7 days. The gathering of the larger part of the people of the circuit at the funeral in Trinity Church was a testimony of the high esteem in which she was held by those who knew her best. Rev. E. Farnsworth, who knew the deceased for over twenty-five years, feelingly referred to the beautiful Christian life which she lived in this community.

Healthy Children Always Sleep Well

If Baby Does Not Enjoy Refreshing Sleep He Is Far From Well.

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again.

Baby's Own Tablets are a mild but thorough laxative which regulates the bowels, sweetens the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the newborn babe with perfect safety.

You can obtain Baby's Own Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from The Dr. Williams Medicine Co., Brockville, Ont.

VARIETY SHOWER

On Thursday evening, Feb. 25th, 1926, a number of friends gathered at the home of Mr. and Mrs. Edgar Fox, and presented Mr. and Mrs. Frank Babcock with the following gifts:—

THE ONTARIO INSURANCE ACT

The many important questions before the Ferguson Government at the present time include among them the Insurnce Act in all its phases and the Administration of the Insurance Department as the questions involved have a most important bearing on the business interests of this Province.

At the present time the reduction of all forms of taxation is a most crying need, business cannot function under the present crushing load of taxation and means must be found to lighten the burdens.

The late Drury Government without due consideration passed a bill known as the "Reciprocal Insurance Act", permitting foreign corporations to do business in Ontario without putting up any security with the Provincial Treasurer for the protection of Ontario policyholders; the net results of this Act is that hundreds of thousands of dollars go from Ontario to build up foreign concerns in the United States. This Act should be annulled or amended so that these concerns have not only to put up securities in Ontario, but also have to keep their records and do all work in Ontario so that the salaries of the necessary staffs will be expended here and not in the United States.

The moves of the present Insurance Department regarding rates on automobile insurance appears to be nothing more or less than the first steps of the officials to try and control rates on all classes of insurance which mean large staffs of officials for which the public will have to pay. State regulation of rates has been tried in several of the States to the south of us and invariably the state rates are higher than those formerly charged by the licensed companies—the public was forced to pay more.

Strikingly the public paid taxes of over $3,000,000.00 in 1924 to the various insurance departments as the amount was collected from the fire and casualty companies alone. The Government tells us the companies paid this amount; sure they did, but it was collected from the public.

Additional indirect taxation is now contemplated by the Ontario Insurance Department through new and voluminous returns which it is estimated will cost several hundred thousand to compile, additional staffs will be necessary to handle the figures creating new jobs for the favoured few—but again the public has to pay.

The non-collection of taxes from unlicensed foreign concerns is costing the Province through loss of revenue anywhere from $50,000 to $100,000 per annum, a tidy sum to be quietly overlooked by the Provincial Treasurer.

What is needed to-day more than at any time in our history is sane legislation and administration in the public interest, not an increase in indirect taxation by means of non-productive Government officials.

"You misjudge me," said the hypocrite reproachfully. "I admit I am a poor, weak mortal, but lying is not one of my failings."

"It certainly is not," agreed the hard-headed man. "It is one of your successes."

Skinny Men Can Do The Same

All weak men and women.
All nervous men and women.
All skinny men and women.

Can grow stronger, healthier and more vigorous and take on solid needed flesh in 30 days just by taking McCoy's Cod Liver Extract Tablets four times a day—sugar coated and easy to take as candy.

And what a lot these flesh producing tablets have made. One druggist tripled his sales in one week.

Everybody knows that from the livers of the humble codfish comes a first class vitamine that is a wonderful vitalizer, flesh producer and health creator.

Millions of McCoy's Cod Liver Extract Tablets are sold every week and thousands of frail rundown underweight people are being helped.

A box of 60 tablets for 60 cents and if any skinny man or woman doesn't gain at least 5 lbs. in 30 days your money back. Ask any good druggist anywhere in America.

Be sure and get McCoy's, the original and genuine and don't forget there's nothing on earth so good to make backward, listless, underweight children grow strong and robust.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday will be "The Way of Salvation," the fifth of a series on the doctrinal basis.

Our Ladies' Aid "at home" on St. Patrick's Day was well conceived and carried out, and in every way a success. On account of the temporary illness of the hostess, Mrs. McCallum, it seemed for a time as though it might have to be changed to another home, but much to our delight she was able to do her part very efficiently. The decorations, programme and refreshments were all that could be desired, and the proceeds from fees and waist measurements $22.00.

The addresses on the work of the W.M.S. given by Mrs. W. Wagar of Centreville, last Sunday morning at Reidville, and in the evening at Tamworth, were informing, interesting and opportune, in view of the period of transition when the societies of the three uniting churches are merging into the enlarging activities of the W.M.S. of the United Church of Canada. We wish that she had been able to visit Marlbank also. The outlook is that, notwithstanding the congregations have this year doubled their missionary givings, the ladies' societies will also show an increase.

On last Monday morning death entered the home of Mr. Albert Benn, of Marlbank, and a loving and faithful husband and father was called from the home on earth to the home in heaven. He leaves a wife and eight children—three sons and five daughters—besides a host of friends, to mourn what to mortal ken seems his untimely death. The United Church of Marlbank, of which he was a member and caretaker, was not able to hold the many friends who gathered to attend the funeral service which was held at 2 p.m. last Wednesday. The body was brought to Tamworth and placed in this vault.

SWITZERVILLE

On Friday evening, March 12th, the members of the Young Peoples' League put on a pie social in the Switzerville United Church, and it proved to be a great success. The weather being favorable made possible a capacity crowd, which filled the church. After the pie, etc., had been liberally served, the program was put on by local talent, together with the splendid contributions of readings by Miss Helen Milling and Miss Hugaboom; also solos and a duet by the Misses McKim, of Napanee, their numbers being deservedly and enthusiastically applauded. The play, entitled "How the Story Grew," was given by Switzerville talent, and was very amusing and at the same time was suggestive of some practical lessons applicable to everyday life. The program committee are to be congratulated on the entertainment provided, and the League, as a whole, for their ambition to surpass last year's contributions to the missionary and other funds of the United Church. It is very gratifying to find that the proceeds made possible a good increase over last year's givings from the League.

HAWLEY

The sleighing is all gone, and we are sure everyone is glad.—Mr. G. D. Dafoe, of Orendale, Mich., visited Mr. Fraser Lampkin on his return from Ottawa, where he went to bury his mother. — Mr. Cadman spent the week-end at Mrs. W. Fretts'.—Sunday service at 3 p.m., Sunday School at 2 p.m. — A number of friends took Mr. and Mrs. Arthur Young by surprise on Tuesday night and presented them with two beautiful wicker chairs. They are moving to Napanee. — Mr. Isaac Asselstine has an attack of la grippe. — Don't forget the play to be given on the 6th of April. Come one, come all.

FOURTH LINE

On Tuesday evening, March 16th, the play, entitled "Poor Father," was given by the Young Peoples' Organized Sunday School Class in the Fourth Line United Church, and though there were other attractions elsewhere, yet the number who came exceeded expectations. Sleighs and cutters, loaded to their utmost carrying capacity, from Morven, Switzerville, Violet and Odessa, soon filled the church, so that it became necessary to use the reserved seats in the elevated gallery. The members appointed to represent the different characters in the play were certainly well chosen, and were able to make matters very realistic, amusing, and sometimes thrilling. The play itself, given in three acts, brought out very clearly that "Poor Father" had to blame himself for most of his troubles. The members of the class are not only to be congratulated on the manner in which they put on their entertainments, but also on the objective they had in view, namely, to purchase with the proceeds up-to-date Coleman chandelier lamps to illuminate their beautiful little church. Their faith was evidenced by having the lamps there, lighted up, to show the wonderful improvement it would be to the church. It was also very encouraging to find that the proceeds were more than sufficient to cover their expenses. Thus their faith was amply rewarded.

Relieved After Other Remedies Had Failed

Ontario Lady is Very Enthusiastic About Dodd's Kidney Pills

Mrs. P. Alexander Was Run Down, Had Pains in Her Back and Her Blood Was in Poor Condition.

Nickleton, Ont., Mar. 22nd, (Special)—One more tribute to the great work Dodd's Kidney Pills are doing for women of Canada comes from Mrs. P. Alexander, well known and highly respected here.

"I was very run down and often had pains in my back," Mrs. Alexander states. "My blood was also very bad. I read in the paper about Dodd's Kidney Pills and thought I'd try a box. I have tried many other medicines and they did not relieve the pain in my back. Shortly after taking half a box of Dodd's Kidney Pills I felt my pain was not so severe, so I continued taking them—three boxes altogether and cast say they have no equal for kidney trouble. My father would never be without them in the house. He suffered very much from kidney trouble and was cured from kidney trouble."

Weak, nervous, run-down women should give Dodd's Kidney Pills a trial at once.

A poor golfer had been pressed into service to play for his club in a match on a strange course. He was rather nervous about his opponent's capabilities, and, when, at the first hole, that player began with a whizzing 250-yard drive, the poor player turned in consternation to the local caddie "Good heavens!" he asked in a whisper, "does he always play like that?"

"No," said the boy scathingly; "it's all right, mister, 'is foot must 'ave slipped."

All Night With Asthma. Everyone knows how attacks of asthma often keep their victims awake the whole night long. Morning finds him wholly unfitted for a day of business, and yet, business must still be carried through. All this night suffering and lack of rest can be avoided by the prompt use of Dr. J. D. Kellogg's Asthma Remedy, which positively does drive away the attacks.

A man once sent a note to his butcher which read:

"Send a shillingsworth of meat out to my house. If there is no one at home just poke it through the keyhole!"

An Oil That Is Famous.—Though Canada was not the birthplace of Dr. Thomas' Eclectric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all those countries it is on sale and in demand.

Requisite on the Farm. — Every farmer and stock-raiser should keep a supply of Dr. Thomas' Eclectric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

Old Gentleman—"My little boy, have you no better way to spend this beautiful afternoon than by standing in front of the gate idling away your time?"

Small Boy—"I ain't idling away my time. There's a chap inside with my sister who is paying me sixpence an hour to watch for pa."

Worms, by the irritation that they cause in the stomach and intestines, deprive infants of the nourishment that they should derive from food, and malnutrition is the result. Miller's Worm Powders destroy worms and correct the morbid conditions in the stomach and bowels that are favorable to worms, so that the full nutriment of the child is assured and development in every way encouraged.

"It's all right," said the visitor, "but you can't hold a candle to the goods we turn out in my works!"

"Same line?" asked the host, somewhat offended.

"No," replied the other; "ours is gunpowder."

RHEUMATIC PAINS GO SWOLLEN JOINTS VANISH

Thousands of sufferers have freed themselves from the bondage of rheumatism; rid themselves of the torturing pain; reduced the swollen joints; thrown away canes and crutches, and from helpless beings became able to work and be of use to themselves and their families.

They took Rheuma: the modern enemy of rheumatism, lumbago, sciatica, arthritis, and chronic neuralgia. Don't be skeptical about Rheuma. You will know in a few hours after beginning the treatment that the poisonous waste matter is leaving your system through the natural channels. You will feel better in a day; you will know you are going to be helped in less than a week.

There is no guess work about Rheuma bringing you back to health. That's why Wallace's Drug Store and druggists everywhere sell it with guarantee of money back if it does not give quick relief.

IDEAL COUNTRY OF DELIGHT

Isl. of Utilla Seems to Have Been Appropriately Designated "Lazy Man's Paradise."

Weigh while seems life on the Isle of Utilla. Its place on the map would be hard to find, but it's worth discovering. Away off in the Southern sea, never heard from before and but little known, it comes to the knowledge of the Pan-American union that here have Americans found a home that others enjoy when they are dead. "We call it a lazy man's paradise," says the message from this land of delight, "not that the inhabitants are necessarily indolent, but simply because a large amount of labor is superfluous. Nature provides for nearly all our wants here as in most tropical countries. Farming is our principal occupation, yet there is not a plow on the island. Frost is unknown and extreme heat is never experienced. Ninety degrees in the shade would be as unusually high temperature. Our grade schools are of high standard, attendance being compulsory ten months in the year. American text books exclusively are used and social life could not be distinguished from that of the United States. Utilla is one of the Bay islands, a string of six verdant keys in the bay of Honduras, an arm of the Caribbean sea, which was discovered by Columbus in 1502. They were then thickly populated by native Indians, who became slaves. The islands now are inhabited wholly by English-speaking people. The first family to settle there was that of Joseph Cooper, who found upon landing two lonely American young men, Samuel and Joshua Warren by name. A few years later came Mark G. Morgan, an American from Philadelphia. The descendants of these men now inhabit the islands. These pioneers were the Puritan stock, all seafarers imbued with the spirit of adventure, who though filled with wanderlust, found conditions on the island so ideal that they planted their stakes deep and said: "Alabama—here we rest." Of the principal exports, 110,000,000 coconuts are sent yearly to the United States. There are fourteen Methodist churches and six of the Seventh Day Adventists on the islands with more than 700 members and 200 children to their Sunday schools.—Ohio State Journal.

Education Via the "Movies."

Moving pictures offer such advantages for many educational purposes that it seems quite in order to expect entire text books to be replaced by reels of film. In a recent London exhibition Maj. E. D. Maddick of the Royal College of Surgeons showed a human skeleton slowly turning before the audience, and gradually disintegrating, dropping bone after bone until reduced to the spinal column alone. Rebuilding followed. One by one the bones were reassembled until the structure was again complete, and in this way the various elements of the human anatomy were so brought to notice as to give a lasting impression of their peculiar shapes and their relation to the whole. It is suggested that the series of views may be so extended as to include movements of limbs and joints in both health and disease. The record value of the pictures has been already recognized, and they will doubtless be instruments of increasing usefulness to surgeon, investigator and teacher.

Stoves of an Age Gone By.

Somebody interested in antiquities has asked in print whether soapstone stoves are now purchasable, and although the question will puzzle most of those who read it even to know what such a stove looks like, it will remind others, of an older generation that the soapstone stove has not so very long vanished. People used such stoves, and burnt wood in them, no longer ago than the time when mansard roofs were admired; and as some mansard roofs still remain in American cities so, doubtless, do some soapstone stoves. Most of them, however, are gone, like the earlier cast iron stoves that had neither door nor stove pipe, but backed right out at fireplace in the next room and both took in fuel and sent out smoke through a hole into the fireplace. In fact, it would take a nimble book to describe and picture the family tree of the modern kitchen stove and basement furnace.—Christian Science Monitor.

New Heat-Resisting Stone.

The heat-resisting building stone of Charles Ingvaldsen, a Norwegian, is made by mixing ground mica with just enough clay or like binder to form a coherent mass. The mixture may be shaped into blocks, plates or other forms of any size, and is fired at a temperature just high enough to fuse the mica. The stone has essentially the same properties as natural mica. For withstanding very high temperatures, equal parts of mica and quartz are used with the binder, and this mixture is fired at a heat sufficient to fuse the quartz. This stone is claimed to be not only very refractory and durable material but to offer other desirable qualities, such as effective electric insulation.

Violent Deaths in India.

Snake bites caused 23,918 deaths in British India in 1917, nearly 200 more than in 1916. There were 2,179 persons killed by wild animals, 102 less than in 1916. Tigers got 1,000; leopards, 339; wolves and bears, 299; elephants and hyenas, 36. Of the 456 set down to "other animals," 89 are assigned to pigs and 198 to crocodiles.

Maintaining Order in China.

In China every member of a family is responsible for order in that family and every inhabitant of a city is jointly responsible with every other citizen for its tranquility. If a younger son in a family should commit a crime, the older son is likely to be taken into custody for the offense and, perhaps punished.

THE WEEK IN THE LEGISLATURE

Toronto, March 20th. — The week was featured by demonstrations, somewhat striking in contrast, between Conservative soldiers and Liberal dissenion. R. L. Brackin, Liberal member for West Kent, who on Tuesday afternoon supplanted Harold Fisher, official financial critic, in the budget debate, made a pronouncement on the liquor question in direct opposition to the recent declaration of his leader, Mr. Sinclair. He came out definitely and strongly for a system of sale under government control, and gave the House to understand that he had entertained such views for some time, and had at last come to the conclusion that members should not continue to sail under false colors, to the extent that silence might appear to give consent to principles and policies in which they did not believe. As it is well known that J. A. Pinard and about five others in the party take the same stand, Mr. Sinclair is now in command of a minority group, so far as this important issue is concerned.

* * * * *

The matter did not rest with the Brackin-Pinard incident. On Wednesday, Mr. Sinclair read to the House a prepared statement in which he virtually read these two members out of the party. He declared that they had no right to speak for it in the House on this question, especially as Mr. Brackin held a retainer from a distillery company and Mr. Pinard "conducted in one province a business which was unlawful in this." With the domestic breach thus accentuated, Mr. Brackin returned to the attack on Thursday, long enough to explain that he held no such retainer as alleged, although he had represented the Dominion Distilleries, of Montreal, before the customs enquiry committee at Ottawa, merely on technical matters. The member also took occasion to explain that while he was, as Mr. Sinclair said, a party to the Liberal platform of 1919, including its prohibition feature, that was six years ago, and the O.T.A., "instead of proving a blessing and benefit, in many parts of the province had proven the contrary."

* * * * *

Mr. Pinard will have his say next week, but in the meantime stood up to remark to the House that Mr. Sinclair was no more entitled to express party policy than any other member; that he was picked as leader by a group of 14 who had nobody else at the time. Just at this time, Liberal conventions are being held in Western Ontario constituencies, and the speakers sent from the House are conspicuously "dry" members. In accordance with Mr. Sinclair's declaration, an effort is being made to line up prohibitionists behind the candidates now being selected, but it will be noted that things are not going too smoothly in all cases, and in West Elgin one nominee expressed non-currence in the "dry" plank and refused to allow his name to go before the convention.

* * * * *

The demonstration of Conservative solidarity referred to came on Thursday night, when a complimentary dinner was tendered Hon. Howard Ferguson, by all his supporters in the Legislature. It was a most enjoyable occasion, featured by the presentation to the prime minister and Mrs. Ferguson of a large cabinet of hall-marked silver. The premier was deeply touched, and the gathering itself was no less wowed when Mr. Ferguson referred to some of the incidents of his political career of less fortunate times. John Joynt, North Huron, presented a huge bouquet of roses to the prime minister, for Mrs. Ferguson. Another interesting feature was the fact that though the Cabinet ministers were present, they were given a listening role, and it was made "private members" night. In addition to Hon. David Jamieson, who presented the silver; Hon. J. E. Thompson, who proposed a toast responded to by the only visitor, W. A. Boys, M.P., there were brief addresses from Col. John A. Currie, Toronto; W. H. Chambers, South Oxford; James McCausland, Toronto; Col. R. Mark, North Victoria; Michael McKnight, East Elgin; W. H. Edwards, Toronto; Dr. J. H. Harcourt, Parry Sound; T. D. Johnston, East Peterboro'; T. J. Mahoney, South Wentworth; H. J. Kennedy, Temiskaming; and J. Hill, East Hastings.

* * * * *

In a memorable speech on the ideals and principles of the party, Mr. Ferguson said: "The Conservative party has always stood for the interest of the Canadian toiler and producer. The legislation that I propose to put on the statute books year after year shall not be that which emanates from the faddist, the man with a cure-all for every little difficulty that arises, but legislation that deals in a broad, general way with sound principles that will appeal to the sound sentiment of the average citizen of this province, and if we do that I am convinced we will always carry the judgment of the electors favorably on appeal." In acknowledgement of the spirit of the gathering, the Prime Minister said: "My experience of 10 or 12 years as member of a government, and long before that as supporter of a government, when Sir James Whitney dominated affairs, convinces me that never has there been anything more loyally as I have to-day at the hands of the Conservative party. I appreciated that more than I can express. I have tried to tell you that I have no special interest in advocating one policy more than another. My own interest is to exercise my judgment in a way that I think will be in the best interests of the province as a whole."

While quoting tributes to Mr. Ferguson, there may as well be included one from the Liberal side. R. L. Brackin, West Kent, said on Tuesday: "I admire from a political standpoint my friend the prime minister. He has a lot of courage. I have never known him to fail to say exactly what he thought, and in times of stress and trouble his courage never deserted him. He fought best when fighting with his back to the wall, and I always admire him for it."

* * * * *

Public Accounts Committee has been sitting frequently during the week, and on Friday night held the first night session. Hon. James Lyons, late minister of lands and forests, has been the only witness, and while the result has not been startling from a newspaper standpoint, it gives food for thought along a line probably not anticipated by the inquisitors who brought about Mr. Lyons' resignation as minister. The evidence, briefly put, is that while Mr. Lyons' firm, the Lyons Fuel & Supply Company, ceased to do business with the government some time ago, at his directions, the business which it had been transacting actually saved the province a great deal of money. It is also on record that Mr. Lyons had no personal dealings or common financial interest with any Crown lessees, contractors or others doing business with his department. In a nutshell, as he told Mr. Sinclair on Friday morning, there had been nothing improper or irregular in any shape or form as result of his holding Cabinet office, and the sole reason for his resignation was that questions on the order paper indicated a desire on the part of the Opposition that he should give details of business transactions between his own firm and its customers in the north country, and this he absolutely declined to do.

* * * * *

There was an interesting discussion in the Agricultural Committee of the Legislature on the corn borer menace, and Prof. L. Caesar, entomologist at the O.A.C., reviewed the whole situation, predicting that Essex and Kent, and perhaps some other counties, might have to go out of corn-growing in two years' time, for about a year. Hon. Mr. Martin's bill making compulsory the appointment of inspectors, was given second reading in the House, on the same day. It is designed to provide for such action by, counties, however, and not townships, as formerly planned.

* * * * *

The second report of the Agricultural Enquiry Committee, appointed in 1924, was tabled by Hon. David Jamieson, chairman, on Wednesday, and contains a comprehensive review of the committee's activities during the past year, as well as some important recommendations, the chief of which have to do with marketing. A provincial co-operative council is recommended, and also the inauguration of an Ontario Cattle pool, along the lines of the Manitoba plan. It is reported that growers of small fruits and vegetables urge the necessity of tariff protection. The question of exporting fresh-killed beef to the old land is considered practicable, in spite of the fact that correspondence with the Dominion Minister of Agriculture on this head has not brought forth points of common agreement upon future policy. The committee is not convinced by the contrary stand taken by the Minister against the feasibility of trade in beef killed in Canada, shipped to England and retailed 14 days on a par with the "home-killed" beef of Scotch and English butchers. Hon. Minister is in error in supposing this Committee had considered the subject without all available documentary information."

A Spring Tonic An Aid to Health

You Can Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves Through the Use of Dr. Williams' Pink Pills.

The good old fashion of taking a tonic in the Springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time for those who are not in rugged health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and now increasingly pale and languid as the spring days approach. A tonic for the blood, and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries many people at the season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. And a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and run-down organs, and bringing a feeling of new strength and energy to the weak, easily tired, despondent men, women and children.

Mrs. I. Sirois, Kamouraska, Que., says:—"I would feel that I was neglecting an opportunity to help some other poor sufferer if I failed to tell you how much benefit I had through the use of Dr. Williams' Pink Pills. Before taking the pills I was in a badly run-down condition. I was very weak, pale and breathless at the least exertion. I often had headaches and my appetite was poor. I began taking the pills and they restored me to better health than I had enjoyed for a long time; in fact, my health is now the best, and I am sure that what this medicine has done for me it will do for all weak, ailing people."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

John Paul Jones Was Scotch.

John Paul Jones was Scotch by birth and a very enterprising person. During the Revolutionary war he commanded an American privateer and made successful attacks on British commerce. In 1779 the Dutch permitted him to enter their ports with two British ships of war, which he had taken and which the local authorities flatly refused to deliver up. He died at Paris in 1792, and his remains were brought to this country a few years ago for burial.

Beauty or Ugliness.

Speaking of the personal appearance of Lincoln and other presidents, a Boston lady who has had the honor of an introduction to President Wilson, explains why she was disappointed in his looks. She says: "He isn't homely enough to be handsome and he isn't handsome enough to be attractive." A famous Parisienne once said that next to being the most beautiful woman in Paris, she would prefer to be known as the homeliest. She would then achieve distinction in either case.

Rats Steal Flatiron.

Some plastering fell from the ceiling of the linen room at the Glenn house recently, says Pittsburgh Dispatch, and Harland Ray secured a ladder and climbed up to knock down the loose plaster remaining. He discovered a rat's nest and in it were three ladies' silk stockings, two perfume bottles and a flatiron, besides numerous other things not mentioned in this inventory. How the rats got the iron there remains a mystery.

Gave Timely Warning.

Vivian was playing in the lumber that had been piled in the backyard when her mother happened to see her. "Vivian," her mother said, "you mustn't play on that lumber; you are liable to get hurt." Vivian obeyed and was soon interested in something else until Billy came out. He, like boys, had to climb up to the top of the lumber. Vivian said: "Billy, don't climb up on that lumber 'cause if you do you'll be wearin' crutches."

Guard Against Evil Spirit.

If a Chinese baby dies, the evil spirit when released will enter the body of the next child born. In order to prevent this calamity, says World's Work, the parents "tie an egg and some mustard seed to the body of the dead child in the belief that the evil spirit will not appear until the egg hatches and the seed sprouts. The astute parents carefully boil the egg and the seed in order to postpone the date indefinitely."

Could Be Worse.

The Woman at the Back Door—"It must be a terrible thing to have to go through life without your limb. You must suffer terribly, however, that it will be restored to you in the next world." "I know," said the tramp, "it will, mum, but that don't encourage me none. You see, me foot was cut off when I was a baby, and it won't come within a foot of the ground when it's restored."—Puck.

Extreme Ennui.

"I fear hers is a hopeless case. She's tired of everything."

"Everything?"

"Yes; even of going to the doctor."—

Cured.

"Paron lost a lot of money in a big sugar deal. That cured him of speculation."

An extremely stout man who stepped on to the weighing machine at a railway station was eagerly watched by two small boys.

There was something wrong with the machine, for the indicator only moved round to five stone.

"Lumme, Bill," said one of the urchins, in amazement, "he's 'oller!"

She would then achieve distinction in either case.

A Spring Tonic An Aid to Health

You Can Lay the Foundation of Good Health Now by Building Up Your Blood and Strengthening Your Nerves Through the Use of Dr. Williams' Pink Pills.

The good old fashion of taking a tonic in the Springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time for those who are not in rugged health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and now increasingly pale and languid as the spring days approach. A tonic for the blood, and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries many people at the season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. And a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. Williams' Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and run-down organs, and bringing a feeling of new strength and energy to the weak, easily tired, despondent men, women and children.

Mrs. I. Sirois, Kamouraska, Que., says:—"I would feel that I was neglecting an opportunity to help some other poor sufferer if I failed to tell you how much benefit I had through the use of Dr. Williams' Pink Pills. Before taking the pills I was in a badly run-down condition. I was very weak, pale and breathless at the least exertion. I often had headaches and my appetite was poor. I began taking the pills and they restored me to better health than I had enjoyed for a long time; in fact, my health is now the best, and I am sure that what this medicine has done for me it will do for all weak, ailing people."

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Good to Whistle or Sing.

Of course the fellow who whistles at his work is likely to annoy someone near him who is nervous and irritable, but the whistling is a good omen. Singing awakens the emotions, and whether a man can carry a tune or not, something breaks loose inside him —something gives way and permits him to enter more heartily into any service or celebration, provided he, too, can lift his voice with the others.

Great Old Southern City.

Mobile is in most ways the typical Southern city, with a lazy climate, soft voice, omnipresent cloud of darkies, bright green robe of trees and rank shrubs, and a scattering fleet of interesting vessels from the West Indies at the port for good measure. Like most of the South, she is looking forward to a commercial future rather than back at an aristocratic past

Fine Japanese Paper.

Japanese native-made paper is not surpassed anywhere in the world. It is used for the finest books. The paper cloth of Atami, from which durable clothing is made, indicates not only the strength, but the variety of uses to which the native paper of Japan can be put. None of the Atami paper cloth is sent out of the country, owing to the large home consumption.

Correct Observer.

A restaurant manager says that young women handle money more rapidly than the older ones, and we don't doubt it for a moment. The amount of money that can pass through the hands of a young woman has frequently paralyzed a young husband who thought he was something of a spendthrift himself.

Permanent Pipe Fittings.

If you desire to fasten pipes or pipe fittings together permanently, thoroughly clean the threads to be fastened and cover the threads with a strong solution of salt and water. The salt will rust the threads together, fastening the parts.

So Picture Won't Fall.

When hanging pictures always hang them with the face to the wall at first, then turn them without unhooking the wire. This leaves the wire twisted up at the hook, and when hung this way the jarring of the house will have no effect on them.

Hubby's Memory.

A man always forgets the letter his wife gave him to mail when he left the house. But he never forgets the quarter he gave her for spending money when he left the house

Shortest Tree.

The shortest tree in the world is the Greenland birch. Its height is less than three inches, yet it covers a radius of from two to three feet.

Don't Be Unhappy.

Unhappiness is so largely our own fault that ninety-nine times out of a hundred we should be ashamed to confess it.

Somebody Had To.

"On what, pray, do you base your self-respect?" "On the law of supply and demand."

No Bald Heads Among Them.

It's said that negroes and Indians rarely, if ever, become bald.

The Girl—"And he said he'd love me for ever and ever."
Old Maid—"Ah, men!"

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

INTERSCHOLASTIC BASKETBALL

On Friday evening the N.C.I. Seniors walked over the Picton C. I. Seniors by a 60-27 score, in the N.C.I. gym. The gym was crowded to the doors and every available place was filled up. The game was a fairly good exhibition of basketball despite the one-sided score. Picton are not at the game, but show promise of developing into a high class team. They have the necessary height, and with proper coaching will develop into a fine team. The N.C.I. had a distinct edge on the play and that Thornley-Cowle defence had the visitors stopped dead. These two boys played a game that could hardly be equalled and their defensive play was of a high class. Each scored a free throw. The bulk of the scoring was done by the forward line. MacDonald, J. Carr and Fraser made up a total of 46 points among themselves. MacDonald scored 20 points, Carr 16, and Fraser 10. Bill Carr, Harold Deline and Malcolm Corkill turned in fine games when they were on the floor, and each scored one or more baskets.

French and Hoffman were Picton's best, although the rest of the team were no weaklings.

Mr. Cannon, of Picton, did the refereeing, and no fault was found with his decisions.

The teams were:—
Picton — Forwards, Hoffman and Smith; centre, French; guards, Lennens and Morin; subs, Hadden, Malloy and Martin.
N.C.I.—Forwards, MacDonald and Fraser; centre, J. Carr; guards, Cowle and Thornley; subs., Corkill, Deline and W. Carr.

SOFTBALL

Grace 25, St. Pats 21.

Before a wildly excited crowd of fans on Thursday evening, Grace won the second game of the series by 25-24. This put the teams on even terms. The fans did not hesitate to express their feelings and several of them dafced all over the floor, yelled and hollered for their favourites to "come on".

St. Pats entered the game favoured to win, and then started off by putting over eight runs in the first inning. However, this did not worry Grace and they came right back and finally won out by K. Ungar's homer in the last innings. St. Pats took the defeat like sports and offered no alibi. However, they insisted that they were going to win the next game.

B. McGuire made a catch that was nothing short of sensational and slammed out some long hits. Many of the fans persist in "booing" Miss McGuire in every game that is played and this at the least is very unsportsmanlike and should be discontinued. Miss McGuire is one of the best players in the league, and why the fans persist in "booing" her is more than the fair-minded fans can see. It is to be hoped that the discontinuing of their "booing" of Miss McGuire, and give her the credit that is due her.

Loughead McGuire was used as catcher and got in some fine work, while Marjorie McGuire at 1st was as good as usual. Marion Embury didn't have so much to do as usual but plays nice ball. This same girl is one of the best batters in the league, not because she hits them far, but because she hits them sure and gets a quick start to 1st. Irene Embury covered 2nd and was in the game all the time. Agnes Cavanaugh turned in a faultless game at "short", while Aileen Murphy did likewise at 3rd. Miss Murphy is a nice hitter and fielder, but she excells in "tagging" her man. She seldom drops a ball and gets the ball on the runner like a flash. Jean McGraw, Loretta Kilborn and Katherine Gleeson patrolled the outfield, and all three played nice ball.

Mary Stinson pitched nice ball for Grace. She fielded her position perfectly, but did not bat as good as usual. Hazel O'Neill hung onto everything behind the box, but Grace Harrigan was not up to her usual form at 1st. Marion Douglas got in a few nice hits and fielded perfectly. Mary Bates was moved in to "short" and turned in a nice game. This girl along with Kathleen Ungar, are the two best batters on the team. Before they Lucas played nicely at 3rd, and as usual got a few nice hits. Jessie Vanalstine and Grace Hall played nice games in the outfield. Helen Harrigan played her usual stellar game at 2nd.*

Score by innings:—

	1	2	3	4	5	6	7	
St. Pats	8	0	0	4	0	6	—	24
Grace	3	5	5	2	3	3	4	—25

Umpires—Bell at the plate, Shoemaker 1st and 2nd, Cowle 3rd.
Official Scorer—Bill McLaughlin.
Score Board Keeper—Ivan Spencer

Trinity 10, St. Mary's 10.

In an exhibition game Trinity and St. Mary's played six innings to a 10-10 tie. At first it was thought that Trinity had won by 11-10, but scorer McLaughlin found a mistake, and the official score was 10-10.

The teams were very evenly matched and the score was tied several times. Both teams batted and fielded well, and even though it was only an exhibition game the crowd was just as excited as though something depended on the issue. The pitching of Dorothy Johnston and the batting of Marion Grass and Dorothy Richardson was the feature of the Anglicans' play. Chris Taylor's pitching was a big factor in Trinity's play, although all played nice ball.

Score by innings:—

	1	2	3	4	5	6	
Trinity	2	0	1	0	2	5	—10
St. Mary's	3	0	0	2	5	0	—10

Batteries—Taylor and Drake; and Johnston and Grass.
Umpire—Skitch and Killorin.
Scorer—McLaughlin.

SOFTBALL

To the Editor,—

We, the undersigned, through the columns of your paper, wish to express our appreciation of the hearty support received by our Club from a number of Napanee's fair-minded softball followers. We, particularly, wish to thank Rev. Mr. Tanton, who was the originator of the League, and who intended the games to be a source of interest and pleasure for the older as well as the young people. However, we object to the treatment we received in connection with the last game which was played with our opponents, of Grace Church. For the three last games umpires were appointed by the officers of the League, but following this, without any advice to or from our Club, one of the umpires was told that he would not be permitted to act in the last game, and the reason given by a Grace Church official was that they suspected the umpire would favor them to our team. We feel that the spirit displayed was antagonistic to the good feeling that should exist between contendents in any games and in view of the injustice and apparent animosity in which we feel our Club is prevented from entering any contest with the members of Grace Church Club which would create a feeling that should never be encouraged by Christian people.

HEAT FOLKS
WHEN HEAT FOLKS SLUMBER ON THE GRATE YOU CAN GET UP EARLY GO TO BED LATE
YES, AND KEEP WARM AS TOAST THE CLOCK AROUND

"EARLY to bed and early to rise" is an out-of-date maxim. It doesn't take a very great stretch of the imagination to believe that it originated when bed was the only place where a body could keep comfortable after sun-down. But now-a-days, everybody depends on the Heat Folks to keep the house comfortable 24 hours a day. You don't mind getting up early in a warm house. And you thoroughly enjoy staying up for a late party or an interesting book when you know the heat isn't going down and leave you in chills. Lay in a few tons of three-shift comfort!

CHEVROLET CHASSIS DEMONSTRATION

The Chevrolet Chassis demonstrations held in C. A. Wiseman's Showroom, afternoon and evening of Saturday last, were a splendid success. Mr. Myhre, the lecturer, contacted with about ninety-five people during the day.

Mr. Myhre, a Chevrolet Engineer from the factory at Oshawa, gave a very clear and concise explanation of the many features which make Chevrolet a really "low priced quality car". On account of Chevrolet's connection with General Motors, they are able to take advantage of their tremendous purchasing power, manufacturing economies and large production.

Mr. Myhre called especial attention to such points of quality as Valenein Headmotor; Skelton Type Pistons with compression fund oil controlling rings; single plate dry disc-clutch completely enclosed, needing lubrication and no adjustment; Banjo type rear axle construction, which is as strong and complete a unit as found on cars much higher in price; long springs of special design for use with balloon tires, making riding very comfortable; steels of steel and hardwood construction, the bodies made by Fisher, the best guaranteed of really high priced construction. It is also worthy of note that this job is now equipped with an air cleaner.

Address and Presentation

The Fourth Line Sunday School met at the home of Mr. and Mrs. Fenton Reid, on Wednesday night, March 10th, and presented them with the following address:—

March 10th, 1926.

To Mr. Fenton Reid.

We wish to take this opportunity of expressing to you in a humble yet tangible way our appreciation of your valuable services rendered as Superintendent of our Sunday School. This position you have filled for several years, and though you live a long way from your home and farm responsibilities, yet in addition to these you have been willing to carry the care and responsibility of our Sabbath School work. And this you have done so faithfully that we are truly proud of our Sunday School organization, with which your tactful leadership, your cheerful and kindly interest in, and earnest co-operation with the teachers, classes and scholars have brought the school to a real standard of efficiency in teaching the truth and thus building up the Church of our Lord Jesus Christ. For these services we wish to thank you not in words only, but we trust in a way which will be useful to you. We therefore ask you to accept this Collection Lamp from the members and friends of the Fourth Line Sabbath School, as an evidence of our confidence and gratitude, hoping that it may have the benefit of your continued energetic help for many years to come. And may the blessings that you have sought to bestow, return with its increase and rest upon you and yours.

Signed on behalf of the school.

WM. ROBSON,
H. DENYES,
MRS. B. JACKSON.

Although entirely taken by surprise, Mr. Reid thanked the friends in a few words. The ladies served a dainty lunch, after which everyone scattered to their homes.

NAPANEE LODGE I.O.O.F. PRESENTS JEWELS

Napanee Lodge No. 86, I.O.O.F., gave a smoker on Wednesday evening last, in honor of a number of its members who had passed their twenty-five years of active membership in the Lodge.

After a few hours spent in cards, pie with delicious whipped cream, and coffee were served, followed by, community singing.

Bro. J. H. D. Derry, of Kingston, who had been called to Napanee to present jewels to Brothers Geo. Degroff and E. J. Pollard, was kindly presented with a veteran's jewel by a number of his friends in the lodge.

Musical numbers were contributed by members of the lodge, accompanied by Prof. Baird and Bro. J. E. Baughan.

Bro. W. A. Grange occupied the chair and called upon Bro. W. H. Boyle, one of the oldest members of the lodge, who reviewed the history of the lodge since the disastrous fire of 1873, when the lodge lost all its belongings and had to make a fresh start in the present handsome lodge rooms.

Bro. J. A. Birrell, D.D.G.M., in a few apt words presented Bro. F. W. Bagrett with a Past D.D.G.M. Jewel, for which Mr. Barrett made an appropriate response, thanking the members for the hearty co-operation received from the Lodge during his term as District Deputy.

Bro. Derry then presented Bro. Degroff with a Veteran's Jewel, referring to its significance and the pleasure it gave him to again re-visit the Lodge for such an agreeable purpose. Bro. Degroff heartily thanked the Lodge for the honor conferred.

Bro. U. M. Wilson, P.C.P., then surprised Bro. Derry by presenting him also with a Veteran's Jewel, referring briefly to the valuable services rendered by Bro. Derry while a resident of Napanee, both to the Lodge and in the realm of sports.

Bro. W. B. Grieve, a former member of the Lodge, who later transferred to Alberta Lodge, No. 1, was present, and expressed his pleasure at again renewing his acquaintance with the members of Napanee Lodge.

OBITUARY

The Late Mrs. A. Howell.

In the passing of Mrs. Annie Howell, at her residence, in South Napanee, the community has lost a well known and highly respected citizen. Mrs. Howell recently returned from a visit to the West, and after her arrival home was taken ill. After taking treatments in Kingston Hospital, she returned home, and during the last month little hope was held out for her recovery.

The late Mrs. Howell was a former resident of Adolphustown, which is situated a few miles from Napanee, and was an exceptionally well known in the Township of North Fredericksburgh, where she and her late husband and family lived for many years. A few years ago she moved to South Napanee, where she spent her declining years, with her daughter, Mrs. C. Mills. She was always an active worker in the Gretna Church, and on removing to town identified herself with Trinity United Church. She was a lady of charming personality, and her death will be regretted, not only by her many friends in the township, but also in Napanee, where she was exceptionally well known.

The deceased was a life member of the W.M.S., an active member of Gretna Ladies' Aid and also a loyal member of the W.C.T.U.

The funeral service was held in Trinity United Church. The Township of North Fredericksburgh, where the deceased lived for many years, was largely represented, there being also present a large attendance of townspeople.

The service was in charge of Rev. W. B. Tanton, Pastor of Trinity Church, who was assisted by Rev. D. J. Merriam, of the Bay Circuit, and Rev. E. Farnsworth, of Camnifton, a former Pastor. The beautiful floral emblems which banked the casket testified to the high esteem in which the deceased was held throughout the town and district. At the conclusion of the service the remains were laid to rest in Riverside vault, the interment to be made at Bethany cemetery in the spring. Surviving are two sons, Earl, of Bethany, and John, of Vancouver, B.C., and one daughter, Mrs. C. Mills, Napanee. Two brothers, Mr. Irvine, Hambly, of Victoria, B.C., and Mr. Albert Hambly, of Anderson, also survive her.

A FARMER'S ACCOUNT BOOK

Farmers who are interested in keeping a record of their business, and who wish to know if the various branches of their work are bringing them a reasonable return, will do well to obtain a copy of a simple farmer's account book published by the Department of Agriculture, at Ottawa, and supplied at ten cents a copy. The book, which is designed to last a complete year, calls for no special knowledge of accounting and will take up very little time for recording the items. It contains pages for the entry of receipts and expenditures relative to different farm activities. There is a page for amounts owed to and by the farm, and forms on which may be made inventories of lands and buildings, live stock, feed and supplies, and summary pages on which may be entered a summary of the year's business. There are simple directions for using the book. It is a useful publication and may be obtained from the Publications Branch, Department of Agriculture, Ottawa.

MORVEN

Mrs. John R. Purdy has returned from visiting her father, Mr. Wm. Finnegan.—Mr. S. P. Hinch, Carman, Man., was called to the bedside of his sister, Mrs. Bailey Hamm, who was very ill in Kingston hospital. Mrs. Hamm has since improved very rapidly, and Mr. Hinch is visiting Mrs. J. S. Praitch, and other friends in this locality, whom he has not seen for sixteen years. — The thankoffering meeting of the Woman's Missionary Society was held in the Brick Church on Friday evening. A goodly number were present, and listened with interest to a well prepared program, assisted by friends from Violet and the Fourth Line. The thankoffering amounted to over $25.00. — Mr. and Mrs. Amos Storey entertained a large number of their neighbors to an oyster supper at their home on Tuesday evening.—In spite of the stormy evening on March 23rd a large number of the members of the Sunday School surprised their Superintendent Mr. J. Albert Bell, and presented him with a splendid auto rug. The Quarterly service will be held at Violet on Sunday afternoon.—Mr. A. Vanslyck and family spent Sunday with friends at the Fourth Line.

MOSCOW

Mrs. W. A. Hooper is spending a week with her parents, Mr. and Mrs. Robt. Asselstine.—The play given by the young people in the League Hall, Yarker, was well attended, and a great success.—Mr. and Mrs. M. I. Huffman spent Saturday evening in Enterprise.—Mrs. J. H. Lucas entertained in honor of her father's 80th birthday on March 25th, when the age dgentleman received the congratulations of a number of his nephews and nieces, as well as messages of congratulation from those unable to be present. During the evening Major and Mrs. A. M. Bell were called to the floor, and while an address was read by Mrs. Morley Huffman they were presented by Mr. Chas. Amey with a beautiful electric table lamp from their uncles and cousins at Moscow. Mr. Bell, although taken completely by surprise, expressed, in a few well chosen words, his appreciation of the gift. Mrs. Bell also thanked those present, after which all joined in singing, "For They Are Jolly Good Fellows." The evening passed quickly in social intercourse and in listening-in on the radio, and a delicious lunch was served by the hostess. All join in wishing Mr. Lucas many more birthdays.

YARKER SOUTH.

Spring is here at last, and reports are that most of the farmers have tapped.—Mr. G. C. Davy spent a day in Napanee last week on business.—Mr. and Mrs. Clark Allen spent Saturday at W. Babcock's, Wilton. — Mrs. Harold Huff and Walter spent Monday afternoon at Mrs. Love's.—The play, "Safety First," was put on in the Lamont Hall, Yarker, on Saturday evening, and all report a splendid time.—Mr. and Mrs. G. C. Davy were entertained to tea one night recently at Mr. John Bolton's, Napum's East. —Miss Annie Love spent Monday at Mr. Bert Milford's, near Wilton.—Mr. Harold Huff has been drawing logs to the Odessa mill.

BETHANY

March did not go out very lamblike—The Fourth Quarterly Board was held at Bethany on Monday evening —Mr. and Mrs. C. Conger, River Road, spent Sunday at his father's, Mr. W. W. Conger.—The ice is still good for crossing to Deseronto, but unsafe crossing to Prince Edward. -- Mr. James Miller has a new driver, which he is very proud of. — Word was received from Detroit of the social evening at Gretna on Wednesday. — Some have tapped, but the weather has been poor as yet.

ADDRESS AND PRESENTATION

March 23rd, 1926.

To Mr. John Albert Bell.

The members and friends interested in the Sunday School work, have taken the liberty of coming to your home to spend a few hours this evening, to show you that we have not been unmindful of the Christian service you have rendered as Superintendent of our Sabbath School during the past fourteen years. In reviewing that time we find that you have been careful to give it your personal care, and rarely have you been absent from the sessions, when it was physically possible for you to be there. In recounting this, we are brought to realize the great demands made upon your time and patience. We have also learned that your loyalty to the Sabbath School has not arisen from any personal advantage, but from a sincere love for the Master, who said, "Suffer the children to come unto me."

Therefore, you have gladly cooperated with the teachers and classes to carry out the Saviour's wish and in encouraging measure of success. We appreciate this high spiritual leadership, and desire in a practical way to express our gratitude and esteem by presenting you with this purse, from the teachers, members and friends interested in the Sabbath School.

Trusting that you may be long spared to enjoy it, and continue with us in the Master's service.

Signed on behalf of the School.
MRS. GEO. H. CLARKE.
MRS. JAMES CURRAN.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday will be "The Resurrection."

About seventy-five people gathered in the Religious Educational building last Wednesday night to hear an illustrated description of our missionary work in the Orient, given by our Sunday School Superintendent, J. E. Huffman. The lecture was followed by a social evening and refreshments. The proceeds were applied to the M. and E. Fund.

On account of a severe cold, which affected the minister's voice, the services for last Sunday at Marlbank and Reidville had to be cancelled. In an effort to hold service at Tamworth he had to abandon the preaching part. He hopes to be in shape to conduct services at Reidville next Sunday morning, and in the evening at Tamworth, as his throat is much better.

In the evangelistic mission, which starts next Sunday at Marlbank, Rev. D. T. McClintock will have associated with him as soloist and director of song, Miss Emma Meiklejohn, of Campbellford. There will be service next Sunday at 11 a.m. and 7.30 p.m., and each evening of the week (except Saturday) at 8 p.m. Rev. Mr. McClintock has just completed a successful evangelistic mission at Espanola.

Remember our anniversary services at Tamworth on Sunday, 11th April. The preacher will be Rev. W. R. Tanton, pastor of Trinity United Church, Napanee.

The Y. P. U., at their meeting last Monday night, reported having raised the full amount pledged to the M. and E. fund.

Mail Orders promptly filled at Wallace's Drug Store.

CROYDON

The birds are heard once more, which makes us think that spring is here.—Mr. and Mrs. Perry Armstrong spent Sunday at Mr. Dupe's.—Mr. and Mrs. W. E. Close and daughter, Annie, spent Sunday at Mr. Arch Clark's, Canaan. — A few from here took in the play and dance in Selby Hall, Friday evening.—Mr. Hugh Fingland spent an evening recently at Mr. Albert Hagle's.—Miss Edie Wiari spent Sunday with the Misses Nolan.—Mr. Allan Carroll called at Mr. Stewart Close's, on Sunday evening.—There is much excitement was caused in the village one evening recently, when Mr. Will Mullins, of Bethany Corners, while visiting his sister, Mrs. W. Bowers, High Park, had his horse break loose and leaving him, running all the way home, kicking it to pieces.—Mr. Fred Galbraith and Mr. Wilfred Haggerty spent Sunday evening in Enterprise.—Miss Stella Young and Mr. Mervin Dafoe, of Marlbank, spent the week end at Mr. Dave Barrigar's.—Mr. and Mrs. W. B. Close called at Mr. Stewart Close's, on Monday evening. — Mr. and Mrs. J. R. Kring and Herbert spent Sunday at Mr. Pete Teskey's.—Mrs. W. J. Haggerty and Clifford spent Sunday at Mr. Stewart Close's.—Miss Agnes Nolan returned home on Sunday, after visiting her cousin, Mrs. J. Prette, Napanee. — Mr. L. T. Campbell, of Deseronto, took tea at Mr. W. B. Close's, on Thursday evening. — Miss Tessa Dewey spent last Thursday in town, with her brother-in-law, Mr. Will Normile, who is very ill. — Misses Margaret and Elizabeth Nolan called at Mr. B. Barrigar's, on Saturday evening.

The weather is quite cold for this time of year, and the roads are very bad.—W. B. Close has his sugar bush tapped, and reports some fine runs of sap.—Mr. L. THE WEEK IN THE LEGISLATURE

Toronto, March 27th.—There is now no visible reason why the Legislature should not wind up its business by Good Friday. The public Accounts Committee, which always holds potentialities, is getting pretty flat, from the viewpoint of the Opposition inquisitors, and the House itself on Friday got down to committee of supply, and is busy with the supplementary estimates for the fiscal year ending next October. The first thing the treasurer, Hon. W. H. Price, did after reaching this stage was to introduce his borrowing bill for the year. For the first time, this contains a provision for commencing to retire the provincial debt.

* * *

The budget debate did not pass out without a struggle. The Government decided to go through to a division on Thursday night, but encountered an epidemic of speech-making, due chiefly to the desire of many members to make their stand known in regard to the amendment for sale of liquor under government control, moved by R. L. Brackin, (Lib., West Kent). Including the party leaders, who customarily take part toward the close, 21 members were heard. Two suggested adjournment of the debate, as the hour grew later, but the prime minister was all for getting down to more serious business, so the oratory continued all night. It was 8.45 Friday morning when at last the division bells rang. While the vote was not on straight party lines, yet the amendment was obviously a non-confidence motion, and upon that basis the Government has the remarkable majority of 74. The vote was 84 to 10 against the amendment, and the motion to go into supply was declared carried without a division.

* * * * *

Five Liberals supported the Brackin amendment, the Labor party of two was split in twain, with Karl Honguth for the amendment and J. F. Calfan opposed. The government side was almost solid, the great majority even of those sympathetic toward a government control plan refusing to be counted with anything resembling a non-confidence vote against the administration. Col. John A. Currie, long a vigorous exponent of sale by government control, could not bring himself to oppose the amendment, although making it clear that he was in accord with the policies of the government. W. G. Weichel, North Waterloo, represented the views of his constituents by similar action, and the House was not surprised to find Frank Wilson, of Windsor, and James McCausland, Toronto, voting with Mr. Brackin. As to the Liberals, Mr. Sinclair in upholding his "dry" stand before the public, will have to explain the defection upon this issue of five followers—A. Belanger, of Russell; E. Proulx, Prescott; J. A. Pinard, Ottawa East; Ed. Tellier, North Essex, and Mr. Brackin.

* * * *

The debate was featured by a really able speech from Mr. Brackin, who declared that the province would be better off if the O. T. A. were rooted out entirely, and "something put in its place that would do what it is designed to do." He conceded that the Act might be beneficial to many rural districts, but in view of the conditions in larger centers it was time that something should be done. The force of the speech was heavily discounted a little later, when Premier Ferguson produced a copy of a campaign leaflet circulated by Mr. Brackin in the 1922 election, in which he as candidate declared that the O. T. A. must not be altered or interfered with until the people had so declared by a referendum. From this radical change of front, the prime minister drew the conclusion that the member was seeking through his amendment chiefly to embarrass the administration.

* * * * *

Mr. Brackin was candid enough to admit that he found no fault with the budget itself. He said: "If this amendment is lost, I will vote for the main motion. It will show my good faith. I think the Treasurer has done a very good job. From the standpoint of party politics, I should probably say I disapprove of his budget. Well, I don't. If this amendment does not carry, I will vote for his motion."

* * * * *

Premier Ferguson at close of the debate reiterated his policy in regard to the O. T. A. "Our policy on this question" he said, "has been to maintain the law upon the statute book, efficiently enforced, and when the Government makes up its mind that it can improve conditions by altering that law, the Government will say so to the public of the province and members of this House. That is my conception and the correct interpretation of the principle of responsible government. The Government will take the responsibility, after collecting the views of the province, and members of this House, gathering all the information with respect to this or any other question, with a view to deciding whether or not at any time any laws of the province should be amended in any way. * * * My followers are entitled to their individual views, and I have always invited them to express their views. * * This is a challenge to the Government's existence, and I leave it to members of the House. Members may vote as they like, understanding what the position is, but they take the full responsibility for the vote they cast.

* * * * *

There were a couple of references by A. Belanger, during his speech in the debate, to the possibility of an early election. When he said he saw no need of it, Premier Ferguson said, "Hear, hear!" and added, "We will leave you here as long as possible." Later, Mr. Raney tried to draw out the prime minister further by professing to regard this as an announcement that there would be no appeal to the people until next year, and said that this coincided with his own expectation. The premier merely said that he would make an announcement in due course.

* * * * *

A word of praise for the special agricultural enquiry committee came on Thursday from A. P. Mewhinney, (Lib., West Bruce). "I think the Committee has done good work," he said. "I believe the choice of the chairman was a wise one, for I think no man knows conditions of agriculture better than Hon. Dr. Jamieson, and I believe the farmers will reap benefit from the recommendations made by the committee."

THIS WOMAN NOW WELL

Her Suffering Relieved and Health Restored by Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario.—"I am certainly very grateful for the benefit I have received from Lydia E. Pinkham's Vegetable Compound, also the Sanative Wash and the Liver Pills. In the early spring I was suffering so much from loss of blood that I thought I would never be any better as doctor's medicine relieved me only for the time being. I saw the Vegetable Compound advertised in the 'Toronto Star,' and I find the Vegetable Compound Tablets the best for me. I have been taking them since Spring, and I intend keeping them by me all the time. After reading your Private Text-Book I saw it was necessary to use Lydia E. Pinkham's Sanative Wash, and I can safely say I feel a different woman. My friends remark how well I look. I am a very busy woman, but I am ready at all times to boost your medicines."—Mrs. CHARLES GWYN, 949 Landsdowne Avenue, Toronto, Ontario.

You may be having an experience similar to Mrs. Gwin's and will be interested to know what she did. Every sick woman can feel confident that Lydia E. Pinkham's Vegetable Compound will help her, since we are told that it does help 96 out of every 100 women who take it.

Would not be Without Zutoo Tablets At Any Cost

Mr. A. O. Norton, the millionaire Jack Manufacturer, of Boston, who recently died, was a great "booster" for Zutoo Tablets.

He suffered from headaches from childhood and when on a family and friends stopped these headaches in a few minutes and left no bad effect, he began recommending them as a family and friends. In an unsolicited letter, Mr. Norton says in closing:

"My family use them when ever needed with equally good results. I have, frequently given them to friends who were suffering from Headache and they never failed to give quick relief. I always carry Zutoo Tablets in my grip on the road and WOULD NOT BE WITHOUT THEM AT ANY COST."

WEDDING BELLS.

Barber—Ruide.

At Merrickville, on Monday, March 15th, 1926, at 5 p.m., by Rev. Mr. Maxwell, a quiet but pretty wedding was solemnized at the parsonage, the contracting parties being Mrs. Hester Barber, Merrickville, and Mr. James R. Ruide, of Sharp's Corners. The bride looked charming, dressed in a gown of Duchess satin trimmed with silver and gold lace and wore a picture hat of black velvet trimmed with gold. The bride travelled in a navy blue serge suit and black hat. The groom's gift to the bride was a diamond ring set with sapphires. A dainty wedding supper was served at at the home of the bride's son, Mr. Frank Barber, Merrickville.

At the home of Mr. and Mrs. James R. Ruide, the many friends and old acquaintances gathered on Tuesday evening, March 16th, and presented them with the following presents in honor of the bride and groom. The groom's gift to the bride was a handsome cheque of $50.00.

Mr. and Mrs. Ezra Barber, Smith Falls, cut glass butter dish, cream pitcher, sugar bowl, spoon holder and silver tray; Mr. and Mrs. Geo. MacLaren, Lens, pair of bath towels and water pail; Mr. and Mrs. Clinton Barber, Smith Falls, cut glass berry dish and six nappies; Mr. and Mrs. Lewis Cross, Merrickville, hand-painted cream set; Mrs. Brennan, bath towel; Mrs. MacLaren and Mrs. Foster, pair of pillow slips; Miss Nellie Brennan, centre piece; Miss Geraldine Hart, guest towel; Mr. Garnet Barton, pair of bath towels; Mr. Stanley Walsh, water pitcher; Mrs. Walsh, pair of bath towels; Mr. and Mrs. R. J. Nicholson, and daughter, gold cream pitcher; Mr. and Mrs. Sam Hart, bon bon dish; Mr. and Mrs. Thomas Brennan and daughter, pair of bath towels; Mr. and Mrs. O. W. Spicer, stew kettle; Master Roy and Miss Esther MacLaren, fancy table oilcloth; Mr. and Mrs. John Lyman, Lens, fancy cushion; Miss Bessie Barber, gold lined bon bon dish.

The bride and groom were taken by surprise, and thanked their many friends for the beautiful and costly gifts. All indulged in dancing until the wee small hours of the morning.

ODESSA

Miss Elizabeth Sharpe, who has been spending the past six weeks with Mr. and Mrs. R. B. Sharpe, has returned to her home at Champ Smith's. Mr. and Mrs. Harold Cairns, who have been visiting at the former's parents, Mr. and Mrs. Robert Cairns, returned to their home in Windsor, last Friday. Mrs. Ida Smith has returned from spending a few days with her son, Vernon Smith, Kingston.—Mrs. S. J. Sproule left last Friday to visit her sister in Port Hope. Mr. and Mrs. Marcellus Mansell spent the week end with relatives in Napanee.—The many friends of Mrs. D. E. Smith were sorry to hear that she has been in the Kingston General Hospital for the past two weeks.—Mr. B. G. Hamm has sold his "farm to Daniel Lemmon.—The talented young people of Bath staged their popular play, "The Poor Married Man", in the Town Hall, last Friday night, on behalf of Bethel Church. Another on Wednesday evening a number of neighbours, relatives and friends were invited to the home of Mr. and Mrs. Bert Connell, the occasion being Mr. Mc-Connell's birthday anniversary. The evening passed very pleasantly with music, dancing, and cards. The hostess served a dainty lunch, which was enjoyed by all.—Last week a fine exhibit of manual training work was shown in the windows of W. R. Lake's store, from the Primary room of the Public School. The general opinion was that the boys who ranged from eight to twelve years of age deserved a great deal of praise for the taste and cleverness displayed in their work. All hope that the subject may be added permanently to the list of studies.—The many friends of Mr. Frank McCormac were sorry to hear that he passed away at his late home in Kingston, where the funeral was held in St. Mary's Cathedral, and the remains placed in Kingston vault to be interred here later, in the family plot. Mr. McCormac was born and lived practically all his life in this vicinity, and was very highly respected and considered one of the most honorable of men. To mourn his loss are five daughters, Mrs. John Mooney and Mrs. Fowler, Kingston; Mrs. Charley Mooney, Westbrooke; Mrs. Mahar, Marysville, and Mrs. Joseph Lawlor, Odessa, and one son, Peter McCormac, on the homestead. The deceased had reached the great age of eighty-one years.

SELBY

The inclemency of the weather has resulted in a great deal of sickness.—Only a few have tapped around this vicinity.—Mrs. Herb. Windover has returned home from Kingston General Hospital, where she underwent a successful operation.—The kitchen shower held at Mr. Stewart Weeden on Wednesday night for Mr. and Mrs. Percy Gerow, was well attended.—Mrs. F. L. Amey is in the General Hospital, Kingston. Her many friends wish for a speedy recovery.—On Friday evening the Mission Band held their annual At Home in the basement of the United Church. One of the main features of the programme was a debate, "Resolved that a man's choice of a wife is more important than his choice of a profession." The, sides were well represented, and the negative side scored the most points. Another interesting item was a duet by Masters Dorland Jackson and Joe Dudgeon. A very good sum was realized.—Mr. Nellis Pringle spent Sunday evening at Mr. Jack Gotlinger's.—The N.C.I. students spent the week end at their respective homes.—Many of our students have the flu.—Mrs. Jim McKeown and baby, who have been spending some time with her mother, Mrs. S. Boyd, returned to her home in Chicago on Saturday. A good attendance is being looked for next Friday evening at League, as it is the annual election of officers.

WISE AND OTHERWISE

"Is the Vicar at home?"

"Yes, mum, but I'm afraid he can't see you. He's practising what he's preaching next Sunday."

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

Teacher—"Have any of you ever seen an elephant's skin?"

Small Pupil—"Please, sir, I have!"

Teacher—"And where did you see it?"

Small Pupil—"On the elephant."

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother Graves' Worm Exterminator.

"It is not easy for a girl to get a husband."

"Nonsense! A pretty girl can make her choice of four out of every five men she meets."

"But it's the fifth she generally wants."

To safeguard the child from damage that worms cause, use Miller's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs injuriously affected by the worms, and will encourage healthful operation of the digestive processes. As a vermifuge it can be relied on for its effectiveness.

"Excuse me, but it seems to me that I must have met you before. Are you not a brother or a near relative of Major Gibbs?"

"No, I am Major Gibbs himself."

"Ah, indeed, that explains the remarkable resemblance."

Asthma Brings Misery, but Dr. J. D. Kellogg's Asthma Remedy will replace the misery with welcome relief. Inhaled as smoke or vapor, it reaches the very innermost recesses of the bronchial passages and soothes them. Restriction passes and easy breathing returns. If you knew as well how this remedy would help you as do thousands of grateful users, there would be a package in your home tonight. Try it.

"Hello, Perkins, where did you get that black eye?"

"Oh, it was only a sweethearts' quarrel."

"Sweethearts' quarrel! Why, your girl didn't give you that, did she?"

"No—it was her other sweetheart!"

Nation-wide Fame. — There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Eclectric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

The clerk of works received the following note from the foreman on the job:—

"I'm sending in the accident report on Casey's foot when he struck it with the pick. Now, under 'Remarks', do you want mine or Casey's?"

Useful in Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Eclectric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

Nervousness, Dizzy Spells and Heart Trouble Relieved

Mrs. S. Widerman Used Dodd's Kidney Pills.

Ontario Lady Has Had No Return of Her Troubles Since Taking Dodd's Kidney Pills Four Years Ago.

Newmarket, Ont., March 29th. (Special).—Once again Dodd's Kidney Pills have proved their inestimable value in the case of Mrs. S. Widerman, a well known resident of this place. She writes: "My back would pain me so at times I could hardly straighten myself. When I used to stoop down I would get dizzy spells. My husband told me to try Dodd's Kidney Pills. I used four boxes and can say I have not been troubled since with either of the things I have mentioned and that is over four years ago. I work every day."

That Mrs. Widerman's trouble came from the kidneys is evidenced by the relief she got from Dodd's Kidney Pills. When the kidneys become clogged or out of order, the circulation becomes sluggish, the impurities are not strained out of the blood and the result is weariness and lack of energy all over the body.

Where Ancients Excelled.

Although tunnelling is among the most ancient of enterprises, more progress has been made in the last century than in the twenty centuries which preceded it. It is now known that back in the semiarchitical days of the Theban kings the long tunnel into the mountain rock, expending at a distance of 600 feet or so, into some lofty chamber, was a common work. The rock temples of Nubia and India, too, show that in certain matters at any rate moderns may still learn from the ancients.

Bessie's Interpretation.

Little Bess, who is in the second grade, startled her parents by insisting that her teacher was all the time calling for cigarettes. Her mothers was puzzled over this that they visited the school one afternoon to find out what the child meant by such a charge. In a little while the mystery was solved, for the teacher, glancing around the room, called out to the pupils: "Sit erect, sit erect!"

Bessie looked at her mother and blurted out triumphantly: "There! mamma, didn't I tell you?"

FEEDING NEW CHICKS

O. A. C. POULTRY DEPT. TELLS OF ITS METHODS.

While Very Young Chicks Should Be Fed Very Carefully After the First Three Days.

(Contributed by Ontario Department of Agriculture, Toronto.)

No feed is given the chicks until they are nearly three days old. Water may be given as a drink if the chill is taken off. The chicks for the first few weeks should be fed about six times daily at regular intervals. Give the first feed in the morning as early as the chicks can see to eat and the last at night as late as possible. If growing chicks in February one feed may be given at night, using artificial light.

We have adopted the plan for the first five or six days in the brooder, of weighing the feed. An experienced feeder may not need to weigh the feed, but the beginner certainly does better by weighing it. We allow one ounce of the dry mixture for every fifty chicks at each feed, or six ounces per fifty chicks per day during the first five days in the brooder. The plan followed is to moisten the first feed with canned tomatoes, the second with eggs, and the third with minced liver, and then begin the series over again. The above amount will not satisfy the chicks' appetite. They will create a great noise at feeding time, but it gives the chick a chance to completely absorb the yolk.

After the first period one should feed two or three times each day, all the chicks will eat. We begin feeding sour milk when the chicks are about a week old. When the chicks pass the second week, sprouted grains may be fed, also a little cracked grains, tender green grass, if available, and a little grain. If leg weakness is noticed try and get the chicks outside in the direct sun for an hour or so each day, or if the weather is cloudy add two per cent. Cod Liver Oil to the mash.

Many Use Hopper.

Many people do very well in rearing chicks by using the hopper method. The hopper method as compared to the six moist meals per day method, entails much less labor and with some people gives as good results. We have not been able to raise a high percentage of chicks on the hopper method but they do grow fairly well.

Ration for Hopper Method.

Ground yellow corn (sweet and clean), 50 pounds.
Middlings, 45 pounds.
Bran, 5 pounds.
Fine oyster shell, 5 pounds.
Fine dry salt, 1 pound.
Beef scrap, 15 pounds.

Thoroughly mix—if not well mixed the salt may do more harm than good. To each 100 pounds of the mixture should be added one pint of Cod Liver Oil. It is well not to mix the oil in the feed to far in advance of feeding, one week is the limit. If the chicks have plenty of sunlight and tender green feed the Cod Liver Oil may be omitted.

We advise the use of cut alfalfa hay of good quality, as a litter in the brooder, it should be renewed in about a week or ten days.

Feed the mash in hoppers or troughs kept constantly before the chicks. Have plenty of boxes so that each chick gets a chance.

Feed each 100 chicks about three dessert spoonfuls of fine chick feed, such as pinhead oatmeal or cracked corn each day, sprinkle in the litter that the chicks may exercise well.

If milk is given to drink take 75 per cent. of the beef scrap out of the ration given. If milk and water are both given then reduce the beef scrap one half.

General Advice.

It is best to rear the chicks on new ground each year, and never to brood two lots of chicks on the same ground in any one year. Many chicks are sent in for examination each year that have troubles due to land infection.

Keep the feed boards clean, move them a little each day or better every feed, that the ground may be sweet and clean. Grit is always in easy access of the chicks. It is advisable and necessary to add a little oyster shell dust or fine particles to the ration daily. A certain amount of lime is necessary.

Mouldy feeds, dirty feed boards, and musty litter are to be avoided. Moulds kill large numbers of chicks.

As the chicks get older the number of feeds per day may be reduced, so that at an age of seven weeks three or four feeds per day are sufficient; in fact, after the second week hoppers of crushed oats or dry mash may be placed in the pens if the moist mash system is used. The feeds of moist mash being continued in what ever amount the chicks will clean up. — Poultry Dept., O. A. College.

Successful Brooding.

Successful brooding can be summed up under five headings:

1. Proper heat without drafts.
2. Careful and regular feeding, without sudden changes, ration to include milk in some form, and green stuff. Avoid over feeding.
3. Get chicks on the ground and in the open as soon as possible. Cut a sod and put it in the pen if the weather is cold and wet. Use a window in the brooder house that will permit the passage of ultra violet light rays (one of the glass cloth preparations).
4. Avoid overcrowding.
5. Sanitary surroundings, clean dry litter. Clean water fountain, clean feed dishes.
6. When weather is cloudy or if rearing chicks very early in the season, add two per cent. Cod Liver Oil to the mash.

Sunlight and the Chick.

Exposure to sunlight and contact with the sun's rays are two outstanding factors in controlling leg weakness. These two factors with plenty of exercise aid in controlling leg weakness, cannibalism, and other evils that follow idleness and overcrowding.

Heart's Safeguards.

By virtue of its automatic action the heart is safeguarded against various disturbances to which other parts of man's anatomy are subject. At all events, it should be a great matter of consolation to healers, egotists, thoughtists, nature fakers and doctors as well that the excellent and normal automatic action of the heart muscle after all is not disturbed in disease or in health by most of the heart tonics, cardiac stimulants and other medicine leveled with misdirected energy at the heart. It should indeed be a great consolation, because few of them ever reach the heart.

Toy Dog Answers Call.

A toy dog which, at the word of command, will rush from its kennel is one of the ingenious products of those whose business it is to please the children. A microphone is placed inside the kennel. A sharp noise causes it to vibrate and come in contact with a piece of metal. This closes an electrical circuit, equipped with a small battery and connected with an electro-magnet. The pull of the latter on its armature releases the catch of the spring and out pops the toy animal.

Little Meteoric Matter Now.

In the early days of its history the earth grew rapidly by the addition of meteoric matter. It is still growing in the same manner, though scarcely to an appreciable extent, for the masses of meteoric matter added yearly is reckoned to be only 20,000 tons. In the course of ages the larger planets have swept up practically all the fragments of the original disruption, and the only available source of supply of meteoric matter seems to be that brought by comets.

IN MEMORIAM.

In loving memory of Mrs. John Young, Westplain, who departed from us one year ago.

Dear Mother, how we miss you,
And yet we would not miss,
For well we know that happiness
Forever is thine.

We would not wish you back, mother,
For well we understand,
That when we're called we'll join you
In that better land.

We loved her then, we love her still.
Her memory is as fresh to-day
As in the hour she passed away.

Largest Artesian Basin.

The great artesian basin of Australia measures 560,000 square miles in extent and is said to be the largest known in the world, comprising 376,000 square miles in Queensland, 90,000 in New South Wales, and 20,000 in the northern territory.

Doves Not Always Peaceful.

In spite of the fact that the dove is the emblem of peace, a couple of male birds of this deceitful species can give a very good account of themselves in the fight. The weapons they employ are their wings, which they use with terrific force.

An Embryo Humorist.

In a certain family two of the help bear the name of Bertha. As one works upstairs and the other in the laundry, the youthful son of the house has suggested that the girls be known as upper and lower Bertha.

Oldest Guide Book.

The earliest guide book printed in English is "Instructions for Forraine Travell," published in 1642 by James Howell, a famous traveler of that day.

Proper Home Life.

The right kind of home life means everything to every one of us. The average wife or mother should keep this truth constantly before her and resolve that her home shall be made a bright and cheerful spot. Otherwise she must expect that her family will seek outside attractions, for common sense tells us that no one will remain for any length of time in any place where he or she is uncomfortable or dissatisfied.

American Painter's Work.

It fell to the honor of Benjamin West, an American, to become the favored painter of George III. Through painting a historical subject, Arrippa Landing the Ashes of Germanicus, for the archbishop of York, West was introduced to George III, who became his steadfast patron for nearly 20 years. His commissions amounting to about $5,000 a year. He also painted a series of religious and historical works for Windsor.

Urgent Plea for Aid.

Eddie was visiting in the country, and some older children, thinking to entertain him, put him on the back of a small pony called Billy. The pony started off at a good pace around the lot, frightening the little visitor, who wasn't used to riding. Holding tight as he could to the pony, he shrieked out to the older ones: "Oh, come quick and help me let loose to Billy!"

Health Comes First.

The human body is kept in health by simple living, when after all is a test of fitness for success. Without health there can be no success, for gain of fame or gold will not profit a man who barters away his health. The wealth of the world some day will be judged by the health and happiness of mankind.—Elmer Lee, M. D., in Health Culture.

Cultivate Contentment.

The happy state of mind so rarely possessed, in which we can say, "I have enough," in the highest attainment of philosophy. Happiness consists not in possessing much, but in being content with what we possess. He who wants little always has enough.

Material for Paper.

Over fifty kinds of bark are now used to manufacture paper, besides banana skins, bean stalks, pea vines, coconut fiber clover and hay, straw, fresh-water weeds, sea weeds, and over one hundred and fifty kinds of grasses.

Too Good to Waste on Poetry.

A western poet refers to a mole on a pretty woman's face as a "tear drop petrified by its own audacity." Any man with an imagination like that ought to give up poetry and peddle ice.

Rule Without Exceptions.

People differ in their opinion about jokes, but here's a rule that can be depended upon: A joke you tell yourself is always a good one.

Hen Tactics.

Turtle eggs are indeed savory and nutritious, but the trouble is in finding the nest. The turtle should be taught to cackle.

Not a Great Many of Him.

"A real man," said Uncle Eben, "is one dat is jes' as generous wif other people's mistakes as he is wif his own."

Optimistic Thought.

In vain will either an ignorant or corrupt people seek to acquire and maintain republican institutions.

"Brock" Spring Hats are Supreme in Style and Quality

WE ARE SOLE AGENTS FOR NAPANEE

FASHION has decreed a radical change in Hat Styles for Men. The brims are wider and with flanged edges. The crowns are lower. Many of the younger fellows will want the wider snap brim model.

BOYES' invite you to inspect the best of the Spring Styles in the "Brock" Canadian made Hat—what is known from coast to coast as Canada's Premier Hat.

—The regular meeting of the Maple Leaf Institute will be held next Thursday, April 8th, at 2.30 o'clock sharp, at the home of Mrs. Will Fretts. After the business portion of the meeting is over there will be interesting papers, piano duets, and a demonstration by Mrs. Harry Culpepen, of waxing flowers. A cordial invitation is extended to all interested.

—The dwelling of Michael Barrett, Centreville West, was destroyed by fire on Friday, March 19th. Shortly after the fire was started in the morning fire was discovered on the roof, supposed to be caused by a spark from the chimney. Neighbours saw the fire on the roof and went to give their assistance, but when they reached there the fire had made such headway that they could not extinguish it, but succeeded in saving a small quantity of the contents.

—Union Lodge, No. 9, A.F. & A.M., was honoured with an official visit on Friday night last by R.W. Bro. A. B. Pinkerton, D.D.G.M., of Frontenac District, No. 14. There was an extremely large attendance of brethren present not only from Napanee, but also from the several lodges in the district. At the conclusion of the lodge session the assemblage repaired to the spacious dining hall, where a sumptuous banquet was held. Following the banquet a most delightful time was spent in the time-honoured toasts and addresses, these being interspersed with a choice musical program by local and out-of-town talent.

Shade Trees For the Farm.

Shade trees about a farm home add much to the beauty, comfort, and sale value of the place. In a province like Ontario, where we can grow such a variety of trees there is no excuse for such common stuff as Carolina poplar or Manitoba maple. Why not plant some of the slower growing but more permanent species and have the pleasure of watching them develop. Sugar maple, elm, oak, walnut, ash, cedar, white or Scotch pine, Norway spruce, Colorado Blue Spruce, apple or pear trees, planted about buildings and along drives, setting in groups rather than in rows, will give character to the farm home and will overcome the cheerless aspect so common in some places.—L. Stevenson, Director of Extension, O. A. College.

Straightening Wire.

Stray pieces of copper wire have many uses, but it often is necessary to straighten out wire that has already been used. See that there are no sharp bends or kinks in the wire and straighten out by hand any such that are found. Fasten an end of the wire to some firm anchorage; grip it in the vise if need be. Loop the other end of the wire around a hammer handle or similar instrument and then pull out the length of the wire. Repeat the operation as often as necessary. If the wire is of soft copper it will stretch a little, which improves it.

One Inch—100 Miles.

Telephone experts declare that if a person speaking over a phone holds the transmitter four inches from his mouth it is equivalent to adding about 220 miles to the line over which he is conversing, says Popular Mechanics Magazine. Carelessness in the manner of using a telephone instrument is one of transmission. The best results are obtained by allowing about half an inch to intervene between the mouth and the transmitter.

Weary World for the Pup.

Russell, four, was delighted when his grandma gave him a puppy for his birthday, so we were rather surprised a couple of days later when he announced that he was going to send "Daisy" back home again to grandma. I said, "Why, Russell, I thought you liked your little puppy." He said, "I do like her, mamma, but she's not happy. She hasn't smiled since she came.'

Words Frequently Misspelled.

Note from the Outlook: "What words are most frequently misspelled in the papers? Two candidates for the honor have good claims. 'Haley'—'haled into court'—often appears as 'hailed.' 'Identify,' for some curious reason, is frequently printed 'indentify.' 'Superceded,' 'ecstacy' and 'envelope' might receive honorable mention in the list."

Sentiment Uttered by Many.

The origin of the expression "In union there is strength" is not known, but the sentiment in various forms has been current a very long time. A Latin author of ancient times said: "By union the smallest states thrive, by discord the greatest are destroyed." The American author of "The Flag of Our Union" said: "United we stand, divided we fall."

Justifiable Curiosity.

It happened last night that Ocey Wattles dropped onto the same seat he held the night before at the movie show. But the gum he left sticking under the seat the first night was gone last night. Mr. Wattles doesn't want the gum, but he does confess to a very natural curiosity to know who did get it.

But It Was Sad Reality.

One day Jack was out playing by a ditch when he accidentally fell in. He was afraid of being punished, as he was all covered with mud, so he ran into the kitchen to his mother crying and yelling loudly: "Oh! if it were only a dream! Oh, if it were only a dream."

DANGER IN WILD FLOWERS

Many Are a Prolific Cause of Hay Fever, According to Expert Who Sounds Warning.

Hay fever is relatively common in children, but the reason that this is not more generally known is that these attacks are usually mistaken for "colds," writes Dr. William Scheppegrell of New Orleans, president of the Hay Fever Prevention association, in the Medical Record.

Sometimes a child that seems to have a "cold" is taken into a park or away to the country in the hope that the fresh air will effect a cure, and it is there exposed to further infection from the pollen of the plants that are chiefly responsible.

Besides the ragweeds, which are the principal offenders, there are several other wild flowers that though quite innocent when left alone, are likely to cause hay fever if applied directly to the nostrils of children. Among these Doctor Scheppegrell warns us especially against the daisy fleabane, one of the commonest of weeds. It grows from one to two feet in height, has light green almost toothless leaves, daisy-like flowers about half an inch wide, with a large greenish yellow disk, white rays occasionally lilac-tinged, shorter than those of the daisy and sometimes entirely absent.

Other flowers against which Doctor Scheppegrell warns are the dandelion, field daisy, blackeyed Susan, and other of the Compositae family. These are harmless unless one sniffs their blossoms, in which case they are likely to start a hay fever that may persist well into the fall.

MADE RECORD DURING WAR

Soldiers Proud of "Stars and Stripes," Official Organ of American Troops in France.

The most remarkable publication born of the war appears to have been "The Stars and Stripes." As it went out of business with the final scattering of its staff in June its record is now open to the public.

The publication was, as is well known, the official organ of the American expeditionary forces in France, and there is no doubt that it lived up to its dignity in a handsome manner. It started with a circulation of 30,000, and this was increased to 550,000 in less than a year. It maintained a French war orphan fund, to which 450,000 soldiers contributed 2,000,000 francs, and in its 16 months of life the paper cleared 3,500,000 francs.

There are other details of its progress and its work, among which is one to the effect that it printed 500 poems by soldiers and rejected 20,000.

The Editor and Publisher prints an extended review of the accomplishments of the paper, and from it we learn that its staff at one time or another contained something like 250 men. Among them were Sergt. Maj. Philip Von Blon, managing editor, and Sergt. Robert I. Sandjr, staff contributor, both Clevelanders.

An American Solomon.

"The story is told of a member of the American Red Cross, somewhere on the Syrian side of the African continent, who found himself faced with something of the same problem the solution of which earned for Solomon, in ancient days, the reputation of being the wisest of men. On this occasion the child was that of an Armenian woman, found in the house of a Turk at Aleppo, and who, the mother said, had been taken from her when three years old. The child she claimed as hers was a little girl of seven years and she gave no sign of recognizing her mother. The American was puzzled to know what to do. An idea struck him. He told the mother to sing the lullabies with which she had been used to rock her baby to sleep. The little girl looked astonished and thoughtful; then she smiled. Memory had awakened, and the Armenian woman had recovered her child.

Scientific Management.

"It doesn't do to swallow all the stories you hear about the efficacy of scientific management, but I heard one the other day that I can well believe."

Senator Cummins, the speaker, was entertaining a luncheon party at Atlantic City.

"So your wife refused to marry you when you first proposed to her? I said to Brown during a confidential chat one day. 'Did you keep on pursuing her till she consented?'

"'Not much!' Brown replied craftily. 'I went out and made a fortune. When I came back it was she who did the pursuing.'"

Will Film a Big Game Hunt.

Writing of East Africa reminds me of a young man of greater enterprise than financial resources who has fixed up a contract with a motion picture firm to go on a big game shooting expedition in East Africa and take with him operators and camera. His own cheerful view of the undertaking is that he will get his shooting, and the movie firm will get their pictures, and both will reap substantial profits.—Manchester Guardian.

Suspicious.

Patience—What's the matter with you and Fred?

Patsie—Well, I had a suspicion he wasn't true to me all the time he was in France with his regiment, and now I'm quite sure of it.

"Why so?"

"Last night he began saying sweet things to me in French."—Yonkers Statesman.

A naval officer fell overboard. He was rescued by a deck hand. The officer asked his rescuer how he could reward him.

"The best way, sir," said Jack, "is to say nothing about it. If the other fellows knew I'd pulled you out, they'd chuck me in."

Nature's Forethought.

Animals that require great speed in securing their food or escaping their enemies, have no collarbones. The shoulders are fastened to the trunk by muscles. This prevents jarring after a long leap, or, in other words, if they had a collarbone, with the shoulder firmly fixed in it, there would be a tremendous shock when an animal came to the earth after leaping. Nature has looked after it in a common sense way.

Natural Butter.

Shea butter, the reddish oil of the West African shade tree, is one of several vegetable butters that are of unusual interest to makers of margarine, chocolate, candies, and soap. The sweet and wholesome pulp of the nut is a dish prized by the natives, and is said to be nearly two-thirds butter. The tree, beginning to bear its crop of nuts when about 15 years old, reaches its prime at the age of about twenty-five.

Well Adapted for Its Work.

Speaking of necks, could you imagine one better suited to the habits of its owner than that of the hog? The hog roots in the ground for its food—in the wild state. Its neck must be thick and stout for shoving the snout into the earth. So the neck of the hog is built exactly as it should be built for enabling the animal to carry its snout along the ground in picking up or rooting up its food supply.

Baby's Health In The Spring

Can Best Be Guarded With Baby's Own Tablets.

The Spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined to overheated, badly ventilated rooms and entries colds which rack his whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic and keep baby well. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

POPULAR ONT. CROPS

INFORMATION ABOUT VARIETIES USEFUL AT SEEDING TIME.

Experiments Show the Varieties of Oats, Wheat, Alfalfa and Other Crops Which Give Best Yields.

(Contributed by Ontario Department of Agriculture, Toronto.)

The oat is our most important grain crop, so the feeders say. What do the experimenters think of varieties? Here it is. Eight years of experimentation, carried on by farmers on their own farms in all parts of Ontario, and with all the oat varieties now eligible for registration placed them in order of merit and yield as follows:

	Bushels Per Acre.
O. A. C. No. 144	88.0
O. A. C. No. 3	84.0
O. A. C. No. 72	80.8
Gold Rain	79.7
Abundance	78.6
Banner	75.8
Victory	74.5
Alaska	64.0

The O. A. C. No. 144 is only beginning to enter the Field Crop Competition over Ontario. According to present indications it will increase rapidly, and will before very long become the leading variety of oats in this province.

It is interesting to note the high record when the O. A. C. No. 72 variety has made in the Standing Field Crops Competitions throughout the Province. In eight years, out of the 1,108 first prizes awarded for fields of oats of at least five acres, the O. A. C. 72 received 466, Banner 491, Abundance 21, Gold Rain 13, and Victory 1. The other 201 prizes were divided among varieties not eligible for registration.

Alfalfa.

What do the farmers say about varieties of alfalfa?

Co-operative experiments have been conducted with varieties of alfalfa for twenty-six years during which time seed has been sent to each of 2,329 Ontario farmers for cooperative tests on their own farms. A definite co-operative experiment has been conducted with the Ontario Variegated and the Grimm varieties on each of 1,790 farms within the past fifteen years. Each experimenter was asked to so locate the plots that they might remain undisturbed for several years. Quite a number of these experimental plots which were sown as far back as 1911 still remain unbroken and the results are both interesting and valuable. On November 27th, 1925, a blank form was sent to each one of the 1,750 experimenters asking for information regarding their experiment. After receiving upwards of three hundred replies we were able to summarize the results. In answer to the inquiry as to which of the varieties gave the better results in the local test it is interesting to note that of the fourteen years from 1911 to 1924 inclusive the majority of the experimenters favored the Ontario Variegated in the years 1912, 1913, 1916, 1918, 1919, 1922, 1923 and 1924, and the majority favored the Grimm in each of the other seven years. Of the 138 who answered the question, 95 preferred the Grimm and 92 the Ontario Variegated. In respect to the question as to the most extensively grown variety of alfalfa in the various districts of Ontario, mentioned the variety mentioned 65 Grimm, 2 Common, and 1 Turkestan, while 2 others simply answered Ontario Grown.

The farmers of this Province have a reputation for every kind of seeding and for sowing on their own farms. It would be well for the farmers to plan and sow as much as possible of the 50,000 bushels of seed which was produced in Ontario in 1925. Our alfalfa production has been trebled in the last ten years, and doubled in the last three years. It is estimated that there was over half a million acres of alfalfa grown in Ontario last year. It is believed that the alfalfa acre will soon reach one million acres. Ontario will be richer for it.

Spring Wheat.

The O. A. C. No. 85 Spring wheat was distributed for co-operation experiments for the first time in 1924. The result for the two years when compared with Wild Goose and Marquis puts the No. 85 at the head of the list.

	Bushels Per Acre, 1924
O. A. C. No. 85	21.1
Wild Goose	16.3
Marquis	24.3
	Bushels Per Acre, 1925
O. A. C. No. 85	21.1
Wild Goose	14.5
Marquis	19.3

The O. A. C. variety of spring wheat was originated at Guelph by crossing the Red Fife and the Herison Bearded. It is red wheat of good quality, and has a bearded head with white chaff. In twelve years' experiments at the College it has given the highest average yield per acre of the twenty varieties of spring wheat grown under similar conditions.

BEST STOCK FEED OF ALL

ALFALFA SHOULD BE MORE EXTENSIVELY GROWN.

Only Hardy Seed Should Be Used and Plenty Is Now Available—Important Points to Consider.

(Contributed by Ontario Department of Agriculture, Toronto.)

One of the valuable features of alfalfa is its richness in the expensive proteins. When cut at six or eight inches in height, we have found it to contain 25 per cent. of nitrogenous matter, that is, one-quarter of the dry matter of the crop was crude protein. The amount naturally decreased as the plants matured, due to the development of the fibre, but in the early blossoming stage we found alfalfa contained on the average 15.6 per cent. of crude protein, or 11.2 per cent. of digestible crude protein, calculated to water free basis. In the hay condition of dryness, Henry and Morrison in "Feeds and Feeding" give the per cent. of digestible protein in some of the common folders as follows: Alfalfa, 10.6; red clover hay, 7.6; timothy hay, 2.8; corn silage, 1.1; and among the grains, oats, 9.7; corn, 7.5; barley, 9.0; and wheat bran, 12.5. It will thus be seen that it is not necessary to feed so much grain or concentrates when alfalfa is used as the fodder.

Furthermore, the alfalfa is valuable for its A and B vitamines and its ash content. It may not be better in these respects than the clovers, but it has a recognized value when fed with concentrates.

The Ontario farmer's feed problem is best solved through the production and use of the greatest possible quantities of high-class home-grown roughage, which obviates the necessity of using a large proportion of expensive concentrates in his rations. Most home-grown concentrates, and many of the roughages, are carbonaceous feeds which, in themselves, even in mixtures, do not make for properly balanced rations and, consequently there is always a big demand for protein-rich feeds such as bran, shorts, middlings, oilcake meal, cottonseed meal, gluten meal and other similar feeds. These feeds are always more or less expensive and it is sound farm economics to attempt to produce substitutes for them in so far as possible. The farmer understands the situation and naturally turns to leguminous crops, particularly the clovers, to cut down his feed bills and, at the same time, enrich his soil. He realizes that his home-grown grains and his corn and roots are low in protein. He knows that protein-rich concentrates are high in price. Therefore, he is interested more and more in the increased supply of home-produced feed rich in protein. It is also a fact that these leguminous feeds are rich in mineral matter so necessary to production, reproduction and general health in herds and flocks, and the best of them is alfalfa. It is the most palatable of all.

Alfalfa Hay.

Alfalfa hay stands at the head of the hay list in value for dairy cows, sheep and lambs, beef cows, growing young cattle, breeding bulls, and may be used with good results, especially when they are idle or comparatively so. Of course, the hay should be well cured, preferably by the cell method, and generally speaking the second cutting is of better quality than the first. Good alfalfa hay is just under wheat bran in digestible crude protein, but shows about three times as much fibre. It is a roughage, but some feeders forget that it is a rich roughage and throw too much of it to their stock. A small forkful of good alfalfa hay contains more real feed value than a big bundle of the average timothy or mixed hay and it should be fed with more care to prevent waste or danger of overfeeding. Alfalfa hay, corn silage and a few roots make an ideal roughage ration for all classes of cattle and sheep and many feeders have cut down, or cut out, their corn acreage where alfalfa does well. For dairy and beef cattle, from one-half to one pound per day per hundred pounds of live weight, according to other feeds fed, proves very valuable in mixed rations. For sheep, either fattening lambs or breeding ewes from two to four pounds per day will be relished. For horses, not over one-half pound per hundred pounds live weight, preferably mixed with other hay or straw, is safer than too much. Well on alfalfa as green feed. Sheep or fattening sheep can get no better feed, and it is among the very best green feeds for all classes of stock, from the youngest pigs to older breeding stock. Green alfalfa is not a very satisfactory feed for the working horse because it has a tendency to cause scours.

Alfalfa, in such form, provides in itself a narrow ration, being very high in protein, and should be fed along with home-grown grains, a little hay or corn silage to cattle. Sheep will handle it without much difficulty and, of course, it naturally is only a supplement to the grain ration of pigs, but, as such, it will cut down the cost of pork production very materially. If fed green to horses, it should only comprise a part of the ration, along with some dry feed and grain. When feeding to cattle and sheep, it is well to start with a small amount of it each day, as there is some danger of bloat if large quantities are fed wet in the beginning.

Ask for Circular 48, on Hardy Alfalfa and get the rest of the story of this wonder crop.

"Who was that, auntie?" inquired six-year-old Ethel as a man passed them and raised his hat.

"That's Mr. Blank, dear. He's the village undertaker."

"Oh, yes. I remember him now. He undertook my grandma."

Swedish Engineers' Success.

Swedish engineers have solved the problem of keeping the population of Sweden comfortable during their severe winters by utilising the energy of the natural water powers of that country for the creation of electricity, which has become the chief source of heat. Hot water tanks in hotels and all public buildings are heated by this element.

Value of Old Shoes.

From one ton of old shoes can be extracted metals to the value of $4.70; grease, $7.25; animal black, $50; sulphate of ammonia, $22.50; a total of $83.45, or about 15 cents a pair. The grease is a good lubricant and the animal black is said by M. C. Lamb, the English chemist who is responsible for these figures, to be equal to the best of bone black.

Changed Subject of Wee.

Irene was crying in bed because her mamma insisted she should wear a certain nightgown. At last mamma said: "Why, Irene, how foolish to cry about that! You'll sleep just as well in that gown as any other." She stopped long enough to say, very dignified: "But, mamma, you don't know. I've changed my mind and I'm crying about another thing now."

"Junker."

"Junker" is a man of some birth and of inherited property, especially land. The word is used to describe that large class of Prussians who come of noble, seminoble or at least old and "good" families, and whose worldly possessions are such as to give them an appreciable stake in the government.

Slowed Up by Age.

Men of age object too much, consult too long, adventure too little, repent too soon, and seldom drive business home to the full period, but content themselves with a mediocrity of success.

"Daddy," she asked, "does God tell you what to say?"

"Of course, child," the father answered. "Why do you ask?"

"Oh," said the little girl, "then why do you scratch it out?"

Don't Shut Yourself Up.

The trouble with the executive who is too inaccessible is that he loses more by the arrangement than anybody else. In shutting others out, he shuts himself in—away from the numerous advantages of personal contact and points of view. There's nothing like looking a man in the eye and hearing his story, to get at the meat of a situation. Most executives prefer to have everything brought to their attention in writing. That plan may be a timesaver, but my own experience has been that it will pay to get all information possible by face-to-face interviews.

What Memory Is.

The popular notion that memory is "an association of ideas" is true. Memory, plainly, is not only made up of an association of ideas but also of associated impressions living things receive. Such associations may be due to real and necessary connections such as "iron bar," or to your mental coupling up of such associations as "blue funk," "sweet melody," "pretty girl." Habitual linkage makes the impression firmer, the retention in mind more durable and a more simple handle whereby the matter can be recalled at will.

Senses of Elephant.

The elephant is accredited with having the keenest sense of hearing of any animal. His sense of scent is nearly as remarkable. Young and inexperienced elephants can detect the passing of a man over a trail hours afterward. The elephant is a true Oriental regarding domesticity. Bulls do not habitually go in company with the cows, old bulls especially holding themselves aloof and exclusive from the female of the species.

Fish Beat Whiskers.

A visitor to Moshegan, Me., was reclining in the only barber chair on the island with half his face shaved and the other side thickly lathered when the cry "Mackerel to the south'ard" came down from the headlands. Immediately the barber put up his razor and started on the run for his boat. When he returned he had lost a customer, but he had a $20 catch of fish.

Whatever That Is.

Armed with a hooked bill resembling a hawk, with a spread of wing as big as a good-sized eagle and equipped with long legs, which he carries straight behind him, a bird which Allan Irish, of Sabino, Me., says is a sphynxiquitpher and is rare in that vicinity, has been seen frequently near Sabino.

Natural "Water Barrel."

Perhaps the most notable specimen of self-watering plants is the so-called "water barrel" which, of about the size and shape of an ordinary beer keg, is in fact nothing more or less than a living water tank. Its whole interior is composed of storage cells so admirably arranged that the pulp which they form contains something like 90 per cent of pure water.

On Peacemaking.

"For a nation to make peace only because it is tired of war, and as it were in order just to take breath, is in direct subversion of the end and object of the war which was its sole justification. 'Tis like a poor wayworn traveler getting up behind a coach that is going the contrary way to his.

Unnecessary Noises Barred.

The man with the new set of store fangs was alternately bating fresh celery and dirty trout. Finally a waiter stepped up and tapped him on the shoulder, saying: "Pardon, sir, but I must call your attention to the fact that this hotel is located in the hospital zone."—Farm Life.

St. John's Bread.

St. John's bread is the name given the carob in the Holy Land as it is said to be both the locust and wild honey devoured by that famous ascetime while in the desert. It grows practically everywhere planted in Palestine.

Pet Seagull, 25 Years Old Dies.

"Charlie," a pet seagull belonging to the bishop of Ely, has died, after having been an occupant of the Palace gardens 26 years. It was caught on the Dorset coast 33 years ago.

Naming the Cherry.

The cherry gets its name from Cerasos, an old Greek town on the Black sea, whence came the first garden cherries known to Europe.

New Mineral Wool.

A pure white mineral wool is being manufactured at Yarraville, a suburb of Melbourne, from basalt rock or "blue stone."

Old Cheese.

One of the best grades of Italian cheese is sold only after it has been seasoned for at least four years.

Cast Iron Rust Proof.

For many purposes cast iron is preferable to steel because it is comparatively rust proof.

New Blood Needed In the Spring Time

Try Dr. Williams' Pink Pills as a Blood Improving, Health-Restoring Tonic.

Every man, woman and child needs new, rich, red blood at this time of the year. That is a scientific fact. All doctors know it. The blood grows thin and poor in the winter; there is not enough of it, and anyone knows the effect. Take notice and see how many people are pale and sallow at this time of the year. They complain of being easily tired, their appetite is poor, and they are often depressed and low-spirited. That is Mother Nature urging them to improve their blood supply; but often their digestion is weakened so that they cannot turn food into blood without help. Here is where some good medicine comes to the rescue. Dr. Williams' Pink Pills have a direct action on the blood and enable you to get full use of the blood-making elements in your meals. You soon feel their effect—your appetite improves, your nerves are steadier, color returns to the cheeks and lips, you have more vim and energy and can work with less fatigue.

The value of Dr. Williams' Pink Pills to all who are in what is known as a run-down condition of health is proved by the experience of Mrs. Alex. McKenzie, Schumacher, Ont., who says :—"I was in a completely run-down condition. Nervousness, sleeplessness, and loss of vitality were all taking their toll. I felt miserable all the time and began to feel that my case was hopeless, as I had taken a number of remedies with little or no relief. I had often read of Dr. Williams' Pink Pills, and finally decided to try them. I used half a dozen boxes, and by the time I had taken about half of them, there was no doubt I had at last found the medicine I needed to restore my health. I continued the use of the pills, gaining strength day by day, until I was soon enjoying good health and happiness. I strongly recommend Dr. Williams' Pink Pills to every man, woman or child who is in a run-down condition, feeling sure that the pills will soon restore them to health and strength."

Whether you are seriously ill or merely feel easily tired and out-of-sorts, you should try Dr. Williams' Pink Pills this spring. They are sold by medicine dealers everywhere, or will be sent by mail at 50 cents a box, by writing The Dr. Williams' Medicine Co., Brockville, Ont.

A young bride of the "smart set" said at her club over a cigarette and cocktail :

Automobile Accidents

Almost every newspaper you read has an account of one or more Auto accidents. People are killed or injured and property destroyed. In every case some person is held responsible and must pay the damages.

Many drivers say, "Oh, I am a careful driver, and I will never cause an accident". It may not be YOUR fault but it will be YOUR car and YOU will pay the damage.

Why take the risk? We can sell you a policy which indemnifies you against liability imposed by Law, defends you in every law-suit, and pays all damage up to a very large amount. No inconvenience for you, no anxiety, and the cost, in most cases, is not more than $1.50 per month. Let us give you the exact cost for Policy on your Car.

Died in Montreal.

J. C. Connolly, one of the most widely known residents of Yarker, passed away on Monday morning, at the home of his son, Mr. Stewart Connolly, Montreal. Last fall Mr. Connolly closed his home in Yarker, and left to visit his children in Montreal, and after a few weeks' visit went South to spend the winter in Florida. His health failing he returned to Montreal a short time ago. He leaves one son, Mr. Stewart Connolly, Montreal, and one daughter, Mrs. W. C. Burpee, also of Montreal. Two brothers, Messrs. Alf. and Fenwick Connolly, Yarker, and three sisters, Mrs. John Lowry, Napanee, and Mrs. Charles and Mrs. D. J. Oldham, Yarker. The remains were brought to Yarker on Monday, and the funeral service took place on Wednesday morning at 10 o'clock.

ANOTHER PARTY AT NEELY'S

Although it has become quite the fashion to have "tea at Neely's", Mr. Neely's last party was unique in that it extended over six days. Beginning on the afternoon of March 16th, at 1.30, the second floor of Neely's Bookstore was set aside for classes in Art, which were conducted by an able teacher sent to Napanee by the Dominion Paper Co. In the front room, gathered about the tables, were ladies who went to learn the art of making lamp shades in crystalline and parchment. The larger room was filled with an eager crowd, who were grouped around various tables, at each of which a different lesson was being taught. One was devoted to the making of very realistic paper flowers, another to weaving baskets, and a third to decorating with wax.

The busy assistants flew here and there, generously dividing their spare time to the aid of the instructor. All the orders were obtainable at a corner counter which facilitated matters very much.

At four o'clock on each afternoon, Mrs. Neely graciously served a delicious cup of tea to each busy worker. Mr. and Mrs. Neely are notably hospitable, and their kindly thought was greatly appreciated. The very profitable and enjoyable week was afforded the ladies of Napanee, and many dainty and useful articles are the result of their labours.

STRATHCONA

Easter Sunday was nice and bright overhead, but underfoot was a bit mushy. — Rev. Mr. Anderson preached a very helpful sermon on "Questioning What the Rising from the Dead Should Mean." Those who heard it had food for thought and inspiration. Unfortunately many of our villagers were absent visiting friends. Others would have been profited had they attended, as our evening gives us a helpful message. — Mr. and Mrs. W. J. Finlay are visiting their daughter, Mrs. W. Johnson, Toronto. — Messrs. Bruce Finlay and George McGarvey have each a new car. — Mrs. Ed. Haines returned home last week from Arden, where she had been attending her brother's funeral.—We are all pleased to see Mr. Edgar Grant back home again. —Miss Edith McDiarmid, Mitchell, Ont., visited her friend, Miss Ruth Wilson, on Tuesday night. — Mr. and Mrs. D. B. Wilson spent Good Friday at Mr. James Wilson's. — Easter holidays brought Miss Muriel Wilson home and visited Miss Hilda Toner to Kingston to visit friends. — Mission Circle meets on Friday evening, April 16th, at the home of Mr. Geo. Finlay.—A special appeal is made for the Sunday School next Sunday at 2 p.m. Come and bring all you know about the Book of Genesis, as well as all you would like to learn about the beginning of things.—Dame Rumor had a report that cupid's darts were about to smite one of our fair young maidens, but when the mists rolled away we found it really was true, as Mr. Russel Withers came along to Mr. Frank Luther's on Wednesday and went away with Miss Minnie Luther. They proceeded to the parsonage, Napanee, where the nuptial knot was firmly tied, then the happy couple went to Kingston for their honeymoon. The bride's many friends at Strathcona will miss her very much in the different branches of church and social life, but our loss will indeed be another's gain. So we all join in congratulating Mr. Withers on his success and wish the young couple all prosperity.

TAMWORTH UNITED CHURCH

Remember the anniversary services at Tamworth on Sunday next at 11 a.m. and 7 p.m. Rev. W. E. Taston, of Trinity United Church, Napanee, will preach at both services. The choir is preparing special music for the occasion.

Rev. Mr. Tanton will also preach at Reidville at 2.30 p.m.

We hope that, as far as possible, every member of the Tamworth congregation will be present at the annual meeting to be held next Monday evening at 8 o'clock in the R. E. building. Reports will be received, officials elected and other important business transacted. The ladies will serve lunch.

The business of the annual congregational meeting, held Thursday evening at Reidville, was not all completed, and the meeting was adjourned to meet again next Thursday, April 15th, at 8 p.m.

On account of the storm on Wednesday evening, March 31st, the annual meeting of the Marlbank congregation was postponed until Thursday evening, April 22nd.

Our last Official Board meeting of the Pastoral Charge for the transaction of business for the Conference Year ending March 31st, will be held in the R. E. building in Tamworth on Friday evening, April 23rd.

Notwithstanding the unpropitious weather, the evangelistic mission begun last Sunday at Marlbank, got a good start. On Sunday evening the evangelist, Rev. D. T. McClintock, and the soloist, Miss Meiklejohn, were greeted with a crowded house. The attendance and interest are being well maintained throughout the week-night services.

A very interesting church wedding took place at high noon last Wednesday in the Tamworth United Church. The contracting parties are two of the popular young people of our congregation.

BASEBALL.

Now that the softball and hockey season is over, the baseball bugs will soon be buzzing. The snow is fast disappearing, and it won't be long before the boys are tossing the old horsehide around.

Many fans and the majority of the players are of the opinion that the local diamond at the park is due for a remodelling, as it were. Skin-diamonds are the order of the day and are less expensive. The locals always play better on a skin-diamond as was shown last year. They won the majority of their games on skin diamonds last year, and play far better ball. The local field is as good as there is in this district, but the diamond is a very poor one. The ground is bumpy, but if the diamond were skinned, Napanee would have the best park in this district. It wouldn't cost very much money to do the job and doubtless Napanee would have a winning team. The majority of the new players who have located here are used to a skin-diamond, and it is hoped that some action is taken by either the Driving Park Association or the Ball Club to fix up the diamond. Anyway, Napanee has long been known as an up-to-date town, and has always prided itself in keeping up to date in everything. But, grass diamonds are out of date, and a few pennies will easily remove the grass and give Napanee a beautiful skin diamond. Also think of the play-offs that Napanee would figure in. Only last year didn't two crack teams turn down Napanee as the place for a play-off because of the local diamond. Two or three years ago, through the influence of Jack Adams, Peterboro' and Brockville played off here. But both teams were used to skin-diamonds, and in no small terms they expressed their opinion of the local diamond. Nearly every team that comes here are disgusted with the diamond, and it is about time something was done to fix it up.

Napanee has a favourable geographical condition position, and if we had a skin-diamond, think of the teams that would play off here instead of picking neighbouring towns.

The local team have often been beaten when the ball would take a bad bound or a player would stumble on the uneven ground. No blame can be attached to the players as we have just as good players as there is around here in intermediate ranks.

Napanee has many new men to pick from this year, so let us get that diamond fixed and get going right. A meeting should shortly be held and officers elected and application made for membership to the St. Lawrence or whatever league Napanee intends to enter. Let's get a little interest awakened in baseball in Napanee and give the boys support. Napanee made a very creditable showing in the St. Lawrence League last year and ought to turn out a winning team this year.

The County League will soon be organized for 1926. Odessa, last year's champions, will doubtless enter again with Newburgh, Tamworth, Adolphustown, and a few other teams making up the League.

Many local fans are of the opinion that Napanee ought to turn out a junior team for the Bay of Quinte League. Napanee has plenty of available players of junior age, and no doubt could round out a good junior team. Last year's senior team were practically all under the junior age limit, and as there is always a lot of ball-players left around after the team is picked, it might be a good idea to enter a team.

Presentation and Address

Dear Mr. and Mrs. Olds,—We have learned with deep regret the loss this community will shortly sustain in your removal from us.

Your kindly disposition, your willingness to serve others, coupled with that personality which you both possess, has won for you a large place in this community, and so we truthfully say this community will be the poorer because of your going, but our loss will be another's gain.

We, a few of your many Brockville friends, have gathered together to-night to spend a social hour on the evening of your departure, and we feel that we could not separate without expressing to you both our sincere regret, and would ask you to accept this club bag as a slight token of our esteem for you, and hope that in your new home you may look back and with fond memory recall the happy associations of your old Brockville friends.

Tendered Farewell.

About fifty members of the Maple Leaf Social Club gathered last night at the residence of Mr. and Mrs. Milo C. Wiltsie, 75 James Street West, to tender a surprise farewell party to one of its members, Mrs. E. Olds, who is leaving town shortly to reside at Napanee. The time was pleasantly spent at progressive euchre, followed by refreshments, and in the course of the evening Mrs. F. J. Clutterbuck, President of the Club, read an address to Mrs. Olds, in which the regret of her friends at her impending departure from town was expressed, and Mrs. H. Lynn made the presentation of a handsome leather purse. Mrs. Olds responded in fitting terms to the good wishes extended in the address. The prize-winners at cards were Mrs. A. L. Coburn, Mrs. R. Green, Mrs. Abbott and Miss McDaniels.

Honored by W.C.T.U.

At a meeting of the W.C.T.U. held yesterday afternoon at the residence of Mrs. J. H. Gardiner, 141 Pearl Street West, an address and a silver bon bon dish were presented to Mrs. E. O. Olds, who is leaving town shortly to reside at Napanee. The address was read by Mrs. William Weatherston, and the presentation was made by Mrs. Throop. The recipient made a fitting reply to the good wishes extended in the nicely-worded address.—Brockville Recorder and Times.

ROBLIN

(For last week.)

The Mission Circle at the Parsonage on Friday evening, was well attended. It being the last meeting of the year there was an election of officers, also the opening of the mite boxes. The amount raised by the Circle during the year was over sixty dollars.—On Tuesday, the Ladies' Aid held their meeting at the Parsonage.—Mr. Arch Graham has purchased Mr. Will Walker's farm at Sharp's Corners, and intends moving there soon.—We are glad to hear that Mrs. John Bunting has returned home from the hospital, and is gaining. — The Holiness Movement Church has been holding a three days' convention.—Mrs. Earl Whiteman and children, of Melrose, visited her mother, Mrs. Annie Kimmett, for a few days last week.—Mrs. Stewart Waddell spent the Easter holidays with her parents, near Perth.

Restored Strength and Former Good Health

Quebec Lady Was Weak, Excessively Nervous, Depressed and Weighed Down With Lumbago.

Mrs. E. Boyd Took Three Weeks' Treatment of Dodd's Kidney Pills and Amazing Results Followed.

Dunany, P.Q., April 5th, (Special).—That Dodd's Kidney Pills bring health and strength is proved by the following statement from Mrs. E. Boyd, who resides at Dunany.

She writes:—"I took your Dodd's Kidney Pills because I was weak and excessively nervous. I was unable to work without feeling stressed. I was also weighed down with lumbago and had no appetite. It has only taken a few weeks' treatment of Dodd's Kidney Pills to restore my strength and courage and former good health."

This statement speaks for itself. Ninety per cent. of the ills from which women suffer come from weak or diseased kidneys. They are the organs that strain all the impurities out of the blood. If they fail to do this the impurities remain in the blood and are deposited all over the body.

KING RADIO

Serves Women During Daytime Hours

So simple to operate and capable of bringing in distant stations, King Radio will provide entertainment for your women-folk all day long.

Cooking recipes, beauty hints, the latest styles, noon-hour concerts—the air belongs to the ladies when the sun is shining.

You can give no greater pleasure to your whole family than by the purchase of a King Neutrodyne. THESE SETS DO NOT RADIATE (do not cause a whistle in your friend's set when you turn the dials).

King 5-tube Neutrodyne, with all equipment and installed, $205.

King 6-tube Radio Frequency Set, $155.00 complete.

Try a B Battery eliminator on your set and do away with your battery troubles. The Unitron Combination priced at $70.00 will make your set practically batteryless. Eliminator alone $45.00.

Your old Piano, Organ or Melodeon can be converted, into a beautiful desk. Phone 285, and I will call and make an estimate on the cost of having your piano or melodeon made into a desk. To buy one of these desks at an antique shop would cost as high as $125.00. I have one of the best finishers in town to help me, and I will guarantee satisfaction on any job that you may want done. If you have some article which needs refinishing give us a trial. Prices reasonable.

THE WEEK IN THE LEGISLATURE

Toronto, April 3rd.—With two morning sittings of the House, and as many as three committees at work at one time, the Legislature handled a great amount of business in the final week. Not a great deal of legislation proved contentious, and the Opposition appeared to have no serious objections to Government measures. Such discussion as there was took place on public and private bills. The prime minister's intimation a few days ago that the government had no objection to staying on, and continuing the session after Easter adjournment, appears to have had the effect of inspiring private members to expediate business. In addition, the Progressive group has not been very heavily represented, and during most of one evening session this week, every seat in that section of the House was vacant.

* * * * *

The Township School Boards Bill was discussed on Tuesday by the prime minister, Dr. J. D. Monteith (Con. North Perth); A. P. Mewhinney, (Lib. West Bruce); Sam Clarke (Lib. Northumberland); A. J. Fallis, (Con. East Durham); J. W. Sangster (Lib. Glengarry); D. J. Taylor, (Prog. North Grey); D. M. Ross, (Prog. North Oxford), and A. Belanger, (Lib. Russell). The bill, as previously intimated by the premier, was submitted only for discussion and publicity, and was then withdrawn for a year. Mr. Ferguson said that while he had a number of letters and resolutions from trustee bodies in favor of the measure, the province was evidently not ready for it. He said: "It is true there is a good deal of feeling in opposition to the suggestion. One reason is the sentiment that surrounds the little red schoolhouse; the other is the reluctance of local school trustees to lose autonomy in the handling of local affairs. I think it only requires a little education to show them that we can gradually improve the situation. Officers of the department who have worked out this problem from a financial standpoint assure me that in five or six years the cost of education under the plan would be reduced 25 to 30 per cent., and this would certainly be a great relief to rural people."

* * * * *

The Public Accounts Committee held its final sitting on Wednesday, when a report was presented by the chairman, Major Alex. Lewis, reviewing the proceedings and reporting the evidence to the House without special comment. However, W. E. Raney proceeded then to read a five-page minority report, enumerating various little details he had picked out of the evidence from time to time, by way of criticizing departmental methods, with the immediate result that Col. Currie and M. M. MacBride moved a resolution "that Hon. James Lyons is entitled to a complete and unqualified exoneration of any breach of the Legislative Assembly Act, and that his company's business record with relation to the Government or any contractor having business relations with the Government is beyond reproach." This was adopted on a vote of 22 to 5, the five being Messrs. Raney, Kemp, Fisher, Sinclair and Widdifield. Annoyed by Mr. Raney's departure from present in seeking to introduce a partisan finding, William Finlayson, East Simcoe, who had conducted examination of witnesses for the government, made it known to the committee that Mr. Raney himself was a director of the Copeland-Chatterson Company, of Toronto, which sold supplies to the Government, and that he had also been a director in 1920, as well as a shareholder continuously, being therefore in just the same position which he had declared so reprehensible in the case of Mr. Lyons and George Oakley, M.L.A. When it is remembered that the evidence of a witness one day during the week disclosed the fact that Rev. Edgar Watson, and Jack Ramsden, while members of the Legislature during the Drury regime, took commissions on insurance placed by them for the government with a Toronto agency, it will be apparent that the Opposition has not only achieved nothing by this session's Public Accounts Enquiry, but received a lot of undesirable publicity. Mr. Watson, who is now in the United States, was U. F. O. member for North Victoria, and Mr. Ramsden was a Liberal representing a Toronto constituency.

* * * * *

When the House was passing supplementary estimates on Tuesday, Premier Ferguson called attention to an impression given by some newspaper headings that the government proposed to cut off entirely and at once all contribution to Queen's, Trent Western Universities at Kingston and London. He explained that while he had given the authorities of these institutions warning that they must look about for endowments in order to augment their revenue and carry their own financing, yet he recognized that both were doing good work, and there was no idea of terminating abruptly and entirely all provincial assistance during such period as they were arranging to finance themselves. His contention, however, was that Toronto was the state university, and it was not reasonable to ask the province to indefinitely finance two others.

* * * * *

Part of one afternoon's discussion, on Wednesday, sufficed to dispose of Col. John A. Currie's government control bill, and also to give opportunity for argument on the 10 per cent. beer bill of J. A. Pinard, (Lib. East Ottawa). Debate on the latter was adjourned until Thursday, and Col. Currie's bill was ruled out of order. Premier Ferguson spoke to both bills, repeating his declaration that the Government proposed to take no more referenda or plebiscites, but rather to gather information regarding the feeling of the public in all parts of the province, and reach a decision on that basis. When that was done, the public would be informed and given opportunity to express themselves at the polls. The O. A. A. will be an issue at next election in any event, for the premier on this occasion pointed out that if the government decided the Act should stand unchanged, the electors would have opportunity to say at the polls what they thought about that.

When the Premier's bill to grant $5,000,000 additional for Northern Ontario development was before the House on Monday, several Liberal speakers took occasion to endorse the expenditure. Mr. Sinclair objected only that more detailed information should be given in advance, but Mr. Ferguson pointed out that it was based on the estimated of divisional engineers who were on the ground and fully acquainted with the needs of their districts. Hon. Jas. Lyons, although not now minister of lands and forests, made a vigorous speech on behalf of the north country, and emphasized the fact that the outlay on roads up there is "not a flea bite" compared to the millions spent in Old Ontario, particularly under the last years of the late government, when the worst of the roads in the older part of the province were better than the best in the north.

* * * * *

Although the special committee on the Election laws threw out W. E. Raney's bill to prohibit campaign contributions from brewers, government contractors, etc., several important changes were approved. Advanced polls will be held on Thursdays, Fridays, and Saturdays immediately preceding election day, for railway men and commercial travellers. The three months' residence qualification is reduced to two, with a view to relief of farm laborers and others who take employment in a new place in the Spring. Elections in this province sometimes come in June. The voting time is also to be extended an hour in the evening. Provision is to be made whereby persons in rural constituencies who find their names left off the list may vote by making an affidavit and obtaining the affidavit of one well-known person.

* * * * *

Chiefly because there was not opportunity, at such a late stage, for full discussion, the Municipal Committee on Wednesday threw out for this year amendments to the Transient Traders' Act providing for a scale of license fees for peddlers and for the regulating of transient traders. Representatives were present from various business interests and the Retail Merchants' Association of Ontario, and exemption from the provisions were asked in respect to sewing machines, Fuller Brush Company, tea merchants, newspaper canvassers and others. One provision of the bill would have the effect of giving a preference to Ontario manufactured products, in respect to direct sale methods, and it was pointed out that this might induce retaliation against Ontario by other provinces. The committee agreed that the retail merchants who pay heavy taxes had a grievance in respect to the competition of peddlers and transient traders, but felt that there was no time for adequate discussion, and consequently the measure was not reported to the House.

* * * * *

In a bill including the session's amendments to the Municipal Act, which was put through on Thursday, there is a clause enabling trustees of police villages to pass by-laws paying themselves for attendance at meetings, not more than $5 per day. Owing to the action of the Municipal Committee the other day, the clause now carries at the end this proviso, "after such by-law has been submitted to and approved of by the electors on the day of the annual election of trustees."

* * * * *

After brief discussion of the principle involved, D. J. Taylor, (Prog. North Grey), on Wednesday withdrew his resolution calling for the House membership to be reduced to the same number as Ontario members in the Commons—82—and for Ontario ridings to have boundaries coterminous with federal constituencies. Mr. Taylor is one of those who objected strenuously last session to the wiping out of rural constituencies by the redistribution bill.

YOUNG WOMEN SUFFER MOST

These Two Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Ayer's Cliff, Quebec.—"I have been teaching for three years, and at the end of the year I always feel tired and have no appetite. I was awful sick each month, too, having pains in my back until sometimes I was obliged to stop working. A friend recommended Lydia E. Pinkham's Vegetable Compound to me and I heard many women telling how good it was so I thought it would help me. And it did. Now I take six bottles every year and recommend it to others."—DONALDA FANTEUX, Ayer's Cliff, Quebec.

"Unable to Work"

Canning, Nova Scotia.—"I had irregular periods and great suffering at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours I would be unable to attend to my work. Through an advertisement in the papers I knew of Lydia E. Pinkham's Vegetable Compound, and it has been of great benefit to me, the troubles being completely relieved."—LAURA J. EATON, Canning, King's County, Nova Scotia. C

ROBINSON'S IS AT YOUR DISPOSAL. CHOOSE FROM OUR VAST RESOURCES WITH ITS INCOMPARABLE VARIETIES AND DEPENDABLE QUALITIES

Do not Trust to the Gimlet of Graft and Cunning to Bore Your Way Through Life, because in the long run you are bound to come to disgrace and ruin.

Almost every man unless he over-estimates his abilities has enough sap in his young manhood to give him a good start. Even older men, set back by his mistakes or misled by misplaced confidences, may rally his forces and make a genuine success of his second start.

To have failed once is not so much of a pity as it is not to try again.

"Don't give up the ship" is a battle cry of many successful men.

These great stocks of well-chosen, trustworthy and dependable merchandise from many parts of the world are here because we have spent weeks in diligent search, because we have travelled hundreds of miles, because we had infinite patience, because we overcame disappointments and difficulties.

It is here in our store—on display in our various departments. It is beautiful and magnificent in its richness and colorings. We invite you to visit us and leisurely examine for yourself.

THE ROBINSON CO., LIMITED.

MODERATELY PRICED, MASTERFULLY DESIGNED HATS FROM NEW YORK
PRICED IN GROUPS, AT $2.95, $3.95, $4.95, $5.50

Women who as yet have not chosen their Spring Millinery will find a splendid array of smartly fashioned hats in our showroom. These beautiful New York creations have a smartness of line, a harmony of color, an unmistakable chicness that is absolutely indescribable.

Featured are all the newer braids, the popular silks, the modish combinations in a series of styles which include everything considered fashionable for Spring wear.

Obtainable are hats for all dress occasions, hats for street and sport wear, hats for business, hats for school wear.

Our group buying policy secured us values—values that are not obtainable elsewhere in this vicinity.

Our Millinery Department can render you real service this season. Your inspection is invited.

"SAUNTER SUITS", FASHIONED FROM TWEEDS, FOR MISSES' SPRING WEAR

Fashion claims, and usually "Fashion" is a much sought authority, that no wardrobe is complete without at least one tweed suit.

And what a wealth of satisfaction there is in owning a good, reliable, beautifully tailored tweed suit?

With it you can go calling, walking, travelling, motoring, shopping, to school, business, in fact its right place is everywhere.

Easter Saturday we unpacked a very clever assortment of these better tweed suits. They come in range of smart, neat patterns, full of life and decidedly spring-like.

Some are fashioned with belts and patch pockets; others have inset pockets; their lines are notched, and all are splendidly tailored. Even the most fastidious on this point will be well satisfied. Now is your time to choose.

Priced $15.00, $25.00, $27.50, and $32.50 each.

NEW COATS—RUSHED IN—MAKE OUR ASSORTMENTS COMPLETE IN ALL THE FASHIONABLE MODES AND MATERIALS.

"Coat Buyers", our Coat Department offers you splendid opportunities. Right now our assortments are at their best. All that is new and fashionable in styles and materials are on display. The season is old enough to know what's correct. The cape-back, the flare, the pleated straight, the tailored, these four outstanding, authentic lines which developed in materials such as tweeds, twills, velours, suedes, and satins, give you an endless variety for individual selection.

Here too, our new buying policy enables us to offer you values that are distinctively advantageous to you.

"Tweeds" are priced from $14.50 to $37.50.
"Velours" are priced from $16.50 to $24.50.
"Twills" are priced from $12.75 to $75.00.
"Suedes" are priced from $25.00 to $55.00.
"Satins" are priced from $45.00 to $75.00.

Dated at North Fredericksburgh, this 5th day of April, A.D. 1926. (Subject to 30 days approval).

Moved by Mr. Sagar, seconded by Mr. Chambers, that this Council adjourn to meet on the first Monday in June, at 10 o'clock a.m. Carried.

BY-LAW NO. 6. FOR 1926.

A By-law to provide for dividing School Section No. 15 in the Township of North Fredericksburgh into two school sections.

The Municipal Council of the Corporation of the Township of North Fredericksburgh enacts as follows :—

1. Whereas School Section No. 15 in the Township of North Fredericksburgh has not enough school accommodation to take care of all their school children, and whereas it is thought advisable to divide said School Section No. 15 into two school sections,

Therefore be it enacted, and it is hereby enacted that that portion of said School Section No. 15 lying east of the east line of Lot No. 16, in the 6th Concession of the Township of North Fredericksburgh, be taken away from said School Section No. 15, and formed into a new School Section to be known as School Section No. 12, in the Township of North Fredericksburgh, said new School Section to be bounded on the west by the east line of said Lot No. 16, in the 6th Concession of the said Township of North Fredericksburgh, on the north by the Napance town boundary road, on the east by the Canadian National Railway, formerly known as the Grand Trunk Railway, and on the south by School Section No. 20 in the said Township of North Fredericksburgh.

2. That any By-law conflicting with this By-law be, and the same is hereby repealed.

Passed this 5th day of April, 1926.

H. A. SILLS, Clerk. JAMES W. CLARK, Reeve.

BY-LAW NO. 7. FOR 1926.

A By-law to provide for expenditure on roads in the Township of North Fredericksburgh, during the year 1926.

Whereas the regulations of the Department of Public Highways of Ontario require that the expenditure on Township Roads under the Ontario Highways Act, and amendments thereto, shall be provided for annually by Township By-law,

Therefore the Council of the Municipal Corporation of the Township of North Fredericksburgh, enacts as follows :—

1. The sum of ——— is hereby appropriated from moneys raised by taxation for expenditure upon construction on the roads in the said Township during the year 1926.

2. The sum of $1,000.00 is hereby appropriated from moneys raised by taxation for expenditure upon maintenance and repair on the roads in the said Township during the year 1926.

3. The said moneys shall be expended under the direction of the duly appointed Township Road Superintendent.

4. All work on which the said moneys shall be expended shall be performed in accordance with the latest revised regulations respecting Township Roads, issued by the Department of Public Highways of Ontario.

5. The Clerk shall transmit two certified copies of this By-law to the Deputy Minister, Department of Public Highways of Ontario, within thirty days after the passing thereof.

Passed this 5th day of April, 1926.

M. A. SILLS, Clerk. JAMES W. CLARK, Reeve.

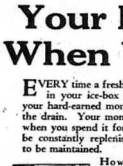
Your Money Melts Away When You Spend It for Ice

EVERY time a fresh cake of ice is deposited in your ice-box it means that some of your hard-earned money has vanished down the drain. Your money literally melts away when you spend it for ice—because ice must be constantly replenished if refrigeration is to be maintained.



How different it is with Frigidaire! Frigidaire makes its own cold electrically—*for less than you would pay for ice.* The average household Frigidaire frost coil is equal to a 200-lb. cake of ice—is twelve degrees colder than ice—and *never melts.* It gives a lifetime of service, with little or no attention.

And ice refrigeration cannot compare with Frigidaire in the preservation of food. Ice refrigeration prevents food spoilage for a short time only. Frigidaire provides real refrigeration which keeps food in perfect condition for days after it would become unfit for consumption in ordinary ice refrigerators.

Make YOUR Ice-Box a Frigidaire

Perhaps you *have* a good ice-box, one of the standard makes. If so, you can easily convert it into a Frigidaire as follows: 1. The frost coil is placed in the ice compartment of your refrigerator. 2. The compressor is placed in the basement or other convenient location. 3. The frost coil and the compressor are connected by two small copper tubes and a connection made to your electric wires. That's all. Your refrigerator becomes cold and *stays* cold. You have Frigidaire electric refrigeration.

This compressor is placed in your basement or other convenient location and connections made to your refrigerator and to your electric wires. NO OTHER CONNECTIONS ARE NEEDED.

Greater Conveniences with Frigidaire

Frigidaire does away forever with the task of taking ice—with the work of "cleaning up" after the ice-man's visits. It eliminates the dangers of a constantly fluctuating temperature in the ice-box—the worry of a rapidly diminishing supply during a hot week-end—the possibilities of an ice shortage when most needed.

There is nothing more delightful than properly chilled fruit. This is a pleasure Frigidaire owners enjoy to the fullest extent, because the cold, dry penetrating atmosphere of Frigidaire gives an entirely different flavor to that afforded by melting ice. Such vegetables as celery and lettuce, too, remain deliciously dry, crisp and cold in Frigidaire. When entertaining, Frigidaire proves one of the hostess' greatest aids. Dainty ices and delightful desserts may be frozen in it in a few hours. Ice cubes made from your own pure drinking water can always be kept on hand.

Economical Refrigeration

Frigidaire costs less to operate than you would pay for ice. Frigidaire saves enough food in a year that would be wasted with ordinary refrigerating methods to go a long way towards repaying its cost. Frigidaire saves mans, worry, inconvenience. Frigidaire will give many years of perfect satisfaction because it was designed by Delco-Light—makers of electric home equipment of recognized merit for years.

Frigidaire Should be in Your Home

Frigidaire will benefit every member of your family. Let us demonstrate it in our showrooms. Made in different models for homes, apartments, stores, restaurants, clubs, schools, etc.

If your ice-box has outlived its usefulness, there are complete Frigidaire models in which the mechanism is built into a refrigerating cabinet of the finest possible construction. In this fashion, Frigidaire offers absolutely the finest type of refrigeration you can obtain. Sizes and styles for every need at a wide range of prices.

ADDRESS AND PRESENTATION

About sixty of the friends and neighbours of Mr. and Mrs. Calvin Arnold gathered at their home on Wednesday evening, March 17th, to bid them farewell before leaving for their new home in Roblin. The evening was spent in music and singing, and after the address was read, Mr. and Mrs. Arnold thanked their friends for their kindness, and hoped they would visit them in their new home. We had a short talk by their Pastor, Rev. Mr. Batstone, and others. A dainty lunch was served, and after singing "For He's a Jolly Good Fellow", and when the evening was far spent "God Be With You Till We Meet Again", when all returned to their several homes.

Following is the address :—

Dear Mr. and Mrs. Arnold,—Your friends and neighbours have gathered here to-night to express their appreciation of your life while you have dwelt among us. We will miss you from the Church service, Sunday School and Prayer service. The members of the Woman's Missionary Society will miss you, Mrs. Arnold, from their meetings, for after joining the Society you were always there when health permitted, and often when you were absent in body we knew you were present in spirit, remembering us in prayer.

As a token of our appreciation we would like you to accept this silverware.

We wish that God's blessing may rest on the new home you are going to make, and that you may be given many years yet in his service. As you go hark to the old friends you left some years ago when you came to dwell among us here, may your memory carry you back some times to the old friends of Selby.

The members of Yarker United Church and friends of Mr. and Mrs. Stanley Hart and daughter, Hazel, met at the League Hall, on Monday evening and presented them with a beautiful electric floor lamp, and the following address.

Mr. Hart, who has been C.N.R. agent at Yarker for some time, has been transferred to Smiths Falls.

The address was read by Rev. Mr. MacKenzie, after which several prominent citizens, including Mrs. Frank Martin, on behalf of the Sunday School, and Mr. Geo. Lee, on behalf of the Ladies' Aid, expressed their regret at the family's departure from Yarker.

A dainty lunch was served, after which Mr. Hart made a suitable reply and thanked their friends for their kind remembrance.

Following is the address :—

Yarker, Ont.,
March 29th, 1926.

Mr. and Mrs. Hart and Hazel,
Yarker, Ont.

We, your many friends of Yarker United Church take this privilege of spending a social evening with you before we bid you adieu. We regret we are to lose you from our midst. Our loss means their gain.

Mr. and Mrs. Hart, Yarker will miss your ever ready help. We will watch with greatest enthusiasm your many achievements in your new home. We hope you have every success, and while your days at first may be lonely for your old friends you are capable of many more.

Hazel, the Choir members keenly feel their loss. You were always in your appointed place and marked many times under difficulties. In your new home may your life be happy, and may your new friends not so fill your mind that your memories of Yarker will fade.

We felt we could not let you leave us without showing in a small way the high regard in which you are held. We will miss you, but words are empty to express our loss. Will you accept this lamp as a token of greatest love and appreciation of your many kind deeds in Yarker.

We, your many friends, wish you every success, and may God be with you till we meet again.

Signed on behalf of your many friends of Yarker United Church.

Government Hatcheries

Hon. Chas. McCrea has announced decision of the government to take over fish hatcheries in this province which are being given up by the Dominion Government next month. The announcement followed a conference here with federal officials. The hatcheries are at Point Edward, Kenora, Collingwood, Wiarton, Port Arthur, Southampton, Belleville and Kingsville. The province already operates hatcheries at Port Arthur, Fort Francis, Kenora and Normandale. When the Dominion Government gave notice that it proposed to discontinue nine hatcheries in Ontario, vigorous representations were made to the Ontario Government not to let them be abandoned, in view of the needs of the fishing industry, and Mr. McCrea has placed an amount in the estimates for this year in connection with maintenance.

In the Forefront.

Although business was relatively quiet in the early months of 1925, as the Annual Report of the Bell Telephone Company points out, the number of telephones gained during the year was 52,473. The total Bell telephones in service in Ontario and Quebec on December 31st last was 582,321. Add to this total, the 129,221 telephones operated by independent companies and connecting with Bell exchanges and you have a development which places the two provinces in the forefront as regards this important service. 15a

Passion Week Services.

The series of services conducted by the United Churches in the town attracted a good deal of interest. The plan was well thought out and the meetings carefully arranged. Booklets with daily readings were sent to each member of the three churches at the beginning of the Lenten season. Then during the Passion Week Devotional union services were held in the three churches alternately, culminating in a Good Friday service in Trinity on Friday morning. This was followed by a reception and communion service in each of the three churches at their regular service Easter Sunday morning. The increasingly large attendance showed the interest which the church members took in the services, and the devotional and inspirational character of the addresses were productive of much good.

Given a Send-Off.

The members of the Helping Hand Bible Class of Grace Church, together with some friends, numbering in all about forty-five, met at the home of Mr. and Mrs. Wellington Sills, Adelphi St., on Friday evening last. The purpose of the gathering was to give a send-off to Mr. and Mrs. Chas. Card, members of the Class, who left on Thursday of this week for Santa Monica, Cal., where they will reside in future. The evening was spent in community singing, games and contests. Mr. S. A. Hamilton, teacher of the class, read an address to Mr. and Mrs. Card, and presented them, on behalf of the class, with a silver biscuit and cheese server. Both Mr. and Mrs. Card replied, thanking the friends for the remembrance. Short speeches were made by different members of the class, and refreshments brought the evening to a close.

Choice Flowers.

Todd's Butcher Shop Badly Burned in Early Morning Blaze.

What threatened to be a dangerous fire broke out in Todd's Meat Market on Tuesday morning. The origin of the fire is unknown, but it must have been smouldering for a long time before it finally broke out, as Mr. Todd smelled smoke and several times got up to look for the cause. About four o'clock it broke out through the roof of the cold storage. An alarm was sent in, and in a short time the firemen were on the scene. By quick action the fire was confined to the one building. The Beaver Office for a time was threatened, but was only slightly damaged. The fire destroyed completely the cold storage part of Mr. Todd's establishment. The water and smoke badly damaged the interior of the dwelling. The ceilings are down and much of the furniture destroyed. The stone construction of the main building saved it from complete destruction. The loss to the building is estimated at about $1500, while the large amount of goods stored there, supplies of all kinds, which were completely destroyed, along with the house furnishings, will add another $1000 to the total damage.

MILITARY BALL

On Wednesday evening the Armouries presented itself in gala dress for the annual military ball, given by the officers and members of "B" Co., Frontenac Regiment. The entire auditorium was hung with red, white and blue bunting, and strings of balloons, canopies of the same colors forming cosy nooks for sitting-out, and one in the centre of the hall for the Smart Set Orchestra. The music was splendid, and the guests enjoyed several hours of the very latest "jazz". The young men in charge are to be congratulated on the results of their labors, for never has the Armouries looked prettier or more attractive. Supper was served in the usual efficient way. At midnight, a delightful surprise in the form of a tableau was staged, when a volley of shots was fired from the west balcony by a company of veterans, the lights were extinguished, and the assembly stood at attention, while the Orchestra played "O Canada". Always a perfect hosts, "B" Co. has one more social triumph to its credit.

STRUCK BY C. N. R. TRAIN

Struck by a westbound train at the Selby crossing of the Canadian National Railway at Napanee, on Monday night, about 6.30, Mr. William Hawley, of Camden East, was seriously injured, and the car in which he was driving was completely demolished. Fortunately the train was not moving very fast, which alone accounts for the fact that Mr. Hawley was not killed. The injured man is an employee of the Farmers' Dairy Co., Ltd., at Napanee, and was returning to his home in his automobile. Arriving at the crossing, which is at the northern outskirts of the town, he found the track blocked by a shunting train on the westbound track. When the shunting was completed the train went on to the west and Mr. Hawley then attempted to cross. He did not notice that an eastbound train also on the westbound track, was following the shunter, and just as he drove his car up on the railway and injuring him very seriously by the head, shoulders and knee. The car was smashed beyond recognition.

The injured man was removed to the home of Mr. R. J. Fraser, near the crossing, where he was given medical attention.

NEWBURGH

Mrs. M. Kellar and Miss Verna Kellar were in Napanee for a few days during Easter week.

Misses Muriel and Dorothy Kellar visited in Enterprise last week.

Mrs. R. Sagar spent a few days in Deseronto with her sister-in-law, Mrs. H. Sagar.

Mr. Leonard Hudgins, of Selby, was the parsonage over Sunday.

Mr. M. Vanderwoort was in Belleville on Sunday and Monday.

Mr. R. W. Longmore, of Camden East, was in the village on Tuesday with his brother-in-law, Mr. T. A. Dunwoody.

On Easter Sunday Mrs. F. Gerow, of the United Church, presented two of the boys of her class with gifts, in recognition of their proficiency in memorizing scripture passages and for good conduct, Stewart Yomans winning first prize, and J. R. Lucas second. There is nothing like encouraging the young to learn the Word and to be attentive listeners.

Mr. and Mrs. W. G. Paul, of Toronto; Mrs. Charles Streight (nee Miss Eva Sherry), with her son, Leighton, of Winnipeg, and Mrs. Jackson, of Yarker, were guests of Mrs. S. Sherry part of the week.

Mrs. Blomeley, of Toronto, is on a two weeks' visit with her sister, Mrs. C. Martin.

Mrs. McMaster, of Verona, has returned home, after visiting her sister, Mrs. A. Pero.

Miss Sunday, the capable organist of the United Church, owing to illness, was unable to preside on Sunday last, and we are indebted to Miss Marguerite Wartman, who very acceptably filled the vacancy.

Rev. Mr. Anderson gave a very timely discourse on Sunday evening last, dealing with the importance and authorship of the Book of Genesis and God's creation.

Mrs. Ward Wartman and children visited for a few days at Moscow with her parents, Mr. and Mrs. Patterson.

Miss Beatrice Ruttan, of Bath, is visiting her cousin, Miss Bessie Tompkins.

Mr. P. Rhyndress, of Napanee, took the service in the Mission Hall on Sunday afternoon. The audience appreciated his efforts.

The teachers all returned to their classes on Monday morning. Miss Card spent her holidays at Odessa; Miss Barrie at Norwood; Miss Sheppley, B.A., at Amherstburg; Miss Gordon at Toronto. Miss McCherry remained in Newburgh.

The regular quarterly services of the Free Methodist Church are being held this week, with services on Friday, Saturday and Sunday evenings, and on Sunday morning at 9.30.

Mr. John Madden, with his daughter, Mrs. Roy Pybus, of Montreal, are visiting Mrs. A. Madden.

Sympathy is extended to Mrs. M. Vandervoort in the death of her mother, Mrs. Lummiss, which occurred on Tuesday at the home of her son-in-law, Wellington, Belleville. Mrs. Lummiss was in Newburgh most of the winter, and a regular attendant of the Anglican Church while here. She had a number of friends, who regret to hear of her passing.

Mrs. Mounce and Mrs. Shannon were in Kingston on Monday and called on Mr. Mounce, father of Dr. Mounce, who is a patient in the hospital.

Grand Cafe Opening

A unique event in the business life of the town took place on Thursday evening last, when the new Grand Cafe management entertained about fifty of the business and professional men of the town to celebrate the opening of their new restaurant. The building, which has been secured under long term lease, has been thoroughly re-decorated and re-furnished. The walls are artistically painted with original paintings, and the whole color scheme blends harmoniously.

The management served a full course turkey dinner, while Normile's Orchestra provided the music during the meal. After the, supper Mr. Mayh Graham, who presided at the head of the table, congratulated the management on their initiative and enterprise, and on the kindness shown the public in extending the invitation. He then called on the assembly to drink the toast to the King, which was responded to by singing the National Anthem.

Mr. W. A. Grange proposed a toast to the Town, and in doing so spoke of its progress and substantial town and the pride of the citizens in the general appearance of the property. He thought that the New Cafe added much to the appearance of the front street, and was a real asset to the town. In replying to this, the Mayor, Dr. Ming, gave a brief sketch of important events in the history of the town, and then added many personal reminiscences of an interesting character, and urged on closing, a larger measure of interest on the part of the citizens in the business affairs of the town.

Mr. C. A. Walters proposed the toast to the fraternal and public bodies. He pointed out the part which they play in the life of the community providing a means of social intercourse and tending to keep uppermost in the minds of all their mutual obligations. In reply, Rev. A. J. Wilson made a plea for a greater use of the Public Library, particularly of the more serious and technical books. He commented on the Victorian Order, the Lodges, and the Chamber of Commerce.

Mr. H. Simpson proposed a toast to The Grand Cafe. He complimented the management on the fine building, the provision made for the guests, and the manner in which the whole supper had been conducted. The reply was given by the proprietor, Mr. Ling Lee, and coupled with his name was that of Mr. Peter Lee, of Kingston. Mr. Ling Lee said: "Mr. Mayor and Gentlemen, I am glad to have opportunity that it is reported in full

ADDRESS AND PRESENTATION

Several of the friends of Mr. and Mrs. Wm. Walker gathered at their home on Friday evening, April 9th. A merry time was spent in games, singing and instrumental music. "For He's a Jolly Good Fellow" was heartily sung by the company, and when the evening was far spent, "Blest Be the Tie That Binds", etc. Just before refreshments were served the following address and presentation was made:—

Mrs. J. Walker and

Mr. and Mrs. Wm. Walker.

Dear Friends,—As neighbours and friends, we have assembled here this evening to spend a few social hours with you, and to express in a humble way our appreciation of your services in our midst.

In reviewing the past, we find that Mr. Walker assisted us for some time in our Sabbath School work, acting as Secretary Treasurer of our school, and during the past four or five years has held the office of Steward of our Church.

You have always been faithful and painstaking in performing any task assigned you in connection with the services at this appointment on Selby circuit.

Mrs. Walker and Mrs. J. Walker have also aided us, help wherever possible in every good cause, for the extension of Christ's Kingdom, and ever ready to lend a helping hand in the neighbourhood in the hour of need.

You and your daughter, Grace, have always been regular attendants at church and Sunday School, except when some unfavorable circumstance arose depriving you of this privilege. Although you have not moved very far from us, still we feel to-night we have met with a loss.

As a token of our appreciation, we ask you to please accept this purse, as a gift from your neighbours at Sharp's Corners, and also from your many friends of the surrounding community.

You have come in personal touch with a great many during the past six or seven years. We have heard of your acts of kindness among them, aside from your own personal interest, so we, one and all, unite this evening in our many expressions of good will, wishing you a happy and prosperous future.

Signed on behalf of the community,

Mrs. George Bush.

Miss Marian McConnell.

Mr. and Mrs. Walker replied, expressing their gratitude, in a few well chosen words.

WEDDING BELLS.

Geron—Weese.

A very quiet but pretty wedding took place at the Parsonage, Newburgh, on Wednesday, March 17th, 1926, when Jessie B., the only daughter of Mr. and Mrs. Stewart Weese, Selby, became the bride of Mr. Percy M. Geron, eldest son of Mr. and Mrs. F. C. Geron, of Newburgh, the ceremony being performed by Rev. T. H. P. Anderson. The bride and groom were attended by Mr. Earl W. Weese and Miss Beatrice Windover, of Selby. After congratulations and signing of the register, the happy couple took the train at Newburgh, amid showers of rice and confetti for Toronto and Niagara, the bride travelling in navy blue trioline suit, sand hat and a red fox neckpiece. The community joins in best wishes to this young couple, who will make their home near Newburgh, and will be greatly missed by their many friends of Selby.

WHY APRIL WAS CHOSEN FOR SAVE-THE-FOREST WEEK

His Excellency the Governor-General has appointed, by Royal Proclamation, the days April 19th to 24th, inclusive as Save-the-Forest-Week. Last year a week at about the same period was designated for this purpose. There was a loyal enthusiastic response to the proclamation and much good resulted from the week done.

Suggestions have been made that public attention directed towards forest fire prevention should not be confined to any one week but should be continuous. This is, of course, very true and the forest authorities throughout Canada have work organized on a year-long basis. Nevertheless the focussing of the public mind on the subject through concentration of all forces during a special week has also very important advantages, chief of which is that for a short period a high degree of intensity of publicity can be attained. The forest authorities and co-operating organizations have not the resources or facilities at their disposal to sustain such intensive effort over long periods of time. For these reasons a special Save-the-Forest-Week is considered advantageous.

The week chosen is selected in the month of April for two reasons. The first of these is that in a large part of Canada the period of highest fire hazard in the forest is the fortnight succeeding the disappearance of the snow from the woods. During the warm days, which come at this time, the sun beats down through leafless trees, and the dead leaves and twigs and the dried-out grass and herbage of the previous season's growth become tinder, in which the smallest spark may start a conflagration. In another fortnight new growth appears and the danger is over, until dry weather brings other hazards later in the season.

The second reason is that April comes in the season in which people usually make their plans for holidaying in the woods, and a word, a suggestion or a warning now will bear good fruit during the weeks thereof period. The fact that this year the United States authorities have selected the same week as Canada shows that it is generally agreed that the selection of a week in the month of April may be expected to produce the best results.

LETTER OF CONDOLENCE

TOURIST RESOURCES OF ONTARIO

With a domain extending thousand miles from south to north and twelve hundred from east to west, Ontario, Canada's most populous province, presents unrivalled attractions to all tourists, and especially to those who in any line—hunting, fishing, canoeing, or motoring, or in quest of health, recreation and adventure in an inspiring environment—seek for new and virgin fields to conquer.

Of Canada's nine provinces extending from the Atlantic to the Pacific, Ontario is the central one, with four sisters on each side. She stretches out one hand to Quebec on the east, and the other to prairie Manitoba on the west; her south door is on that mighty inland waterway, the Great Lakes, and her north threshold is the shore of Hudson Bay. Between these boundaries what a wealth of resource, industry, art, history, sport, and adventure! Southern Ontario is the most thickly populated and highly developed section of the Dominion. The Niagara district is noted for its peach orchards and vineyards, the western peninsula and the counties along Lake Ontario, the St. Lawrence, and the lower Ottawa, are fertile mixed farming and fruit growing areas, traversed by good roads and dotted with comfortable and artistic homes. In this belt are located most of the chief cities, and towns with the industries, seats of learning, art galleries, and other institutions of modern life. This farming area extends northwards to the "highlands", one of nature's playgrounds, which contains such far-famed districts as Kawartha Lakes, Georgian Bay, Muskoka, Algonquin Park and Nipissing. North and west of Lake Nipissing lies the great hinterland of New Ontario, so-called to distinguish it from the older portion to the southeast. In the Laurentian ridge which runs along the whole southern edge of this region from east to west, occur the rich deposits of gold, silver, nickel, cobalt, copper and other minerals now in process of rapid development. North of this again is the famous Clay Belt, which pioneers are turning into an agricultural region, and beyond this are the largely unexplored lands stretching to Hudson Bay and to the western boundaries of the province—the home of the Indian trapper and the fur trader. Forests of pine, spruce and other trees extend from the southern border of the highlands to the extreme north and west and the whole country is dotted and interlaced with innumerable lakes and rivers.

Why Ontario is the Mecca of an annually increasing throng of tourists is explained by a glance at the map. The Great Lakes bend down into the United States in the form of a broad triangle the south apex of which is in the same latitude as southern New York and Connecticut. The territory within the triangle is southern Ontario. Of the 3,000 miles of International Boundary, from the Atlantic to the Pacific, Ontario faces the United States along 1,4714 miles, and is in consequence next neighbour to six great states—New York, Pennsylvania, Ohio, Michigan, Wisconsin, and Minnesota — states which contain more than one-third the total population of the republic.

The shortest distance from Michigan, and other northwestern states, to New York State is through Ontario. Twenty-five million people annually travel in automobiles live within a twenty-four-hour ride of the boundary of the province—and these the greatest car users entering Ontario in the last three years it is evident that some hundreds of thousands already find the way. The Government of Ontario is pursuing a vigorous policy of road building, with the result that provincial highways and municipal motor roads extend all over the Quebec boundary to the Detroit River. In addition trunk highways stretch out northward to the Upper Ottawa, to Lake Nipissing, to Georgian Bay, and along the north shore of Lake Huron to Sault Ste. Marie. West and north of that point the improved sections are not linked up but the work is proceeding. The palatial steamers of the Great Lakes are too well known to need mention, tourists travel to and through Ontario by yacht and motor boat and canoe. Owing to the innumerable lakes and rivers canoeing especially, has an immense vogue and is steadily gaining in favour. The older parts of the province are covered with a railway network chiefly of the lines of the Canadian National and Canadian Pacific, while their transcontinental lines pass through the mineral and timber belts of New Ontario.

Ontario shares with Quebec the same historic interest and has in the remains of Fort Frontenac (Kingston), Fort Rouille (Toronto), Lake Erie Crown Point, and innumerable others, monuments which recall the lordly governors and intrepid explorers of the old regime, like Frontenac and Dollier and Galinee; and, in the ruins of the two Christian missions on Lake Huron and in the fine monument at Orillia possesses memorials of the Jesuit martyrs and of Champlain himself. Of later date are Fort Henry at Kingston, Fort George at Niagara, and Brock's noble monument, magnificently placed on Queenston Heights. Many scarcely less famous buildings and monuments are scattered throughout the older parts of the province and these are being preserved and made accessible by the work of the Department of the Interior.

Ontario has the unique distinction of having within her borders two seats of government, Toronto the capital of the Province, and Ottawa, the capital of the Dominion, the latter by being the place of residence of the Governor General, the official representative of the British Crown. The student and the sightseer have thus an opportunity of studying the federal and provincial forms of parliamentary government, and of viewing the stately architecture of the public buildings.

The province is famous for its hunting and fishing, not only on account of the numerous extent of virgin territory but also because of the great supply of game, due to the well enforced game laws. The provincial and national parks, like Algonquin park in the east, and Point Pelee park in the extreme south, are game sanctuaries, which not only give the tourist an opportunity of studying wild life at close hand but have also proved to be reservoirs, from which the surrounding areas are replenished with game. In the north woods moose and deer are plentiful and bear are common; duck and partridge are found all over the province, and snipe and woodcock in some parts; while in the streams and lakes the finny beauties most prized are black bass, trout and muskallonge. Hunting is permitted during open seasons on the payment of a license fee, and outside of sanctuaries the visitor is free to hunt practically anywhere.

Among scores of attractive places only a few can be mentioned. Niagara Falls, one of the scenic wonders of the world, Lake Simcoe, the Thousand Islands of the St. Lawrence, and the Rideau Lakes, are all in southern Ontario, then come the highland areas, already noted, and lastly there are the great expanses of New Ontario, of which the very names—Temiskaming, Temagami, Manitouling, Lake Superior shore, Nipigon, Thunder Bay, Lake of the Woods—cry aloud of great spaces and inland seas; of forests and big game, of gold and silver, of unharnessed rivers and unknown lakes; of a land of glorious possibilities where the adventurous can get behind the beyond and conquer the unconquered.

Information covering all features of touring in Ontario will be furnished upon application to the Department of the Interior, Ottawa.

WHAT NEEDS TO BE PLANTED EARLY

(Experimental Farms Note).

The seed of certain kinds of vegetables should be sown early in the spring for best results, hence one should be prepared to begin operations in the garden as soon as the soil is dry enough. Those plants of which the leaves are eaten which should be started early are lettuce, spinach, mustard and cress, and there is little danger of planting them too soon. Other vegetables which are grown for their bulbs or roots may also be planted at the same time, though they are not quite so hardy as those grown for their leaves. These are onions, carrots, beets, parsnips and early turnips. Peas are short as hardy as these, but may not if the weather turns cold and wet. However, it usually pays to plant peas at the same time as the others, as early sown peas give a much better crop as a rule than if sown late. Other vegetables which should be started early to get early results are cabbage, cauliflower, tomatoes and melons. The latter will not stand any frost, hence the plants must be protected in cold beds or cold frames or in the house until danger of frost is over. However, cabbage and cauliflower, if well hardened off before setting out, will stand several degrees of frost.

The earlier that fruit and ornamental trees of all kinds are planted after the ground is dry enough to dig in the spring the more successful will the planting be. The same applies to bush fruits, strawberries and other herbaceous perennials. Once the soil loses the moisture of early spring and the hot dry winds come, a much larger proportion of plants is likely to die than if planted earlier. Hence, our advice, based on experience, is to start planting just as soon as possible after the ground has thawed out.

Japanese Theatrical Contrivance.

In olden Japanese theaters the scene was changed by revolving the whole stage on a turntable, bringing into view the scene the stagehands had been working on during the playing the previous act.

Experimenting.

On entering Milliken's room one day his friend, Pingley, found him thumping the piano with all his might and drawing the most discordant noises from the instrument. "What in the name of all that is good are you playing?" asked Pingley. "I am trying to play that score of Wagner's," replied Milliken. "But the score is upside down," said Pingley. "That's true," said Milliken. "I had it the other way up at first, but couldn't make head or tail of it, so I thought I might succeed in this way!"

Stucco for Renovating House.

Many men will "restore up the old place" when they will not tear down and rebuild. Sometimes it is sentiment, sometimes economy. Hence this can do a lot more than improve the looks of the house. Remodeling and overcoating with stucco make the walls fire-resistant—lowering insurance premiums and increasing safety. It makes the home easier to heat in winter, cooler in summer, and often lowers the cost of repairing or repainting.

"Listening In" in Egypt.

Mohammedans in Egypt are "listening in." The attendance is steadily increasing, and one Sunday four Mohammedan professors were at the preaching service and 15 Mohammedan boys came to the Sunday school for the first time. Their fathers stood outside the window to ascertain what the teaching might be. A number of them were thus listening out of doors.—The Christian Herald.

No "Short Change" Here.

An automatic change calculator, which pays out correctly the difference between one dollar and the amount of purchase, is being used in banks, stores, et cetera. The new change maker saves time as well as mistakes, for the change is paid directly to the customer. The cashier merely presses a key marked with the amount of purchase.

Yvyno's First Blunder.

Louis Yvyno was born in sunny Italy. When entering a Winnipeg school at the age of fifteen he was required to fill out an information slip giving name and other personal facts. He was a bright boy and made no mistakes until he came to the line marked "story," followed by a blank space. In this Louis wrote down very neatly the one word, "yes."

The Best Medicine I Have Ever Taken

So Says Mr. Arthur Simmons of Dodd's Kidney Pills

P.E.I. Man Used Them for Sore Back and Headaches.

Miscouche, P.E.I., April 12. (Special)—That Backache and Headaches are caused by weak kidneys and that the right way to treat them is to use Dodd's Kidney Pills, is again shown by the experience of Mr. A. Simmons, a well-known and highly respected resident of this place.

"Dodd's Kidney Pills have been a great help to me. Before I started to take them I had severe pains in my back and suffered with terrible headaches. I felt well after I had taken the first box and now I am taking them all the time. They are the best pills I have ever taken."

The work of the kidneys is to strain the impurities out of the blood. It is necessary work if the body is to be kept healthy. It is a trying work, for the kidneys are constantly in contact with the seeds of disease.

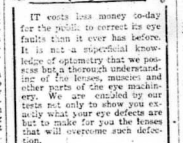
"IN THE PUBLIC EYE" By Leslie Lewis R.O.



IT costs less money to-day for the public to correct its eye faults than it ever has before. It is not a superficial knowledge of optometry that we possess but a thorough understanding of the lenses, muscles and other parts of the eye machinery. We are confident that tests not only to show you exactly what your eye defects are but to make for you the lenses that will overcome such defection.

DRAGGING-DOWN PAINS RELIEVED

Woman Suffered Nearly a Year. Lydia E. Pinkham's Vegetable Compound Brought Her Health

Moose Jaw, Sask.—"I am going to try to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very badly with dragging-down pains and inflammation, also pains in my right side over my hip and down my whole side into my leg. I had it nearly a year when I went to a doctor and he said I would have to have an operation. But my mother said to take Lydia E. Pinkham's Vegetable Compound as it saved her life years before. I took two bottles and I found I was better, so I kept on taking it and also used Lydia E. Pinkham's Sanative Wash. I have had two more children since then and am perfectly well. I used to have to lie down two or three times a day, and now I do all my housework without trouble. I always keep the Vegetable Compound in the house and I find a dose now and then helps me. I am willing for you to use this letter any way you see fit and I will answer letters. If I can help any other woman I'd be only too glad to try."—Mrs. ESTHER HOUGHTON, 712 Athabasca W., Moose Jaw, Saskatchewan.

OBITUARY.

Mrs. W. H. Bruton.

Another old resident, in the person of Mrs. W. H. Bruton, has passed into the great beyond. She passed away at the home of her son, Mr. W. C. Bruton, in Kingston, on Wednesday, April 7th. The end came suddenly but quietly at the ripe old age of 86 years. Her ready smile and bright, buoyant personality which has been a help and an inspiration to many, will be missed by the old. She was a member of Trinity Church and her faith burned stronger and her courage was higher at the end of her earthly journey drew to a close.

A private funeral service was held in Kingston, and the body brought to Napanee and placed in the vault at Riverside cemetery.

There are left to mourn the loss of a faithful mother, Mrs. Fred Laughlin, Mrs. Harry Jackson, W. C. Bruton, Fred A. Bruton and W. S. Bruton.

IN MEMORIAM

In loving remembrance of our dear one, Martin W. Bradshaw, who fell asleep on April 20th, 1923.

The calling streams of life pass on,
But still the vacant chair,
Recalls the smile, the love, the voice,
Of grandpa, who sat there.

So sadly missed by his Wife, Children and Grandchildren. 16ap

IN MEMORIAM.

In loving memory of Eslia L. Smith, who died April 15th, 1925.

The one we loved is now at rest,
His voice no more we hear;
He left behind some aching hearts,
That loved him most sincere.

We are thinking of you to-day, Eslia,
Thinking of the past;
Picturing you in memories,
Just as we saw you last.

Kindly remembered by Wife and Daughters. 16ap

SILLSVILLE

Spring is still lingering in the lap of winter.—There is a great deal of sickness in this neighborhood. Those who are quite seriously ill at present are Mrs. D. H. Hough, Mrs. R. P. Young, Mrs. W. B. Hough, Mrs. B. E. Sowman, Mrs. A. W. Mellow, Mrs. M. B. Creighton and Mrs. Bert Charters. — Our school is going on as usual, with Miss M. Keyes as teacher. The young people are practicing their play, to be given at Yarker in the near future.—The muskrat trappers report a very poor catch of rats, on account of the cold weather.—Mrs. J. O. Robertson is somewhat improved in health. — Mr. Wilfrid Lasher was not so seriously hurt at the runaway as at first reported. — Messrs. D. H. and W. B. Hough were in Napanee on Wednesday on business.—Mr. Manard Lloyd passed through here on Wednesday with road machinery.

MORVEN

Mr. J. F. Lake, who has been very ill, is improving slowly.—Mrs. C. L. Sharp has been confined to the house with a very severe cold.

— Mrs. A. Irish, Niagara, spent a few days with Mrs. James Fraser, and other friends. — Mr. and Mrs. Youmans, Vancouver, are visiting Mrs. Amos Storey.—Mr. and Mrs. Robt. Jackson and Mr. and Mrs. E. Young entertained a large number of their neighbors and friends to a euchre and dance at their homes recently.—Miss Bessie Henwood spent Sunday with her sister, Mrs. George Fralick. — Mr. James Mills had the misfortune to cut his left hand quite badly with an axe one day this week. — Several of the ladies attended the first Presbyterial in connection with the W. M. S. to be held in our district, at Napanee, on Wednesday, April 28th, 1926. — Owing to so much sickness, the missionary meeting was postponed until later.—The service on Sunday will be held in the White Church.

GREAT PICTURE COMING TO WONDERLAND

"Ypres", which puts the story of the Immortal Salient on the screen, will be presented on Monday and Tuesday nights, at Wonderland Theatre. The audience will have quite a military and social aspect, as gorgeous tunics showing frequently here and there. And it will be an audience that has come prepared to be deeply interested in the spectacle which will be unfolded on the screen.

"Ypres" tells the story of Ypres simply, yet graphically it is not like the usual "war" pictures that have come over the border. The impression all the time is of reality. So cleverly have the actual war scenes been worked in with studio-made scenes (in which all the performers are returned soldiers) that it all seems to have been filmed actually at the front.

The producers have kept to the main events in the Battles of Ypres, bringing in deeds of individual heroism only when they were thought to have exercised an influence on the issue. There are scenes of humor, too; the "Tommies" in their improvised bath-tubs, the letters from home. The predicament of a stout fellow who was trying to carry food to his comrades through a mud-filled trench. "Ypres" is a film which everyone should see, particularly those who were not there. It will give them a new conception of what the boys were called upon to endure, and how nobly they did so. Needless to say, "Ypres" is an authentic British production, filmed with the co-operation of the British War Office. 16a

WEDDING BELLS

Woodcock—Barnhardt.

A quiet but pretty wedding was solemnized at 1 o'clock, on Saturday afternoon, April 10th, 1926, at Grace Church Parsonage, Napanee, by the Rev. A. J. Terrill, when Helen Theresa, eldest daughter of Mr. and Mrs. Martin Barnhardt, Palace Road, was married to Clayton Woodcock, of Mount Pleasant, only son of Mr. and Mrs. Walter Woodcock. The bride looked charming in a dress of burgundy Duchess satin, with hat to match. The bridesmaid, Miss Bessie Sexsmith, was dressed in rosewood satin faced crepe. The bridesmaid received a string of pearls, and the best man, Mr. Harry Vine, a pair of gold cuff links. After the ceremony the happy couple left on the 2.10 train for Newcastle and other points West. The bride travelled in a suit of dark navy tricot twill. They were showered by a host of friends with confetti and good wishes. On their return they will reside at Mount Pleasant.

Determined to be smart, sire ordered some "elegant footwear" from an expensive shop.

Some days after they had been delivered, she returned them.

"Your shoes don't fit well. I can't walk in them."

"Madam," replied the dignified shopkeeper, "people who have to walk don't shop here."

MAHUA TREE GROWS ALCOHOL

Blossom Produced, When Sun Dried, Contains 60 Per Cent of its Weight in Fermentable Sugar.

Alcohol in these days has attention from government in diverse ways. England has had a committee studying the possibilities of increasing the production of alcohol to be used in generating power.

The opportunities discussed by the committee are interesting. Of course, potatoes, artichokes and cereals came in for attention. But it seems there are less known sources of alcohol. For example, there is the flower of the mahua tree, which flourishes in Hyderabad and the central part of India. This flower, when sun dried, contains 60 per cent of its weight in fermentable sugar, and apparently is to be gathered by the ton. Then there are the fertile gases of the coke ovens. They are so rich in surprises to the everyday man that it is not very startling to learn they contain ethylene, which by synthetic processes somewhat developed under the stress of war may be converted into ethyl alcohol.

With the coal beds about to produce alcohol, and the trees of India fairly blossoming with it, the man with a motorcar may quiet the fears aroused by the scientists' figures which show that we are within sight of the end of petroleum and gasoline. There is nothing like being easy in one's mind.—The Nation's Business.

REMEDIES OF THE DAYS PAST

Plants, Berries, Weeds and Roots Among Ancient Remedies Used for Cure of Ailments.

Qualnt-malady remedies of the past, many of which led to wealth on the part of the inventors, were nearly all made of berry plants and many of common weeds. Pokeberries, years ago, were used to make plaster for a cancer, and grapevine sap was prepared for hair tonics. To produce a sweat, tea was made from magnolia leaves and the berry of this plant was often mentioned as a cure for consumption.

For toothache, the veteran practitioner used the bayberry root. Berries of the cedar tree were supposed to stiffen the spine, and a purge was made of alder buds or of elderberries. The goldenrod, the mullein plant, the burdock, and common weeds were also held forth as cures for various ailments.

"Tuscarora rice," invented by a Philadelphia woman, and held forth as a cure for tuberculosis, enabled the practitioner to secure a fortune for herself. It was nothing more than hominy made from Indian corn.*

To Extinguish Fires in Coal Mines.

The mud-jet seems to have been found especially adapted to extinguishing fires in coal mines, but it is liable to be inefficiently applied. A recent investigation shows that lime and clay should be included in the mud. The usual success of the mud-jet in controlling fire is largely due to the action of these cement materials in consolidating loose particles, and closing gas-emitting openings by forming a cake over them. The refuse dust from the cleaning of blast-furnace gas, boiler ash, sifted earth, and even combustible products like the refuse of coal-washing, may make up the bulk of the mud. A tank of mud with gravity discharge is suggested as the ordinary fire-fighting plant, though steam or compressed air may be used.

Advance of Japanese Women.

Japan is making remarkable progress in all lines of industry and in the development of modern ideas and thought, declared an officer of the Young Women's Christian association, who returned from the Flowery Kingdom a short time ago.

Particularly interesting she said, is the changed attitude toward the Japanese woman who is now being admitted to the big universities in Japan and given a freedom to develop herself along educational lines that has heretofore been rigidly denied her.

"This new attitude toward the Japanese woman is the most revolutionary thing in the change of times and serves to illustrate the progress that is being made.

JUDICIAL SALE.

Pursuant to a Judgment made by the Supreme Court of Ontario in the Estate of Margaret Russell, Tucker vs. Russell, and bearing date the 7th day of April, 1926, there will be sold by Public Auction, with the approbation of the Local Master, at Napanee, at his Chambers, in the Court House, in the Town of Napanee, on Friday, the 7th day of May next, at the hour of 2.30 o'clock in the afternoon, the following valuable farm property:

Lot composed of the East three-quarters of Lot No. 9, in the 5th Concession of the Township of Richmond, in the County of Lennox and Addington, containing 150 acres more or less.

Upon the premises are erected a two-storey frame dwelling house about 24x18 with kitchen attached, a barn about 30x48 with stable attached about 40x24, a good sized hog pen and drive house about 20x16. The buildings and fences in fair repair, and the premises well watered.

The property will be sold subject to a reserve bid fixed by the Master.

Terms of Sale—10 per cent. down and the balance within one month thereafter, without interest.

In all other respects the terms and conditions of sale will be the standing conditions of sale of the said Court.

For further particulars apply at the Law Offices of Herrington, Warner & Grange and Kenneth S. Ham, Napanee.

Dated at Napanee, the 12th day of April, 1926.

Herrington, Warner & Grange,
Plaintiff's Solicitors.
S. S. Lazier,
16c Master.

MORTGAGE SALE

Under and by virtue of the power contained in a certain mortgage, which will be produced at the time of sale, there will be offered for sale by Public Auction, subject to a reserve bid, on Saturday, May 1st, 1926, at the hour of 2 o'clock in the afternoon, at the Royal Hotel, Napanee, Ontario, the following property, namely:

All and singular those certain parcels or tracts of land and premises lying and being in the Township of Richmond, in the County of Lennox and Addington, and Province of Ontario, and composed of parts of the North half of Lot Fourteen (14) in the Third Concession of the said Township of Richmond, described as follows, that is to say:

1. The north-west quarter of the said Lot Fourteen.

2. The undivided one half interest of the mortgagor in the north-west quarter of said Lot number Fourteen, (14), and

3. The life estate of the mortgagor in the remaining undivided one half interest in the north-east quarter of the said Lot Fourteen.

On the above property is erected a fine dwelling house and good out buildings. It is a very desirable farm situate in one of the choicest localities; within a short distance of the Town of Napanee, and is favored with exceptional conveniences, and should be a most attractive opportunity for those wishing to purchase a farm.

The property will be offered subject to conditions of sale, which will be produced at the time of sale.

Terms of Sale.

10 per cent. of the purchase money to be paid down at the time of sale, and the balance to be paid within 10 days thereafter.

For further particulars and conditions of sale apply to T. B. German, Esq., Barrister-at-law, Napanee, Ontario.

T. B. GERMAN,
16c Solicitor for the Mortgagee.

IS UNKNOWN LAND

Much of South American Continent Unexplored.

Room There, and Natural Resources, to Furnish Living for Millions Now in Overcrowded Parts of the Globe.

The undiscovered continent is South America. It is far less known geographically than Africa, and much of what appears on its maps is derived from the imagination of the cartographer.

Most of the interior of South America has never been explored. Civilization might be said to occupy not much more than the edges of the continent, which, as a whole, is sparsely populated relatively to its vast area.

From this time on, however, a flood of people from overcrowded parts of the world will doubtless pour into it; for it has not only plenty of room to offer, but also fabulous wealth. The natural resources of other terrestrial areas have been to a great extent used up, but those of South America are virtually untouched.

Its tropical regions no longer defy settlement by white men, because of deadly fevers. We now know how to clean them up and make them healthfully habitable. The jungles of the interior harbor many tribes of savages, some of them reputed cannibals, but those of them who do not accept control will be quickly wiped out.

The most highly developed country in South America is Argentina. Its heart (meaning the state of Buenos Aires and adjacent territory) is a good deal like our own Kansas plains—grassy and treeless. Farther to the west and northwest is a region resembling Arizona. Still farther, along the foothills of the Andes is a very rich agricultural belt, much like southern California.

The Rivre Platte affords a more extensive system of unobstructed navigation that any other stream in the world. It offers a greater number of miles of navigable water than all the rivers of Europe combined. Steamers of 20-foot draft can go 2,700 miles into the interior, these leading for Europe being able literally to enter the wheat fields and ranches to take aboard their cargoes.

From the Rio Negro south to Magellan straits stretches an enormous territory—1,900 miles in length—called Patagonia, the interior of which is mostly unexplored desert. Wandering tribes, semi-civilized, inhabit it—the tallest people in the world, whose stature (the men often exceeding six feet by several inches) caused Magellan to describe the country as the home of giants.

South of Magellan straits is Tierra del Fuego, a triangular island nearly as large as New York state. Though in a frigid latitude, the interior is now largely fenced off into great sheep ranches. The abundant coal deposits signals caused Magellan to bestow the name Land of Fire—have been either killed or reduced to servitude.

Paraguay (not far from the middle of the continent) has the most valuable forests in the world, called the Gran-Chaco, or Great Woods. Full of pumas and other huge cats, monkeys of ever so many species and gorgeous birds, they are composed largely of precious woods, particularly those that will not float in water, such as ironwood and black palm.

In the very far north of South America is the Orinoco, one of the great rivers of the world. From it there are waterways through which vessels can actually make their way nearly 3,000 miles southward into the River Platte. Or a much shorter trip will take them into one or another of the affluents of the Amazon, in the mouth of which lies an island as large as Denmark.

South America today invites the enterprising young man aardoes no other part of the world. But he will make a mistake to go there unless he has some money and enough Spanish to get along with.

The Only Medicine Baby Has Had

Is What Thousands of Mothers Say of Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that they are without an equal for relieving baby of any of the many minor ailments which afflict him at one time or another. The Tablets never fail to be of benefit—they cannot possibly do harm as they are guaranteed to be free from all injurious drugs.

Concerning Baby's Own Tablets Mrs. Russell Hill, Norwood, Ont., says:—"I shall always have a good word to say for Baby's Own Tablets. I have given them to our baby girl. In fact they are the only medicine she has ever had and I am proud to say that she took second prize at our baby show. She is eleven months old and weighs 22 pounds. No mother whose child is peevish or ailing will make a mistake in giving it Baby's Own Tablets."

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"What can you tell me of King Solomon?" a little girl was asked by her Sunday School teacher.

"King Solomon was a very wise king and very fond of animals."

"Fond of animals?" asked the astonished teacher; "what do you mean?"

"Why in the Bible it says he had seven hundred wives and three hundred porcupines."

"What have you in the shape of cucumbers this morning?" asked a customer of a green-grocer.

"Nothing but bananas, ma'am!" was the reply.

WISE AND OTHERWISE

"A woman is at the bottom of everything," moaned the farmer, as he pulled his wife out of the well.

"You would be a good dancer but for two things."

"What are they?"

"Your feet."

Corns disappear when treated with Hollowyay's Corn Remover without leaving a scar.

Counsel—"After all, my client is only charged with simple theft."

Defendant (indignantly) — "Simple! I'd like to see you do it!"

Peevish, pale, restless, and sickly children owe their condition to worms. Mother Graves' Worm Exterminator will relieve them and restore health.

Wife, (showing gift from her father)—Beautiful, isn't it? Papa always makes expensive presents.

Hubby—So I discovered when he gave you away.

Cuts and Bruises Disappear. — When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailment, use Dr. Thomas' Eclectric Oil. Its healing power is well-known in every section of the community. A bottle of Dr. Thomas' Eclectric Oil should be in every medicine chest ready for the emergencies that may always be anticipated.

Counsel (to woman in Shoreditch County Court)—What is your son?

Woman—He has to do with the hair.

"A hairdresser?"

"Certainly not. He's in the Hair Force."

It Will Relieve a Cold.—Colds are the commonest ailments of mankind and if neglected may lead to serious conditions. Dr. Thomas' Eclectric Oil will relieve the bronchial passages of inflammation speedily and thoroughly and will strengthen them against subsequent attack. And as it eases the inflammation it will usually stop the cough because it allays the irritation in the throat. Try it and prove it.

A mother called her little daughter to her. "Just imagine, dear," she said, "Aunt Mary has a new baby, and now mamma is the baby's aunt, papa is the baby's uncle, and you are her little cousin."

"Well," said the astonished little girl, "wasn't that all arranged quick?"

Certain morbid conditions must exist in the stomach and intestines to encourage worms, and they will exist as long as these morbid conditions pergait them to. To be rid of them and spare the child suffering, use Miller's Worm Powders. They will correct the digestive irregularities by destroying the worms, conditions favorable to worms will disappear, and the child will have no more suffering from that cause.

Schoolmistress — "Now, children, what did the Romans do for the Britons?"

Small Girl—"They civilized 'em, miss."

Schoolmistress — "And how did they do that?"

Second Small Girl—"Please, miss, they taught 'em how to fight."

Long Standing Asthma. Many have suffered so long from asthma and have tried so many so-called remedies they think that there is no real help for them. They should read the letters received by the manufacturers of Dr. J. D. Kellogg's Asthma Remedy from hundreds of cases once as desperate as their own. Even in long-neglected cases this famous preparation brings prompt help.

Mrs. O'Brien—"Have ye any ancestors, mrs. Kelly?"

Mrs. Kelly—"An phawt's ancestors, Mrs. O'Brien?"

"Why, people you've sprung from."

"Listen to me, Mrs. O'Brien. I come from the stock O'Donoghues that sprung from nobody — they spring at 'em."

French Study of War History.

Visitors to Paris have a new place of interest in the opening of the Bibliotheque et Musee de la Guerre. The new war library and museum had its inception in a realization of the importance of beginning as soon as possible a collection of historic material. Although one purpose is to provide a permanent exhibition for the benefit of the general public, another is the accumulation of material from which the history of the war may be written.

It is now known that, early in the war, Germany began plans to attempt the historians of the future to Berlin in order that they should do their work in an atmosphere sympathetic to Germany. The course of events, however, has been such as to make the cautious historian distrustful of German documentary evidence, and much history will doubtless be written in the new French institution.

Money and Advice.

"I have called to borrow some money."

"I cannot lend you money but I'll give you some good advice."

"That won't do. I want to borrow money from you so I can go out and pay a lawyer for some real advice."

Early Training.

"Why have you never married, Mr. Tompkins?"

"I suppose it's because I took the bachelor's degree while in college."—Boston Transcript.

Use Language Carefully.

Men should not say more about their neighbors in their absence than they would say to them if they were present. This is safe from a standpoint of future tranquillity and it is sound ethics. The same holds true with writing communications for publication. Whatever cannot be said over your signature should not be said at all.—Exchange.

Lumber Preservative.

It has recently been discovered that gum lumber when immersed in pure gumwood spirits of turpentine lasts many years longer when exposed to open air. The usual method of treating the lumber is to give it three coatings and allow it to thoroughly dry after each one.

Where Happiness Is Found.

Somebody says that happiness is always where we find it, but seldom where we look for it. This may be a good epigram, but not good philosophy for the farm. There we find happiness where we look for it.—Exchange.

Quick Relief For RHEUMATICS

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of that dangerous poison that makes thousands helpless and life miserable, years before their time, then you need Rheuma, and need it now.

Start taking it to-day. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish."

Many people, the most skeptical of skeptics right in this town and in the country hereabouts, bless the day when Wallace's Drug Store and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma to-day.

Real Economy in Transportation

The lady lion-tamer was a wonderful person. She beckoned to the fiercest lion, and he meekly came to her and took a piece of sugar out of her mouth.

"Do you dare to say you could?" retorted the lady indignantly.

"Certainly—just as well as the lion."

ADDRESS AND PRESENTATION

On the evening of March 19th, about eighty of the friends and neighbours of Mr. and Mrs. Byron Storey met at their home to spend a social evening, and also to present them with a gift, before they left for their new home.

To Mr. and Mrs. Storey and Orval.

We, your friends and neighbours, have gathered here this evening to bid you farewell, before you leave for your new home.

It was with feelings of deep regret that we learned that you had sold your farm and intended to move to Napanee. We shall miss you very much, but we feel that what is our loss will be someone else's gain.

You have been kind and considerate neighbours, always ready to do a favour or lend a helping hand in time of need, and pleasant and congenial company at any social gatherings.

We hope that you will be very happy in your new home, and we know that your bright and kind dispositions will win you many new friends.

As a slight token of our regard and the esteem in which you are held in this community, we ask Mr. and Mrs. Storey to accept this set of dishes, and you, Orval, these cuff links, along with our best wishes for your health and happiness in the future.

Signed on behalf of your friends.

WALTER WOODCOCK.
GEORGE SCOTT.
FRED HENDERSON.
JIM HAGGERTY.

Mr. Storey and Orval, in a few words, thanked their friends for their gifts, after which lunch was served. The remainder of the evening was spent in cards and dancing.

NEW LAND FOR CHICKENS

(Experimental Farms Note).

Of the four main factors affecting the life of a hen—breeding, rearing, housing and feeding—probably none of them is as important as rearing. True, if eggs are not bred into a hen, they cannot be fed out, but no matter how well bred a bird is, if it is not well reared, it is not likely to be profitable, and profit is the goal of most poultry men. On the other hand, unless housing and feeding (after maturity) have been very adverse to the bird, the fault can be corrected, and the flock brought into a state of profitableness.

"Beginner's luck" is more or less a superstition, but applied to chicken-rearing, it is almost a truism, for, if the man or woman, starting in with chickens on new land, has ordinary "poultry sense", he is almost sure to raise good, husky birds, whereas the most experienced poultryman, who tries to raise his chickens on old and contaminated soil, is sure to have high mortality during the growing period, and later on, as well.

To get the best results, chickens should be reared on soil that has had no poultry, or poultry manure, on it for at least a year, and during the rest period, the land should, if possible, be cropped. The most serious, but by no means the only result of using the same land year after year for bringing up the youngsters, is worm infestation, and this is a condition that is responsible for a big loss to many poultry men.

The most common types of worms found in fowls, are round, caecal and tapes. These all harbour in the intestines, passing out their eggs with the droppings. In the case of the first two, if these eggs are picked up by the chickens or other hens, they will develop in their new host, with very serious results, particularly in the young stock, if they are in any quantity. Tape worms have a different life history, and are more difficult to control, as the eggs, must be eaten by an intermediate host, such as snails, slugs, etc., in which they partly develop, completing their development in the intestine of the fowl after it has picked up this intermediate host.

Once a fowl has become infested with intestinal worms, it is a difficult matter to rid it of them, and the best remedy is prevention, which is to raise your chickens on new land.

H. M. GREENWOOD,
Poultry Inspector for B.C.

COST DECREASED. PRODUCTION INCREASED.

Three things are clearly demonstrated in a summary covering five years of the Canadian National Egg-Laying Contests conducted by the Poultry Division of the Dominion Experimental Farms, points out the report of the fourth and fifth contests just issued, namely, that the total cost of feeding a pen of ten birds has steadily decreased since 1919-20, that the average production has steadily increased and that the cost per dozen for feed has steadily decreased. In 1919-20 the cost of feed for a pen of ten birds was $33.12; in 1923-24 it was $20.81. The average production of eggs per bird in 1919-20 was 122.5; in 1923-24 it was 169.6. In 1919-20 the birds in the egg-laying contests numbered 1,610; in 1920-21 the number was 2,480; in 1921-22 it was 2,660; in 1922-23 the round 3,000 had been reached, and in 1923-24 no fewer than 3,610 were entered. Thus in five years the number of birds entered more than doubled.

Johnny was telling Nellie's beau about an army officer who had called on his sister.

"Gee, he was swell, an' he had his arm—"

"Johnny!" Nellie almost shouted, "Mother isn't it time for him to go to bed?"

"Well, I was only goin' to say he had his arm—"

"Johnny!" mother speaking. "That will do for you."

"Well, but maw, can't I tell him he had his arm—"

"Johnny, you go straight to bed," said father commandingly.

And as Johnny went through the door he said soothingly, I jest wanted to say he had his army uniform on."

"Ow did yer git that black eye, Pat?"

"Oi slipped an' fell on me back."

"But yer face ain't on yer back."

"No—mythur was Flannigan."

DESERONTO

The annual Vestry meeting of the Parish of St. Mark, Deseronto, was held on Easter Monday, according to Canon Law and time honoured custom. The officers of the church, Church Wardens, Lay Delegates, Sidesmen and Auditors, were re-elected unanimously for the ensuing year. The Rector read the annual report of his work in the Parish, and also by request the reports of the Auxiliary Societies, viz., the Woman's Guild, the Woman's Auxiliary, the Chancel Guild, the Choir, the Sunday School and the Junior Woman's Auxiliary, which were very satisfactory reflecting great credit on all the members of those societies. The Church Wardens are Messrs. W. H. Henderson and Herbert Hall; the Lay Delegates, Messrs. W. I. R. Epps, Roy McMath and Thomas Naylor. Hearty votes of thanks were tendered to all the officers of the Church and the Auxiliary Church Societies for the successful year's work just concluded. An adjourned meeting to hear the report of the Auditors on the financial report made by the Treasurer was held on Saturday, April 10th, at 8 p.m. The meeting closed with the Benediction by the Rector.

The Easter Services at St. Mark's were bright and uplifting. Beautiful Easter lilies adorned the altar, kindly presented by Miss Helen Harvey. Sixty-four made their Easter communion. The music reflected the greatest credit on the Organist, Mr. Epps, and the surpliced Choir. The solo portions of the anthem, "He Is Risen", were well taken by Mrs. Dale, Mrs. Field, Mr. Bert Bowen and Mr. Charles Knight, Jr. The other portions were well sustained by the entire Choir. The Communion Service was "Hall in Eh. At Evensong the Choir, in addition to the anthem and Easter hymns, chanted the proper Psalms for Easter Day like veterans. Hearty approval of the services at St. Mark's was heard on all sides.

Mail Orders promptly filled at Wallace's Drug Store.

Much Suffering Follows Influenza

Health Can Only Be Restored Through the Use of a Blood-Making Tonic

An epidemic of influenza, such as is now prevalent in many parts of Canada, always leaves widespread suffering in its wake. The disease itself is dangerous, but the danger is seldom over when the characteristic symptoms of the trouble have passed. There is left behind depression of spirits, weakened vital powers, thin blood, impaired digestion and oversensitive nerves. Men and women who were robust before stricken with influenza find their bodies racked with pain previously unknown to them. This is due to an abnormal thinning of the blood and leaves the system an easy prey to other serious troubles. This is the time when the convalescent from influenza should build up the blood with a reliable blood-making tonic such as Dr. Williams'-Pink Pills. When the blood regains its rich red quality the nerves recover their strength and the organs of the body function naturally and the dangerous, depressing after-effects of influenza disappear. Proof of the undoubted value of Dr. Williams' Pink Pills as a blood-builder and nerve tonic is shown by the case of Mrs. R. O. Stromberg, Cobalt, Ont., who says:—"I had a very severe attack of grippe, or influenza, which confined me to my bed for a week. On getting up again I did not recover my usual strength. I was very weak, had a severe pain in my head, and a constant backache. I had to get a woman to do my work for me as I had neither the strength nor the energy to do anything. At this time a neighbor advised me to see what I had through Dr. Williams' Pink Pills in girlhood, I began taking this medicine, and soon my health began to return. I am now able to do all my own work again, and take care of my baby boy. I am very grateful for what the pills have done for me, and feel sure my experience will be of benefit to some other sufferer."

If you need a blood-building tonic be sure to get Dr. Williams' Pink Pills to-day. Sold by all medicine dealers or sent by mail at 50c. a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

For Courage and Initiative.

Employees of the Bell Telephone construction forces, and other branches of the service, have received a thorough training in first aid, and as a result, have been able to render valuable help in critical circumstances, not only to fellow employees, but to other victims of accident or injury, to the saving of both life and property. The Bell Company has established a plan of awards and citations for conspicuous service of this kind. Each year, in the Company's Annual Report, mention is made of the names of those especially deserving of commendation. In the 1925 report the names of eight employees are cited, four of them women, "for Acts of Courage, initiative and public service performed while on duty."

"A Noble Outcast" Presented.

The Hawley Dramatic Club presented their beautiful comedy-drama, "A Noble Outcast", in the Masonic Hall, Bath, on Friday evening, April 9th, to a large and appreciative audience. In the hall were recognized some fifteen or twenty Hawleyites, who having seen it once, wished for a repeat. Each member seemed to be well adapted for his and her particular part; all doing remarkably well, but I am sure all will agree with me in giving first place to poor "Jerry" (Mr. John Cleaves), a good eater, a good singer, an all round good sport. One lady in the audience was heard to remark, "what a splendid performance, so different to what we have been seeing". Anyone who has or has not seen this play will have further opportunity.

ST. MARY'S MEN'S CLUB BANQUET

The Men's Club, which has been recently formed in St. Mary Magdalene Church, was inaugurated under very favorable conditions by a banquet held in the Masonic Rooms, on Wednesday night.

The President, Mr. Geo. T. Walters, occupied the chair, and a very large number of men sat down to the sumptuous repast which the Refreshment Committee had provided. Inspiring music was rendered by the Walters Orchestra.

At the close of the supper, the President outlined the objects of the Club, after which the Rev. J. H. H. Coleman introduced the speaker of the evening, Rev. Canon Shatford, D.D., D.C.L., Rector of the Church of St. James the Apostle, Montreal. Canon Shatford is well known all over the Continent as a gifted preacher and speaker, and those present were privileged to listen to an eloquent address replete with wit and wisdom and marked by breadth of view and warmth of sympathy. Taking as his theme "Men and the Church", the speaker, who has had unique opportunities of contact with men, analyzed the situation as it is to-day of the relationship of men to the Church, and pointed out the factors which had contributed to a loosening of the ties. He appealed to the Church to take that leadership in human life to which her divine commission and message entitled her, and mentioned in particular four departments in which that lead should be given by the Church: members; thought, Work, Fellowship, and Character.

A resolution of thanks in fitting terms was moved by W. S. Herrington, K.C., seconded by W. J. Doller, and enthusiastically carried.

I. O. D. E. TEA

The U. E. L. Chanter of the I. O. D. E. served tea in the Council Chamber, on the anniversary of the Battle of Vimy Ridge, as an appropriate date for raising money for patriotic purposes. The room was delightfully decorated with flags, and the motto "Lest We Forget", prettily draped with ivy, was displayed. Tables of cooked food and fancy articles were on sale and were presided over by Mrs. Cowan and Mrs. J. Robinson, and Mrs. Trumpour, Mrs. Reddick, Miss Jean Light and Miss Meyers were in charge of the home-made candy table, and Mrs. Morley Wilson and Mrs. Deroche presided at the tea table, assisted by the Misses Kathleen Robinson, Ruth Graham and Jean Hardaw.

An excellent programme was arranged by Mrs. Powell, the opening number being a piano duet by Mrs. B. Black and Mrs. Seymour. A vocal solo by Miss Loren McGill was greatly appreciated, as she possessed a sweet rich voice, and also showed marked talent as a pianist when she afterwards gave an instrumental number. Miss Katherine Baird played a piano solo; Miss Helen Milling gave a reading; Mrs. Cameron Wilson played a violin number, and Miss Mary McGrath sang. The whole afternoon was very successful, and the guests were most enthusiastic in their praise of the splendid music, each number being beautifully rendered and deserving of special mention.

Mrs. A. L. Hardaw, Mrs. J. E. Robinson and Mrs. Symington, regents of the Chapter, received, and Miss Edna Richardson was in charge of the finances.

MRS. CHAS. E. PERRY PASSES IN OTTAWA.

The death occurred at the residence of her son-in-law, Mr. G. Scott Murray, 316 Clemow Avenue, of Agnes Elliot Sutherland, widow of the late Charles E. Perry, of London, Ont., Mrs. Perry moved to Ottawa with her daughter when Mr. Murray became secretary-treasurer of Murphy-Gamble Limited, upon the taking over of the local store by Murray and Sons, Ltd., of Hamilton, last November. She had been in delicate health for a long time previous to her death.

Mrs. Perry was born in Montreal 77 years ago, daughter of the late John Sutherland, merchant of Montreal. She married the late Mr. Perry in 1876, moving with him to Elora, Ont., and later to Fergus, Ont., and London, where he engaged in the drug business. At the time of his death in February, 1920, Mr. Perry was Western Ontario representative of the Parke, Davis Drug Company.

Following the death of her husband, Mrs. Perry lived for a time with her daughter, Mrs. Harry B. Moyer, at Toronto, and later in New York. When Mr. Murray moved to Ottawa, she came to live here.

During her younger years, Mrs. Perry was a very active member of church and charitable institutions, especially those connected with Knox Presbyterian Church, London.

The funeral service will be held at the home of her daughter, 316 Clemow Avenue, at 8.30 p.m., on Friday by Rev. Dr. E. D. Wylie. The remains will be taken on the 11 p.m. train for London, where interment will be made. At London the Funeral services will be conducted by Rev. R. Campbell Tibb, of Toronto.

The body will be accompanied to London by the late Mrs. Perry's two daughters, her son, and son-in-law.—The Ottawa Evening Citizen, Thursday, April 8th, 1926.

The late Mrs. Perry was a sister-in-law of Mrs. J. B. Miller, Bridge St., Napanee.

Death of Former Napaneean.

Many friends in Napanee will learn with regret of the death of Mrs. A. E. Douglas, which took place in Buffalo on Saturday. For many years her husband was proprietor of the Parker House, then the Campbell House, leaving a few years ago for Buffalo, where he and Mrs. Douglas have since resided. The deceased was exceptionally well known in this city and district, and the sympathy of the community is extended to Mr. Douglas in the irreparable loss which he has sustained.

RUSSIA'S GREAT EXPERIMENT

PROFESSOR HEATON AT HISTORICAL

Not in many years has the Historical Society been privileged to hear a lecture so interesting and so informative as that which was given on Friday last by Professor Heaton, of Queen's University. The language and diction was charming and the matter of a kind which one seldom hears on the subject.

Professor Heaton began by describing Russia in its pre-war condition, and sought to disabuse the minds of his hearers of the conceptions gained by the novels of the time and the melodramatic plays which always presented the Russian as a Nihilist or an anarchistic villian. The great body of Russians, nine-tenths of them were and are still peasants, rooted to the soil, driven and abused by the powers higher up. This led to unrest, which was accompanied by political and economic unrest on the part of the educated classes and the urban dwellers. In 1905 a certain measure of relief was promised by the rulers when the Duma was set up. But as time went by it was seen that the powers granted to the Duma were more chimerical than real.

The Great War was a relief to the rulers who hoped in it to find escape from the pressure for reform from the masses. And for three years it was the Russians who saved the allies by diverting the energies of the Germans and allowing the British to complete their organization. But the soldiers had been deserted by the rulers, arms and munitions and uniforms were scarce, so that the army was ready for the revolution when it broke out in 1917 under Kerensky. This revolution, however, was not complete enough to suit the majority so in November of that year Kerensky was thrown out and the communists set up in power, and for ten years they have held that power, a land that no other government in the world has accomplished in the same period.

Lenin and Trotsky sought to establish a pure communistic state, where all the means of production belong to the state, and money, along with all other capitalistic devices, such as rent and interest on investments, were abolished. Under this regeme manufactures completely broke down, foreign capital was withdrawn, and the whole economic life of the nation completely upset. After three years it was seen that this was impracticable, and the consequence was that the commercial holders and private inniciative once more began to assert itself. And today Russia is on the way to greater stability and sanity.

Miss Lucy Madden, a respected resident of Napanee, passed away at Kingston on Monday night. The remains were taken to Newburgh by Undertaker Wartman. The funeral was held on Wednesday morning at the home of Mrs. A. Madden, and was conducted by the Rev. T. H. P. Anderson, of the United Church, of which deceased was a member. Interment in Cataraqui Cemetery.

TAMWORTH UNITED CHURCH

The sermon subject for Sunday at 11 a.m. at Roldville and at 7.30 p.m. at Marlbank will be "The Cloud of Witnesses."

The annual congregational meeting of Tamworth on April 12th was well attended and showed a year, or rather eleven months, of encouraging progress. There were 29 received into the church, 9 by certificate and 20 by profession of faith, making a total membership of 209, with an addition to al 27 non-resident members. $453.63 has been raised for the Mission fund and for the M. and E. Fund $130.00, and for all purposes $633.00. Marlbank roads. Mr. McClintock's pastoral messages were clear cut and convincing, and were ably supported by Miss Mecklejohn's direction of music and her gospel solos. Over fifty registered a re-dedication of their lives to Christian service, and about an equal number their decision to accept Christ as their Saviour. There will be at least forty additions to the church membership.

The Evangelistic Mission conducted at Marlbank for the past two and a half weeks by Rev. D. T. McClintock, assisted by Miss E. Mekilejohn, as singer, has been a decided success. Almost every night the church has been well filled, and sometimes crowded, notwithstanding sickness and bad roads. Mr. McClintock's gospel messages were clear cut and convincing, and were ably supported by Miss Mecklejohn's direction of music and her gospel solos. Over fifty registered a re-dedication of their lives to Christian service, and about an equal number their decision to accept Christ as their Saviour. TOWN COUNCIL

Council Chambers,
Napanee, April 19th, 1926.

Council met in regular session on Monday evening, Mayor Ming presiding.

Members present—Reeve Graham, and Councillors Dunbar, Simpson, Fitzpatrick, Howitt, MacGregor and Roy.

The minutes of the last regular session were read, and on motion were confirmed.

Communications

From G. F. Ruttan, K.C., Solicitor for Elizabeth Blewett, notifying the Council that his client wished the unsanitary nuisance, caused by the carriers leaving their horses standing adjacent to her property on the south side of the Market Square, abated. Referred to the Market and Police Committee to report.

Mr. Plexton, representing the Globe Indemnity Co. of Canada, was present, and addressed the Council at length on the merits of municipal insurance. He explained the liabilities covered by their policy and gave the experience of several cities, towns and villages who had been insured by them in previous years. The rate offered the Town of Napanee, $7.00 per 100 liabilities for one year, was very low, he stated. The policy covers up to $5,000.00 in the case of injury or death of any one person the result of one accident; up to $10,000 in the case of injury or death of more than one person the result of any one accident; $1,000.00 for any damage to property caused by vehicular traffic in any one accident. Also in an action brought against the town all expenses of litigation are taken care of by the Company.

Moved by Councillor Simpson, seconded by Councillor Fitzpatrick, that the town enter into a contract with the Globe Indemnity Co. of Canada for public liability insurance for one year. Carried.

A communication was received from Robert D. Preston, Mayor of Oshawa, asking the Council to join with them in protesting to Ottawa against tariff changes. Ordered filed.

From Union of Canadian Municipalities, asking the town for their annual fee. Ordered filed.

From Barrett Co., Ltd., enclosing specifications for roofing. Referred to the Town Property Committee to report.

From the Canadian Retail Coal Association, asking for a copy of the by-law relating to weighing of all coal on the public scales.

Moved by Councillor Simpson, seconded by Reeve Graham, that Mr. Herrington, K.C., Town Solicitor, be instructed to represent the town at the above sittings. Carried.

Reports.

Councillor Simpson, Chairman of Finance Committee, reported that they had examined the Auditors' Report and found it correct.

Councillor MacGregor, Chairman of Streets, reported that the Committee intended starting work on the streets at once, pending, etc., in order to have the roads ready for oiling.

Councillor Howitt, Chairman of Market and Police, reported recommending the purchase of a set of scales to be operated by the local weighmaster, the cost to be about $14.00.

Reeve Graham, Chairman of Town Property, reported that the committee had secured prices for lumber for alterations to the fire hall, and did not consider the figures satisfactory. They would ask further for prices and report later. The committee also had Mr. Jewell examine the roof on the Town Hall and found it in good condition. Tenders were being advertised for this week for a new roof.

Accounts.

The following accounts were ordered paid :—

Fred J. Vanalstine	$ 2 00
Napanee Beaver	2 70
F. E. VanLuven	8 65
C. H. Lapum	9 00
Wilfred L. Wilson	14 25

An account of F. C. Martin, for $36.00, was referred to the Finance Committee, with power to act.

Council adjourned.

DOUBLE FATALITY ON C.N.R. CROSSING

Timothy O'Day, aged 30 years, son of Mrs. Patrick O'Day, and Percy Milligan, aged about 16 years, son of Fred Milligan, both of the 4th Concession of Tyendinaga, were instantly killed Saturday about 11.30 a.m., when the car in which they were riding was struck by C.N.R. passenger train No. 27, going west, on a private railway crossing going into the farm of A. C. Mitchell, three miles and a half east of Belleville, on the 2nd Concession of Thurlow.

The car wreckage was strewn along the track for nearly 200 feet. There were not two pieces of the car together. The engine of the motor was easily 200 feet up the track, completely dismembered from the other parts of the car. The chassis was a twisted mass of steel rolled up in a ball and slung to one side as if it had been a feather stuffed in a strong breeze. The bodies when seen by the coroner, W. W. Boyce, were 60 feet from the crossing and were so badly mutilated that conjectures only could be made as to identity.

The fact that Percy Milligan was a grandson of Mrs. Eliza Milligan, Centre St., Napanee.

LIFEBUOY *as the "Ounce of Prevention"*

How true that an ounce of prevention is worth a pound of cure.

It is Lifebuoy's mission to *prevent* infections of the skin. Every normal skin is a healthy skin—clear, firm, velvety to the touch and without blemish.

The mild, creamy lather of Lifebuoy, the ultra-refined soap, goes down into the pores and antiseptically cleanses, purifies and beautifies.

To use Lifebuoy as a habit is to have a clear, fine skin, hence a normal, healthy skin.

So many have discovered by experience the great value of Lifebuoy as a protector against germ infection that Lifebuoy is the most widely used soap in the world.

FIRE THREATENS OUR NATIONAL HERITAGE

Carelessness Destroys 3,000,000 acres annually of Canadian Forest

Loss of standing timber by fire continues to be appalling. On the average over 3,5000 million board feet are destroyed annually. The forests of Canada are being depleted at a rate they cannot possibly withstand; more than half of this depletion is due to fire, insects and decay. The future of the forest industry is just as dependent on the seedling trees and young growth as the pulp and paper and lumber mills, and industry generally, are dependent on mature timber—both must be saved from the ravages of fire.

In addition to the shelter afforded by the forest to the farmer and his stock, settlers in forested regions are vitally dependent on the woods for winter employment. Care with fire in land-clearing operations is all-essential—burned timber pays no wages.

Canada has the finest inland fishing in the world, but these splendid food and game fish require clean, cold water in the streams to ensure prolific reproduction. Forest fires are inimical to fish life.

Game animals attract foreign tourists and induce Canadians to seek pleasure, health and adventure in the great outdoors. These animals are distinctly a forest resource — utterly dependent on it for protection and food. Forest fires are most destructive of such wild life.

Ninety per cent of the forest fires are caused by carelessness. Are you doing your part to prevent this wanton waste and destruction?

RHEUMATIC PAINS GO SWOLLEN JOINTS VANISH

Thousands of sufferers have freed themselves from the bondage of rheumatism; rid themselves of the torturing pain; reduced the swollen joints; thrown away canes and crutches, and from helpless beings became able to work and be of use to themselves and their families.

They took Rheuma: the modern enemy of rheumatism, lumbago, sciatica, arthritis and chronic neuralgia.

Don't be skeptical about Rheuma. You will know in a few hours after beginning the treatment that the poisonous waste matter is leaving your system through the natural channels. You will feel better in a day; you will know you are going to be helped in less than a week.

There is no guess work about Rheuma bringing you back to health. That's why Wallace's Drug Store and druggists everywhere sell it with guarantee of money back if it does not give quick relief.

THE BEAUTIFICATION OF RURAL SCHOOL GROUNDS

The Canadian Horticultural Council have earned the gratitude of every public spirited citizen in fostering the ornamental planting of the school grounds throughout the country. Commencing last year ten silver cups were offered for competition in various districts of the Dominion to the rural schools accomplishing the greatest degree of beautification in the grounds during the year. Most of these cups were won last season, but they cannot become the property of any school until won three times, not necessarily in succession. With the winning of each up goes an Award of Merit Certificate that may be framed and kept by the school as a permanent record.

Mr. L. F. Burrows, Secretary of the Horticultural Council at Ottawa, announces that the number of entries being received promised keen competitions this year. With each entry a photograph of the grounds should be supplied, to be compared with a similar picture taken in the autumn showing the improvement that has been made. Trustee Boards, Women's Institutes and Horticultural Societies are urged to co-operate with the Council, which will provide instructions and suggestions on the plants that may be used and their arrangement in the school grounds.

Farm Girl—"That pig is very black, isn't he?"

Farmer—"Yes. We call him 'Ink'."

Farm Girl—"Why?"

Farmer—"Because he keeps running out of the pen."

Always Ready and Reliable.—Practically all pains arising from inflammation can be removed with Dr. Thomas' Eclectric Oil. Simply rub it on the sore spot and it is quickly absorbed by the skin. Its healing power is conveyed to the inflamed tissue which is quickly soothed. This fine old remedy is also a specific for all manner of cuts, scratches, bruises and sprains. Keep a bottle handy always.

A particularly sour and plain-looking woman had come to consult the doctor, and was explaining to him her symptoms. "Do you know, doctor," she said, "I'm always thinking that a man is following me. Do you think I suffer from hallucination?" The doctor took a quick look at her. "Absolutely certain you do, madam," came the prompt reply.

Back of every business that keeps up with the times is an individual who keeps ahead of them.

Professional Nurse Loud In Her Praises

Thanks to Dodd's Kidney Pills She Was Relieved of a Weak Back and Rheumatism

Mrs. E. Emeneau Now Recommends Dodd's Kidney Pills to Any of Her Patients Who Suffer With Kidney Trouble.

Lunenburg, N.S., April 19, (Special).—"I cannot praise Dodd's Kidney Pills too highly to anyone. I have suffered a great deal with a weak back and rheumatism. I used a lot of doctors' medicines but they did me no good. I could hardly lift a patient alone. I was advised to try Dodd's Kidney Pills; used a number of boxes and soon got relief. I often thank the good friend who gave me the advice about Dodd's Kidney Pills.

"I was very much pleased that I did not have to give up my profession of nursing. I ambound to praise them for relieving me and will always recommend them to any of my patients who suffer from the same trouble as I did. I am very thankful to write this testimonial for Dodd's Kidney Pills."

This letter comes from Mrs. E. Emeneau (nurse) of Lunenburg, N.S., and tells of the benefits to be derived through the use of Dodd's Kidney Pills.

Angry Wife (summoning her husband in Surrey)—"He deserves the 'ent' your worship."

"IN THE PUBLIC EYE" By Leslie Lewis, R.O.

WHEN you are asking yourself the question if your eyes need the services of an experienced optometrist, ask yourself if they tire easily while reading or if they fail to visualize some distant point. Have you a headache that medicines will not relieve? In any manner are you losing your keenness of perception? You would better let us use a few simple tests to determine the status quo of your vision power.

WEDDED AT WATERTOWN.

Miss Mary Gertrude Murray, No. 129 Benedict St., and Joseph E. Mohan, No. 317 Lepper St., Watertown, N.Y., who took out a marriage license Tuesday afternoon and were believed to have eloped, were married at St. Patrick's Church, Watertown, on Friday morning, at 9 o'clock. Rev. Father Joseph L. Cole, Pastor, celebrated the nuptial mass. They were unattended.

Mr. and Mrs. Mohan left early Wednesday morning for Philadelphia, N.Y., where they visited the bridegroom's sister, Mrs. Leo Lawler, while awaiting arrival of their baptismal certificates from Canada. While they were trying to keep their friends in the dark as to their plans, they had no intention of eloping, Mrs. Mohan said Friday morning, when interviewed at the New York Central station.

"We were just waiting for our certificates so that we could be married at St. Patrick's", said the bride. "My people do not approve of the marriage, but I don't mind. I am perfectly happy."

She wore an ensemble suit of grey crepe, trimmed in squirrel, and hat to match.

The bride is a native of Sydenham,-Ont., where she was educated. She has been here about four years and is a graduate of Mercy Hospital Training Schools for Nurses, class of May, 1925. Since that time she has been doing private duty. She is the daughter of Mr. and Mrs. Patrick Murray, of Sydenham, Ont.

Mr. Mohan is the son of Mr. and Mrs. Edward Mohan, of Odessa, Ont. He was educated there and came to this city four years ago. He has been a chemist at the Fox Creek factory, Cape Vincent.

After the ceremony Mr. and Mrs. Mohan left for New York City and other points on a wedding trip. They will later go to Niagara Falls, where Mr. Mohan has accepted a position in a garage.

VIOLET EAST

The weather still remains very backward and cold.— We were all sorry to hear that Mr. S. Harten had to go to the hospital with blood poisoning in his finger. He is doing as well as can be expected.—Mr. W. H. Drew has secured a position at the Locomotive Works in Kingston. Mrs. Drew and Dolce will join him, and make Kingston their home.—Mr. S. G. Hogle is doing as well as can be expected. About ordinary strength. Mr. Hogle suffered the amputation of one of his legs, from gangrene, and a couple of weeks ago had to have the other leg amputated. His many friends are very sorry to hear of his serious affliction. — Mrs. Wagar and children are guests of Mr. Henry Hannah.—Mrs. Dana Rogers, Border Hannah and Noble Drew are convalescent, after an attack of grippe. Mr. and Mrs. E. J. Mitchell spent Saturday in Kingston and attended the show, "No No Nanette", one of the best shows held in Kingston for some time.

IN MEMORIAM.

If sad but loving memory of our dear Husband and Father, John A. Tyner, who departed this life on April 23rd, 1922.

I am thinking of you to-day, dear husband, thinking of the past,
Picturing you in memory just as I saw you last;
You left behind an aching heart that loved you most sincere,
I never did, nor never will, forget you husband, dear.
Though years have past, I know his soul is resting now in peace,
From all the pain that this life holds his spirit knows release;
And we are waiting patiently till God shall call us home.
To rest at last and wait the time that glad time till he comes,
Then shall we meet in joy that day
My husband and father God has called away.

17ap —Wife and Family.

IN MEMORIAM

In loving memory of George Allan, who passed away April 21st, 1924.
You have lifted sadly from us,
You have crossed the golden shore;
But our home is lonely without you,
And everything speaks "Nevermore."

OBITUARY.

Mr. Robert Kirke.

The death occurred on Wednesday, April 14th, of Robert Kirke, Marlbank. Mr. Kirke in former years lived with his wife, son and daughter, on his farm, near Tamworth, but after the marriage of his son in 1916, he and his wife moved to Marlbank to live beside their daughter, Mrs. Gilbert Brown. They enjoyed good health and spent a happy time, making many friends for themselves around their new home, till ill health fell a prey to Mrs. Kirke, and they moved in with their only daughter, Mrs. Brown, where Mrs. Kirke was tenderly cared for, and death claimed her on August 1st, 1925.

Mr. Kirke, in spite of his advanced years, kept up under his sorrow and many troubles until a week before he died. He was especially noted for his humble, quiet and patient attitude at all times.

He was a staunch Anglican in religion, an Honorary Member of L. O. L. No. 199, Tamworth, Ont., under which order the funeral was conducted. Rev. Mr. Pigton preached a very impressive sermon from the text, "I have fought a good fight, I have kept the faith". Mr. Kirke never forgot his duty to his church, and it was his desire that his influence be used in bringing men nearer to the fear of God and the advancement of all goodness.

Much sympathy is extended to Mr. and Mrs. Brown, who so tenderly cared for a most worthy father. He was laid to rest in Christ Church cemetery on April 16th beside the body of his wife, with a new and certain hope of a joyful resurrection.

CROYDON

The Women's Institute met at the home of Mrs. W. J. Haggerty, on Wednesday evening, April 14th, and Mrs. Haggerty demonstrated on rag rug making. The next meeting will be held in Croydon Church on Wednesday afternoon, May 12th. — The farmers are expecting a high price for their cream this year, as there are five different trucks going through here.—Mr. and Mrs. Clare Hayes, of Roblindale, called on Mrs. A. M. Williams, on Tuesday.—Mr. John H. Wilson spent Sunday evening at Mr. Albert Hughes'.—Mr. Raymond Campbell spent Sunday evening at Mr. John Dewey's.—Fred Galbraith attended the sale at Enterprise on Saturday.—Mr. and Mrs. Stan Dopp spent Sunday at Mr. Percy Harten's, Roblin.—Mr. James Johnson sports a new car.—Mr. Sam Bird called at Mr. A. Hughes', on Sunday. — Miss May Haggerty has returned home after spending the past 12 months with friends in Buffalo and Rochester, N.Y.—Mr. Earl Teskey spent Sunday evening at Mr. Meacher's, Marlbank.—Mr. Tom Pringle has purchased a new road horse.—Mr. W. B. Close had the misfortune to break a bone in his right hand.—Mr. Harold Hughes was at his uncle's, Mr. Joe Doupe, a few days last week.

TO WOMEN OF MIDDLE AGE
Mrs. Wilson's Experience a Guide to Women Passing through the Change of Life

Hamilton, Ontario.—"I have taken several bottles of Lydia E. Pinkham's Vegetable Compound and I cannot speak too highly of it as I was at the Change of Life and was all run-down and had no appetite. I was very weak and sick, and the pains in my back were so bad I could hardly move. I got very sad at times and thought I had not a friend on earth. I did not care if I lived or died. I was very nervous, too, and did not go out very much. A friend advised me to try a bottle of Lydia E. Pinkham's Vegetable Compound, so I did. I am a farmer's wife, and always worked hard until lately, and was in bed for two months. I began to feel like a new woman after the first bottle and I recommend it with great success, also Lydia E. Pinkham's Liver Pills. I am willing to answer letters from women asking about your medicine, as I cannot speak too highly of them."—Mrs. Emma Wilson, 471 Wilson Street, Hamilton, Ontario.

—Dr. T. W. Warner, Dental Surgeon, will be in his office at Yarker, on the first and third Monday and Tuesday of each month. 16c

—On April 15th two complete illicit liquor stills, together with a quantity of mash and moonshine whiskey, was discovered in a house near Lime Lake, Hastings County, by Provincial Officer D. B. Wagar, Enterprise.

—William Baldwin, wanted since 1924 for assault, was arrested at Marlbank on April 16th, by Provincial Officer D. B. Wagar, Enterprise, and brought to Napanee, where he will appear before Police Magistrate G. F. Rattan, to answer to said charge.

—The funeral of the late Mrs. Wm. Nugent, who passed away at her late home in Newburgh, on Thursday, took place on Saturday afternoon from the residence of her son, Mr. Wm. Hudson, Napanee. Owing to the absence of Rev. A. J. Terrill, who had left for Palmerston, the service was in charge of Rev. R. J. Merrian of the Bay Circuit. The funeral was largely attended, many being present not only from town, but also from Newburgh, where she had lived many years. The remains were laid to rest in Riverview cemetery.

—The Woman's Christian Temperance Union will hold their annual meeting for election of officers, in the Library, on Tuesday, April 27th, at 3 o'clock.

—At 11 o'clock on Sunday evening, a small residence on Isabella St., owned by Mr. Alfred McCutcheon, of Roblin, and occupied by Mrs. James, was badly gutted by fire. Only a few articles of household furniture was taken from the house, the balance being badly damaged by water. $700 insurance was carried on the dwelling, and $300 on the contents.

—The funeral of the late Mr. Fred Kinkley, who passed away last week in Kingston, was held on Sunday afternoon at the residence of his father, Roblin's Hill, Rev. J. H. H. Coleman, Vicar of St. Mary Magdalene Church, officiating. The deceased left here for Rochester a number of years ago, where he resided until a short time ago, when owing to ill health he came to Kingston. He leaves to mourn his loss his wife and two children and other relatives in town. The remains were taken to Riverside cemetery for interment.

—One of the largest funerals seen in Switzerville in recent years was held on Friday afternoon last, when hundreds of friends throughout the district wended their way to the United Church to pay their last respects to the late Mrs. Robert Brethen, who passed away on Wednesday. There was no one on the circuit who was more widely known or more highly respected than the deceased. The church was filled with sympathizing friends and a very appropriate sermon and eulogy of the deceased was delivered by Rev. W. R. Merrick. At the conclusion of the service the remains were taken to Morven cemetery for interment.

—On Sunday last large congregations at Grace Church were delighted by hearing two very inspiring sermons preached by Rev. Jas. Semple, B.A., B.D., S.L.B., of Palmerston. The morning text, "For I am not ashamed of the Gospel of Christ," was a heart searching, spiritual appeal to live like Saul of Tarsus so that at the end of life there should be no regrets for misspent hours. The evening sermon took up the question of the young people and the problems of the church to interest them and enlist their energies in church work. Some splendid thoughts were advanced that cannot but be productive of much good. Should Mr. Semple preach here again he may be assured of a warm welcome.

—The funeral service of an old Napanean, in the person of the late Mr. Edward (Ned) Fox, was held on Monday morning from the undertaking parlor of Messrs. F. C. Martin & Son to St. Patrick's R. C. Church, Requiem high mass was sung by Rev. Father T. P. O'Connor. The deceased, who passed away in Toronto, will be remembered by many of the older citizens, he being a brother of the late Thos. Fox, of Napanee, and he having spent his early years in Napanee, where he was born and received his education. For many years he was an engineer on boats plying the Great Lakes and was an occasional visitor to his old home town. At the conclusion of the service the remains were laid to rest in the Roman Catholic cemetery.

—On Wednesday evening, about 9 o'clock, the residence of Mr. George Ham, at Conway, was entirely consumed by fire. Mrs. Ham was alone with a small daughter when she noticed the pipes from the kitchen stove to be overheated. She quickly summoned help by the telephone, but the fire was already making great headway in the walls and ceiling, through which the pipes passed to the upstairs, and by the time the neighbors arrived it was past control. They all worked heroically, removing furniture from the burning structure, but in spite of all efforts considerable furniture was sacrificed owing to the smoke, which headed the workers off upstairs. The house was rebuilt last summer at considerable expense. The loss is only partly covered by insurance.

—William Thomas Palmer died on Tuesday, at his home, 2208 North Michigan Avenue, Mr. Palmer was born in Fredericksburgh, Ont., and came to Saginaw in 1890, and engaged in the merchandise brokerage business. He was a member of Saginaw Lodge No. 47 B. P. O. E., and Modern Woodmen of America. He was married in 1922 to Belle Davenport, who survives him. He also leaves one brother, Frank Palmer, Toronto, Ont., three sisters, Mrs. D. C. Campbell, and Mrs. Ella Baker, St. Paul, Minn., and Mrs. John MacIntosh, Barnie, Ont., a niece, Alice Palmer, Saginaw, and a nephew, Guy Palmer, Detroit. Funeral services will take place at 3 p.m. Thursday, Rev. H. E. Allegood will officiate, and burial will be in Forest Lawn.—The Saginaw News Courier, Saginaw, Mich., April 6th, 1926.

A Medicine That All Mothers Praise

Baby's Own Tablets Banish Babyhood and Childhood Ailments

Mrs. H. Oakes, Sarnia, Ont., says: "I have used Baby's Own Tablets in my home for the past fifteen years and I believe the good health my children enjoy is due entirely to this medicine. The Tablets are helpful at teething time; relieve colds and are always beneficial in the minor ailments of little ones. I have recommended Baby's Own Tablets to other mothers whose experience with them has been as satisfactory as my own."

Baby's Own Tablets do one thing only, but they do it well. They act as a gentle laxative which thoroughly regulates the bowels and sweeten the stomach, thus banishing constipation and indigestion; colds and simple fevers and turn the cross, sickly baby into a well, happy, laughing child.

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ADDRESS AND PRESENTATION

About fifty of the friends and neighbours of Mrs. Brown, Gretta and Lauriene, gathered at their home on April 8th, to bid them farewell before leaving for their new home at 95 York St., Kingston.

The evening was spent in games and dancing. The address was read by Mrs. Fred Lawrence, and the presentation made by Mrs. Chas. Loyst.

Mrs. Brown thanked her many friends on behalf of herself and two girls, for the beautiful gifts received. She hoped they would visit them in their new home, and then called on the Warden, Mr. W. C. T. Loyst, for a short address, which was much appreciated, after which they sang "For They Are Jolly Good Fellows".

Following is the address:—

Dear Mrs. Brown, Gretta and Lauriene,—Your friends and neighbours have met here to-night to spend a pleasant evening with you before your departure from us.

You have always been the best of neighbours, lending a helping hand both in Church work and socially. You have opened your home and given us all many happy evenings.

In all the troubles and sorrows of this life everyone seems to have their share, and so you have had yours, but there is never a cloud without a silver lining, and as we pray that nothing but happiness and comfort will greet you in your new home.

We have come to you to-night, not only to be with you once more, but to present to you this silver bread tray and clock, as a small token of the esteem in which we hold you.

It is the wish of each one of us that as you hear the clock strike, each hour will bring to you all, not only health and prosperity but abundance of joy and happiness.

Signed on behalf of your friends and neighbours,

MRS. FRED LAWRENCE.
MRS. CHAS. LOYST.

A BLEMISHED SKIN

Cannot Be Relieved By Salves and Ointments

Irritating sores, pimples, eczema, salt rheum and other skin disorders are all signals of distress, telling that your blood is weak or impure. You cannot get rid of eczema and other skin troubles with ointments and outward applications, because the trouble is rooted in the blood and can only be removed by purifying and enriching the blood. Dr. Williams' Pink Pills banish these troubles because they purify and build up the impoverished blood. This has been proved over and over again. Among those who have thus benefited is Mrs. Chris. F. Hummel, Castor, Alta., who says:—"I was troubled with eczema for years and although I tried many remedies I did not find permanent relief until I used Dr. Williams' Pink Pills. Whenever I did a little work my hands always broke out, especially my fingers and joints which were swollen and cracked, so that I could scarcely move them. Finally as the result of a statement I read, I decided to try Dr. Williams' Pink Pills, and I had not been taking them very long when I found they were helping me. I then got a dozen boxes, and before they were all gone every trace of the trouble had disappeared. Had I known of Dr. Williams' Pink Pills earlier I might have been spared the suffering I endured, and saved the money spent for other treatments that did not relieve me. I hope some other sufferer will benefit by my experience."

If your blood is out of order begin taking Dr. Williams' Pink Pills to-day and note their speedy beneficial results. Sold by medicine dealers or sent by mail at 50 cents a box by writing The Dr. Williams' Medicine Co., Brockville, Ont.

The New Wonder of Electric Cooking, is its Economy

The Canadian Beauty Rangettes Will Astonish You to Behold

TAKE the biggest of them—number 24—with three elements. It costs only half as much installed as a large electric range. It is so simple, so strong, so light—and so easy to install. Yet it does the work of cooking a dinner for the whole family.

But what of baking, you say? The portable oven placed over the burners of the Rangette will attend to the baking. From meat roasts to the lightest of cakes the results are always satisfactory to the most exacting.

The Rangette is a natural development of the big electric range. It is just as efficient for cooking and baking, so that thousands of families who have been deprived of the conveniences of electric cooking may now enjoy them.

There are six sizes of Canadian Beauty Rangettes and Hot Plates. Any good electrical dealer will demonstrate them. Or write us for folder which tells all about Canadian Beauty appliances, including Rangettes, Hot Plates, Irons, Toasters, Percolators, Grills, Heaters and the new Majestic colored Porcel-iron.

McCoy's Cod Liver Extract Tablets Fine For Thin Underdeveloped Kids

Children Love Them Because They Are Sugar Coated and as Easy to Take as Candy.

It's your duty, Mother, to see that the frail, peaked, sickly youngster grows up to be strong in body, keen in mind and robust in health.

Extracted from the livers of the lowly codfish are the health, weight and strength producing vitamines that are found in McCoy's Cod Liver Extract Tablets, which are sold by pharmacists all over North and South America.

Doctor's know about them and so do all druggists, and if your children need building up ask for these tablets to-day if you want to give your loved ones a good appetite and put pounds of good healthy flesh on their bones. But be sure and get McCoy's.

They are not expensive—60 tablets 60 cents—and if you are not pleased with the improvement after 30 days—your money back.

A very sickly child, age 9, gained 12 pounds in seven months and is strong and healthy)

One skinny woman gained 9 pounds in 24 days.

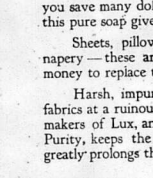
You earn more than Savings Bank interest — When you use Sunlight Soap

WHEN you put a dollar in the bank it may earn as much as four cents in a year's time. When you use Sunlight Soap for doing the family wash you save many dollars a year because of the protection this pure soap gives to the family linens.

Sheets, pillow cases, towels, shirts, dresses and napery — these are all expensive. It costs a lot of money to replace them.

Harsh, impure soaps break down and wear out fabrics at a ruinous rate. Sunlight Soap, made by the makers of Lux, and backed by a $5,000 Guarantee of Purity, keeps the bloom of newness on fabrics and greatly prolongs their life.



Mrs Experience says

"There are enough worries attached to housekeeping without creating unnecessary ones.

"If use Sunlight Soap because it keeps the household linens wonderfully clean and new-looking and I know it's pure."

The Choice of Millions

Because Sunlight is so efficient and so safe, it is the largest selling laundry soap in the world.

It costs no more than ordinary soaps.

ADDRESS AND PRESENTATION

Tamworth, April 9th, 1926.

To Mr. and Mrs. D. A. Reid, and Violet.

We, your friends and neighbours of the Tamworth district, of which you habe been so long residents, wish to spend one more evening with you before you leave our midst, and to wish you every success in your new home.

The loss to our neighbourhood will be very great, as you have been part of our community life so long. It hardly seems possible that your familiar faces will not be seen in our gatherings in which you have taken an active part in making them a success.

We feel that to-night is a suitable time for your friends and neighbours to convey to you some appreciation of your worth, and to express our regret at your departure, also to convey to you our best wishes for a happy and prosperous future in your new home, and we ask you to accept as a remembrance this purse and this gift.

Signed on behalf of your friends and neighbours.

HERB CLOSE.
J. W. BRADSHAW.
F. DONNELLY.

Mr. Reid thanked his many friends and neighbours in behalf of his wife and daughter, in a very able manner.

There were about eighty friends and neighbours gathered at Mr. and Mrs. Reid's home to bid them farewell before leaving for their new home at Gladwin, Michigan, where they intend making their home with their daughter, Violet B. Reid.

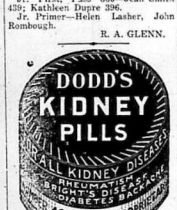
R. A. GLENN.



"That account of yours has been running for a long time, has it not?" asked the tradesman.

"It has," replied the customer, pleasantly.

"Standing about a year, I should say?"

"Just about."

"What are you going to do about it, then?"

"Let it rest awhile!"

Wilfrid was sitting on his father's knee watching his mother arranging her hair.

"Papa hasn't any Marcel wave like that," said the father, laughingly.

Wilfrid, looking up at his father's bald pate, replied, "No; no waves—it's all beach."

PILE SUFFERERS

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief?

Why cutting and operations fail?

Do you know the cause of piles is internal?

That there is a stagnation of blood in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by Wallace's Drug Store and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for quick, safe and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. Don't deloy. Try HEM-ROID to-day. It will do the same for you. 17tf

Annual Vestry Meeting.

The annual meeting of the Vestry of St. Mary Magdalene Church was held on Monday evening, and was well attended. The financial statement presented by the Wardens was very encouraging, showing a substantial increase in the Sunday collections over any previous year. Payments in advance had been made on Synod Assessment and Insurance accounts, and by resolution of the Vestry, the Vicar, Rev. J. H. H. Coleman, was given a bonus of $100.00. With deep regret the Vestry learned of the resignation, for reasons of health, of Mrs. Moore, for many years the faithful and very efficient organist. Messrs. W. S. Herrington, K.C., and W. J. Doller were re-appointed Wardens, and T. B. Wallace, G. F. Ruttan, K.C., and W. J. Doller as delegates to the Synod. The Vicar presented statistics showing the growth of the congregation during the past ten years.

SLIGHT BLAZE ON THOMAS STREET

A spark from a fire burning rubbish on the Court House property lighted on the roof of the home of Mrs. S. A. Templeton yesterday morning about ten o'clock, doing considerable damage, and threatening for a time the whole property.

A strong wind was blowing at the time and drove the flames through the roof. The firemen were on the scene within five minutes of the time the alarm was sent, and did excellent work. The hose was quickly laid and the chemicals applied on the inside. The consequence was that with a minimum amount of trouble the fire was overcome.

Much damage was done to the inside by the water, decorations in two rooms are spoiled, and the plaster in three rooms will have to be removed. The loss was covered by insurance.

BANQUET TO ST. PAT'S SOFTBALL CLUB

A very enjoyable time was spent in the Parish Hall, on Thursday evening of last week, when the Catholic Women's League entertained the members of the St. Pat's Softball Team to dinner. The hall was prettily decorated for the occasion with colored lights, and the green and white streamers presented a very pleasing appearance. The menu was all that could be desired, and the girls did full justice to all the lovely eats.

In a few well chosen words the following toasts were given:—Miss Marguerite McGuire to Rev. Fr. O'Connor; Miss Katharine Gleason to the Misses Marguerite, Beatrice and Louise McGuire; Miss Agnes Cavanaugh to Miss Loretta Killorin. Mrs. Thos. Hayes, President of the Catholic Women's League, then gave a toast to the King.

At the conclusion of the banquet, the Captain, Miss L. Killorin, gave a vote of thanks to the ladies who had so generously given of their time and service towards the success of the banquet. This was seconded by Miss Agnes Cavanaugh, after which one of the evening the team presented their Captain, Miss L. Killorin, with a lovely box of powder and compact. Presentations were also made to the Misses Marguerite, Beatrice and Louise McGuire, Miss Marguerite McGuire receiving a writing folio, Miss Beatrice McGuire a compact, and Miss Louise McGuire a music folio, as a small token of appreciation of the kindness of the Misses McGuire in coming so far to play with the team. The balance of the evening was spent in dancing.

C. M. B. A. SOCIAL

The Napanee Branch No. 303 of the Catholic Mutual Benevolent Association of Canada had a well attended meeting in the Parish Hall, on Friday evening last, April 16th, 1926.

Rev. Father O'Connor, the Parish Priest, was present, and addressed the meeting, together with the Grand President, F. J. Curran, K.C., of Montreal; C. A. Parsaunth, K.C., Grand Trustee and Head of the Organization of the C.M.B.A., and H. E. B. Stock, Esq., Grand Trustee, of Toronto. Patrick Gleeson and D. J. Hogan moved a vote of thanks to the speaker.

The meeting was under the chairmanship of Mr. E. McNeill, and songs were delivered by Miss Mary McGraw, C. J. Papineau and Joseph Marshall. The Normile Orchestra was in attendance, and delighted all present with excellent music, well rendered. The meeting concluded with refreshments and dancing.

Mr. C. J. Papineau, who is the local organizer, was appointed at the meeting by the Grand President as one of the Grand Deputies of the Association with full powers to act in the district.

It was announced at this meeting by Grand Trustee Pariseault that more than four hundred new members joined the Association in the last six months, and that in Napanee was the start of a big drive for membership in Ontario which was proceeding with great satisfaction, and many names and applicants were mentioned as having been canvassed by Mr. C. J. Papineau in the district.

Mr. Papineau intends to take up in time the adjoining localities in order to complete the organization with Napanee as a centre.

FAVORITE LECTURER TO RETURN

PROFESSOR ROY IN NAPANEE APRIL 30th.

Napanee has heard Professor Roy several times, and each time his popularity with the audience has been enhanced. Last year Professor Roy lectured on "Germany", a subject on which he is an authority, having frequently lectured there in the Universities. At the close of that lecture given before the Historical Society, the Executive had many requests that Professor Roy repeat it.

A year has passed, many things have happened in connection with Germany. The Locarno Treaty has been signed, application for admission to the League of Nations has been received and considered, and the nation once more is taking its place in the life of the world.

Professor Roy, too, spent last summer in Germany, has made a further study of the situation there, and will give to the people of Napanee the benefit of his impressions and conclusions, on Friday, April 30th, in the Historical Hall, over the Public Library. No admission.

NAPANEE WOMEN'S INSTITUTE

It was "Grandmothers' Day" at the regular meeting of the Napanee Branch of the Women's Institute, on Tuesday afternoon, April 20th. As a larger hall was required for this occasion, the meeting was held in the Oddfellows' Hall, above the Agricultural Class Room, and two hundred members and their friends were present. Time turned backward a generation or two as the old songs and stories were presented on the program. A ladies' chorus sang "Flow Gently Sweet Afton", "Drink to me Only With Thine Eyes", and "Robin Adair"; Miss Jean Paul gave a reading "Them Asses", which was heartily encored; Miss Georgie Robinson greatly delighted the audience with two solos, "Love Sends a Little Gift of Roses" and "Just A-wearyin' For You"; Mrs. Seymour contributed a beautiful solo, "When the Heart is Young"; Mrs. Wagar read a specially fine paper on current events; Mrs. Ed. Kayler gave a splendid address on the subject, "Because of Modern Conveniences are we Less Ambitious Than Our Grandmothers?" On the shores of historic Bay of Quinte our grandmothers as U. E. Loyalists established Christian homes which have been a fine contribution to our national life. Our wonderful conveniences were undreamed of by them, yet are we more contented, or is there any better influences going out from our homes to-day? Referring to dress, the speaker quite decidedly stated that present day styles keep us more youthful looking, and women now are not "old" at fifty, sixty, or even seventy years. Much more is done by and for women, reference being made to women entering all professions, and the work done by Dr. Margaret Patterson and Mrs. Emily Murphy (Janey Canuck) as women magistrates. Mrs. Hoodless, of Hamilton, who conceived the idea of and organized the first Women's Institute was far-seeing, and the motto of this Society, "For Home and Country," was a happy inspiration.

At the close, tea and old-fashioned cookies—and some that were not old-fashioned—were served.

Meeting closed by singing the National Anthem.

TAMWORTH UNITED CHURCH

The evangelistic mission at Tamworth is progressing favorably. You cannot afford to miss the gospel messages by Rev. D.T. McClintock, or the gospel solos by Miss Meiklejohn. Bring your Canadian Hymnals with you, and also your friends. Services are held every evening (except Saturday) beginning at 7.30 o'clock, and on Sunday at 11 a.m. and 3 p.m. Next Sunday evening is for the young people, and the following Sunday afternoon for men. The subjects up to and including Friday, May 7th, are as follows:

April 30—"Life's Greatest Problem."

Sunday, May 2—"A Message from a Rainbow," "A Call for Volunteers," and "Assurance of Salvation."

May 3—"The Gospel of a Second Chance."

May 4—"The Gift of the Morning Star."

May 5—"The Attitude of Jesus to Sickness."

May 6—"The Immortality of the Soul."

May 7—"The Judgment of the Cross."

The minister will conduct communion services next Sunday at 11 a.m. at Reidville, and at 2.30 p.m. at Marlbank.

Last Monday evening at Marlbank a Young Peoples' Society of forty members was organized, to meet each Tuesday at 7.30 p.m. The following are the officers:

OBITUARY

Mrs. J. L. P. Gordanier.

-The funeral of Mrs. Anamintha Rebecca Gordanier, wife of the late J. L. P. Gordanier, Morven, took place at Yarker, Monday afternoon, on Saturday, April 17th, 1926, on the arrival of the remains from Ferndale, where she had lived for the last three and one half years, with the Rev. and Mrs. W. H. Montgomery. The funeral service was conducted by Rev. Mr. McErick, at the conclusion of which the remains were placed in the vault.

Mrs. Gordanier was the daughter of the late Patrick and Elizabeth Caton, of Violet, and leaves to mourn her loss one son, J. Almon Gordanier, and Alfred Gordanier, a step-son; also a brother, Thomas Caton, and a sister, Mrs. Alfred Sherrill. The deceased survived her husband eight years, and her only daughter, Adda, two months and a minute.

Mrs. Gordanier was a life long member of the Methodist Church, and was greatly interested in everything that pertained to the advancement of the Kingdom of God. She lived a long and useful life, passing peacefully away to "the rest that remaineth for the people of God".

ENTERPRISE

The weather here is very backward. OSHAWA

A surprise party was given in honor of Miss Morgan, on Thursday night. About twenty young people attended in fancy costume. During the evening we had games and music, including a concert with an impromptu program, everybody showing artistic talent in either reciting or music, not forgetting a Scotch dance. At 10.30 p.m. a very dainty lunch, consisting of fish and chips, sandwiches and cake, was served. One of the gentlemen gave a toast to Mrs. Morgan. Mrs. Morgan very suitably replied, declaring that she was never more surprised in her life than she had confronted that evening by the entire crowd. Mrs. Morgan was presented with a beautiful bouquet of flowers. About 11 o'clock all left for their homes, after motion to see their friends off with the exception to Ottawa, protesting the tariff reductions on automobiles. Mrs. Ross Godfrey, who has been sick, is recovering.—Mrs. Robert Bint, Mrs. Charles Selleck and Mrs. Abe Hagerman went up to Whitby, Sunday evening, to see the Grange degree put on by Mrs. Kennedy's degree team from Toronto, at Viney Ridge Lodge.—Mrs. Abe Hagerman spent a few days with Mrs. H. WEDDING BELLS

Milligan—Gilmour.

The marriage of Miss Annie Gilmour, only daughter of Mr. and Mrs. D. S. Gilmour, of Tamworth, to Mr. Clarence Milligan, eldest son of Mr. and Mrs. Adam Milligan, was solemnized in the United Church, Tamworth, at high noon, Wednesday, April 7th, 1926. Rev. Mr. Thornley officiating. The church was prettily decorated with evergreens, potted and cut flowers and festoons of white crepe paper. There were also evergreens, one in each aisle of the church, and a large one at the front, over which the bridal party stood, made a very pretty setting for the occasion.

The bride was a picture of girlish loveliness as she entered the church, on the arm of her father, to the strains of Mendelssohn's Wedding March, played by Miss Aleta Milligan. Her dress was white silk crepe-de-chene, trimmed with beading and shirring. Her veil was embroidered silk net and was held in place by a wreath of orange blossoms. She carried a sheaf of pale pink roses. Her only attendant was little Miss Alexandra Gilmour, cousin of the bride, who was prettily and becomingly gowned in pale yellow silk, trimmed with touches of rose and silver. She wore a bandeau of silver, flower trimmed, and carried a large silver basket filled with daffodils, among which the ring was placed.

The order of service compiled by the United Church was used, the contracting parties having the honour of being the first couple married by this service on this Pastoral charge.

During the signing of the register, Miss Ruth Wilson sang, "O Perfect Love".

After the ceremony a full course dinner was served at the bride's home, where covers were laid for fifty guests. The bride and groom received congratulations at her home under an arch of white festoons of crepe paper and large white bells. The dining room and tables were decorated in pink and white, to the scheme of the dinner appropriate toasts, first to the bride and her parents, second to the groom and his parents, were proposed by Rev. Mr. Thornley, and responded to by the groom and Mr. G. H. Richardson, respectively. The bride then slipped away and donned her suit of sendal-brown with hat, shoes and gloves to match. She wore the groom's gift, a grey squirrel choker. Amid showers of confetti, old shoes and pans, the happy couple left for the home of the groom, Gilmour and Wiarton.

The ushers were Mr. Lorter Shaw and Mr. Claude Milligan. A circumstance that caused a number of remarks at the wedding was the presence of the bride's two grandmothers, i.e., Mrs. Annie Kimmerly, of Mt. Carmel, and Mrs. Margaret Gilmour, also Mrs. Nancy Watters, grandmother of the groom.

The bride received the little flower girl with a white gold brooch set with a ruby; to the organist an onyx ring, and to the soloist a vanity purse.

A large number attended the kitchen shower for Mr. and Mrs. Russell Withers, on Friday night.—We are sorry to report Mr. Ray Husband is ill.—He is under a Doctor's care.—We are pleased to see Mr. James Russell in our midst again, after a spell of Bronchitis, Michigan.—Miss Lela German spent Sunday with her sister, Mrs. Percy Hawley.—Mr. and Mrs. O. E. Ashley and Mr. Arthur Breen spent an evening recently with Mr. and Mrs. Albert Carscallen, Selby.—Our school is progressing under the able management of Miss Grace Winter.—The many friends of Mrs. Andrew Penny are pleased to see her convalescent after a critical operation several weeks ago in Kingston General Hospital.—A little boarder has come to stay with Mr. and Mrs. Leo Hunt.

WEDDING BELLS

The wedding took place at the home of the bride's parents, Rev. and Mrs. Thornley, on Wednesday, April 21st, 1926, at 6 o'clock, when their daughter, Miss Ruth Wilson, was united in marriage to Mr. Howard Smith, Rev. Mr. Thornley performing the ceremony. The bride was attended by her sister, Miss Mary Wilson, and the groom by Mr. Edgar Keech. The bride was dressed in a navy blue travelling suit with hat, shoes and gloves to match. She wore a corsage bouquet of sweet peas. After the ceremony a dainty lunch was served to the guests present, consisting of the bride's and groom's friends. The bride received many beautiful and useful presents, showing the high esteem in which she is held by her friends. Mr. and Mrs. Smith left on the evening train for Toronto, Niagara Falls and other points, the bride travelling in a navy blue suit with hat to match. On their return they will reside in Napanee, where Mr. Smith has been transferred by the Imperial Oil Co. to take charge of their delivery truck.

NEWBURGH

Friday, 22nd inst., was "Ladies' Night" at Prince of Wales Lodge, and a large gathering of Masons, with their wives and friends, spent a most enjoyable evening, first in the Lodge room and then in the banquet hall. Mr. W. S. Herrington, K.C., gave a very interesting historical sketch of the first Loyalists to come to the Bay of Quinte District under the leadership of Joseph Brant. We are much indebted to Mr. Herrington for the educational address. In Mr. Aylesworth's address he voiced the sentiments of the gentlemen in appreciation of the assistance rendered by the ladies, and this was ably responded to by Mrs. Jas. Wilson, Strathcona, who spoke on "The Place and Power of Women". The musical selections were given by Miss Vandevoort, of Madoc, and Miss Ramsay, accompanied by Miss Leah Ramsay and Miss Ruth Wilde. These vocal selections were very pleasing and each soloist kindly responded to encores.

Mr. Archie McNeely has accepted a position in the Standard Bank at Almonte, for which town he left on Sunday night.

The Public School Softball team played a game against Camden East Public School team, and expect to play again a team from Strathcona this coming Saturday.

Rev. Mr. Hoare, of Strathcona, visited with Mr. and Mrs. George Stone on Sunday afternoon, and baptized their infant daughter.—Mr. and Mrs. H. Wagar were also present for the ceremony.

Miss Florence Pero and the Misses Verna and Muriel Kellar were visiting a few days at Mr. Leslie Kellar's, Croydon.

Mr. and Mrs. J. A. Yeomans, of Napanee, visited on Friday of last week at Wesley.

Mrs. Bowerman spent a few days with Mrs. Benn, Sillsville.

The funeral of the late Mrs. Mary Carter was held in the United Church on Friday afternoon, and was conducted by the Rev. T. H. P. Anderson. During the service Mr. D. E. Smith and Miss Shillington, Odessa, sang "Sometime We'll Understand". The latter sang in accordance with a request of Mrs. Carter sometime before her death. A large number from Deseronto, Belleville, Napanee, Centreville, and nearby districts assembled to pay their respects to the deceased. The remains were laid to rest in Newburgh cemetery.

Miss Stella Perry took the place of Miss Alice Milligan in the telephone office a few days, owing to the latter's illness.

Miss Margaret Mitchell has completed their year's studies at Queen's, and has been engaged as supply teacher for May and June at a school near Odessa.

Mr. Robert Casey, Chief of the Fire Department of Syracuse, N.Y., called on a few of the older residents of Newburgh during the week. Mr. Casey was born in Newburgh, his home being on the site where Mr. Quail's house now stands.

Mr. Ralph Vetsera, of Stoco, visited with Mr. Hector King and family, enroute to Sudbury, where he is engaged for the summer with a lumber company.

Miss Hazel Freeman, of Yarker, spent a few days with Miss Lulu Fluke.

Mr. and Mrs. Frank Wales, Mr. Stanley Hanes, Mrs. Miller, Mrs. Ward Wartman, Mr. and Mrs. Frank Hopkins, Mrs. Allen, Mrs. G. Wartman and Mrs. Bray attended the District Quarterly meeting of the Methodist Church at Odessa, on Sunday.

The remains of the late Mrs. Grant, who died at the home of her daughter at Point Anne, during the winter, were brought to Newburgh cemetery on Wednesday.

Quite a number of people gathered at the home of Mr. and Mrs. Frank Gerow on Tuesday evening to express their good wishes to Mr. and Mrs. Percy Gerow. A very enjoyable time was spent with songs and games. Rev. Mr. Anderson, on behalf of the people, very happily expressed their congratulations, and Mr. Mounce presented the well filled purse. Mr. Percy Gerow, in his expression of thanks, mentioned particularly the gift of the Young Men's Class, an electric toaster.

At the S. S. session of the United Church last Sunday, - Miss Hannah Paul gave a missionary address, "Echoes of the Presbyterial".

The Quarterly Communion Service for the Newburgh Circuit United Church, will be held in Newburgh at 10.30 a.m. next Sunday.

Miss Bruce and Miss Barrie spent a day in Kingston, recently.

Mr. and Mrs. Vandewater and Mrs. Abel visited friends in Yarker and Harrowsmith over the week end.

Miss Vandevoort, of Madoc, was the recent guest of Mr. M. Vandevoort.

Rev. T. H. P. Anderson and Mr. T. A. Dunwoody attended the meeting of the Presbytery in Trenton on Thursday.

Miss McCormack, of Switzerville, is spending a few days with friends here.

Mr. and Mrs. George Paul and Mrs. Scriver, of Toronto, are moving to Newburgh, and have the occupancy of the John Madden house. They will be heartily welcomed by a large number of friends.

Mrs. Roy Samson, of Flint, Mich., is the guest of Mr. and Mrs. A. Samson and other friends in the vicinity.

Mr. Chester Pero is laid up with an attack of the grip.

Mr. J. S. Boyce visited over the week end with Mr. and Mrs. D. Rogers, Wesley.

Mrs. Scott, of Toronto, visited with his cousin, Roscoe Scott, during the week.—Mr. and Mrs. William Scott, of Kingston, also visited with Mr. and Mrs. Roscoe Scott.

Mr. Archie McNeely left this week to accept a position in a bank in Almonte.

BASEBALL

On Saturday afternoon a combination of farce-comedy, burlesque, and continuous vaudeville was perpetrated on Newburgh field by Captains Hank Davern of the Napanee Buffalos and Roddy Miles, aided and abetted by twenty or more accomplices. The game was witnessed by a crowd of fourteen thousand fans, a small crowd for such an important game. It was witnessed by townspeople, a large collection of girls, four automobiles and a yellow dog, name unknown.

Exactly at 2.50 Hank Davern's so-called nine took the field and vainly endeavoured to delude the long-suffering public into believing that they were practicing.

When Umpire "Gow" Buchanan bellowed "play-ball" (as an umpire he is a wonderful check-player) Hank Davern's Buffaloes took the field, for what purpose is unknown. The infielders couldn't have stopped a ball with a writ of 'habeas corpus', while an act of legislature would have been necessary to start an outfielder after a fly.

Davern was a trifle wild at first, but during the first two innings he didn't hit anyone in the grandstand or throw the ball over the stand. Evidently labouring under the delusion that he was a French soldier shooting at a German airplane, Davern persisted in aiming at a spot fully sixty feet above his catcher's head. However, he calmed down in a short time, but the Newburgh team had collected 10 runs.

But just to show that they weren't stingy they quietly gave the Napanees the odd run here and there. However, the game really began for Napanee in the last of the 7th. Taking careful aim the Newburgh pitcher hit Plumley fairly in the back with the ball. Just to show his remarkable accuracy, he next smote Walker in the ribs, a very difficult feat as the lanky youth presented a very thin side-view. Following this Davern smashed a two-bagger to left, scoring 2 runs. Miles then hit Smith, being careful to pick out the left shoulder. There were now two on and two out. Kinkley's hit filled the bases. The score was now 10-6, when Billy Harrison stepped up to the plate and struck what he thought was "Homerun" Baker's pose. He struck at two balls which elevated far above his noble brow. The next ball sailed high over the catcher's head, and Bully took an unusually healthy swing at it. After the noise and tumult died down the score stood Napanee 11, Newburgh 10.

The rest of the game was a nightmare, and the final score was Napanee 21, Newburgh 17.

The Lennox and Addington League will doubtless have another big season this year, as all the Clubs have been strengthened and are confident of bringing home the "bacon".

Odessa fans are very enthusiastic over their chances to retain the cup for another year. Their team will lack the services of O'Neill and Emmons, but in Parrott, Reid, Ford and a few others, they have some very promising material. Tamworth and Addphiamn, the old reliables, will be there as large as life, while Newburgh shapes up as a formidable contender for the title. It was hoped that a team might be entered from here but it doesn't seem likely.

From all appearances there will be no St. Lawrence League this season. There were no representatives from that body at the meeting of the Eastern O. B. A. A. on Saturday, but it is hoped some action will be taken soon.

There is a team of young ball players in town known as the Beavers, and they are looking for a manager and someone to take them up. They are all young boys and are extending an appeal to the fans of the town to back them up. They defeated Newburgh in the latter place on Saturday and play a team from Kingston tomorrow (Saturday) afternoon. There is not a thing in the world to prevent someone forming an association and give the kids a chance to play. If we are to have a good senior team we must cultivate the game among the youngsters—and here's the chance. Come on, let us see someone take the lead and give the kids their chance.

Napanee lost one of its best and most popular athletes when Fred Bentley left for Iroquois Falls. Bentley has played hockey for the town team for quite a few years, and was one of the best players on the team. He is a good checker and a speedy skater, to say nothing of his general all round good playing. He has also played ball for a number of years for the town team. He is a good hitter and fielder, and is also very useful behind the bat. Besides these two sports, he excelled in boxing. His ring experience was not very long, but he has two medals to show his grandchildren. Local fans are sorry to see him leave, but all wish him the best success in his new venture.

LACROSSE

Interest is reviving in lacrosse in town, and local followers of the sport expect to see a strong team here this season. Messrs. Walter Metcalfe and Harry Roe are very enthusiastic over the team, and expect to see the team win quite a few games. Tamworth and Belleville will have strong teams.

The journey over the entire length of the Banff-Windermere highway through the heart of the Canadian Rockies can be made comfortably in one day. The route lies through virgin wilderness, but rest camps, automobile camping grounds, bungalow camps and service stations are located along the way in such numbers as to guarantee accommodation for those who wish to make a more leisurely survey of the road.

DELIGHTFUL CONCERT

The concert in St. Andrew's Presbyterian Church on Friday night given by W. T. Baird, L.S.I.M., organist, of Napanee, his daughter, Miss Catherine F. Baird, pianist, and Miss Eileen Law, contralto soloist of Eaton Memorial Church, Toronto, former organist of the former Division St. Methodist Church. Mayor F. J. McArthur ably occupied the chair and a most appreciative audience assembled.

The opening organ number by Mr. Baird, Overture, "William Tell", was a splendid number with the tranquility of the Andante passages that preceded the storm, the charming pastoral movement, and the brilliance of the finale well brought out. Another outstanding organ number was Fugue in D by Bach, which was splendidly interpreted by Mr. Baird. His repertoire was a varied one and included besides "Will O' the Wisp" Nevin; "The Brook", Boissedfre; Varied Scotch Airs, Buck; "The Answer", Wolstenholme; "Farfait D'Amor", Hime; and "March Militaire", Gounod, which proved a spirited closing of an organ programme of rare excellence. Mr. Baird played in duo also with his gifted daughter, the piano and organ numbers including selections from MacDowell, Nevin and Greig, all brilliantly given.

Miss Eileen Law, soloist, is a contralto with a full mastery of a voice of full, rich and warm quality. Her vocalism was so good and her singing so sincere and free from mere artifice that she won her audience to complete attention. Her first group was ambitious but she proved equal to her task. It included "Affani del Pensior" by Handel, and "Ogni Spietata" by Pergolesi. In "Standmuf Brahms and "Trees" Rasbach, she transfused the indefinable mystery of the melody into her tones and made the songs a success. "Still As The Night", Bohm, and "Will O' the Wisp", Spross, were very much admired. Miss Law's last group was rendered with a great amount of versatility and fine musical ability. This included "Sundown", Carlisle; "Fairings", Easthrope Martin, and "Happy Song", del Riego. All were much enjoyed.

The outstanding ability which has marked Mr. W. T. Baird's musical career, was reflected in the remarkable efficiency of his daughter, Miss Catherine Baird, as pianist. Miss Baird possesses a wonderful technique and rare gifts of interpretation. She played "Rhapsodie" Liszt, and "Chant Polonise", Chopin Liszt, with charming touch and effectiveness. Miss Baird's last number "Concerto in G" Mendelssohn, with orchestral part arranged for the organ by Mr. Baird, was a splendid selection which was thoroughly enjoyed.

The appreciation of the audience was voiced in a vote of thanks, ably moved by Col. N. F. MacNachtan, C.V.I., and efficiently endorsed by Rev. F. J. Horwood, Mus.Bac., and Mr. Harry Field and enthusiastically ratified by the audience.—Cobourg World, April 22rd.

INTERSCHOLASTIC BASKETBALL

On Friday evening, at the new gymnasium, Kingston Hi-Y Club defeated the local Collegiate by 34-32. Not that they were the better team, but because they happened to score one basket more than the N.C.I.

The first period ended 12-4 for N.C.I. The second ended 20-18 for Kingston. The last period was a nip-and-tuck affair, neither side securing a commanding lead. The play was swift and the score continually changed. Kingston finally ended up on the long end of a 34-32 count.

Harold Buck was Kingston's best, although all the others played real basketball. This boy's fake passes and his dribbling and shooting was a treat to watch. Hannah, lanky centre man, was also good. He landed a beautiful basket from the centre of the court and was responsible for several others. Elliott was the high-scorer of the evening, with seven field goals. Upton was a mighty useful man, as was Thompson, who cared four field goals. Hunt, White and Clegy did their share of the work and their play was of a high order.

J. Carr was the high scorer of the locals, with four field goals. MacDonald wasn't up to his usual form and the rest of the team missed many easy baskets. The locals were outclicked most of the time in their shots and with any luck would have won. Paul Thornley caged a beautiful field goal and his work and Cowle's on the defence could not have been beaten. Bill Carr scored two field goals, and Malcolm Corkill got in some good work. Ballard contributed two field goals and Deline got in some nice defensive work.

The teams:—

Kingston—Forwards, Elliott and Upton; Centre, Hannah; Defence, Thompson and Clegy; Subs, Buck, Hunt, White and Thompson.

N.C.I.—Forwards, MacDonald and Fraser; Centre, J. Carr; Defence, Cowle and Thornley; Subs, Corkill, W. Carr, Deline and Ballard.

WHEN THE SUN SHINES.

We all of us have our dismal times,
The times when we get depressed—
When life seems reft of the glamour of joy
And nothing is bright with zest.
We've all of us felt both sorrow and loss,
But let us be "sports" and say:
"There's always a break in the clouds at last
When the sun shines through the grey!"

We all of us know what it is to faint,
We know what it is to fear;
We know what it is on stormy seas
To worry the while we steer.
But spite of the hurricane's battle and roar,
We'll weather the tempest-fray—
There's always a break in the clouds at last
When the sun shines through the grey!

Heroes weren't made without something to fight
And something to conquer, too!
Other men put all their doubts to flight—
Then rise as those other men do.
Remember the blackest of black nights ends
At dawn of the grand new day;
There's always a break in the clouds at last
When the sun shines through the grey!

RHEUMATIC PAIN AND THIN BLOOD

Liniments of No Avail — The Trouble Must Be Treated Through the Blood.

The most a rheumatic sufferer can hope for in rubbing something on the swollen, aching joints is a little relief and all the while the trouble is becoming more firmly rooted. It is now known that rheumatism is rooted in the blood, and that as the trouble goes on the blood becomes still further thin and watery. To get rid of rheumatism, therefore, you must go to the root of the trouble in the blood. That is why Dr. Williams' Pink Pills have proved so beneficial when taken for this trouble. They make new, rich blood which expels the poisonous acid and the rheumatism disappears. There are thousands of former rheumatic sufferers in Canada, now well and strong, who thank Dr. Williams' Pink Pills that they are now free from the aches and pains of this dreaded trouble. One of these is Mr. Robt. A. Smith, Mersey Point, N.S., who says:—"Some years ago I was attacked with rheumatism, which grew so bad that I could not walk and had to go to bed under the doctor's care. It is needless to say that I underwent a great deal of suffering. The doctor's medicine did not seem to reach the trouble, so when I was advised to try Dr. Williams' Pink Pills I did so, and after taking them for some weeks I was able to get out of bed. I continued using the pills and was soon able to work, and I have not been troubled with rheumatism since. In other respects also I derived a great deal of benefit from these pills and I think them a wonderful remedy."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The local town hall provided office room for several public officials, among them the police surgeon, to whom candidates for the force go for medical examination.

One day a muscular young fellow presented himself at the surgeon's office. He was told to strip to the waist.

"What's that?" said the man.

"Strip!" repeated the doctor sharply.

He complied, and was duly measured, punched and pounded.

"Skip over that chair," said the surgeon.

The man did so, and barked his shins. He was getting indignant.

"Knees back; touch the floor! Now run round and let me test your heart and wind," said the surgeon.

The candidate exploded.

"I'm hanged if I will!" he roared. "I'd rather stay single."

He had strayed into the wrong room. The marriage registrar's office was on the other side of the corridor.

FIVE CROWN PRINCES SHY AT MATRIMONY WHILE QUEENS PLOT

London, April 24th.—Heirs to five European thrones are balking at donning the matrimonial halter and Europe wide campaign to lure them into wedlock is beginning simultaneously with the opening of the season of moonlight and romance.

The Prince of Wales and the Crown Princes of Spain, Italy, Belgium and Norway are the bachelor princes. Occasionally rumor marries them off, but so far none of them has furnished any confirmation.

To make things worse, in each country eligible bachelors among the minor princelings and nobility seem to be lagging likewise in their duties towards the girls.

Here gossips directly connect the Prince of Wales' persistent failure to marry with the reluctance of other bachelors to walk up to the altar — the argument being that the Prince of Wales, as the arbiter of fashion, is making marriage unfashionable.

Alfonso, Prince of the Asturias, heir to the Spanish throne, is 19; Humbert of Italy is 21; Olav, of Norway is 22; Leopold of Belgium is 24; the Prince of Wales has reached the advanced age—for a bachelor heir to a throne—of 31, and he will be 32 in June.

Some of the princes may seem young for matrimony, or at least too young to cause worry at their failure to take brides. But heirs to thrones age as early as do prize-fighters; they are supposed to marry young, so as to raise families and insure the maintenance of the royal line.

The Prince of Wales, of course, is the horrible example. Rumor had him matched with Princess Astrid of Sweden. When someone asked him about it, the Prince of Wales laughed. There may or may not be a further development.

The Prince of Wales seems to be enjoying himself; he dances, plays the banjolete and bangs trap drums, of which he is fond; exercises strenuously—and all his favorite dancing partners are married women. Every mother is after him.

Prince Olav of Norway may be the first to fall. Rumor says his engagement may be announced soon to Lady May Cambridge, daughter of Princess Alice, Countess of Athlone, and a niece of King George.

Another rumor is of the impending engagement of Prince Humbert of Italy and Princess Marie Jose, only daughter of the King of Belgium.

Gossips also are trying to marry Prince Henry, King George's third son, to Lady Mary Scott, daughter of the Duke of Buccleuch.

Three royal mothers will have a chance to confer soon regarding various marital possibilities, for the King and Queen of Spain and Queen Marie of Rumania are scheduled to visit King George and Queen Mary during the present social season, and both Queen Marie and the Queen of Spain are bringing a daughter along.

It is unlikely, however, that either daughter will be mentioned even by gossip in connection with a British prince, for King George's is a strictly Protestant family, and if the Prince of Wales or any other British Prince marries a foreign girl, she is almost certain to be a Protestant.

MAY ROD AND GUN

A wide variety of subjects in the field of the outdoors is covered in the May issue of Rod and Gun which has just been issued. In connection with the opening of the camping and fishing seasons, the current issue of the magazine contains a number of interesting articles which should prove of value to those planning to visit the woods or streams. The regular departments of Fishing Notes and Outdoor Talk carry articles particularly appropriate to the season.

Bonnycastle Dale's contribution to the May issue is a novel one, giving sportsmen an insight into the commercial side of fishing for mackerel. Raymond Thompson presents an interesting nature study of the bear, and there is also an interesting article on Jasper National Park and a fiction story "Never Say Die" by Harry M. Moore.

Rod and Gun is published monthly by W. J. Taylor, Limited, Woodstock, Ontario.

A new Canadian record in lead output was established in 1924 when the recovery totalled 175,485,499 pounds, an advance of 57.7 per cent above the previous high record of 111,234,486 pounds set up in 1923, according to a statement issued by the Dominion Bureau of Statistics. Production was valued at $14,221,345, an advance of 78.2 per cent above the total of $7,985,522 in 1923.

A rising young artist was showing a lady through his studio.

"This picture," he said, stopping before one of his early efforts, "is one I painted to keep the wolf from the door."

"Indeed!" replied the woman. "Then why don't you hang it on the knob where the wolf can see it?"

Recommended Them to Scores of Sufferers

Manitoba Man Used Dodd's Kidney Pills for Aching Back and Bladder Trouble.

Mr. G. I. England Received Great Relief and is Now Very Enthusiastic About Dodd's Kidney Pills.

Dosford, Man., April 26th, (Special).—"I was troubled with my kidneys," states Mr. G. F. England, a well known resident of this place. "I used to suffer with an aching back and can assure you I found your Dodd's Kidney Pills gave me great relief. I have taken them for ten years and have recommended them to scores of sufferers."

It is noticeable that people who have used Dodd's Kidney Pills are always enthusiastic in recommending them to others. That is how Dodd's Kidney Pills have made and maintained their reputation.

Dodd's Kidney Pills are purely and simply a kidney remedy. They act directly on the kidneys, strengthening them and putting them in shape to strain all the impurities out of the system. Dodd's Kidney Pills will enrich your blood and feed your nerves, and every dose you take will give you a new store of health and energy.

"IT PAYS TO ADVERTISE"

During recess at a country school following notice was written on blackboard: "I am willing to kiss Ed in this school. Your patronage is solicited. Tommy Jones."

The young teacher blushed prettily as she erased the notice and requested Tommy to remain after school. Several of his schoolmates, feeling that Tommy was in for a "strapping", loitered outside while he was detained by the teacher. After a long wait he appeared and was immediately besieged with questions as to what had happened.

"I ain't tellin'," said Tommy. "All I got to say is, 'It pays to advertise.'"

IN MEMORIAM

In loving memory of our dear husband and father, Leonard G. Melburn, who passed away on April 25th, 1921.

Two years have passed and gone
Since one we loved so well
Was taken from our home on earth
With Jesus Christ to dwell.

We miss his dear familiar form,
We miss his smiling face;
There is no one in all the world
Can fill our father's place.

The flowers we place upon his grave
May wither and decay;
But the love for him who sleeps beneath
Shall never fade away.

Hush, we hear the angels' whisper,
He is here, the one you love,
Just a little while before you,
In the Heavenly home above.

Sadly missed by Wife and Children. 18a

IN MEMORIAM.

In loving memory of my dear brother, who was laid to rest on May 2nd, 1924.

It was hard to part with him so young,
So full of promise bright;
But God to him a crown has given,
And garments pure and white.
It is so sweet to know we'll meet again,
Where parting is no more,
And that the one we loved so well
Has only gone before.

Sadly missed by his Sister, Mrs. Perry Parks. 18ap

Topping Potatoes.

Attempts at removing the green tops of potatoes on the assumption that they detract from the tuber development have proved it a poor plan, and in the majority of cases where records were kept, the topped potatoes produced the poorest tuber crop weight, though in some instances the potatoes were larger.

Invention of Printing.

He who first shortened the labor of copyists by device of movable types was disbanding hired armies and cashiering most kings and senate and creating a whole new democratic world; he had invented the art of printing.—Life of Frederick the Great.

Expansion of the Mind.

What we seek in education is full liberation of the faculties, and the man who has not some surplus of thought and energy to expand outside of the narrow circle of his own task and interest is a dwarfed, maimed creature.

Unfortunate Child.

Margaret and Helen are cousins. One day Helen refused to play with Margaret. When asked why, she said: "Mother, I can't play with Margaret; she was born too late and don't know how to play games."

Diseases of Metals.

So firmly do some scientists maintain the theory that changes in metals are due to conditions resembling diseases in organic matter that a German navy yard maintains an expert to study the question.

Marriage Question.

Man sometimes wonders whether or not he wants to get married; with a woman her chief concern is whether or not a certain man is the one she wants to marry.

Economy Tooth Powder.

Equal parts of salt and soda sifted together makes a very good tooth powder. It preserves the teeth, makes them feel nice and smooth.

The Furrow of Life.

In plowing the furrow of life straight, you may plow some flowers under, but you'll plow lots of vermin out.—Exchange.

Humility.

To practice humility look into the sky and remember what thou knowest not.—A Chinese proverb.

On Bidding Adieu.

Let us leave the world wiser and better than we found it, and we shall leave it happier.—Shuttleworth.

Soul's Longing.

The soul's longing is the heart's privilege.

Everybody's Rule.

Measure time by good deeds.—Mansini.

Salmon and Acids.

Investigators say that salmon find their way into rivers by means of the presence of acids or alkalis, which, of course, varies in different streams. Even when they are a long way out at sea, says the Youth's Companion, they can discover the trace that will lead them to the bay and the stream that they seek. It thus becomes unnecessary to appeal to a "homing instinct" to explain the return of certain salmon to certain rivers or the "running" of herring to certain localities.

Turkish and Greek Women.

Turkish women never serve in Christian houses, unless as occasional charwomen or washerwomen. Greek and Armenian women, on the other hand, are the mainstay of the Constantinople housekeeper; even Turks often employ them. The Greeks are the smartest and the most efficient, though they are perhaps too quick-witted to be perfectly reliable. The Armenians are neither so quick nor so presentable.

One-Tea Walrus.

The average-sized Alaska walrus is as big as an ox and often weighs more than a ton. A walrus was killed by some whalers near Point Barrow whose head weighed 80 pounds and skin, including flippers, 500 pounds. The animal had a girth of 14 feet, the skin was from half an inch to three inches in thickness, and the blubber weighed 500 pounds.

Need Energy-Yielding Foods.

Persons who are doing heavy physical labor and very active children need more energy-yielding foods than those engaged in mental work or light physical labor. Some of the principal energy-yielding foods are cereals, bread and butter, corn breads, white and sweet potatoes, cream, and other wholesome fats, and sweets.

ON GROWING POTATOES

IMPORTANT CROP IN ONTARIO AS IN ALL THE WORLD.

Although Universally Grown Not Every One Uses the Best Methods of Cultivation.

(Contributed by Ontario Department of Agriculture, Toronto.)

The potato is one of the four principal food crops of the civilized world. More land is devoted to the potato in countries where it is grown, than to any other vegetable crop used for human food.

Important In Ontario.

In Ontario the potato crop is one of great importance. There are certain well defined areas where it is grown almost exclusively as either an early crop or as a late crop. Other districts grow a proportion of both crops. The real early districts are located in Peel, Wentworth, Lincoln, Norfolk, Elgin, Kent, Essex and Lambton counties. The late crops and seed crops are grown pretty generally throughout the other counties and districts of the Province.

Soil.

The market gardener and truck grower aims to grow an early crop and desire a well-drained soil of a sandy or sandy loam nature. Such a soil must be supplied with plant foods and be in such a mechanical condition as to retain the necessary moisture. For the late or main crop any good loam, well drained, friable and rich will give a good crop. Thorough soil preparation is essential in all cases.

Manures, Fertilizers and Their Place In Crop Rotation.

Crop rotations play an important part in fitting soil for potatoes and it is generally considered that potatoes following clover sod, preferably manured and ploughed under during the previous autumn for the early crop, is a good practice. The soil should be kept rich and open, avaid ing the use of fresh manure, as such is apt to create conditions favorable to potato scab. Commercial fertilizers can be used to supplement manures. Under the conditions generally experienced in this province phosphorous and potash [illegible] the elements most needed. [illegible] clover and manure are used i[illegible] generally considered necessary to use commercial nitrogen excepting in particular cases with the early crop. On light soils, where manure and clover are used an 0—(10 to 14)—4 application as to treatment, the potash can be reduced. Where chemical fertilizers alone are used as the source of plant food, a 2 to 4—(10-12)—4 to 6 mixture applied up to one ton per acre may be used.

Planting.

Sets containing two eyes and of at least two ounces in weight should be used. These are planted from nine to fifteen inches apart in rows thirty to thirty-six inches apart. The late crop should be planted thirty-six inches between the rows.

MESOPOTAMIA TO COME BACK

Prophecy That Ancient Land is to Be Redeemed From Present State of Barrenness.

It may be remembered that, when Gen. Sir Stanley Maude had to lay down his work with his life in Mesopotamia, that work was taken up and carried on successfully by Gen. Sir W. R. Marshall. The expedition which he sent up the Euphrates freed that river from the Turks, and just before the armistice the force which he led up the Tigris from Bagdad captured the entire Turkish army of 7,000 about 50 miles south of Mosul, the city which stands on the west bank opposite the ruins of Nineveh. Since then the country has had peace, and all the way north and west from Basra there has been a notable revival of commerce and agriculture, with a beginning of the great irrigation scheme devised by Sir William Willcocks. It was through irrigation that in ancient times the land developed its extraordinary fertility, and traces remain of the network of canals that formed the center of Babylonia.

Is there to be a renewal of that fertility in place of the desert barrenness produced by Turkish neglect and maladministration? General Marshall, who has returned to England, is of that opinion. Speaking recently at Durham he made one very remarkable statement. As a result of experiments, he said, it was believed that Mesopotamia would become the finest cotton growing country in the world. That is a large expectation, too large to disturb cotton growers in other countries. Details of the experiments, showing surprising results, will have to be made known before the "new Island" territory of Georgia, South Carolina and Florida can believe that its supremacy is threatened by Mesopotamia, or that the beautiful long-stapled silky wool of its peculiar variety can be excelled anywhere.

AZORES AT A STANDSTILL

Population Has Shown Little Change in Last Century—Lost Trade in Sugar and Tobacco.

The population of the Azores is about 245,000, the number of inhabitants having changed but little in the last century, and, if anything, having diminished. This fact is probably due more to various political and social conditions than to climatic, agricultural, or other conditions of the islands. In the early days the Portuguese literally "raised cane" on the islands, and established a large sugar trade with England and other countries. Tobacco and fruits were also produced in great quantities, but with the discovery and settlement of Brazil and other South American countries, Portugal rather discouraged production in the Azores in order to aid her colonies in South America. With the sugar and tobacco trade snatched from them, the Azoreans began the cultivation of the vine, and the making of wine and other liquors became one of the chief industries of the islands. The population consists mainly of Portuguese, Moorish, and Flemish settlers, with a few negroes and a fair sprinkling of English settlers.

Novel Apartment Building.

A San Francisco woman realty operator has planned a novel building. Her idea is to utilize a steep bluff 350 feet high. On it she proposes to erect a series of apartments running in stair-step fashion from the street down to the water of San Francisco bay.

It is proposed to have each apartment equipped with its own elevator entrance, pergola and roof garden, with a glass-covered inclined elevator connecting all with the private wharf for fishing and boating. Other features projected are a specially warmed sea-water bathing tank and glass inclosed and a heated playground for children on the beach. Steam heat, hot water, laundry, garage, billiard, fish and ball rooms are to be provided as matters of course. The site commands a fine view of the Golden Gate and the sea outside, according to the prospectus, and it is said the apartments, which will rent at a prohibitive (for most of us) price, are already under lease, even before the building has been started.—Kansas City Star.

His Opinion.

"True, women's fashions are so immodest as to shock the pure," said J. Fuller Gloom. "The summers are also hotter and the winters colder than they ever were before. Just as usual, the country is going headlong to the dogs. Every town in America has more fools and crooks and gossips in it, in proportion to its size, than any other town in America. The poor are always growing poorer and the rich growing fatter. The end of the world is always at hand, and probably always will be. In fact, there is everlastingly something to howl about, if you want to howl. The women have always worn exactly what they pleased in just the manner that suited them best, and there never was and never will be any help for it. And if their diaphanous garb offends you there is no law compelling you to keep edging around until you get a comely woman between yourself and the sun, confound you!"—Kansas City Star.

Knew the Stock.

Thomas—Has the boss got any horses for sale?

The Groom—No, sir, but I reckon Mr. Smith has.

Thomas—Why?

The Groom—Well, the gov'nor sold him a couple last week.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.

"Your daughter tells me that your wife is having her voice cultivated." "Yes? And did she tell you that the rest of us were growing wild?"

Old Ways of Telling Time.

In remote ages the Japanese and Chinese used a knotted wick to record time, two feet in length. The wick burned slowly and each knot recorded an hour. Philippi II of Spain is said to have used an oil lamp for the same purpose. The oil was contained in a glass receptacle, on which was a scale marking the hours from four in the afternoon to eight the next morning, and the height of the liquid upon the scale would show the time. A 12-inch candle, of which three inches would burn away in an hour, is supposed to have been used by King Alfred.

Old "Ohio Company."

The so-called "Ohio company" of early times was organized in Boston in 1786 for the purpose of buying government land and founding a settlement northwest of the Ohio river. In 1787 its agents contracted with congress for 1,500,000 acres of land and obtained an option for 5,000,000 acres. The company founded the town of Marietta, O., which became an early center of New England influence in the Northwest. The contract made by the Ohio company contained the first national land grant for a university.

A Real Argument.

She is a little five-year-old girl in Ewing street. Of course she had violated a rule of the home and was about to be punished. "Now, papa, what are you going to whip me for?" she asked. "You see, I have already done what you told me not to do and I am sure I will never do it again, so it won't do any good to whip me." And now papa is wondering what will become of the child if her philosophy grows with her years

Rainbow Bridge.

A professional paper of the United States geological survey on the geology of the Navajo country describes, as perhaps the most striking erosion feature within that region, a recently discovered natural bridge, which has been named the Rainbow Bridge. It spans Bridge Canyon, on the northwest slope of Navajo mountain. Its symmetry and graceful proportions make it one of the finest natural bridges of the world.

English Is Bad Enough.

Why talk of the difficulty of pronouncing Polish, Austrian, Russian or Roumanian names when ninety-nine out of one hundred cannot pronounce scores and scores of English names? Just think of Bertie pronounced as Barty, Tilwey as Dillon, Beleoir as Beever, Featherstonhaugh as Festunhaw, Dalzell as Dee-el. Ruthven as Rivvan. And these are by no means the worst cases.

Oil on "Troubled Waters."

The experiment on a large scale on smoothing water by means of oil was first made at Peterhead, England, by John Shields, 56 years ago. A force pump with 1,200 feet of lead and iron pipe was used to throw the oil upon the waves at the harbor's mouth. Although the sea was running high it became smooth as soon as the pump began to "pour oil upon the troubled waters."

The Last Asthma Attack may really be the last one if prompt measures are taken. Dr. J. D. Kellogg's Asthma Remedy will safe-guard you. It will penetrate to the smallest bronchial passage and bring about a healthy condition. It always relieves and its continued use often has a permanent effect. Why not get this longstanding trouble to-day and commence its use? Inhaled as smoke or vapor it is equally effective.

One of the old touring companies which still exist was purveying a heavy melodrama of the old-fashioned type to a sophisticated provincial audience. The hero, with his barnstorming ways, was especially unpopular with the gallery.

"Keep a stout heart, fair one," he counselled the heroine, "the worst is yet to come."

"Good Lord!" moaned a wit upstairs, "he's going to sing."

Quickly Drives Out All Rheumatic Poison

The first day you take Rheuma, the doctor's remedy that is selling so rapidly, you'll realize that when Rheuma goes in Rheumatism goes out.

It matters not whether you are tortured with pain, crippled with swollen joints or afflicted with sciatica or allied twinges, Rheuma is guaranteed to end your rheumatic trouble or money back.

Rheuma is just as effective in cases of lumbago, sciatica, arthritis and chronic neuralgia.

Rheumatism is a dangerous disease. It often affects the heart and causes sudden death. If you have it in the slightest degree get a bottle of Rheuma from Wallace's Drug Store or any druggist to-day and drive it from your system at once.

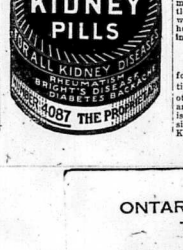
A hard-riding old sportsman had an accident while hunting and was taken off to a nursing home. When he had recovered sufficiently to permit visitors, an old friend went to see him.

"Well, Jack," said the caller cheerfully, "how are you getting on here? How's the grub?"

"Ten a port-wine and egg diet," said the victim, grimly.

"Ahu, sounds good," commented the visitor.

"Yes," growled the patient, "it would be top-hole if the eggs were as fresh as the port and the port as old as the eggs."



SPRING CROP OF CALVES

HOW TO RAISE BABY BEEF ON SKIM MILK.

Experiments at the O. A. C. Show You Can Do the Milking, Sell the Cream and Still Have a Good Calf.

(Contributed by Ontario Department of Agriculture, Toronto.)

Many breeders of beef cattle prefer to hand-milk their cows and, with the growing demand for young and handy-weight beef, the question of the possibility of making baby beef on skim milk is a live one. Of course, no one will argue that better baby beef can be made with skim milk than with whole milk, but many believe it impossible to satisfactorily finish calves at baby beef age and weight without whole-milk for most of the feeding period.

An experiment with four good grade Shorthorn calves by a pure-bred bull and fed off with skim milk gave us some rather valuable results. The calves were put in in late January and February, 1924, and were marketed in late January, 1925, at just about twelve months old and at an average weight of approximately 800 pounds each. They graded choice handy-weight cattle and were very choice baby beef in carcass. They made a daily gain per steer of 1.361 pounds, and over cost of feed of $54.86 and a profit of $34.85 over all costs, including initial cost of calves. We were pleased indeed with the results. These were good calves, purchased in the market at the popular weight and grade, had given good market prices for feed consumed and had taken practically no whole milk after the first three weeks of age. There are some possibilities in this direction, but good beef type calves are necessary to start with and more than the usual care in feeding is necessary. It would not be advisable to try it with dairy-bred stock and certainly care in feeding and housing are essential, but it looks possible to make fairly good baby beef from skim milk calves of the right beef breeding if they are fed right and kept in the stable, preferably in box stalls.

The Dairy Veal Calf.

Experiments have shown that dairy-bred steers and heifers are not suitable for beef production, so it becomes necessary to dispose of many calves from commercial milk-producing herds as well as cull calves from pure-bred herds. Most people do not like to destroy such calves at birth and so try to veal them off. While a dairy-bred calf does not make as good veal as a beef-bred calf, it is to be eaten at all he is more likely to meet expenses and more nearly suit the consumer as veal than as any other kind of meat. With a number of calves in our own herd—Holstein, Ayrshire and Jersey—we found they averaged 71 pounds each at birth, that in from five to seven weeks it took 7.98 pounds of whole milk for a pound of gain in weight, and the work showed that the best way to handle such calves is to give them whole milk for the first three weeks of their lives and get them on to the market as soon after that as possible, or, in other words, profits drop week by week in feeding whole milk to an average dairy-bred veal calf after he is four weeks of age, at which time he is marketable. Calves marketed, however, be put in the best possible condition if to be marketed at that age, as poor veal injures the market for all veal.—Dept. of Animal Husbandry, O. A. College.

The Big Co-Op.

The Big Co-Op. can fix, and force buyers to accept fair and uniform grades; can establish its own brands and maintain an exclusive market for them through advertising.

The Big Co-Op. can develop new uses for a product; can find new markets where none existed previously; can usually find a sale for low grade products, without damaging the market for higher qualities.

The Big Co-Op. can make save of the credit of the buyers, and fight fraud; and can establish retail outlets for its products when necessary.

The Big Co-Op. can blend and process the product, and collect the profits thereof.

The Big Co-Op. can demand and secure better railroad service, and the cheapest storage and insurance rates.

The Big Co-Op. can sometimes sell the product direct to the manufacturer, exporter, or retailer, reducing speculative danger and cutting out the intermediate profit. A single farmer or a small Co-Op. can not do this.

AN AID TO THE STAPLES.

When Fencing Rough Land Nick the Posts.

The up and down pull exerted on the staples used in keeping wire fencing in position is often so great as to loosen and extract the staples holding the wires to the posts on higher ground. A sagging fence is worse than useless as it tempts stock to go over and may cause them injury. All wires may be kept tight and in place by simply cutting a shallow notch in the post where the wires are to be held and then resting the wire on the shoulder of the notch. The post will then support the pull whether up or down, and the staple can do its part in holding the wire into the post, all that a staple is intended to do.—L. Stewart, Director of Extension, O. A. College.

Canada Thistles.

The best way to kill Canada thistles is to use a three-year rotation and cut or not more than four years, such as a grain crop seeded down with red or sweet clover, left one year to pasture or hay, followed by a hoe crop and sown with grain and reseeded. Timothy need not be sown with the clover and it may be left in meadow two years. The clover plant does most of the work in smothering thistles and in being cut at a time that will be very harmful to thistles. As a hollow, water gets in the stems causing decay.

O.A.C. NO. 144 OAT

NEW VARIETY WHICH IS NOW TAKING THE LEAD.

Now Eligible for Registration In Canada—Interesting Notes on Soil and Dairy Matters.

(Contributed by Ontario Department of Agriculture, Toronto.)

Within the past three years the O. A. C. No. 144, which is a new variety originated at Guelph, has made a particularly high record throughout Ontario, as can be seen from the following table:—

VARIETIES	STRAW (TONS) 1925	STRAW (TONS) AVER. 3 YRS	GRAIN (BUSH.) 1925	GRAIN (BUSH.) AVER. 3 YRS
O.A.C. No. 144	1.43	1.53	83.70	62.33
O.A.C. No. 72	1.32	1.42	82.2	61.75
O.A.C. No. 3	1.06	1.16	61.46	61.39
Liberty	1.07	1.17	52.56	49.83

Of all the varieties, strains and hybrids of oats grown in the experimental plots in 1925, the O. A. C. No. 144 gave the highest yield per acre as it did in 1924. At the annual meeting of the Canadian Seed Growers' Association which was held last year at Edmonton, Alberta, this new variety of oats was accepted as eligible for registration in Canada. This is the only variety of oats which has been added to the eligible list for several years.

The O. A. C. No. 144 variety of oats was started from a selection taken in 1912 from amongst plants of the O. A. C. No. 72 variety. It is decidedly different, however, from the latter and seems distinct from any other of three hundred or more named varieties of oats which have been tested for five years and upwards at the Ontario Agricultural College.

The O. A. C. No. 144 is a tall, vigorous, broad-leaved, exceptionally stiff-strawed, late variety of oats which possesses a spreading head and a long, slightly brownish white grain practically free from awn and which produces a heavy yield of both grain and straw of good quality. The ripening crop has a beautiful appearance with a golden tinge.—Dept. of Extension, O. A. College.

DAIRY NOTES.

Don't Overfill the Churn.

Butter of good quality can be made by separating fresh whey at the cheese factory and churning the whey cream, with or without ripening the cream.

Skim-milk powder mixed at the rate of one pound of powder to nine pounds of warm water makes a good culture or starter for ripening cream for butter. It is considered advisable to ripen cream for churning.

Overloaded churns cause a heavy loss of fat in the buttermilk. Churns should not be filled over one-half full of cream.

The acid-alcohol test for skim-milk and buttermilk shows that the losses of fat in dairy products is much greater than is commonly supposed—about double that shown by the ordinary Babcock test for skim-milk.

Skim milk and buttermilk may be condensed, or preserved and then be used for feeding pigs and poultry with satisfactory results. The addition of lime to the milk that it reduces the bulk and puts it in condition where it will keep in storage.

Sour cream may be "neutralized" with bicarbonate of soda and be used for ice cream manufacture. "Improvers" or "ripeners" shorten the time required for ageing the cream but do not lessen the overrun and without deteriorating the quality of the ice cream made by their use.—Dairy Department, O. A. College.

GETTING SKINNIER EVERY DAY

Something Must Be Done and Done Right Now — Quick

Hollows in Cheeks and Neck Growing Deeper Every Week

Tens of thousands of thin, rundown men—yes, and women too—are getting discouraged—are giving up hope of ever getting back to normal flesh and look healthy and strong.

All such people can stop worrying and start to rebuild their health right now for McCoy's Cod Liver Extract Tablets which any druggist will sell you for about 60c a bottle on basis of skinny folks every day.

One woman, tired, weak and discouraged, gained 15 pounds in five weeks and now feels fine.

We all know that the livers of Cod Fish are full of vitalizing flesh producing vitamines and these same vitamines of the highest class are found in McCoy's Cod Liver Extract Tablets—sugar coated and as easy to take as candy.

And this shows what faith the makers have in McCoy's for they say: If any thin person don't get at least 5 pounds in 30 days your druggist will give you your money back—and only 60 cents for 60 tablets. Ask any live pharmacist anywhere in North or South America.

But be sure to get McCoy's, the original and genuine.

"My dear, I thought this was your washday."

"Yes, but the laundress has been through for hours—we use Rinso at our house."

Rinso has fairly revolutionized wash-day. Rinso changes the hard work of washing to just rinsing.

No more hard bar soaps to cut up or rub on the clothes. No more rubbing.

Wash-day now means simply soaking the clothes for a couple of hours in Rinso suds, or overnight, then just rinsing.

Gloriously white, sweet-smelling clothes are the result—and you'll save time and temper.

Shoes Worth More Than Pigs.

A shoe manufacturer, so this story is told, raises pigs on the side. He sold one the other day. He got $90 for it. The buyer paid him 22 cents a pound for it, and it weighed over 400 pounds.

"A good price you got for that pig," remarked a friend.

"Not so very much so," replied the shoe manufacturer.

"Well, $90 for one pig looks like a good price to me," answered the critic. "It is more than you get for shoes."

"That is not so," responded the manufacturer. "I sell my shoes at the rate of $5 a pound, and for 400 pounds of shoes I would get $2,000. So, you see, shoes are worth a lot more than pigs."—Brockton Enterprise.

Here are the facts

When 3 telephone orders can be taken in the time required for one order over the counter — as has been proven — and the amount of a telephone sale averages almost a third more, as it does, can there be any doubt in your mind that the merchant who takes the telephone consistently will win out over the rival who does not?

Can you afford to overlook the rapidly increasing importance of the telephone in your business for increasing sales and reducing the cost of selling?

Be open-minded. Try it — not spasmodically, but consistently, and judge for yourself.

Automobile Insurance

Every time your car is driven you expose yourself to a danger, which in an instant may imperil your entire financial resources.

Records show that the most disastrous claims frequently fall upon those who have blameless driving records.

Why take any chances? Let us issue a policy that will protect you from damage claims due to any auto accident while driving your car. You will be surprised to find out just how much these auto rates have been reduced.

A Real Fine Showing of the Better Class Suits

There is a steadily increasing demand for Men's Suits of the Better Kind. Men are coming to us more and more asking for Better Suits,—Suits they can depend on, Suits that are properly tailored from materials that are guaranteed to give satisfaction. Men who have been buying the so called cheap suits are beginning to realize that this class of Suit is generally the most expensive in the end.

Let us show you these good Suits we are showing this Spring. You pay a little more, but we will give you Suits that will stand up and that you will take some pleasure out of wearing.

Blue Serge Suits of the Better Class, at $22.00 to $35.00
Grey Serge Suits of the Better Class, at $22.90 to $35.00
New Tweed Suits of the Better Class, at $22.50 to $30.00
New Worsted Suits of the Better Class, at $25.00 to $35.00

Styles can be depended on to be correct. The selection is large, and a guarantee of satisfaction goes with every Suit.

Pay a little more for your next Suit. You will reap big dividends from the extra investment.

Farmers' Attention !

There promises to be a warm discussion on the Government Egg Grading Act at the next regular meeting of the Napanee Poultry Association, to be held in the Agricultural Rooms, Dundas St., on May 5th. Representatives from the Departments of Agriculture, at Ottawa and Toronto, are expected to attend, where with the local shippers and producers, the egg question will be gone into. The meeting will be open to the public. 18a

Peculiar Accident.

Russell Woodcock, of Odessa, narrowly escaped probable serious injury when a baseball pierced the windshield of an auto in which he was sitting, on the main street of Odessa the other evening and struck him a heavy blow on the chest. The broken glass cluttered up the bottom of the auto, but did not injure Mr. Woodcock, who suffered from shock. The ball was one with which a number of boys were playing on the roadway, and it is probable that some one will be asked to pay for the damages done to the auto.

Has Passed On.

Col. George H. Ham, the world-famed publicity man of the Canadian Pacific Railway, died on Thursday, in Montreal, aged seventy-nine years. He was a real illuminating character, a genius in gifts of sociability and hospitality. He was greatly beloved in newspaper circles, cheery, witty, humorous and withal clear headed and far-sighted. Another like him may never fill the space he did in public esteem, in graciousness and sympathetic helpfulness. Col. George, we are satisfied, sleeps well. His life was eminently useful, and full of service to his fellowmen.

Bowlers' Annual Meeting.

The annual meeting of the Napanee Bowling Club was held at the Club House, on Friday evening. The following officers were elected :—
Hon. Pres.—W. A. Steacy.
Pres.—W. P. Derochie.
1st Vice Pres.—W. G. Cowle.
2nd Vice Pres.—C. H. Lapum.
Treas.—E. J. Pollard.
Secty.—R. C. Root.
Auditors—C. H. Lapum and W. J. Shannon.
Greens Committee—W. C. Smith, W. J. Shannon, J. E. Madden.
Management Committee — C. H. Lapum, Jas. A. Pringle, Matt. Taylor.

The green is in splendid condition and there should be an early opening of the bowling season. Bowling furnishes splendid sport for summer evenings and the Club are hoping for an increased membership this year in order that the fees may be kept as low as usual.

The 7 a.m. train going West, and the 10.30 p.m. going East, will be cancelled May 2nd. Enquire at J. L. Boyes & Son's, before travelling.

BASEBALL

There is considerable talk around town about there being no town team this year. As far as we can see there is no reason why there shouldn't be a team here this summer. Of course many of our team have left town, but new ones have come in to take their places. Doug. Fraser, star pitcher of the local team for the past three years, has left town, and his pitching will be sorely missed this year. He was the leading pitcher in the L. and A. League two years ago, and was second to Hare and MacLean of Brockville in the St. Lawrence League last year. Besides being a good pitcher he was a fine hitter. Unlike other pitchers, his hitting was always sure and heavy. He will be sorely missed this year.

Loucks will be back in time for the opening of the season, and Leo Scrimshaw can still do his bit behind the bat. Ed. Daverin, former Thorold player, is said to be a mighty sweet player, and is heralded as a pitcher of no mean ability. His brother Don is a pretty fair infielder, and the rest of the team is still here. Jim Naphin, Dave Stinson, Ray Huffman, Killorin Bros., Claude Fraser, Fred Carter, Harold and Gerald Johnston, Ray Loucks, Joyce a new pitcher, and a few others are racing to go.

Here it is May, and no action taken yet, and local fans are praying that a meeting will be called soon and everything settled, It is not too late to get into the L. and A. League, so let us get going and do something.

TRINITY SOFTBALL TEAM BANQUET

The girls of Trinity United Church Softball Team held a banquet in the Grand Cafe on Thursday evening. Rev. W. R. Tanton acted as Toastmaster, and the following toasts were proposed :

"The King"—Rev. W. R. Tanton.
"Canada"—Miss Marie Faul and Miss M. Robertson.
"The Church"—Miss Mildred Rikley and Mr. Limbert Graham.
"The Inter-Church Softball League"—Miss Dorothy Daverin and Mr. Harry Babcock.
"The Trinity Softball Team"—Mr. Frank Bell and Miss Christobel Taylor.

After witty addresses and a very happy time, the banquet closed with the singing of "Auld Lang Syne".

"THE ROCK"

A great story of thrilling human interest. Transformation of Peter, the Fisherman, the Follower, the Fearful, the Forgiven. The picture will be taken by the following :

Simon Peter (the Rock)—Harry Garratt.
Adina, Wife of Simon—Mrs. Hansel.
Deborah, Mother of Adina—Mrs. T. A. Symington.
Neil, Brother to Deborah—O. S. Reddick.
Mary of Magdala—Mrs. S. Wales.
Agur, a Physician—C. N. Loucks.
Pandira, a Greek—Gerald Smith.
Titus, a Roman Officer—J. L. Murray.
Servants—Miss Grace Hall, Mr. F. Russell, Mr. H. Holden.

The costumes are secured from the Canadian "Oberamergau" Passion Players, and are of rare beauty.

The presentation will be made in the auditorium of Grace Church, one night only, Thursday, May 6th, at 8 p.m., under the auspices of the Pastor's Class. Tickets 25c. 18a

PROFESSOR ROY DELIGHTS LARGE AUDIENCE

Professor Roy at the Historical Hall on Friday evening last quite lived up to his past reputation as a pleasing and instructive lecturer.

Professor Roy lectured on "Germany Up To Date", and in doing so reviewed the whole international situation. He pointed out the present determined effort on the part of the people of Germany to rehabilitate themselves and their nation among the nations of the world. Unemployment, underfeeding, and the weakness of the people following the strain of the war years, had made a heavy drain on the nation's life following the war. But now they were coming back, tackling their problem in a vigorous and determined way. The currency has been stabilized, their factories re-organized, and the business life re-adjusted to new conditions and new markets.

The hope of the future of Europe, the Professor indicated, lay along two lines, one in the League of Nations, with its influence to stop wars and settle disputes by arbitration, and the other the youth movement in Germany, in which the young people are learning to express themselves and their aspirations in a peaceful and spiritual manner.

The lecture was given in Professor Roy's usual interesting conversational style and was well received by the large audience.

This is the last meeting of the Historical Society for the season. The regular work will be resumed in the fall.

STRATHCONA

A number of farmers in this vicinity are on the land, and in a few more days spring's work will be in full swing.—Miss Ruth Wilson spent a few days in Toronto recently, and returned on Monday, accompanied by little Miss Irene Legars.—Mr. and Mrs. B. Finlay were in Moscow on Sunday.—Miss P. Luther has gone to Kingston, as nurse-in-training at the General Hospital.—The many friends of Mr. William Cooper are pleased to hear of his recovery from a severe attack of pneumonia.—Messrs. Fred. MacDonald, William Finlay, Fraser Young and Percy VanLaver, are sporting new cars.—Mr. W. J. Finlay is in Toronto on business this week.—A meeting of the congregation of the United Church was held on Monday night, and it was decided to have the church re-decorated. Sentebury Bros., of Belleville, will begin operations the first of the month.— Mr. Messrs. Robt. and George McGarvey, Sr., were coming home from Napanee on Saturday night, when they met with a serious accident. A car driven by a Mr. Kinkley, of Napanee, coming at a high rate of speed, crashed into the car driven by Mr. George McGarvey, Jr., completely demolishing the latter's being completely wrecked. Mr. Robt. McGarvey sustained three ribs broken, one severely crushed, while George escaped with a flesh wound on the left hand, which is not serious. The Chief-of-Police was summoned and the occupants of the westbound car were found to be under the influence of either home brew or liquor, and a quantity was seized on the spot and the culprits taken into custody until Monday next, when a trial will be given. There seems to be a great deal of home brew being made around, and it would seem wise, if not profitable, if those who indulge in drinking the beverage were to at least keep off the highways while under its influence, for it not only makes travelling dangerous to those who consume it, but also to the general public, who are not in sympathy with the bootlegging trade.—Messrs. James Wilson, George Finlay and A. H. Heare attended the Presbytery meeting held in Trenton on Thursday of last week.—Miss Bernice Luther has undergone an operation at L. D. Parks'.—On April 30th Mrs. Burd, of Marlbank, was at the Empire Hotel, with a display of her spring millinery.—Mr. Clarke Alexander had the misfortune last week while splitting wood to cut his left hand badly. A doctor was summoned and put in three stitches. He will be off work at the creamery for a few days now. —Mr. Roy Scott spent Sunday at Mrs. Clarke's.—Mr. Earl Johnston spent a few days recently in Toronto.—Miss Marion Gunn, of Buffalo, Spent a few days recently at J. J. Gendron's.—Mr. Stewart Gendron is in Toronto now working on the C. P. passenger trains.— Misses Edna and Ida Delyea and also Stanley Delyea spent Sunday at Mr. A. Marshall's.—Dr. Stewart Lockridge, of Tamworth, is in the village here this week.—Mrs. Earl Scott and family have left here to reside in Toronto, where Mr. Scott has secured a good position. They will be greatly missed by friends and neighbours.

TOWN COUNCIL

The regular meeting of the Council was held in the Council Chamber on Monday night.

The members present were Reeve Graham, Councillors Dunbar, Fitzpatrick, MacGregor, Howitt, Roy and Simpson.

Mayor Ming presided.

Communications.

A communication was received from the Mowat Memorial Hospital, Kingston, stating that $1.50 per day, (one-half the regular rate), would be charged the Council for a patient from Napanee, Orval Irwin, under treatment there, who had been sent to the institution on the authority of Reeve Graham. Filed.

From the Belleville Chamber of Commerce, re a proposed convention of representatives of the municipalities in Eastern Ontario, with a view to forming a Provincial Board of Trade for Ontario East similar to that instituted in Western Ontario. Referred to the Chamber of Commerce.

From Mr. Gilmour, of the Campbell House, with the request that he be allowed to construct a canopy opposite the main entrance to the hotel on Dundas street. Referred to the Streets Committee.

From the Municipal Road Spraying and Oiling Co., submitting blank forms of agreement for supplying tarvia and road oil for the streets. Referred to Street Committee.

Fred Coventry, Contractor, Kingston, and Geo. E. Vandewater, submitted tenders for constructing the new roof on the Town Hall. The matter was left to the Town Property Committee.

Messrs. P. Gleesen, C. I. Maybee and W. S. Wilson, coal dealers, waited upon the Council to protest against the proposed by-law making it obligating for the coal vendor to weigh his coal on the market scales before delivering it to the customer.

Mr. P. Gleeson, spokesman for the delegation, said this system would cause no end of delay in the transaction of their business. In the general delivery of coal it would mean a lot of driving back and forth by the teamster, his time was worth money, and the customer would have to pay for it—about fifty cents on the ton.

Messrs. Maybee and Wilson held the same opinion.

A copy of a by-law passed by the City of Brantford, was read by the Clerk. It had the approval of the coal merchants, and was to the effect that the driver of any load of coal could be halted by an inspector appointed, and made to weigh his load on the municipal scales.

The Council decided to try this system as a satisfactory solution of the difficulty, and leave it to the discretion of an inspector when a load of coal should be weighed.

Moved by Coun. MacGregor, seconded by Coun. Dunbar, that a new by-law, similar to the Brantford by-law for weighing coal, be drafted and submitted at the next meeting of the Council. Carried.

Coun. Simpson reported that negotiations were successful for the removal of a family from Napanee to New Liskeard.

Coun. MacGregor reported that an examination of West St. sewer was made, and it was found to be clogged up with roots, stopping the flow of water and solid matter. It would have to be opened and cleaned out. Also that his Committee intended making a survey of the streets of the town, find out their condition, and report to the Council at next meeting.

Coun. Roy reported that work on the fire alarm signal on Water St. was under way, and that it would be placed at the corner of Richard and Water Streets instead of Robinson and Water, as originally intended.

Coun. Howitt recommended that a by-law be brought in at the next meeting of Council, appointing Night Constable Cook an officer to enforce the Ontario Temperance Act in Napanee. Also that Chief Barrett be granted three days' leave of absence to attend a convention. Report was adopted.

On motion of Reeve Graham, the town will take possession of the strip of land lying between the Newburgh Road and the C. N. R. tracks for arrears of taxes.

The Reeve also reported that alterations to the apartments over the fire hall would cost in the neighborhood of $250. Referred to Fire, Water and Light and Town Property Committees.

The matter of a caretaker for the Town Hall was left to the Town Property Committee.

A motion was moved and carried, that the Collector of Taxes be instructed to send out notices that all arrears of taxes must be paid by May 20th.

A by-law was passed, authorizing the Mayor and Treasurer to borrow from the Standard Bank the sum of $40,000 to meet current expenses.

The Napanee Branch of the Victorian Order of Nurses were granted the privilege of holding a pavement dance on a date in June to be fixed by that society, subject to the approval of the Street Committee.

The Salvation Army were allowed to hold a tag day for Self Denial on Saturday, May 22nd.

OBITUARY

The death of Henry Armstrong, for forty-four years a widely known resident of Carman district, and for many years actively engaged in farming, occurred at his home on Hammond Avenue, Saturday morning last, following a long siege of suffering. Though he had been ill for more than a year, Mr. Armstrong was able to be about until quite recently, and had been confined to his room only during the last week.

The funeral was held Sunday from St. Andrew's Church to Carman cemetery. The building was crowded by acquaintances coming to pay last respects to one of the substantial residents of the district. Rev. H. M. Lyon conducted the service, with the assistance of Rev. R. A. Sawyers.

The late Mr. Armstrong was born in Kingston Township, Ontario, January 6th, 1851, the fourth son of Henry and Letitia Armstrong, natives of County of Tyrone, Ireland. Mr. Armstrong's parents located in Ontario, Kingston Township, in 1845, making a six weeks' crossing of the Atlantic in the spring of that year and landing in New York City. They bought land in Kingston Township and developed it for ten years, moving then to Richmond Township, Lennox County, where the elder Armstrongs continued to reside until his death in 1907.

Henry Armstrong, after receiving his early education in Richmond township, came west in 1882 and located in Carman district. On March 17th he drove from Winnipeg in a sleigh and, arriving here, settled on section 16, 7-5, where he lived until 1913. In that year he removed to Carman, where he had since resided. Eliza Clark, of Huntley County, Ontario, whom he married in 1875, predeceased him by eleven years. Six children of this union survive him. Ten years ago he married Mrs. Jean R. Hurst, of Carman, who also survives him. Of his four sons, Fred, Harry and Wilbur, reside in this district, the first named being Reeve of Dufferin municipality. The fourth is Dr. George Armstrong, of Portage la Prairie. Two daughters, Mrs. James McCullough and Mrs. Brown McCullough, also reside in Carman district. He leaves also eighteen grandchildren and one great-grandchild.

Mr. Armstrong is mourned also by two sisters and one brother, the former being Mrs. Margaret Creeze, of Bracebridge, Ont., and Mrs. Frances Perry, of Carman, and the latter, Mr. John Armstrong, of Deseronto, Ont. Mr. Armstrong was predeceased by his brother, Mr. Hamilton Armstrong, two years ago.—The Dufferin Leader, Carman, Man., April 22nd, 1926.

Percy A. Milligan.

On Monday, April 19th, there was held in Bethesa United Church, the funeral of the late Percy Alfred Milligan, third son of Mr. and Mrs. Peter Milligan, 4th Concession Tyendinaga Township. The tragic circumstances connected with the accidental death of the unfortunate young man, drew together a large concourse of friends and acquaintances there by expressing their heartfelt sympathy for the parents and brothers of the deceased. The service was conducted by the pastor, Rev. Howard P. Seymour, praying from the text: "There is but a step between me and death." I. Sam. 20:3. The late Percy Milligan, whose life was just budding into manhood, was held in esteem, not only by his family, but by his youthful acquaintances and friends. He was actively associated with Salem Sunday School and the association of the organized young people's classes, of which he was a member. The many floral tributes were but a testimony of the loss sustained by the passing out of this young life from their midst. The deceased was sixteen years and four months old and leaves to mourn his loss, his parents and three brothers.

Nervous Patient—"Are you absolutely sure, doctor, that I've got pneumonia? I was told that you once treated a man for pneumonia and it was found afterwards that he died of something else."

Doctor (annoyed): "You have been misinformed, sir. When I treat a man for pneumonia, he dies of pneumonia."

Woman at the Thames Court: My husband is quite in good health when on the dock, but he perspires and trembles when any one offers him work.

CUSTODY CASE HEARD AT NAPANEE

A case involving the custody of three children was heard in the Supreme Court at Napanee this week before Honorable Mr. Justice Grant. Edward Martin and Catherine Johndrew were the parties in the action, the defendant, Mrs. Catherine Johndrew, having the custody of the children since their mother died in November of 1924. She is a maternal grandmother of the children.

Mr. Edward Martin, the father of the children, applied in February of 1926 for habeas corpus proceedings, and the children were produced in Toronto by Mrs. Johndrew before the Honorable Mr. Justice Rose. His Lordship thought that more evidence should be submitted on the case and traversed it to the sitting of the Supreme Court at Napanee for the Spring Assizes.

Honorable Justice Grant, after hearing the evidence at the trial on Monday, gave the custody of the children to Mrs. Catherine Johndrew for three years, she to devote her full time to the upbringing of the children, but the father, Mr. Martin, is allowed to see them at stated intervals.

At the end of three years if the father can show financial ability to rear the children then he may apply for custody again.

Not a Sign of Backache Since

Saskatchewan Lady Took Dodd's Kidney Pills And Her Trouble of Three Years' Standing Disappeared

Mrs. R. Kolaso Was Unsuccessful With All Other Remedies

Willow Brook, Sask., May 3rd, (Special)—"I have been troubled with backache for almost three years. I have tried all kinds of medicines but my didn't help me at all.

"I sent for some Dodd's Kidney Pills and they did me much good. I have not had a sign of backache since."

This statement comes from Mrs. R. Kolaso, a well known resident of this place. That Mrs. Kolaso's trouble was caused by the kidneys is evidenced by the immediate relief she got.

Weak kidneys are not confined to grown people only. They are too often found in children, sowing the seeds of future ills unless the kidneys are strengthened and put in condition to do their full work.

Dodd's Kidney Pills have been tried and found to be an excellent kidney remedy. They will do you good at once, and, better still, time will prove that the good they do is lasting.

The Three-Burner Electric Rangette

A Giant for Work at Less Cost

THIS Canadian Beauty Rangette will do the work of a regular electric range at a much lower outlay—less to buy, less to install.

The Canadian Beauty Rangette is meant for a long lifework and does it. A portable oven, fitting underneath when not in use, attends efficiently to the baking. All switches are similar to those on the big electric ranges, whereby the quantity of heat can be controlled with exactness. Everything about the Canadian Beauty Rangette is of the best.

Cooking a dinner by electricity is cheaper than with any other fuel, and besides the old-fashioned annoyances are eliminated—no dirt, no fumes, no ashes, no fuel supply, no flames—just intense heat where you want it and nowhere else.

Ask your dealer to show you the Canadian Beauty Rangettes. They are made in several sizes to suit all homes. Everyone is a labor and money saver.

The Canadian Beauty line includes Hot Plates, Toasters, Grills, Percolators, Heaters, Irons, etc., also the new Majestic colored Por-cel-iron.

PREPARE YOUR GARDEN

SOME SUGGESTIONS FOR SOIL TREATMENT.

A Small Vegetable Garden on the Farm or the Back Yard Will More Than Repay Time and Trouble.

(Contributed by Ontario Department of Agriculture, Toronto.)

The soils preferred for vegetable production are sandy, sandy loam, clay loam, silt and muck. A sandy loam is probably the most popular, but each type has its limitations, and some crops are better suited to one than another.

Soils of a sandy nature are early soils, because they dry out and warm up early in the spring. They are not suited to late growing crops. In general sand soils are low in fertility and must be manured heavily that plant food and moisture may be available to the growing crop.

Clay loams retain moisture longer than sands or sand loams and they are also richer. However, such soils are not so well suited to the growth requirements of early crops. Crops grown during the drier part of the season find more moisture in this type of soil and hence we find such crops as late cabbage, late cauliflower, late potatoes, canning factory sweet corn and tomatoes grown on such land.

Muck soils on account of their high organic content, their moisture holding character and the ease with which such soils can be worked, are considered the best for celery, lettuce, and onions. Muck soils are sometimes used for growing potatoes, beets, parsnips, cabbage, cauliflower and spinach. Muck soils are not suited to early crops or long season tender crops.

Soil Preparation.

Thorough soil preparation is necessary to ensure worth while crops.

Drainage.

Drainage is the first step in preparing the heavier types of over moist soils. Open ditches—tile drains and high bedding soon pay for the labor and material cost. The better aeration, increased available food and early warmth make good drainage well worth while.

Digging.

Deep soils are needed by the vegetable crops. The deeper the soil the more moisture it will hold and the greater will be the feeding area offered the roots. Plough or dig deeply. If the surface soil is shallow go down a little deeper each year. Autumn ploughing is generally desirable on all soils, especially the clays and sod. If ploughing is done in the spring earliness is important. Clay soils may puddle and bake. Squeeze a handful of soil, and then release the pressure, if the soil gradually crumbles and breaks it is in good condition to dig or plough.

Harrowing.

This operation should be performed as early in the spring as the ground is fit. The hand cultivator, rake and hoe, are the small gardeners implements for surface tillage. For heavier soils and for sod, the disc harrow is invaluable, it should be followed by the spike tooth harrow which reduces the soil surface to a state of fineness and smoothness. The mucker smoothing harrow is a very useful implement with which to finish a vegetable area previous to planting.

Manures and Fertilizers.

Stable manure is the best all-round fertilizer for the garden. It supplies both plant food and a mechanical condition that favors the retention of moisture. Applications up to 40 tons per acre are made on gardens, when obtainable. But owing to the general scarcity of stable manure chemical fertilizers are now largely used in conjunction with the more bulky stable product. Stable manure is deficient in phosphorous, so this element should be added in the form of acid phosphate at the rate of four hundred pounds per acre. Poultry manure is valuable, particularly for the leaf crops. Care must be used in its application to soils growing delicate foliage plants like the tomato. Heavy applications will stimulate too much leaf growth on most soils. Coarse fresh manure should be applied in the autumn, and well rotted manure in the spring.

Commercial Fertilizers.

Commercial fertilizers may be used successfully to supplement a scant supply of stable manure and to make up the required quantities of the different elements which are needed by particular crops. For general use in a small garden a complete fertilizer, that is one ready mixed, containing about four per cent. nitrogen, eight per cent. of phosphorous and four per cent. of potash, should be fairly satisfactory, when used at the rate of two pounds for each 100 square feet of surface.

Nitrogen.

The effect of nitrogen on the growth of the plant is noted in the development of the leafy parts, the deep green color being particularly noticeable. In vegetables succulence is a highly desired quality and nitrogen tends to produce this.

Phosphorous.

The role given to phosphorous is plant growth is that it hastens maturity, increases root development, especially the fibrous roots, improves the quality of the crop and increases the resistance of the plant to disease.

Potash.

The third of the elements is essential to starch formation and in its subsequent transfer within the plant itself. Sandy soils and muck soils are usually poor in potash. The addition of potash except in small quantities is usually not profitable, excepting for such crops as the potato.

Send for Bulletin 214 and get the rest of the story.—Dept. of Horticulture, O. A. College.

Little May's grandmother had an old-fashioned way of measuring a yard by holding one end of the goods to her nose and then stretching the piece at arm's length. One day May found a piece of ribbon. Carrying it to her grandmother she requested, gravely, "Grandma, smell this and see how long it is."

A Happy Childhood A Matter of Health

Let Baby's Own Tablets Keep Your Children Well.

Little children very quickly get out of sorts. By prompt treatment they can usually just as quickly be set right again. Most of their troubles arise in the first place from the stomach or bowels; that is why a good cleansing-out is the first thing prescribed by the doctor. Formerly castor oil was the means used to bring this about; now-a-days Baby's Own Tablets do the same work, but without trouble to the parent or discomfort to the little one. Children take Baby's Own Tablets happily because there is no nasty taste and because no griping after-pains follow their use.

As a specific for childhood indigestion, vomiting, constipation, colic, colds, teething pains, etc., there is nothing to equal Baby's Own Tablets. They never do harm and always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SALT FOR FARM ANIMALS

(Experimental Farms Note)

Experience and science alike have shown that salt is essential to the good health and thrift of farm live stock. It is not a food nor does it directly increase the digestibility of food, but it nevertheless plays an important part in the work of nutrition. Very briefly its chief functions in the animal economy are: as an appetizer and a substance which make the feed more palatable; as a stimulant and tonic, when taken in small amounts; as a source of hydrochloric acid, a normal constituent of the gastric juice. Its use, therefore, leads to a larger consumption of food, and, further, by stimulating digestion, permits the animal to make a larger and more profitable return in flesh or milk production.

Of all farm animals, cows in milk require the largest amount of salt. It may be given at regular intervals or mixed with the meal at the rate of half-pound to 100 pounds of the concentrates—or the cows may be allowed free access to it as rock or block salt in the manger. One ounce per head per day, if used as barrel salt, will meet the requirements of the animal satisfactorily. It is only when the supply is irregular that any fear need be entertained of the animal taking more salt than necessary or consuming too much resulting in scouring.

Sheep require salt and there should be no neglect in supplying it either by trough, barrel salt, or by rock salt. It should be available to them at all times.

Horses thrive best when regularly supplied with salt, say, about 1 ounce daily. When hard at work they require more than at rest for the reason that salt is excreted in the perspiration.

Pigs and poultry require less salt than other farm animals, but it should be supplied regularly. Brood sows should not be without salt, which may be given in box, trough, or self feeder.

All stock fed liberally with rich nutritious feed exhibit a craving for salt, and this should be met if good health and thrift are to be maintained.

Dominion Chemist.

PILES GO QUICK

Without Salves or Cutting

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt was first to find the remedy and called his prescription HEM-ROID. Dr. Leonhardt tried it in 1000 cases with the marvelous record of success in 98 per cent. and then decided it should be sold by druggists everywhere under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from Wallace's Drug Store to-day. It has given safe and lasting relief to thousands and will do the same for you.

"Betty," said the mother to her little daughter, "you ought to be ashamed to speak to your father so impertinently. I am sure you have never heard me talk to him in that manner."

"No," replied the rebellious infant, "but you choosed him and I didn't."

BOOMHOUR — HART — At Grace Parsonage, Napanee, on Saturday, May 1st, 1926, by the Rev. A. J. Terrill, B.A., B.D., Clarence Marion Boomhour, Esq., of Napanee, to Miss Margaret Elizabeth Hart, of Ompah.

DEATHS.

BENNETT—At Syracuse, N.Y., on Saturday, April 3rd, 1926, Olive May, aged 30 years, wife of Will J. Bennett.

IN MEMORIAM

In sad but loving memory of the late Bert Moon, who entered into rest May 2nd, 1924, in his 23 year.

'Tis two years, how swift time flies,
Love's sweetest memory never dies.
The home is lonely now,
Since our dear one has gone;
He was so precious to us all,
We loved him every one.
God took from our midst in the prime of his life.
Long he'll be missed by the hearts bowed in sorrow.
Yet hoping to meet in a better tomorrow.
Rest, Bert, with beauties of Heaven around thee,
Rest though our lives will be lonely without thee.
Rest from the kindred that passed on before.
Where sickness never enters—and parting is o'er.
The rolling stream of time rolls on,
But still the vacant chair,
Recalls the love, the voice, the smile
Of one who once sat there.

Tenderly loved in life, lovingly remembered in death, by Mother, Father, Brothers and Sisters. 19ap

IN MEMORIAM.

In loving memory of William Herbert Stinson, who departed this life on the 23rd of May, 1925.

Sadly missed by Wife, Children, and Sister. 19ap

DESMOND

The farmers are glad to begin operations on the land, as it is rather a late beginning.—Mr. Arthur Switzer accompanied Rev. Mr. Bunt to Trenton last week.—Mr. Henry Purcell, of Colebrooke, visited his sister, Mrs. J. W. Bell, last week.—Mr. and Mrs. Bruce Finlay, Strathcona, took tea on Sunday at Fred Bell's. — Mr. and Mrs. J. Yeomans, Camden East, visited at Fred Switzer's, on Sunday. —Mrs. Alf. M. Bell went to Burwash on Thursday to stay over Sunday with her husband, who is Assistant Superintendent there.—Rev. Mr. Bunt took tea on Sunday at Mr. Fred Switzer's, and baptized their infant son.—Sunday is Mothers' Day and Go To Sunday School Sunday. Let us all remember and avail ourselves of the opportunity.

TAMWORTH UNITED CHURCH

There are only four more days of our Evangelistic Mission, around which so much interest is centering. Sunday should be a red letter day. On Wednesday evening, after the regular service, there will be a reception into full communion of those who are uniting with the church by profession of faith and by certificate.

There has been, so far, a good attendance, considering the busy season of the year and the sickness which has prevailed. Shall we not make these closing meetings rich with blessing? God stands ready to bestow if we are willing to receive.

The programme is as follows:

May 9th—10.30 a.m., Mother's Day service, under the auspices of the Sunday School; Rev. Mr. McClintock will give the address. 3 p.m., for men only, "The Detective Who Never Lost a Man." 7.30 p.m., "Is the Church Worth While? If Not, Let Us Close It."

May 10th—"The Wail of a Wasted Life."

May 11th—"Excuses."

May 12th—"A Message From His Wounds."

There will be Mother's Day services, under the auspices of the Sunday Schools, next Sunday at Reidville at 10.30 a.m., and Marlbank at 7.30 p.m. The minister will give an address on "Our Mothers" at both services.

GREAT, SEVEN DAYS' SALE OF WOMEN'S AND MISSES' NEW SPRING COATS
MAY 8th TO 15th. BOTH DATES INCLUDED

April was a very unseasonable month from a "Coat" viewpoint. The winds were decidedly cold and chilly. Women felt more comfortable in fur coats and winter wraps. Thus we find we have too many Spring Coats in stock to carry normally. To effect a speedy and effective clearance of our surplus we are placing before you 100 fashionably styled new Spring Coats at greatly reduced prices. To simplify the handling of this clearance we have classified our entire lot into three groups. Women who are open to buy will find our assortments exceptionally complete.

"Complete" from a "Style" viewpoint, stressing all the favorite silhouettes such as "The Cape Coat", "The Flare", "The Pleated Straight-line", "The Prince of Wales".

"Complete" from a "Fabric" viewpoint, featuring colorful Tweeds, Poiret Twills, Tricotines, Repps, Suedes, Velours and Novelties.

"Complete" from a "Color" viewpoint, offering for your selection shades in Veronica Blue, Everglade Green, Rosewood, Shadow, Wood tones, Tile, Rust, Navy and Black.

"Exclusive Model Coats Reduced 25 Per Cent"

This group embraces our show pieces. Each is an exclusive creation in this vicinity. No two are alike. Only the smartest and most original styles of the season will be found. Only the choicest of quality materials, linings and trimmings have been employed. Each is a copy of a New York, Paris inspired mode. Each has been manufactured in Canada's finest Coat factory. The assortment here is limited, but exceedingly choice. We urge you to select yours early. Regular prices range from $45.00 to $57.50.

30 Coats at $20.00 Each.

Regular Prices From $24.50 to $35.00

Here we offer you an exceedingly fine collection of garments, created and manufactured by the leading Coat makers of Canada. Each Coat is authentically portrayed in some one of the prominent Spring silhouettes. Many Coats are fur-trimmed. Each is splendidly lined with materials guaranteed for service. The assortment is about equally divided between Tweed and Twill finished fabrics. Obtainable in all sizes and colors.

35 Coats at $14.00 Each.

Regular Prices From $16.50 to $25.00

In this group are Coats manufactured from Tweeds, Tricotines and Velours. The style range embraces all of the accepted silhouettes. Each garment is faultlessly tailored from thoroughly dependable and serviceable qualities. Each Coat is an outstanding value and cannot be duplicated at our sale price. Obtainable in a fine assortment of Spring colorings.

New Materials for the Separate Tunic and Dress Now Shown in Great Variety

RICK CREPE AND RAYON. $1.25, $1.39 TO $2.25 PER YARD

These two popular fabrics are deserving of special interest this season. Reason No. 1, these are the fabrics mostly in demand; 2nd reason, colorings and designs are essentially attractive for the season. Floral effects, Stripe effects in all the rich colorings so new this season. Width 38 inches.

PLAIN SILK BROADCLOTH, NEW VALUE AT 98c. YARD

This season we are prepared to give unusual value in this popular Silken fabric. The shade list is most complete, twenty-two shades being shown. The quality is very silky. Full 29 inches wide.

Clearing on Saturday
One Group Attractive Spring Styles in Women's and Misses' Hats, at $2.79 Each

We have chosen these from our regular Spring lines. Many of them were priced as high as $5.00. All were considerably more than our sale price. Featured are hats representing all the millinery modes of the season. Shapes are small with brims to roll up or droop over the face.

You'll find this assortment particularly choice with hats suitable in style and color for all occasions, while no two are exactly alike.

Saturday is your day to choose.

Cover Your Floors With Linoleum

This is the kind that wears for years. We have been selling this make of Linoleum continuously for over seventeen years, and have never lost confidence in the quality. This is the year to get the new patterns with the new glace finish which is easier to clean. We have just placed in stock a large shipment of these and four yard widths. These are our most popular selling widths as it does away with centre seams.

Please note, we are selling this good quality Linoleum at $1.00 per square yard.

HOW THE SPIDER ASSISTS THE SURVEYOR

The lowly spider, as he spins his web to entrap the unwary fly, is exercising a faculty that has been made use of for years in the construction of certain kinds of scientific instruments. Included in this category, is the surveyor's transit-theodolite.

If you look through the telescope of such an instrument, a number of fine straight lines will be seen cutting across the field of view. These lines may be arranged in one of several different ways, and may be of any number up to a dozen or so. They are used to enable the surveyor to make the intricate measurements necessary in the practice of his profession.

On Canadian topographical surveys, these lines are ordinarily of spider web, and are stretched across an annular ring within the telescope itself. For emergency use, when this spider web becomes accidentally broken some other device carried as a spare part, such as a glass diaphragm on which the lines are etched, is generally substituted. The spider web, however, is much more satisfactory. The lines must be very fine and black and no artificial product which has yet been tried has the requisite combination of fineness, strength, and elasticity.

Owing to the superiority of the spider web, the surveyor may endeavour to replace a broken web with a new one. This is an extremely delicate operation and one that is very difficult to perform in camp, particularly as the lines require to be accurately spaced. Sometimes they are only about one-sixteenth of an inch apart.

The operation that is so difficult to perform in camp, is quite readily performed in a properly equipped laboratory. Thus, in the Physical Testing Laboratory of the Topographical Survey, Department of the Interior, where instruments used in topographic mapping are regularly inspected and tested and other work in connection therewith is carried on, the spider's web is handled with ease and assurance. New spider lines are inserted at the correct spacing and proper tension. Afterwards the distances between them are accurately measured under the microscope, and with special testing apparatus. The instrument is again placed in perfect adjustment ready for field use.

The web as produced by the spider is ordinarily a number of strands spun together somewhat in the form of a rope. Single strands separated from the freshly spun web give the best results though some prefer to take the web directly from the spider's cocoon. Grains of dust sometimes collect on the spider lines, which detract from their use when viewed in the telescope. In the laboratory the webs are dusted off and the single strands separated. An idea of the delicacy of touch required may be formed when it is stated that spider webs have a thickness before the strands are separated of only two or three ten-thousandths of an inch. It has been calculated that a pound of web, as used in the telescope diaphragms, would stretch around the earth—some 25,000 miles —and 500,000 more would reach to the nearest fixed star.

Miller, will be present to address the meeting. Also election of officers, and Roll Call, "What the Institute has done for me".

—An excellent photo of Sir Allen B. Aylsworth, one of Canada's illustrious statesmen, appeared in Thursday's issue of the Toronto Telegram. Sir Allen, as is well known, is a native of the County of Lennox and Addington, having been born and having received his early education in the Village of Newburgh.

—The regular meeting of the Maple Leaf Women's Institute will be held next Thursday, May 13th, at 2 o'clock, at the home of Mrs. T. D. Creighton. A good attendance is requested as there is much business to transact; also the election of officers will take place. A cordial invitation is extended to all interested.

—Died at Syracuse, N.Y., on Saturday, April 3rd, 1926, Olive May, wife of Will J. Bennett, aged 50 years. Besides her husband, she is survived by her parents, Dorland and Margaret Solmes, and a sister, Murial. Funeral took place from her late home, 502 Oswego St., on the following Tuesday afternoon. Burial at Valley cemetery.

—The May meeting of the Wilton Women's Institute will be held in the Grange Hall, Wilton, on Tuesday afternoon, May 11th, at 2 o'clock. Will all members come prepared to answer roll with "How to Keep Young". This is the meeting for election of officers for ensuing year, so we would like all members present. All ladies of the community cordially invited.

—The regular meeting of Conway Women's Institute will be held at the home of Mrs. John Spearing, Bath, on Tuesday, May 11th, at 2 p.m. Roll call—"Suggestions for next year's programme". A full attendance is requested. The Conway Women's Institute wishes to thank the County and Township Councils for their grants, received some little time ago.

—Rev. C. E. and Mrs. Radcliffe, of Deseronto, attended the Institution and Induction of the Very Reverend the Dean of Ontario, Dr. Craig, on Friday last, at St. George's Cathedral, Kingston. The service was a beautiful and solemn one, the music excellent, and the Venerable Archdeacon Snowdon, of Ottawa, preached a splendid sermon based on the life of Samson, a man of great but wasted gifts, drawing practical lessons for both Clergy and Laity, and laying stress on the responsibilities of both clergymen and people.

WEDDING BELLS

Lewis—Storey.

A very pretty wedding took place at the Parsonage of Bath United Church, last Thursday evening, at 8.30 o'clock, when Mr. James Lewis, of Collins Bay, was united in marriage to Mrs. Axie Storey, of Napanee. The bride was attended by Mrs. Hoselton, of Bath, while the groom was ably supported by Mr. R. Attwood. The ceremony was performed by Rev. G. E. Ross, Pastor of the Charge, and was a very neat and pleasing affair. The couple are highly esteemed, and have the best wishes of a large circle of friends.

OBITUARY.

Late William Glenn.

The citizens of the town were shocked on Saturday to learn of the sudden death of Mr. William Glenn. The deceased had been in ill health for some weeks, having recently had to relinquish his position with The Robinson Co., Ltd., with whom he was a faithful employee for many years.

The late Mr. Glenn ("Billy") as he was known to everyone, was born in Ireland and came to Canada when a young man, locating in Napanee, where he had continuously resided. For many years he acted as porter in the Paisley House and then the Campbell House. Some fifteen years ago he accepted the position of porter in the departmental store of The Robinson Co., Ltd., and there was no more faithful employee than the deceased, he being very popular not only with the management, but also to everyone on the staff, and with the public. He leaves to mourn his loss his devoted wife, to whom the sympathy of the community is extended in this her sad hour of bereavement.

The funeral service was conducted at St. Mary Magdalene Church on Monday afternoon, by the Rev. J. H. H. Coleman.

Charles Geddes Bradshaw.

The death took place at his residence, Thomas Street West, Deseronto, on Sunday, April 25th, 1926, of Charles Geddes Bradshaw, at the age of 74 years and 6 days. Death followed a short illness which culminated in a stroke. For many years Mr. Bradshaw farmed in this section, and upon his retirement he took up residence in Deseronto.

On September 8th last year, Mr. and Mrs. Bradshaw celebrated their golden wedding, at which time they were presented with a purse of gold by their sons and daughters who had gathered for that happy occasion.

Mrs. Bradshaw's maiden name was Miss Georgina Grieve, and she is a native of the Township of Richmond.

Mr. Bradshaw was a man who was highly esteemed by all who had the pleasure of his acquaintance, and his death is deeply deplored by a wide circle of friends. Surviving him are his widow, six sons and three daughters, as follows:—Wm. H., Sidney; Chas. G., Donald G. and James H., Thurlow; Vivian S., Tyendinaga; John R., Belleville; Mrs. Margaret Crouse and Mrs. Percy Bent, Oshawa, and Mrs. Myrtle Bell, Deseronto. One daughter, Mrs. George Crouse, Oshawa, predeceased him six years ago.

Burial took place in Deseronto cemetery on Tuesday afternoon, after service in the United Church.

WISE AND OTHERWISE

Question at Marylebone County Court : "Are you a master man?" Witness—"No, I have a wife".

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

Hester—"Gladys is the picture of health."

Helen—"She painted it herself, too."

Corns are caused by the pressure of tight boots, but no one need be troubled with them long when so simple a remedy as Holloway's Corn Remover is available.

Agnes—"Have you ever met the only man you could be happy with?"

Cherry — "Good heavens, yes! Heaps of times!"

For Frost-Bites and Chilblains. — Chilblains come from undue exposure to slush and cold, and frost-bite from the icy winds of winter. In the treatment of either an excellent preparation is Dr. Thomas' Eclectric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

Salesman (lately promoted to curio department)—"This necklace, madam was originally made for the Duke of Buckingham, who gave it to Anne of Austria. We're selling quite a lot of them, you know."

Miller's Worm Powders will clear the stomach and bowels of worms, so that the child will no more be troubled by their ravages. The powders are sweet to the taste and no child will object to taking them. They are non-injurious in their composition, and while in some cases they may cause vomiting, that must not be taken as a sign that they are nauseating, but as an indication of their effective work.

This is one of Sir Harry Lauder's latest stories : "So ye're auld friend Angus is merrit again," I remarked to Jamie MacDonald.

"Oh, aye", said Jamie sadly, 'ana' losh, but he's bin a dear friend tae me his Angus. He's cost me three weddin' presents an' a couple of wreaths."

No More Asthma. Dr. J. D. Kellogg's Asthma Remedy sounds the death knell of this trying trouble. It stops the awful choking and painful breathing. It guards against night attacks and gives renewed ability to sleep and rest the whole night long. Much is claimed for this remedy, but nothing but what can be edmonstrated by a trial. If you suffer from asthma try it and convince yourself of its great value.

"One of my ancestors won a battle during the Crusades by his skill in handling his artillery," said the baron.

"But, my dear baron," said his friend, "it's true that in the Crusades, gunpowder had not yet been discovered."

"I know that as well as you do, and so did my ancestor."

"How did he win the battle then?"

"He brought his artillery to bear on the Saracens, and the stupid fools, seeing the guns, supposed that powder and lead had been discovered, and fled in dismay."

Submarines.

It is impossible to name the real inventor of the submarine. Underwater boats have been a matter of study for 300 years. John P. Holland, an American living in New York and New Jersey, developed the submarine to its present form. He built his first boats some time in the seventies, and in 1900 constructed one that met the approval of the naval authorities.

Poor Man!

According to Proverb, Cato said that in his whole life he knew repented of three things. One was that he had trusted a secret to a woman; another that he went by water when he might have gone by land; the third that he had remained one whole day without doing any business of moment.

Manchurian Footgear.

In order to withstand the extreme cold of winter in eastern Manchuria the natives wear a mocassin of cowhide sufficiently large to permit their feet to be swathed in long strips of cloth and then to have a soft, dry grass packed around them. The shoe appears clumsy, but is warm, soft and almost water tight.

Henry—"Old Bingium is one of my close friends."

James—"Is he, by Jove? I didn't know that."

Henry—"Yes. I've never been able to get a penny out of him."

B. & H. English White covers at least 25% more than ordinary paint. Will not turn yellow, and holds its gloss so much longer. It is therefore the most economical paint on the market. Wallace's, Napanee Agents.

One Thin Woman Gained 10 Pounds In 20 Days

Skinny Men Can Do The Same

All weak men and women.
All nervous men and women.
All skinny men and women.

Can grow stronger, healthier and more vigorous and take on solid needed flesh in 30 days just by taking McCoy's Cod Liver Extract Tablets four times a day—sugar coated and easy to take as candy.

And what a hit these flesh producing tablets have made. One druggist tripled his sales in one week.

Everybody knows that from the livers of the humble codfish comes a first class vitamine that is a wonderful vitalizer, flesh producer and health creator.

Millions of McCoy's Cod Liver Extract Tablets are sold every week and thousands of frail runots and underweight people are being helped.

A box of 60 tablets for 60 cents and if any skinny man or woman doesn't grain at least 5 pounds in 30 days—money back. Ask any good druggist anywhere in America.

Be sure and get McCoy's, the original and genuine and don't forget there is nothing on earth so good to make backward, listless, underweight children grow strong and robust.

ORCHARD DRAINAGE

Good drainage is essential in an orchard, for apples will not stand wet feet. Mr. M. D. Davis, Assistant to the Dominion Horticulturist, author of a new bulletin of the Department of Agriculture on the cultivation of the apple in Canada, states that besides ample surface drainage to take care of excess water in late winter or early spring, under drainage is necessary. If the drainage is done with tiles they should be placed sufficiently deep to be beyond the danger of contraction by the roots of the trees, otherwise natural drainage of the soil is preferable.

AMERICAN FOUL-BROOD

THE ONE SERIOUS DISEASE BEE-KEEPERS MUST MEET.

Progress Is Being Made, But Further Co-operation With Government Men Is Essential.

(Contributed by Ontario Department of Agriculture, Toronto.)

During the past three years there has been considerable investigation work in connection with the treatment of American foulbrood and Dr. J. C. Hutselman, of Ohio, introduced a solution, composed of alcohol-formalin, which has been used by many beekeepers to kill the spores and germs acusing American foul-brood in the drawn combs used by the bees.

In the late winter and early spring of 1924, Prof. Jones, of the Bacteriology Department, conducted a number of laboratory experimepts in connection with the treatment of American foulbrood infected combs. Prof. Jones used a number of well-known germicides and disinfectants, and his conclusions were that, so far as American foulbrood was concerned, the spores were very hard to kill. Prof. Jones found that a solution of formalin and water, as well as alcohol-formalin, gave positive results in laboratory tests and this former solution was much more economical than alcohol-formalin.

In the summer of 1924 Mr. G. L. Jarvis, and in 1925 Mr. G. L. Jarvis and Mr. R. M. Pugh, of the Apiculture Department, carried out a number of experiments in the apiary, using infected combs which had been treated with various strengths of formalin and water and alcohol-formalin. Combless packages of bees, from the south, were placed on these treated combs and results noted. This experiment will be conducted again in 1926.

The results of the apiary experiments, thus far, show that there is a very serious danger when the beekeeper saves infected brood combs for treatment with either alcohol-formalin or formalin-water solutions. In some cases American foulbrood has reappeared in some of the colonies having treated combs.

Destroy All Infected Combs.

The Department has come to the conclusion that it will pay the beekeepers to destroy all brood combs infected with American foulbrood for these reasons: (1) If the beekeeper keeps infected combs for later treatment, his own and all healthy colonies in a radium of two or three miles are in danger of becoming infected; (2) the cost of the equipment and solution is prohibitive unless a thousand or more combs are to be treated; (3) we are not yet satisfied that we can treat infected brood combs with 100 per cent. effectiveness. In view of these facts the Department, at present, is urging beekeepers to destroy, by burning, all infected brood combs.

The treatment of super combs, used over an infected colony, is somewhat different. In these combs there are no scales of American foulbrood present and our experiments show that these combs can be effectively treated with a 30 per cent. formalin-water treatment.

Eradicate—Not Control.

With the positive knowledge that beekeepers can effectively treat all super combs, which have been used over infected colonies, the Department is changing its method of apiary inspection work, and last year an effort was made to eradicate, not control, American foulbrood in the counties of Hastings, Peterborough, Northumberland and Prince Edward. The results show that 5,003 colonies were examined; 617 were found infected with American foulbrood and the contents of these infected colonies were destroyed by burning. The burning of over 66 colonies in these counties might appear to be a serious loss, but it must be remembered that a colony with American foulbrood soon ceases to produce a surplus of honey and, while it remains, it is a menace to all other healthy colonies in the vicinity. Once American foulbrood is cleaned out, the beekeeper can go ahead and keep bees more profitably and more economically.

The Department hopes to bring other counties into this clean-up campaign in 1926 and gradually widen the campaign until the whole province is included. To make the work as effective as possible, the Foulbrood Act has a quarantine measure which will prohibit a beekeeper moving any but combless bees or inspected healthy colonies into those counties where a clean-up of American foulbrood has taken place.—Apiculture Department, O. A. College.

Attractiveness of the Country Home.

A boy whose early years are spent in the country will fondly remember his youthful experiences and animal companions. Country life to the young lad is a life rich with happy associations, and so different to the youth of the town boy who has been deprived of the green fields, the forest and the farmstead associations.

The Ontario farm boy is alert, eager, questioning and he will face the direction of most vital interest as it appears to him—the city, if it offers the greater thrill and opportunity, or the green fields and meadows if they attract with sufficient force to satisfy the pulse of youth. The appeal to go or the impulse to remain must stir his blood and promises a victory. Attractive home surroundings will hold the youth as a magnet and reduce the pull of the far away and often imagined opportunities of the city.

Make the surroundings of the country home attractive, with human kindness and the beauty of natural things, that environment may exert its strong influence in retaining the young men on the land.—L. Stewart, Director of Extension, O. A. College.

W. Baker is confined to her home with rheumatism.

Comfort Depends On Good Digestion

Weak Stomachs Can Be Made Strong Through the Use of Dr. Williams' Pink Pills

The sufferer from indigestion is greatly to be pitied. This trouble assumes various forms such as pain after eating, pain on the stomach, sour stomach and often vomiting after meals. The sufferer cannot get relief by cutting down his food to a starvation basis. That only still further weakens. What is needed is better digestion, not a poorer diet. And the way to get a better digestion is to enrich the blood that the stomach will do the work nature intended. As a tonic for building up the blood nothing can take the place of Dr. Williams' Pink Pills. As this new blood courses through the veins strength and tone is given the stomach and the pangs of indigestion disappear. Not only this, the whole system is strengthened and new life and vim comes to the former sufferer. The value of Dr. Williams' Pink Pills in cases of this kind is proved by the experience of Mr. E. G. Malcolm, Port Malcolm, N.S., who says :—"For several years I was a great sufferer from indigestion. I could not eat meat or potatoes and often could not retain the food I did eat. Only those who have been afflicted with this trouble can realize the suffering I endured. I took a lot of doctors' medicine, but it did not help me more than temporary relief. I also took other remedies recommended, with no better results. Then I read in a newspaper the case of a woman whose symptoms were like my own, who found relief through Dr. Williams' Pink Pills. I at once got a supply of these pills and had not taken them a very long when I began to find relief. Thus encouraged I continued the use of them, and I can but sum up what they did for me by saying that they made me feel like a new man. Every trace of the trouble has disappeared and I can now eat and enjoy my meals as well as any one."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NAPANEE TENNIS CLUB

The Executive of the Napanee Tennis Club met in the County Court Building on Wednesday. They first adjourned to the property which has been secured for the courts and carefully examined it and estimated the cost of putting them in shape for the players.

It was then decided that the Club aim for this year to put the courts in playable condition with as little expenditure as possible. There is room for three courts. The object of the Executive is not to exclude any, but rather to interest as many as possible in tennis. For this season the fee will be $3.00 for the season, and $2.00 for ladies and students of the public and collegiate schools. A gentleman's two year ticket may be had for five dollars.

As this is the first year tennis players have made any attempt to organize, the situation is largely a matter of experiment. But it is the hope of those who are interested in the sport that a large number will take advantage of the facilities offered.

"Your daughter tells me that your wife is having her voice cultivated."
"Yes? And did she tell you that the rest of us were growing wild?"

Lady (to loafer who has asked for money)—"You will drink it, I suppose, instead of giving it to your wife."
Loafer—"I ain't got a wife, lady. I'm earning me own living."

A bottle of Colorite will make your last summer's hat like new. For sale at Wallace's, Napanee agents.

SOFT BALL

Softball has lost none of its popularity in town, and it is rapidly becoming the chief game among the girls at the N. C. I., as evidenced by the crowd of students who turned out to watch the Athenians administer a 21-14 defeat to the Spartans on Monday evening. Many of the girls who played on the various Church League teams were seen in action along with some new ones. Agnes Cavanaugh and Winnie Drake formed the Spartan battery, and Chris Taylor and Marion Grass did likewise for the Athenians. Some high class pitching was done by both twirlers and the catchers also got in some good work.

Hazel O'Neill covered 1st for Athenians, and looked to be equal to Mil Rikely, who guarded the initial sack for Spartans. Marion Douglas did some smart fielding and her hard and timely hitting was largely the means of Athenians having such a margin in their victory. Helen Drake did some nice fielding at short for Spartans, and Dorothy Richardson pulled down several hard drives. Eleanor Yourex also distinguished herself by a pretty catch, which retired a Spartan batter, but Dorothy Daverin retaliated by robbing an Athenian of a hit by an almost impossible catch. Kathleen Unger was not up to her usual form, but nevertheless she did some excellent work for Spartans. Ruth Dickson did her usual good work for Spartans, while Katherine Gleeson, in right, for Athenians, lined out several nice hits. Aileen Murphy and Beatrice Brady, two St. Pats slingers, lived up to their name at bat for Athenians, and played equally as well in the field. Evelyn Mills wielded a wicked bat for the Spartans, and for a newcomer she shows promise of developing into a fine player.

Mr. Shoemaker handled the umpire's duties in a very impartial manner.

Next Tuesday night will be a gala night in the Armouries for Softball and Basketball lovers. An all-star aggregation from the Church League will oppose a team from Kingston in the girls' softball, while it is expected that two boys' teams will put on a tussle. The Kingston Hi-Y Basketball team will be stacked up against "B" Company. The "soldiers" have a pretty strong quintet, and will doubtless give the Y boys a hard run. After the games are over a dance will conclude the night's entertainment.

BASEBALL

Here it is the 5th of May and still no action taken by the Executive of the local Ball Club. There is no reason why there can't be a team here, as there is plenty of players and material for a team. The Lennox and Addington League would welcome a team from here, and doubtless the team would make the others step to beat them. True, Doug. Fraser, the local pitcher, has left town, but there are others here who could pitch. We still have Jim Naphin, Mac Loucks, Killorin Bros., and two new players, a left-handed pitcher in Joyce of the Standard Bank, and Ed. Daverin, former Thorold player. Leo Scrimshaw or Am. Killorin could handle the catching, while Jim Naphin, Johnston Bros., Claude Fraser, Dave Stinson and Don Daverin would be aspirants for the infield. Ray Huffman, Fred Carter, Bill Galt and half a dozen others would step up as likely outfielders. There are plenty of good men to coach the team along, Charlie Loucks, Leo Scrimshaw, Herb Holder, and perhaps Jack Adams, all being experienced players. If the town doesn't have a team, what are all those players going to do?

A rumour is broadcasted about the town that "B" Co. intends to enter a team in the County League is no action is taken by the Club's officials by the fans are hoping something will be done, because sport is at a standstill in Napanee at present. All the players are anxious to get started, so let's get going.

On Saturday afternoon the Napanee Beavers defeated Kingston Olympics by 7-1, at the K. C. I. grounds. Daverin's pitching was the big factor in Napanee's win, as he fanned 16 men and allowed on 5 scattered hits. Matheson took the mound for Kingston in the second innings, and held the local youngsters to 4 hits. His predecessor was touched for 10 hits and 7 runs in the first innings. The Beavers will play the return game in Kingston to-morrow (Saturday) afternoon.

BASKETBALL

On Friday evening the local Collegiate Institute quintet was defeated in Kingston by the Hi-Y's by 32-14. However, the score in no way gives any account of the play, as the local boys were in the game all the time. The small floor space had the locals at a bad disadvantage, and they could lack whatever in their shooting. Thornley was missed on the local defence, and doubtless with him on the team would have made a better showing.

Elliott was Kingston's best, although the remainder played nice basketball.

The teams:
N.C.I.—Forwards, Fraser and MacDonald; centre, Carr; defence, Cowle and Deline; subs, W. Carr, Corkill and Ballard.
Kingston—Forwards, Elliott and Thompson; centre, Hannah; defence, Upton and Clegy; subs, Buck and White.

MARLBANK

Mr. and Mrs. Wm. Perry have moved to Main Street, beside their son. — Mr. and Mrs. Hall have moved in the house that Mr. and Mrs. McAdams vacated. — Miss Louise Ketcheson, of Tweed, was the guest of Miss Bessie Allen on Wednesday. — Mr. George Young was quietly laid to rest on Friday, May 7th, in Tamworth cemetery. — Mr. Albert Benn was brought from Tamworth vault on Friday, May 7th, and was buried in Kimmett's cemetery. — Mr. Morley Hart and sister, of Napanee, were the guests of Miss Helen Benn on Sunday. — The church service of the United Church will be held on Sunday evening at 7.30. — Mr. Rupert Young made a flying trip to Enterprise on Wednesday evening. — Mr. and Mrs. Esterbrook, of Roblindale, were business callers in town on Tuesday evening. — A number of young people motored to Tamworth on Tuesday and Wednesday evenings to the evangelistic services. — Mr. Archie Meeks and Mrs. Earl Alexander motored to Colling's Bay on Sunday last. — The Young People will hold their weekly meeting of the League in the United Church on Tuesday evening, May 18th. — Mr. and Mrs. Lasher Maxwell, Mrs. M. Beckwith and daughter, Jean, were the guests of Mrs. Thos. Young on Wednesday. — Mr. and Mrs. McTaggart, of Ebenezer, called at Mr. Stephen Yates' on Sunday.—Mr. Earl Benn has gone to Napanee to work for the summer with Mr. Morley Hart.—Mr. Chas. Benn left on Monday to work at Port Colborne.

YARKER.

As a resident of this thriving little village it was a pleasure to read the items in The Beaver praising our advancement, but I wondered why no correspondent has left out the opening of the new Central Garage directly across from the hotel. The garage was opened on May 1st by Mr. H. E. Jackson, and he has installed lights that light up the whole central part of the village. He is doing a thriving business and it is a pleasure to have him with us. — Mrs. M. Foster has sold a number of this year's Ford cars. He has also purchased the offices of the late J. C. Connoly. Mr. Foster must believe in Yarker's future, as this makes a number of properties he has acquired.—Mr. Flint, the manager of the barber shop and ice house, motored to Napanee one Wednesday night, and a good time was enjoyed by a large number of his friends.

CENTREVILLE

We are having beautiful weather for the last few days.—Housecleaning is the order of the day.—"Mother's Day" was observed in the United Church here on Sunday. The programme was very inspiring and the address given by our pastor, Rev. Mr. Bunt, was appreciated by all.—Mr. and Mrs. Geo. McGill spent last Saturday in Belleville. — Miss Marie Sills, of New York City, spent a few days at her sister's friend, Mrs. Frank Thompson.—Miss Bernice McGill and Mr. Harry Doupe spent Saturday in Napanee. — The Young Peoples' Dramatic Club met on Wednesday night at the home of Miss Pauline Thompson. — Miss Edna Doupe spent Sunday with Miss Bernice McGill. — Mrs. Inslochhead spent Sunday with Mrs. Robert McGill.

A knowing man says — Either a draft or an overdraft may give a man a chill.

TAMWORTH UNITED CHURCH

Next Sunday, at 2.30 p.m., the Tamworth Lodge of Oddfellows, together with visiting brethern, will worship in the United Church, the service being conducted by the minister.

The service at Reidville will be at 10.30 a.m., and at Marlbank at 7.30 p.m.

There was a good attendance at the "Go to Sunday School" and "Mother's Day" service at Reidville last Sunday morning, and at a similar service at Marlbank in the evening the church was crowded.

There was an attendance of forty at the newly organized Y. P. S. on Tuesday, May 4th, and thirty-five on May 11th. The topic was taken at the first meeting by Miss Bessie Allen, and at the second by Miss Nettie McCutcheon.

SOFTBALL AND BASKET-BALL

On Tuesday evening, before one of the largest crowds of the year, Kingston carried off the lion's share in the games in the Armouries. Three of the visiting teams won, although only two won by a very great margin. The large crowd was right on its toes, and a continual cheering was kept up by the supporters of both sides.

"A" Co. 17, "B" Co. 12.

In a slugging bee "A" Co. defeated "B" Co. by 17-12, in the only game contest. Both sides stung the ball hard, but the older and more experienced men from the Limestone City came out on top. "A" Co. collected five runs in the first innings and looked like easy winners, but the youthful "B" Co. ball-tossers kept swatting away, and at one time were only one run behind. The crowd cheered the local boys to the echo, but also cheered the Kingston boys for their numerous good plays. Robertson and Richards formed the battery for Kingston and each did good work. Des Rosiers wielded a wicked bat, as did Sandy Richards. Eddie Watts, of hockey fame, held down the red light corner and looked good on several plays. Our old friend Art Purdy, got in some pretty stick-work, while McCullough came through with a few nice hits. Reid and Montgomery looked after their positions nicely in the fields, as did VanEvery. Cornelius, a veteran campaigner, took over the pitching assignment after the fifth innings, and did some good work.

Murray and Harrison did the battery work for "B" Co., and the youthful Harrison did excellent work behind the bat. He was painfully injured in a collision, but resumed play and received a great hand from the crowd. C. Fraser covered 1st. for Ballard, Harry Babcock and George Reid played the other infield positions. Tom Kirby, DeVerde Powell and Don Daverne looked after the outfield, and each did good work at bat and in the field.

Napanee 15, Kingston 12.

The second game turned out more favourably for Kingston, as the local girls turned in a neat performance to down the Kingston niggers, by 15-12. The local girls played sparkling ball in all but the second frame when Kingston scored six runs. The fielders gave the pitchers the best support, and every player on each team did their share of clouting.

D. Allen and C. Truesdale did fine work as a battery for Kingston, and each played their positions nicely besides doing some heavy hitting. T. Cunningham had an off night at bat, but finally settled down, and did some good work. M. Allen and B. Adsitt supported the battery in shortstop positions, and each was prominent at the bat. E. Davies looked after the hot corner" like a veteran, while M. Powell was responsible for several fine catches in centre field. H. Harpas looked after the pivot sack, and her batting was good. F. and M. Sinclair looked after right and left field respectively, and each did good work.

Dorothy Johnston and Marion Grass for the Napanee battery, Dorothy showed nice fielding and batting as did Marion. The latter was especially prominent at bat, and her stinging drives gave Napanee not a few runs. Chris Taylor took over the pitching assignment after the fourth innings, and allowed but five hits, striking out four batters. Mil. Rikely relieved the crowd by her playing at 1st, and her all round play was good. Marion Embury was up to her usual form at 2nd, and her fielding was a feature. Dorothy Daverin caught the eye of the crowd by her performance behind the bat. Mary Stinson's fielding between 2nd and 3rd, stood out. She made two catches that were gems. Irene Embury was with the bat. Hazel O'Neill did good work at 3rd, but her batting wasn't as good as usual. Irene Embury distinguished herself by a nice catch which gave Kingston a triple play, and Kathleen Unger was there with the goods when a hit was needed.

Mary Dafoe played below her usual form in right field, but nevertheless came in some good work. Grace Harrigan took over the duties at 1st after the 4th innings and did some pretty work. Dorothy Johnston relieved Hazel O'Neill in the fourth, and her playing at 3rd was good. Ruth Dickinson and Ginger Young did outfield duty after the fourth innings, and each got a few nice hits.

Score by innings :—

	1	2	3	4	5	6	7	
Kingston	1	6	0	0	3	2	0	—12
Napanee	5	0	2	0	2	5	3	—15

Kingston C. I. 20, Napanee 19.

Kingston carried off another game when K. C. I. girls defeated Napanee by 20-19, in a hard fought game of basketball. The shooting and passing of both teams was fast, although they had a tendency to bunch up.

Olive Dupre and Irene Gordon formed the powerful forward line for the K. C. I., and both proved themselves to be good all-round players and excellent shots. Dorothy Hanley looked after the relief duty and proved herself as good a player as the regulars. Norah Dunn, Dorothy Kinsey and Gertrude Reid completed the centre positions, and both were real good players. Their passing was good and they generally used good judgment in making their passes. Queenie Gimblett and Lorna Horewood proved themselves to be a real defence pair, and their checking was close. Doris Allen relieved the defence, and her playing was of a high order.

For Napanee, Hilda Daly and Dorothy Richardson did the shooting. They didn't have the luck with their shots, but they did their best, and many of their shots were from a difficult angle. Helen Whitaker and Katherine Gleeson were all over the floor, and their all round play was a treat to watch. Both checked their opponents closely and used excellent judgment in their passing. Marion Douglas and Marion Grass did the defence work and this pair, were the stars of the game. They checked their opponents closely, intercepted passes and pounced on rebounds. They got the ball away fast, and it certainly wasn't their fault the game was lost. Grace Boyce did relief duty and played equally as well as her team-mates, her checking being especially good.

Hi-Y 35, "B" Co. 9.

In the final game "B" Co. dropped from competition in Kingston. The local boys were off form and failed to play their usual game. Harold Buck in all round playing was the feature of the game.

The teams :—

Hi-Y — Forwards, White and Clegy; centre, Hannah; defence, Upton and Buck; subs, Thompson, White and Elliott.

Napanee — Forwards, MacDonald and Fisher; centre, Garratt; defence, Murray and Perry; sub., Ballard.

Referee—Mr. Smith, Kingston.

Both financially and otherwise, the evening was a huge success. The Armouries was packed full, and every available space was taken up. The play in all the games was of a high order, and the fans will doubtless be waiting for another such an evening. The evening was concluded by a delightful dance, which was well attended.

TRINITY UNITED CHURCH ANNUAL CONGREGATIONAL MEETING

The Annual Congregational Meeting of Trinity United Church was held on Wednesday evening, in the Schoolroom.

There was a large attendance of members and adherents, and the reports presented revealed splendid progress in every department of the Church.

Rev. W. R. Tanton presided over the gathering, and in his chairman's address referred to the spirit of harmony, loyalty and devotion which had made the year so successful.

The Departments of the Church were represented by Mrs. G. Switzer and Mrs. D. B. Wilson, for the ladies' work; Mr. J. E. Robinson and Mr. M. C. Bogart, the finances; Mr. C. L. Graham, the Young People; Mrs. C. Henderson, the "Ready Helpers", and Mr. C. Vandervoort, the Senior Bible Study. Musical items were given by Mr. F. LaSalle, Mr. and Mrs. C. D. Black and Misses Evelyn and Nina McKim.

The evening closed with refreshments served by the Social Committee of the Ladies' Aid.

The Official Board unanimously passed a resolution appreciating the work and leadership of the Rev. W. R. Tanton, and expressing satisfaction that he was to remain as the Pastor of the United Church.

CAMDEN EAST

On account of the cold, backward spring, there has not been much work on the land in this vicinity. — Mr. Judd, a former clerk in the Standard Bank here, was renewing old acquaintances in the village last week.—Mrs. Peterson, of Napanee, spent the past week with her cousin, Mrs. J. Switzer.—Mrs. Lloyd Joyner is occupying her house which she purchased from Mrs. McCaul, last summer.—Mothers' Day service in the United Church last Sunday, was largely attended. The minister, Rev. T. H. P. Anderson, gave a beautiful and inspiring sermon on Mothers' Day and our duty to our mothers.—Mr. and Mrs. McNeely, of Newburgh, visited their daughter, Mrs. Lee, and family, on Sunday afternoon last. — Mrs. Bruce Saundercook and little son, Roland, of Collins Bay, are visiting her parents, Mr. and Mrs. Jas. Youmans, and other relatives, for a few days.—Mr. John McGarvey and several others from the village attended the shower on Monday evening last, at Mr. Wm. Conners' East, for a newly wedded couple, Mr. and Mrs. Thos. Askam, at their home. There was a large gathering of friends and the couple received a fine lot of presents.—Mrs. White, Mr. and Mrs. L. Hare, of Napanee, motored to Maple Avenue to attend the funeral of an old friend, Mrs. Lambert, on Monday afternoon last, they met with an accident. When going down the hill east of Mr. Ralph Clark's home, something went wrong with the steering gear of the car, and both were run into by a hill south of the road. No person was seriously hurt and nothing was damaged. By help of good neighbours they were able to proceed home. —Mr. E. M. McKim went to Tamworth on Tuesday last to see his brother, Mr. Philip McKim, on business.—Mrs. Christie Rogers and little daughter visited Mrs. Fred Baker and family, on Tuesday afternoon last. — Mail Orders promptly filled at Wallace's Drug Store.

WILSON'S CROSSING

Farmers in this vicinity are very busy with their spring's work, and a lot of seeding has been done already. Glad to say Mrs. R. Potter is improving nicely since her return from Kingston General Hospital.—Mr. and Mrs. Joseph Fisher and children spent Sunday at Mr. Fred Wagar's. — Mr. and Mrs. Byron Sprung, Wednesday at Mr. Joe Dillon's.—Mr. and Mrs. M. PRIZES FOR S. S. PUPILS

An interesting interlude in the Mothers' Day service held in Grace Church Sunday morning, was the presentation of diplomas and seals to the officers, teachers and scholars who have obtained a perfect attendance not only for the past year, but for several years previous. It has been the custom to present these diplomas and seals every year, and the list is growing larger each succeeding year, in fact, Grace Sunday School has a record that falls to the lot of few schools.

Those receiving diplomas for a year's perfect attendance were : Master Garnet Leary, Mr. Leon Clute, Mr. Harold Grooms, Master Carl Rogers, Master Albert Davis, Miss Marion Douglas, Master Arthur Young, Miss Dorothy Lucas, Miss Marjorie Thompson, Miss Ila Boomhour, Mrs. M. B. Judson, Mr. Joseph Snider, Miss Jean Young, Master Francis Coakwell, Mrs. R. S. Wales.

The following received seals :

1st, Seals for two years' perfect attendance :—Miss Iris Seymour, Mrs. R. B. Allen, Mrs. Edgar Nutford, Miss Irene Seymour, Miss Louise Stalker, Miss Marjorie Gibbard, Master Roland Stalker and Miss Marion Sills.

2nd, Seal for three years' perfect attendance :—Mr. Wilfred Smith, Miss Evelyn Mills, Mr. Geo. Dupree, Miss Sadie Chapman, Miss Ila Chapman, Master Reg. Chapman.

3rd, Seal for four years' perfect attendance :—Miss Annie Young, Miss Marion Seymour, Miss Annie Pringle.

4th, Seal for five years' perfect attendance :—Master Gilbert Seymour, Mr. Ernest Gibbard, and Miss Fern Silver.

5th, Seal for six years' perfect attendance :—Miss Hazel O'Neill, Miss Hannah Denison, Mrs. B. M. Black, Mr. B. M. Black.

6th, and last Seal for seven years' perfect attendance :—Mrs. W. D. Vanalstine, Mr. F. L. Hoopers superintendent, and Mr. John S. Black.

The second diploma for eight years' perfect attendance were presented to Miss Vera Chase, Miss Edith Boomhour and Mr. Percy Denison.

Those receiving seals for the second diplomas were :—1st seal, nine years' perfect attendance, Miss Violet Hall, Mr. Byron Rose, Mr. Ward Huffman; 2nd seal, for ten years perfect attendance, Mrs. Byron Rose Mr. Gerald Smith, Mr. Escott Rose; 3rd seal, eleven years' perfect attendance, Mr. J. The presentations were made by the assistant superintendent, Mr. A. E. Paul, Card Secretary Mr. R. C. Root, and Mr. J. L. Murray.

MOTHERS' DAY AT NAPANEE

Mothers' Day was observed in the churches of the town on Sunday last, the music and sermons being in keeping with the day. The bright sunshine of the morning brought out unusually large congregations, and the services in memory of Mother will long be remembered by all those present.

In Trinity Church the congregation and Sunday School united at 11 a.m. for public worship, a most appropriate sermon for the occasion being preached by Rev. W. J. H. Smyth, B.A., B.D., of Wellington.

The platform surrounding the pulpit was a bevy of flowers, and the special singing by the Choir added much to the service.

In St. Andrew's Church the special O.R.E.C. program was observed, the choir being assisted in the service of song by the Sunday School Orchestra. Rev. A. J. Wilson, B.A., B.D., preached an appropriate sermon for the occasion.

In Grace Church the Sunday School convened at 11 o'clock and proceeded to the auditorium of the church, where the O.R.E.C. program was given. Instead of the usual mixed choir, a ladies' choir had charge, and sang a very appropriate anthem. A baptismal service was also held, after which Mr. G. W. Gibbard, assistant superintendent, gave a brief but excellent address on the origin of Mothers' Day and what it means. The choir was assisted by the Orchestra, which gave two special numbers.

GAME WARDEN'S BODY WAS FOUND

Believed He Was Fording Creek — No Foul Play Suggested.

A party of 75 searchers Sunday afternoon discovered the body of Clarke Russell, game and fish warden of Bancroft, who has been missing since Monday last, drowned in Deseon's Creek, about fifty miles South of Bancroft. It is presumed that he was drowned early in the week. His equipment was found with him. As he was not using a boat, it is thought that he was fording the creek and stepped into a deep hole. There is no suggestion of foul play.

On Thursday last fears were expressed for the safety of the game warden and parties of searchers were organized.

GILLETT'S FLAKE LYE

AN APPRECIATION OF MARY C. M. SHOREY

By Miss Margaret E. T. Addison, Dean of Women Students, Victoria College, Toronto.

On April 7th, 1926, there passed from this life into life eternal, Mary C. M. Shorey, younger daughter of the Rev. S. J. and Mrs. Shorey, now of Picton.

Mary was born in the Sherbourne Street Church parsonage, Toronto, and grew up to be the joy of her home—a bonnie, brown eyed lassie, merry, playful and adventurous. Her school career was most creditable, and she won the favor and affection of her teachers. It was when she entered College that the writer first met her, then a demure maiden with round dimpled cheeks, sparkling eyes, and a humorous smile lurking about the corners of her mouth. At once she showed her unusual ability. She had a brilliant but searching mind, a good memory, she was quick in the acquisition of languages, acute in the appreciation of literature, philosophical in the quest of truth. Literature in any language was her favorite subject of study. She loved poetry and stored her mind with rich treasures from both prose and poetry. In her taste she was fastidious, rejoicing in the beauties hidden from less discriminating eyes, never satisfied with less than the best.

She did not make friends readily—she was too shy and reserved, and yet she was a leader in more than her studies. For she had a vivid imagination, and possessed the art of winning love. There were times when with her gift of mimicry and dramatic skill she was the centre of laughter in a group of girls. Her friends will recall the skits composed chiefly by herself and put on with them at College, and those who saw them were struck with her keen observation and her quick wit. To hear her argue with her father was a delight.

True to the heritage of her home and of her ancestors, the grand-daughter, as well as the daughter, of the parsonage, Mary never swerved in questions of right and wrong. Her delicate conscience was quick to detect insincerity, to repudiate everything that was not pure, true, lovely, and of good report.

Mary could not love anything that was not beautiful, and she glorified in perfection whether of art or of life. It was in this, indeed, that her life was tragic. She was frail of constitution and found her limitation of strength failing. Often she withdrew from her comrades, and oppressed with the eternal "whys" of the universe, she pondered long upon the meaning of life. Why was there pain in the world? Why must any soul be fettered by physical disability, why could not one be free? And she beat her young wings against her cage. Perhaps it was her worry that added to her depth of character, for she thought more deeply than most. During the last years of her life illness increased, and there were times of darkness and despair. But who, that knew Mary, can doubt that if faith was ever obscure, it was but the affliction of life that dimmed it for a time; now she no longer knows in part, but knows even as she is known by Him, Who she always loved and served. There can be no regret that she has passed from the limitations of this life into the light, glory and beauty of the fullness of life, "which eye hath not seen, nor ear heard, neither hath entered into the heart of man the things which God hath prepared for them that love Him". The door of the cage has been opened and the spirit is free.—The Picton Gazette, April 29th, 1926.

Suffered From Kidney Troubles for Years

Nova Scotia Man Affirms Dodd's Kidney Pills a Truly Wonderful Medicine.

Mr. Wm. L. Whitman Suffered From Kidney Complications and Found Relief in Dodd's Kidney Pills.

Beaver Harbour, N.S., May 10th, (Special).—"My trouble started from a cold and strain. I have suffered for years from kidney trouble, Rheumatism, Bright's Disease and Lumbago being some of my chief troubles. My head used to ache and my appetite was fitful. I have taken Dodd's Kidney Pills and found them very satisfactory. I think they are truly a wonderful medicine. Really they are not used half enough by a good many people."

This statement comes from Mr. W. L. Whitman, a well known resident of this place.

Bright's Disease is one of the most serious forms of kidney disease. It can be successfully treated with Dodd's Kidney Pills. But the better way is to guard against such diseases as rheumatism, dropsy, diabetes and Bright's Disease by using Dodd's Kidney Pills when the kidneys first get out of order.

ENTERPRISE

We are having some spring weather at last, and do hope it will last. The farmers are very busy getting the seeding done, as it is so very late. —The play entitled "The Last Loaf", was given by our young people again, and had a fair crowd for giving it the second time this year. Everyone enjoyed it very much.—Mr. and Mrs. Eric Jackson visited at Mr. and Mrs. Wellesley Chatterton recently. Miss Viola Storms is visiting her sister, Mrs. Byron Sparks, for a few days.—Mr. Carmen Peters took tea at R. S. Bell's, on Sunday evening. — The Wilton Dramatic Club presented their play, entitled "The Road to the City", in our village last Monday, and it was well done. Everyone enjoyed it, and say come again. It was certainly a splendid play with a real life moral to it.

Last Sunday was Mothers' Day in our Sunday School. We had a real good attendance and a real good programme. Mr. S. G. Waye, of Tweed, gave a nice little talk on "Our Mothers". He also read the 31st chapter of Proverbs, which was very appropriate reading for our Mothers' Day service. Mrs. Waye read the following paper, which was very much appreciated :—

"OUR MOTHERS"

Of all, the words in the English language none stir our hearts like the three words, "Mother", "Home", "Heaven", and it seems fitting that the first place should be given to "Mother", whose influence makes home and heaven attainable.

Life has no other synonym but mother. She who gave life gave it meaning also. Never, never, has one forgotten his pure right educating mother. On the blue mountains of our dim childhood, towards which we ever turn and look, stand the mothers who marked out to us from thence our life; the most blessed age must be forgotten ere we can forget the warmest heart.

Love has no other synonym but mother. There is no other word that so aptly says what we think and feel when we speak of God, as mother. A love that is adequate to all necessities; a love that is dependable under all circumstances; a love that squanders lavishly and asks no return; a love that never loses its faith, never loses sight of a child's perfectability; a love that has a down its life for a life; a love that would fling its arms around a boy in hell, that defeats hell—that and more is mother! And when she passes down into the valley even death becomes enviable and beautiful because mother passed that way.

"He is so small; he does not know The summer sun, the winter snow; The spring that ebbs and comes again All this is far beyond his ken.

A little world he feels and sees; His mother's arms, his mother's knees;

He aides his face against her breast; And does not care to learn the rest."

"Since God could not be everywhere To watch o'er men and brothers, He did the next best thing He could, And filled the world with mothers."

The lips that have kissed many tears from the children cheeks are the sweetest lips in all the world. The eye may be dim, yet it glows with the radiance of a holy love that can never fade. The sands of time may be nearly run out, but feeble as she is she will go further and reach out lower for you than anyone else on earth. You cannot walk into midnight where she cannot see you. You cannot enter a prison whose bars will keep her out. You cannot mount a scaffold too high for her to reach and bless you. In evidence of her deathless love when the world shall despise and forsake you, when it leaves you by the wayside to die unnoticed, the dear old mother will gather you up in her arms or tell you of your virtues until you almost forget your soul is disfigured by vices. Love her tenderly and cheer her declining years with devotion.

The man or woman growing old looks back over his or her life and finds no love in all the world so pure, so strong and abiding as that of mother, and how often it is hard for the big burly man to suppress his emotion when mother and old familiar scenes are mentioned. His voice becomes softer and a tear glistens in his eye when instances of her love and sacrifice are recounted.

But we do not want the children of to-day to wait until mother is old before they appreciate her and show that they do so, but from earliest childhood to reverence her and cherish her above all other friends.

The object of Mothers' Day is to honor the best mother who ever lived —your own; to recall the memories of the mothers that are gone, and through loving words and loving care to brighten the lives of the mothers that remain and to help the children and men and women to a greater blessing in honoring their father and their mother; to recall mother's prayers and the sacrifices made to mother by the big boy who still mourns her to step and think a little of what she was in her life to her family.

As far as we know the thought of Mothers' Day originated with Miss Anna Jarvis, of Philadelphia, through her desire to commemorate the anniversary of the day when last even mother left her earthly home for the heavenly. This was in 1906. She thought it would be a beautiful tribute to motherhood if all people upon a certain day would wear a white flower (preferably a carnation), and two years the idea spread over North America and to other lands. The second Sunday in May was proposed as Mothers' Day in the Sunday School. Not that on one day of the year mother should be honored to the exclusion of other days, but that special honor of this day would prepare us for loyalty and honoring her more during the remaining 364, and for those whose mothers have gone to higher the commemoration of such a day will cause us to think more of her tender love and endeavor to make our lives as pure and good as hers, so that when the glad reunion comes we may not be ashamed. The emblem of Mothers' Day is the white carnation. Its whiteness stands for purity. Its form beauty, its fragrance love, its wide field charity, its lasting qualities faithfulness—all a true mother's virtue.

Was it for this with patience and with tears
You garnered all your priceless increase up?
Oh, white carnation, symbol of the flesh
Your bourgeoning at last has found its own;
To-day we break your ointment to refresh
Our memory of mother and of home.

White and purple are Mothers' Day colors. White for purity, purple to denote that we wish to give mother the royal place of the day. The music of this day should be hymns that most of our mothers loved, as "Jesus Lover, etc", "Nearer My God to Thee", "Beulah Land". There should be responsive reading, especially prepared from verses in the Bible, for example, "Honor thy Father and thy Mother that thy days may be long in the land of the Lord thy God"; My son hear the instruction of thy father and forsake not the law of thy mother, for they shall be an ornament of grace upon thy head and chains about thy neck"; "A wise son maketh a glad father, but a foolish son is the heaviness of his mother"; "Children obey your parents in all things for this is well pleasing unto the Lord"; "Bind them continually upon thy heart, tie them about thy neck"; "The glory of young men is their strength, and the beauty of old men is the hoary head"; "Now there stood by the cross of Jesus, his mother. When Jesus saw his mother and the desciple standing by whom he loved he saith unto his mother, "Woman behold thy son" Then he said to the desciple "Behold thy mother" Showing Christ's loving thoughtfulness of his mother in the hour of his agony.

Children can be led on to see that just as they know mother and father love them as their own life so God's love is to them and infinitely more tender, and that the hairs of our head are all numbered, and that as' one whom his mother comforteth so the Lord will comfort them.

Let those who are absent from home and mother, write her a real love letter and don't think it foolish to tell her how you love and bless her every day.

In our school we have celebrated Mothers' Day since 1908, and have found it was entered into most heartily, few forgetting to wear a white flower. The children seemed to enjoy the day even more than Christmas Sunday or Flower Day, and I believe it cannot help but have an influence on children and adults as well. Our programmes have been well planned and touch the heart, and we hope they will bear fruit in the lives of the hearers that parents, especially the mothers, may be cherished as they so well deserve.

It may be with soft fingers close entwined,
A golden head against her bosom now,
It may be distance or a grave she finds,
A man with furrowed face and silvered brow.
But they are still her little ones, as when
She braved the pangs of death that they might live,
She perilled all her life for them,
And then her ever overflowing heart had more to give.
And we! What have we done to fill her years,
How have we paid her sacrifice and pain?
Oh, Father ! for her love, her hopes, her fears,
Have we a gift of recompense not vain?
My mother, take these fragrant flowers to-day,
In giving them I pray that I may be
To you,—ere God's still touch takes you away,
All, all that you have ever been to me.
And if too late to win your loving smile,
And you have risen pure and white and true,
Twill only be for me a little while
Till I may come to be at rest with you.
And when mine eyes close in my last long sleep
To strains of that sweet song, your lullaby,
Let me but place my head upon your breast,
My Mother,—then I'll know that God is nigh.

Give Confidence To Young Mothers

By Always Keeping Baby's Own Tablets in the Home

A simple and safe remedy for the common ills of babyhood and childhood should be kept in every home where there is either a baby or a young child. Often it is necessary to give the little one something to break up a cold, allay fever, correct sour stomach and banish the irritability that accompanies the cutting of teeth.

Experienced mothers always keep Baby's Own Tablets in the house as a safeguard against the troubles that seize their little ones so suddenly and the young mother can feel reasonably safe with a box of these Tablets at hand and ready for emergencies.

Baby's Own Tablets are a mild but thorough laxative that act without griping and they are absolutely guaranteed free from opiates or other harmful drugs. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The young man suddenly woke up to the fact that his hostess's youngest daughter of about eight summers was trying to make friends with him, and, being a kindly young man, he encouraged her.

"I say, how old are you?" asked the child, suddenly.

The young man smiles and answered the questiogr only to meet with another :

"Are you married?"

He assured the little girl that he was not.

At that moment the hostess herself appeared, and the little girl turned to her and said :

"He's O.K. so far, mother. Is there anything else you want to know?"

There doesn't seem much that, a present day flapper could leave off to give her a cold unless it is her coat of paint.

PLAY BALL !

This world's a diamond, with the bases laid,
And on it Life's great game of ball is played.
The teams are Human Beings versus Fate,
And Time's the umpire watching by the plate.
We're at the bat. Our purpose o'er and o'er
To wield Ambition's club and try to score.
To try to solve the curve the pitcher throws
And lam the sphere where not a fielder goes.
Some of us seem to bat with skill immense.
Knocking long homers o'er the deep field fence.
Others bunt infield hits, but wildly race,
And beat the ball down to the primal base.
Still others, though they strive their best, no doubt,
Fan wildly at the air, and then — strike out!
Then seek the bench, downcast, with visage drawn,
Crestfallen, shamefaced, blue, ambition gone!
Or rag the umpire, growling like a bear;
"You robber! That decision wasn't fair!"
That's not the game! Be not a grouch or quitter!
What though you're not a straight 300-hitter?
You've got another chance. Stand to the plate,
You're away!
Keep on! Don't stop! Don't lose that dandy stride!
You've got to beat the throw-in! Slide, now! Slide!
Hurrah! You did it! Of course you scored!
See—there's your tally marked up on the board!
And now you'll win the game—no doubt at all!
You just can't lose, old man, if you'll PLAY BALL!

Fixings For The Home

This department in our store is exceedingly active these days. Women are choosing new decorations for the home, and never in our entire history have we been better prepared to intelligently serve. Our stock, carefully selected, is complete with various ranges of new and attractive materials, authentic from every viewpoint. Note these values.

SMYRNA RUGS

Our second bale this Spring has been placed in stock. For real, genuine outstanding value, there is nothing that begins to compare with them. Each Rug is reversible. The patterns are both artistic and durable. While they last, your choice at $1.95 each.

TAPESTRY

For upholstering furniture, "Tapestry" still remains unbeatable. At $1.50 per yard we are offering two very fine patterns. Comes fifty inches wide.

FLOOR OILCLOTH

Creates a floor covering that is both serviceable and sanitary. For bedrooms, halls and living rooms it is most appropriate. We have just placed a large shipment of attractive Spring patterns in stock. Obtainable in all widths up to and including 2½ yards. Priced at 55c. per square yard.

Treo Corset Fashions For 1926 Demonstrated by Their Expert Corsetiere May 13th, 14th and 15th. In Our Store

We invite the women of this vicinity to this demonstration of Treo Fashions, consisting of latest Spring and Summer models in Brassiere Girdles, Elastic Girdles, Novelties, Bandeaux and Step-ins.

Treo Corset productions are new in this vicinity. We purchased them because they interpreted the mode, somewhat different than other Corset manufacturers. Then too, they always present a standard of values that were irresistible.

In presenting "Treo" garments we believe we are offering our patrons a corset service of undisputed merit—authentic from every viewpoint.

Miss Clark, a Treo Expert Corsetiere, will be in our Corset Department on Thursday, Friday and Saturday. We ask you to consult her concerning your problems in Corsetry.

WONDERLAND THEATRE

H. R. H. PRINCE OF WALES TOUR OF AFRICA AND SOUTH AMERICA COMING

All the delights that any boy and girl might get from the books or stories of famous travellers are compressed—in the wonderful film which the British Admiralty has made of the last tour of H. R. H. the Prince of Wales.

First, a life on the ocean wave. There are the sailor scenes attending the Prince's long ocean voyages on the Repulse that will give thrills to any boy who dreams of the British navy as the ideal career of adventure.

Then there are the marvels of Africa, revealed in their primitive savagery for the first time in motion picture history. The Prince has opened what has been to the world a closed book, and from the pages of this volume pour hundreds of thousands of Zulus and other native tribesmen, in a great and barbaric pageantry. Thousands of horsemen and warriors take part in the ceremonies and there are incidents both dramatic and comical.

The reception accorded the Prince in South Africa by Boer and Briton was one unending triumph of patriotism and unity of races. Where serious friction existed now reigns friendliness and peace.

The South American phases of the Prince's tour were equally brilliant in color and interesting in range of events; but of an entirely different character to the scenes in Africa. The countries of the Argentine, Uruguay and Chile were hosts to the Prince and his party and if they had been British people they could not have been more generous in their receptions. The scenes showing the wild riding of the Argentine cowboys called gauchos are exciting and the fact that the Prince rode with them adds to the thrills.

This photoplay triumph opens on Wednesday at Wonderland Theatre for two nights.

Dragged Down by Asthma.

The man or woman who is continually subject to asthma is unfitted for his or her life's work. Strength departs and energy is taken away until life becomes a dreary existence. And yet this is needless. Dr. J. D. Kellogg's Asthma Remedy has brought a great change to an army of sufferers. It relieves the restricted air tubes and guards against future trouble. Try it.

Corn Lice by Trillions.

There is a tiny insect that lives on the roots of young corn and sometimes destroys a whole crop in one locality. It does this by the rapidity of its reproduction, from 11 to 22 generations having been counted in one season. It is estimated that each louse hatched in the spring leaves in the ground at the end of the season 319,000,000,000 descendants and 3,000,000,000,000 eggs.

Seeing Ahead.

There is always room for a man of force, and he makes room for many. A feeble man can see the farms that are fenced and tilled, the houses that are built. The strong man sees the possible homes and farms. His eye makes estates as fast as the sun breeds clouds.—Emerson.

Paths to Happiness.

It is the most beautiful truth in morals that we have no such thing as a distinct or divided interest from our race. In their welfare is ours, and by choosing the broadest paths to effect their happiness we choose the surest and the shortest to our own.—Bulwer Lytton.

Minister a Linguist.

Four languages were used last year in the preaching of Rev. Paul Burgess, Presbyterian missionary in the Quiché-tenango field of Guatemala, according to the Guatemala News. He spoke in Spanish, English, German and Cakchiquel.

Strongest Wood.

Lancewood is said to be the strongest wood known; its tensile strength per square inch is 23,000 pounds—that is to say, that weight is required to tear asunder a piece of it one inch square.

Getting to the Top.

To succeed take hold of the first thing that will lift you up and then take hold of the next thing available to lift you still a little higher. Thus you will go to the top with reasonable rapidity.

Injuries and Insults.

Injuries may be atoned for and forgives; but insults admit of no compensation. They degrade the mind in its own esteem and force it to recover its level by revenge.—Junius.

Decolorizing Carbons.

English experimenters have at least partially discovered the secret processes used in the manufacture of German and Dutch decolorizing cartons for the sugar industry.

Webster on Opinion.

Inconsistencies of opinion, arising from changes of circumstances, are often justifiable.—Daniel Webster.

Questions.

The most simple questions are generally the most lucid.

What Service Is.

The most blessed of human endeavors is service—the service that educates and builds and makes this old world a better and happier place in which to live and work. Service is the spirit of the hour. It blesses him that gives and him that gets; it is the brotherhood of man in business; it is the helping hand extended unselfishly; it is bread cast upon the waters; it is a way of helping ourselves by helping each other. The best that can be said of any man is this: "He served others that they might better serve themselves."—Barker.

To Remove Smoke Stains.

This suggestion will be beneficial to housewives who have not the convenience of electricity or the modern gas fixtures. Frequently the ceiling above an old-fashioned gas jet becomes discolored from smoke and heat. The discoloration may be removed if a layer of starch and water is applied with a piece of flannel. After the mixture has dried it should be brushed lightly with a brush. No stain or mark will remain.

Cross Children.

Don't be cross with children when they are cross. If they are irritable and pouty leave them alone to their fate or try to divert their attention to some interesting book or game or toy. Get them outdoors to play or to walk. Take them for a ride. The common retort to cross children is in being cross yourself, but this only hurts the children and makes them moody and later despondents.—Exchange.

—A Child Welfare Clinic for the pre-school child is held each Thursday from 2 to 4, in the Council Chamber, under the direction of Victorian Order of Nurses.

Sizes of American Flags.

The garrison flag of the United States army is made of bunting, with 36 feet fly and 20 feet hoist; 13 stripes, and in the upper quarter next the staff is the field or "union" of stars, equal to the number of states, on blue field, over one-third length of flag, extending to the lower edge of the fourth red stripe from the top.

Giving and Receiving.

You cannot give anything to anyone, you cannot give to any cause. From all this seeming giving you only take from experience the blessing of self-expression. You give only to yourself and in ministering you minister only to yourself. The man who takes from you must in turn give before he actually receives.—Exchange.

Protein in White of Eggs.

The purest example of protein is the albumen in the white of egg. Protein is found not only in eggs, but all lean meats. Also in vegetables and cereals in much smaller proportions, some vegetables having only a trace, while others, such as peanuts, having more than the best beefsteak.

Great Men Never Die.

The career of a great man remains an enduring monument of human energy. The man dies and disappears, but his thoughts and acts survive and leave an indelible stamp upon his race. —Samuel Smiles.

Must Be One or Other.

Donald walked up to a rather masculine looking woman with short hair and said: "Say, lady, are you a man?" And then, having received no answer, he inquired: "Say, mister, are you a lady?"

Quick Relief For RHEUMATICS

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it to-day. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish."

Many people, the most skeptical of skeptocs right in this town and in the country hereabouts, bless the day when Wallace's Drug Store and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism, get a bottle of Rheuma to-day.

SCANTLEBURY'S MAMMOTH WALL PAPER SALE

AT BELLEVILLE

IN FULL SWING

—the roads leading to Belleville, the Great Wall Paper Centre of Canada's fair now forty years—are busy thoroughfares.

This Huge Wall Paper Sale means so much to homemakers; means the papering of two rooms for the usual cost of one, because we GIVE BORDERS to match papers FREE, yard per roll, and we are the largest selection of any store in Canada—1500 lines to select from, and with all the lowest prices—our prices are lower than the Toronto departmental store samples. If you do not believe it we will offer you any paper in any sample book anywhere at a price as low or lower—and Border Free with papers over 10c.

Tear the sample you want from your book, mail or bring it to us and you will receive the same paper for same or lower price, and in addition Free Border.

Try us to the test, others have, and to their surprise and satisfaction.

C. R. Scantlebury artistically has been selling Wall Paper in a large way and exclusively for years—and will not be undersold—we will undersell, and has the proof for you to-day.

Paperhangers sample book prices are a joke beside our Wall Paper prices. Remember Borders Free for all—you need not now pay for borders—as much as the paper. BORDERS FREE, yard for yard.

"TO THE MOTHERS"

Let's turn our thoughts to our mothers,
Many of us forget,
Even if they have departed,
They're watching o'er us yet.

Now we have a day appointed,—
Just one in all the year,
To think of the ones departed,
To honour those left here.

Only the wearers of flowers,
It isn't much to do;
But is shows that we remember
The hardships they've gone through.

And now that day has departed,
But did you do your part?
If not, look into your feelings
And sound your depth of heart.

Remember how she was loving,
You'll never have another;
No matter how kindly she be,
She's never the same as "mother".

So boys, when next year approaches,
Remember to do your part,—
To wear the flower in honour
Of her, who rules your heart.

I'm far from her tender kindness,
Tis all that I can do;
And to those who love their "mothers"
I pass this on to you.

—Wm. A. McNeely.

NAPANEE WOMEN'S INSTITUTE

The Napanee Branch of the Women's Institute held its regular meeting in the Department of Agriculture class room on Tuesday afternoon at 2.30, with an attendance of thirty-five. The President, Mrs. Woods, in the chair.

Matters of minor business were attended to, announcement of Mrs. Low, Toronto, to address the June meeting, and the following officers elected for the ensuing year:

President—Mrs. Alpine Woods.

1st Vice President — Miss Alma Thompson.

2nd Vice President — Mrs. James Douglas.

Rec. Secty.-Treas. — Mrs. Frank Herrington.

Assistant Secretary—Mrs. Susie Robinson.

Corr. Secty.—Miss Eva Herrington.

District Director — Mrs. George Switzer.

Directors—Mrs. Ella Wagar, Mrs. John Gehan, Mrs. R. S. Wales, Mrs. C. B. Creighton.

Press Reporter—Mrs. Jas. Laughland.

Convenor of Flower Committee — Mrs. Ralph Ham.

Messrs. Wilfrid Wilson and J. E. Robinson, a delegation from the Chautauqua Committee, addressed the Institute in regard to help required in promoting the interests of this worthy cause, and thanked the members for their hearty co-operation.

Mrs. Ella Wagar's paper on Current Events, was as usual interesting and enlightening.

Following is the Annual Report of the Branch:—

The Napanee Branch of the Women's Institute has held ten regular meetings the past year. During this time 191 members have been enrolled, which is an increase of 47 members over last year. The average attendance for the year has been 61.7. Five lectures have been given, covering a variety of subjects. They were as follows:—

"The Institute", by Miss Edith Collins.

"Aims and Achievements", by Miss Edith Collins.

"Foods and Their Values", by Dr. Morden.

"The British Empire", by Mrs. Jas. Laughland.

"Because of Modern Conveniences Are We Less Ambitious Than Our Grandmothers?" by Mrs. Ed. Kayler.

Three Demonstration lectures were given, as follows:—

"Winter Salads", by Mrs. W. S. Herrington.

"Marshmallow Candy-making", by Mrs. Robt. Meyers.

"Cuts of Meat", Davis' Meat Shop.

Mrs. Susie Robinson, who was a delegate to the Annual Convention at Ottawa, brought back a splendid report.

A two weeks' Sewing Course was conducted by Miss Edith Collins, in November.

Another two weeks' Domestic Science Course was conducted by Mrs. G. Cooke, in April. Both courses brought forth a large attendance of members, who felt well repaid for the time spent.

The Mother and Daughter Banquet was held on January 28th, when two hundred and twenty-five mothers and daughters sat down to a sumptuous repast. Dr. Anna Ross, of Guelph, addressed the audience.

Grandmothers' Day was held on April 20th, in the Oddfellows' Hall, there being an attendance of 175. A good programme was given, after which tea was served, with old fashioned cookies.

For this year's community work the Institute have undertaken to boost the Chautauqua.

The Superintendent of Current Events, Mrs. Ella Wagar, has kept the Institute posted on doings from every part of the world. She is to be congratulated on her excellent work.

TAMWORTH

D. A. Brandon passed away on Monday, aged 71 years. The funeral was held on Wednesday at the United Church, Rev. Mr. Thornley and Rev. Mr. McClintock officiating, and was largely attended.

Lloyd, of Belleville, and Mr. Trotter, of Kingston, were in attendance at the funeral. — J. A. Hunter, of Kingston, was in town on Tuesday.

Rev. Mr. McClintock's meetings closed on Wednesday night. The meetings were all well attended. — Gilmour Bros. have purchased the blacksmith shop and barns of Mrs. Mouck and will erect a first-class garage in the near future. — The County road scraper has arrived, and cleaned our Main street, which is a decided improvement. — New goods fresh in at Floyd & Co.'s.

NEW IDEA IN TRANSPORTATION

Trains to Glide on Runners, Separated From Track Merely by Thin Film of Water.

Looking toward the transportation facilities of the future, an American electrical experimenter believes that the chief source of travel will be trains without wheels, running on single tracks, and moving almost without friction because they will slide on runners separated from the track by a thin film of water. In short, the fact that one plate of glass will glide practically without friction over another if there is a thin layer of water between them will be applied and worked out in running a train. The idea of a train without wheels is sufficiently surprising, but, according to the writer, a Frenchman had invented such a train just before the Franco-Prussian war, and the project was not resumed afterward, although a later French investor made some important improvements. The advantage over modern transportation, if such trains become practicable, is prophesied as noiselessness of operation, equal carrying capacity, and about twice as much speed. The idea looks visionary; but after all it is not wise to distrust possibilities for that reason.

TO BE NEW WORLD'S WONDER

Japanese at Work on Statue of St. Nichiren, Cutting It From Solid Rock.

On the Isle of Cow's Head, in that beautiful inland sea, which has been called the Mediterranean of Japan, a ledge of rock overlooks the water, and here a small army of Japanese workmen are busy at the first cuttings that will eventually carve out the largest statue in the world. The Colossus of Rhodes, at one time one of the seven wonders of the world, is said to have been 105 feet high—a small thing compared with the figure of Liberty that stands 151 feet above its pedestal in New York harbor—but the Japanese statue will be of even greater magnitude. Following the line of the natural rock it will be a reclining figure 240 feet long, and therefore that much more impressive than the Buddha at Pegu, Burma, which from head to foot measures 182 feet. The Isle of the Cow's head is private property, and this Brobdingnagian adornment is a work of private enterprise. The reclining figure will be that of St. Nichiren, who founded the sect of Buddhism that bears his name. In the wooden model the saint lies asleep, facing whoever sees him, his head pillowed on a block, and his left arm extended along his side; a somewhat archaic figure, yet with considerable realism. For the enormous statue that is to be cut out of the solid rock from the model the trees and greenery of the Isle of the Cow's head will provide an excellent setting.

Time Has Tested It—Dr. Thomas' Eclectric Oil has been on the market upwards of fifty years and in that time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried its fame beyond the seas. If it were double the price it would be a cheap liniment.

Seventy-five per cent of the male convicts in our prisons are single, it is stated. "Safety first" is evidently their motto.

For Catarrh.—It is one of the chief recommendations of Dr. Thomas' Eclectric Oil that it can be used internally with as much success as it can outwardly. Sufferers from catarrh will find that the Oil when used according to directions will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonials.

"Is it beastin' ye are," inquired Dooley, "or apologizin'?"

Worms, however generated, are found in the digestive tracts, where they set up disturbances detrimental to the health of the child. There can be no comfort for the little ones until the hurtful intruders have been expelled. An excellent preparation for this purpose can be had in Miller's Worm Powders. They will immediately destroy the worms and correct the conditions that were favorable to their existence.

Any person in Ontario who grows field crops may apply for any one of the experiments for 1926. Each applicant should make a second choice as the material for the first choice might be exhausted before the application is received. The material will be forwarded in the order in which the applications are received while the supply lasts. No charge is made for the experimental material and the produce becomes the property of the experimenter. A careful filled out report is required after harvest. Each person applying should carefully write in name, address and county. All written applications whether inclosed or in open envelopes must be sent to the Dept. of Field Husbandry, O. A. College, Guelph.

Spring Pruning.

The question is, "How late can the apple, peach and pear trees be pruned in the spring?" is often asked. It may be answered by saying that it can be done with entire success any time during the spring months.

It is usually a little more successful and satisfactory to do the work before growth starts in the spring. Do it when your knife is sharp, and don't delay a whole year on account of inability to find time early in the season. The later pruning is done in the spring the greater the tendency toward the checking of growth, and results in accomplishing no more than the removal of the wood. Early pruning leaves all stimulating influences for the benefit of the twigs that remain, results in larger, stronger growth, and development where desired.

Wounds made on large branches sometimes exude considerable sap when made in the middle of the growing season, so if pruning is done after growth starts more care should be exercised in painting over the cut surfaces. Sodium silicate or water glass is one of the best coverings for wet wounds on fruit trees. Bordeaux mixture and corrosive sublimate solutions are also good. Paints, wax or pitch may be applied when the surface becomes dry.—L. Stevenson, Director of Kentville, N. S. Colleges.

Throw away the Washboard—Use Rinso

THE old-fashioned wash-day is gone. With it has gone the everlasting rub-rub-rubbing and ugly hands, lame backs, frazzled nerves and short tempers and a soapy odour all through the house.

Instead you use Rinso and *part* of a morning for the weekly wash.

You change the hard work of washing to just rinsing.

Just soak the clothes a couple of hours or overnight in Rinso suds, rinse, and that's all. Simple. Efficient. Time saving. Labour saving.

Don't try to do another washing without Rinso. Twelve leading washing machine makers say "Use Rinso".

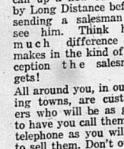
The one best way!

Each year there are more people you can sell. The finest kind of introduction to these new comers is to call them up on the telephone — by Local or Long Distance as the case may require. Many merchants always call up a new customer by Long Distance before sending a salesman to see him. Think how much difference it makes in the kind of reception the salesman gets!

All around you, in outlying towns, are customers who will be as glad to have you call them by telephone as you will be to sell them. Don't overlook the one best way of winning and holding their friendship — the telephone.



"Do you think that old razor will do it?"

Barber—"It will, sir—if the handle doesn't break."

OBITUARY

Mary Cecelia Shorey

Mary Cecelia Shorey, daughter of Rev. and Mrs. S. J. Shorey, passed away at Kingston, on Wednesday, April 7th. The deceased was born at the Parsonage of the Somerbourne Street Church in Toronto, and was an Honor Graduate in Modern Languages of Victoria College, Toronto. She was a girl of brilliant intellectual attainments and loved by all who had the privilege of her friendship for her fine moral character.

The remains were brought to Picton for burial. There was a service at the house, followed by a church service, when Rev. W. J. H. Smyth, of Wellington; Rev. H. B. Kenny, of Belleville, and Miss Addison, Dean of Annesley Hall, Victoria College, Toronto, spoke feelingly of the beautiful qualities of mind and heart which the deceased had possessed. They told from personal knowledge of her refined, lovable nature and brought a message of eternal life to those who mourn for her. Rev. J. J. Metcalf led in prayer.

Those who mourn her departure are her father and mother, a sister Gussie, of Toronto; two brothers, Percy, of Sydenham, and Sidney, of Cobourg. The bearers were Percy and Sidney Shorey, Dr. G. Allison, Gordon and Stanley Chas. Nertin and L. B. Calnon. Interment was in Glenwood.—The Picton Gazette, April 15th, 1926.

Late Charlie Card

On Tuesday, April 27th, 1926, there passed away one of the most highly respected residents of Belvoir, Sask., in the person of Charlie W. Card, son of Almond and Mary Card, formerly of Enterprise, Ont., at the Union Hospital, Rosetown, after a brief illness of six days, of appendicitis, at the age of 31 years and 17 days. All that loving hands could do was done, but was of no avail, and he passed into eternal rest at 7 p.m., in the presence of his aged father and mother and friends. The funeral was conducted by the L. O. L. 2538, McGee, from C. Taylor's Undertaking Parlors, to the Rosetown cemetery. Friends from far and near attended the funeral, showing the esteem in which Charlie was held by all, being a great favorite with the old as well as the young. He will be remembered by his kindly spirit, always taking part in every way where he was called upon. He leaves, besides his aged parents, one brother, Edward, of Watertown, N.Y. — Kingston papers please copy.

BELIEVE ANTHRACITE EXISTS NEAR SUDBURY

Promoters Hear of Prospect of Government Bounty

The prospects of the Sudbury district providing a supply of coal for Ontario were presented last evening by the directors of the British Colonial Mining Company to the shareholders of the concern who were assembled in Foresters' Hall. Confidence that the existence of an anthracite fuel superior in quality to that at present received from the United States was expressed, and it was also stated that Hon. Charles McCrea, Provincial Minister of Mines, had agreed that the Government would consider subsidizing developments in the field if samples could be produced equal to one which had been submitted to him.

The directors of the company, who number 500, were told that a total of $9,317 had been raised and that a total of $2,160 had been spent. An appeal was made to carry through the development work for another month, as evidences were declared to all indicate that the field was very close to the stage of being proven.

An analysis of 52 pounds of the coal which had been made by Federal Government officials was read to the meeting. It showed a 61 per cent. carbon content, 33.7 ash content, a 1.9 per cent. moisture content, and 8,690 B.T.U.'s. The handling qualities of the coal were declared to be poor, but speakers at last night's gathering stated that this was due to the fact that the specimens tested had been from the "rubbish" of the mine, not from the class of coal which it was intended to market.

Please enclose stamps with order for kodak work. The immense quantity of photo work we receive would otherwise entail an impossible amount of bookkeeping. See any issue of "The Beaver" for the past six weeks, for prices. Wallace's, Kodak Agents.

EXPECTANT MOTHERS

Read Mrs. Menard's Letter. Her Experience May Help

Chatham, Ontario.—"I want to tell you how much good your medicine

has done for me. Before my baby came I felt so weak and run-down that I could hardly do my work. My head ached continually and I was so discouraged that I could cry from morning till night. I had another baby come to me

and a half old and it gave me a lot to do. So I thought I would try Lydia E. Pinkham's Vegetable Compound, as I had read so much about it in the little books I found out I had come right as my head was relieved and my tired feelings gone. My sister had been doing my washing and she continued doing it, as she said it might set me back if I started to do it again. I am sure did help me and I had taken just two bottles when my baby came. He is a fine big boy, now nearly five months old. I am taking your medicine again and I am able to do my work all by myself now. I always recommend the Vegetable Compound to women, and was specially to expectant mothers, as I believe they need help at those times."—Mrs. Olivier Menard, 54 Center St., Chatham, Ontario. G

ODESSA

Dr. E. E. Topliff, Mrs. Topliff and two sons, Douglas and Eugene, have recently returned from Vienna, Austria. Dr. Topliff has had one year Post Graduate in Vienna, and returned by way of New York, spending one month in Italy and one month in Paris. They are at present guests of the former's father, W. E. Topliff, and contemplate making their home in Vancouver.—The I. O. O. F. annual memorial service was held in the United Church last Sunday afternoon. There were many visitors from out of town lodges, and the eloquent address by Rev. Mr. McQuade was very suitable for the occasion.—The funeral of Mr. Buckley W. Lake, who passed away at his son's home, W. R. Lake, last Friday morning, was held from his late home on Sunday afternoon, Rev. Mr. McQuade officiating. There was a large attendance of relatives and friends. Interment took place in Wilton cemetery. To mourn his loss are one daughter, Mrs. Irvine Miller, Wilton, and one son, W. R. Lake, Odessa.

Would Wake Up Tired

Stomach Out of Order and System Run Down.

"I suffered from stomach trouble for several years," says Mrs. Mary Crouse, of Nineveh, N.S. "I would have severe pain after eating, and as a result I ate sparsely, and so ran down in general health. I grew pale and weak, was easily tired, and would wake up in the morning as tired as when I went to bed. Then my nerves began to give out, and my sleep easily disturbed. Naturally I was being treated for the trouble but it did not help me; indeed I was growing worse and could not walk to the nearest neighbor's without stopping to rest. It was at this stage that, as the result of an advertisement I read, that I decided to try Dr. Williams' Pink Pills. I had taken the pills for several weeks before I could notice any improvement in my condition, then I seemed to have a better appetite, and less difficulty after eating, and this encouraged me to continue taking the pills until I had used a dozen boxes, by which time I could eat a hearty meal and enjoy it. My general health had improved so much that I felt I was again a well woman. I have not since had any return of the trouble, and feel that I can with confidence recommend Dr. Williams' Pink Pills to other weak and ailing people."

For indigestion, or any of the numerous troubles due to thin, watery blood, Dr. Williams' Pink Pills are strongly recommended. Sold by all medicine dealers, or will be sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont.

JAYSTS.

Mr. Thomas Jay, the well-known humorist of Punch and The Bulletin, treated the Edinburgh Rotary Club to a series of witticisms a week ago, from which we cull the following samples:

There are two sides to politics. One is the outside, and that is the best side.

During the war, we were told that we were fighting for dear life, and we got it.

Golf is sometimes said to be a disease. It is not. It is a symptom. The difference between a disease and golf is that you can very often cure a disease.

Faith is believing a dentist when he says "I am not going to hurt."

Marconi made wireless possible, and the amateur is trying to make it impossible.

America's got a statute of Liberty and Prohibition at the same time. Of course, most countries erect statues to their departed.

Cadet Inspection.

The annual inspection of the Napanee Collegiate Cadet Corps was held Monday afternoon, at the Collegiate grounds, the officer for the inspection being Capt. Truesdale, of Kingston. There was a large gathering present, not only of the staff and family, but also of the citizens. There are three platoons in the Cadet Corps, No. 2 Platoon making the most efficient showing, thereby winning the honors of the day. At the close of the inspection Platoons Nos. 1 and 3 were entertained at Caton's restaurant by Mrs. Herbert Daly. The officers and privates of "B" Co., Frontenac Regiment, were aslo present with their pipe band.

Cooking Course.

A very successful course in Cooking, conducted by Napanee Women's Institute, has just been completed. The instructor, Mrs. G. V. Cooke, of Beamsville, is a splendid lecturer, thoroughly practical, and has had a great deal of experience as a member of MacDonald Institute staff, and throughout the Province. This Course is not to teach cooking so much as the principles of nutrition. Over fifty women and girls were enrolled, with an average attendance of about forty. The class was held in the evening so that those unable to attend in the afternoon might take advantage of the instruction. At the close of the course, the Secretary, Mrs. Frank Herrington, on behalf of the class, expressed appreciation of Mrs. Cooke's services, and presented her with a few pieces of beautiful English china. Lectures and demonstrations were held in the Agricultural Class Room, and the instructor was sent by the Institute's Branch, Department of Agriculture.

I.O.O.F. DISTRICT MEETING

District No. 48, I.O.O.F., held their regular meeting in Deseronto Lodge Rooms, on Wednesday evening.

Bro. Blake Switzer, of Odessa, was elected to the chair of District Deputy Grand Master for the coming year. Bro. Cuthbert Sagar, of Deseronto, was re-elected as District Secretary.

Bro. J. A. Birrell, retiring D.D.G.M. of Argyll Lodge, Napanee, presided.

Delegates from town present from Argyll Lodge No. 212, Bro. W. H. Roe, Bro. E. B. Weiss, Bro. R. J. Solmes, Bro. J. S. Douglas, Bro. A. G. Ford; from Napanee Lodge No. 86, Bro. Fred VanAlstine, Bro. Frank Bell, Bro. Wm. Davis.

Upon the closing of the regular business session, Deseronto Lodge entertained officers and delegates to a banquet.

Next year the District Meeting will be held in Odessa.

ADDRESS AND PRESENTATION

On Wednesday evening, May 5th, about thirty-five neighbours and friends gathered at the home of Mr. and Mrs. Jas. Vankoughnet, in honor of Mr. and Mrs. Nelson Hart, and presented them with the following address :—

Napanee, May 5th, 1926.

To Mr. and Mrs. Hart
and Wilbert.

We, your friends and neighbours of the Newburgh Road, wish to spend one more evening with you before you leave our midst, and to wish you every success in your new home.

We feel that to-night is a suitable time for your friends and neighbours to convey to you some appreciation of your worth, and to express our regret at your departure; also to convey to you our best wishes for a happy and prosperous life in your new home, and we ask you to accept as a remembrance this electric reading lamp.

Signed on behalf of your friends and neighbours.

Mrs. F. H. Henderson.
Mrs. H. E. Armstrong.
Mrs. J. VanKoughnet.

The evening was spent in music and games. Mr. Hart thanked the friends on behalf of his wife and family, in a few well chosen words.

BASEBALL

The following is the schedule of games in the Lennox and Addington Baseball League for the coming season. Last year this league enjoyed a very successful season, and some splendid games were played by the competing teams. The season opens this year at Newburgh on Wednesday next, when Odessa plays there. On Monday, May 24th, Adolphustown will visit Tamworth, and in addition to the ball game there will be athletic sports of all kinds at Tamworth's annual celebration.

The Newburgh Athletic Association will celebrate the King's Birthday on Thursday, June 3rd, with a full line of sports and a league game between Tamworth and Newburgh.

Aug. 4 Odessa at Tamworth.

Well, is Napanee going to drop its place in baseball this year? If so, why? There is still a vacancy in the County League and there is a chance of entering a team in the Kingston City League or Belleville Church League. There are plenty of players here, and it is hoped somebody will start things going. The grounds at the Park are ready, so why not get going ?

REBEKAHS VISIT NAPANEE.

Queen of Sheba Lodge, No. 254, Daughters of Rebekah, was en fete on Monday night, it being the occasion of a visit from the Degree Team of Louise Lodge, No. 10, Kingston. The team, accompanied by a large delegation of members, in all about 50, reached town by motor about 7 o'clock, and proceeded to Argyll Assembly Hall, where a sumptuous dinner was served. The tables, which were prettily decorated for the occasion, fairly groaned with the many good things provided by the ladies of Queen of Sheba Lodge. Fully 150 sat down to the dinner in the Assembly Hall, at the conclusion of which the members repaired to the Lodge Room, where the beautiful Rebekah Degree was exemplified in a faultless manner by the visiting team. Louise Lodge may well be proud of its team, it being one of the best yet seen in Queen of Sheba Lodge. A number of brief addresses were given by the visitors at the close of the Degree, and before closing the Lodge a hearty vote of thanks was tendered the team from Louise Lodge for the excellent manner in which the Degree had been conferred. A vote of thanks was also tendered to Queen of Sheba Lodge by the visitors for the delightful reception and hospitality which had been accorded them. The visitors left for home shortly after 12 o'clock.

SOFTBALL TEAM BANQUETED.

On Wednesday evening, in the Paisley House, a banquet was held in honor of the girls of St. Mary's Soft Ball Team. All were seated around one table that was daintily decorated in pink, and touched off with daffodils and comic place cards. After all had partaken of a real hearty repast, Rev. J. H. H. Coleman summed up the past season's activities, laying emphasis on the fact that "it is the game, and not the result" that is really worth while. Mr. Shoemaker then made a few remarks on the bright aspects of the future for St. Mary's team. A rather stirring and blood-curdling poem, which ended with the supreme ambition of a terrific home-run, was splendidly given by Mrs. Powell. Pepped by Alan Walters, several of the popular raptimes were sung in an interesting and novel manner. Finally the banquet was brought to a successful close by dancing, thanks to kindness of Walters' Orchestra. Special mention must be made of the excellent and tasteful arrangements made by Miss Diana Miller and Mrs. Powell.

MASONS VISIT COBOURG.

In response to a kind invitation which had been extended from the Masonic Lodge at Cobourg, a large number of brethren from Union Lodge, No. 9, A.F. & A.M., left on Tuesday afternoon by special car, which was attached to the Ottawa train. There were 60 in the party, comprising Past Masters, the Master Wardens and Officers of Union Lodge, the Masonic Choir, as well as a large number of members.

The College Entertainers

were collected and officers elected for the coming year. Miss H. M. Paul, President; Mrs. Jos. Paul, Vice President; Mrs. Ramsay, Secretary; Mrs. Winter, Treasurer. Mrs. Haines was elected delegate to the convention at Belleville in June. A communication was read re literature, and it was decided to order some for distribution. The meeting closed with prayer.

Mr. and Mrs. James Wales were in Kingston on Monday, where Mrs. Wales underwent an operation on her throat and nose. She returned to her home the same day, and is much improved.

Quite a number of the villagers attended the funeral of the widow of the late J. W. Bell M.P., of Desmond. The funeral was conducted by the Rev. Mr. Bunt, of Enterprise, and was under the direction of Undertaker Ward Wartman, of Newburgh.

Capt. and Mrs. Slade and Miss M. Welbanks enjoyed a motor trip to Kingston on Monday.

Miss Gladys Slade and Miss Patrick of the Nursing Staff of the General Hospital, spent Monday afternoon and evening in Newburgh.

Mrs. E. Boyce was a week-end visitor with friends at Vine's Corners.

Mrs. F. Coventry and son, Fred, of Kingston, Sundayed with Mrs. Kellar and family.

Messrs. Clark and Harold Watson, of Schnectady, called on their aunt, Mrs. J. S. Yeomans, and family, on Sunday. They were accompanied from Desorgots by Mr. T. A. Stewart, Mr. Thompson and Mr. Dowling.

Mrs. Shier spent part of Sunday with Mr. and Mrs. Joseph Paul.

Miss Ella Yeomans visited on Monday with Mrs. J. Yeomans, at Wesleyville.

Miss Verna Kellar spent a few days at Bethel Street with Miss Dorothy Hamilton. Misses Dorothy and Jessie Hamilton accompanied her home on Sunday afternoon.

Mr. and Mrs. S. Vandewater and Mr. Simpkins were at Odessa on Monday, attending the funeral of the late Mrs. George Simpkins.

Mrs. Clark, accompanied by her daughter and niece, of Napanee, visited with Mrs. C. Shorts on Sunday.

Mr. Roy and Mr. N. Kitchen, of the Napanee Iron Works, were in Newburgh on Monday, doing some repair work at the cheese factory. The factory is a busy centre, forty cheese being manufactured on Monday.

At the yearly exams of the Memorial Hospital, at Niagara, N.Y., Miss Marjory Hill, of Newburgh, came first in a class of seventeen, Miss Brown (another Canadian), of Lakefield, coming second.

Mr. Ed. Taylor has opened her ice cream parlor for the season.

Mr. and Mrs. J. Hicks, of Vine's Corners, took tea with Mrs. E. Boyce on Sunday.

On Sunday afternoon at the United Church Sunday School, Miss Lilith Gandier gave a very timely and instructive address on "Temperance", in the course of which she cited an instance of the beneficial change wrought by the O. T./A. At Arnold's grocery, Toronto, where recently a burglary was attempted. On Saturday the place was full of people waiting to be served. An old gentleman said, "This is a busy place, but a very different condition from twenty years ago. This grocery was then a saloon, and on Saturday p.m. a friend told me to go and see the men and women lined up waiting for drinks. There they were twelve and twenty deep! To-day they are lined up after provisions which bring comfort to their homes, then they bought drinks which brought ruin."

A movement is on foot to have an Old Boys' Re-union of the graduates of the Newburgh High School, and so something to perpetuate the memory of the late D. A. Nesbitt, a former Principal, who did much towards forming the character and habits of a large number of young men and women who passed under his care during the eleven or twelve years he was Principal of the school. Mr. Nesbitt always kept before his scholars high ideals of life, and he set the example in his own life. If this movement takes shape we hope it will meet with a hearty response.

UPPER CANADA TRACT SOCIETY'S MISSIONS.

It is now ninety-four years since this Society was founded, and it is nearly sixty years since the Society undertook to do the Mission work amongst the sailors of the Great Lakes, the work in which the late Thos. Bone and Jas. Potter spent their lives, and it is the only Society that works amongst our sailors on our great inland waters. There are two Institutes, one in Toronto and one in Port Arthur, and three missionaries working at other points on the Lakes. The Society also supplies every Military Hospital in Canada from coast to coast with books. Last year over 1000 volumes were sent out between eight different hospitals for our invalided returned men.

The Colporteurs of the Society go as far west as Saskatchewan, selling books, and holding services in lonely farming districts in the West.

Miss Davidson, one of the Field Secretaries, is in town at present, collecting funds for the various activities of the Society, which is, of course, interdenominational.

NAPANEE - MASONS VISIT COBOURG

Tuesday evening, May 11th, will long be remembered as the date of one of the most enjoyable Masonic functions ever held in Cobourg. The occasion was a fraternal visit from Union Lodge No. 9, Napanee, to St. John's Lodge, Cobourg. W. Bro. A. J. Gould introduced more than fifty officers and members of Union Lodge, duly marshalled by W. Bro. Robson, among the visitors being R. W. Bro. Herrington, R.W. Bro. Shannon and W. R. Bro. Fennell.

The first degree was exemplified by the visiting officers in a very able and efficient manner, and the work was viewed with great interest by the large number of brethren present. A vote of appreciation was moved by W. Bro. J. W. Bickle, in a very able manner, and on behalf of Union Lodge, was accepted by W. Bro. Robson.

The fourth degree which followed was thoroughly enjoyed, and after a dainty supper the usual toast list was proceeded with. The toast to the King was heartily responded to by the singing of the National Anthem. "The Grand Lodge of Canada in the Province of Ontario" was proposed by W. Bro. J. F. McCullagh, and answered by R.W. Bro. E. J. Wennington, of Port Hope, who then and there presented to all the candidates initiated into St. John's Lodge between June and December, 1925, a copy of the work recently issued "The History of Masonry in Canada".

Bro. A. E. Challis then ably proposed the toast, "Our Visitors," which was responded to by R. W. Bro. Herrington, in a masterly speech reminiscent of the days when he was a student of Victoria University. Bro. Herrington told the assembly of the many kindnesses shown him in Cobourg when he was a student and made such an impression on him that no place on earth could take the place of this old town in his esteem. The toast, "The Candidate", was called by Bro. Thomas Hardcastle, and briefly responded to by the young recruit.

Then followed a musical program of a very high order, presented by the Choir of Union Lodge under the leadership of Bro. Baird, the Cobourg organist. The soloists, Bro. George White and Bro. Pearse, especially delighted those who were privileged to hear them.

W. Bro. F. R. Drewry, the able ruling master of St. John's Lodge, presided in a dignified manner, and he, with all other local brethren, will long cherish the memory of this delightful evening.—Cobourg Sentinel-Star.

TOWN COUNCIL

Council Chambers,
Napanee, May 17th, 1926.

Council met in regular session on Monday evening, Mayor Ming presiding.

Members present—Reeve Graham, Councillors Roy, Simpson, Dunbar, Hewitt, Fitzpatrick and MacGregor.

The minutes of the last regular session were read, and on motion were approved.

Communications.

A communication was received in reference to the Amusement Tax License of the Town Hall, enclosing application form, and on motion of Reeve Graham, seconded by Councillor Howitt, the Clerk was authorized to fill in the form and forward same, together with the necessary fee, to the Department.

A communication was received from Hon. Geo. S. Henry, Minister of Public Works, in reply to a letter from the Clerk, re stone in the town quarry, and saying that he would have the engineer take the matter up with the town officials. Ordered filed.

A contract, signed by Geo. Vandewater, re putting a new roof on the Town Hall, was presented to the Council, and on motion was ordered filed.

Mr. Cavanaugh was present and complained of the condition of the street in front of his residence, at the corner of Thomas and Robert streets. Referred to the Streets Committee.

Reports.

Councillor MacGregor, Chairman of Streets, reported that the Committee had examined the streets in the town and found several portions would require attention before oiling. The Committee also recommended that the Council enter into an agreement with the Municipal Road Spraying and Oiling Co., for supplying and applying 12,000 gallons Rotar B. at 21½c., and 12,000 gallons Imperial liquid asphalt at 15½c., the Rotar B to be used on the streets carrying the heaviest traffic and the liquid asphalt for the balance of the streets. The total cost would be in the neighborhood of $4,400.00. On motion the report was adopted.

Councillor Clay, Chairman of the Fire, Water and Light Committee, reported that arrangements had been made with Mr. Chambers to take care of and drive the fire truck, in lieu of which he is to have free rent, water and light, and the sum of $100.00 per year. The Committee also reported disposing of, with Mr. Schryver's services in connection with drawing hose, etc. On motion the report was adopted.

Reeve Graham reported that the living quarters in the fire hall were practically finished and ready for painting.

A by-law appointing Constable Cook as an officer to enforce the provisions of the Ontario Temperance Act within the Municipality of the Town of Napanee, was given its several readings, signed, sealed, numbered, and finally passed.

Mr. C. W. Masters was appointed Caretaker of the Town Hall.

On motion a grant of $25.00 was given to the Navy League of Canada.

Reeve Graham informed the Council that the Detlor property had changed hands recently and a portion of the land could be purchased at a reasonable figure for a children's play ground.

Councillor Simpson was strongly in favor of a children's play ground, and referred to the Miller property on John street as being more central, and thought a committee should be appointed to look into the matter.

Councillor Roy thought the Detlor property would be a good spot for a play ground.

Moved by Councillor Simpson, seconded by Councillor Roy, that a special committee, to be named by the Mayor, be appointed to look into the matter of a children's play ground. Carried.

The Mayor names Reeve Graham, and Councillors Simpson and MacGregor.

The Street Committee were asked to look into the matter of the sewer on Robinson street, from Bridge to Dundas streets, as the present sewer, built on the side of the road, is very small and inadequate, the cellars along that street being flooded.

Accounts.

The following accounts were ordered to be paid:—

Alexander Murray Co.	$141.12
Canadian National Railways	.60
F. C. Martin & Son	15.00
D. R. Wilson	2.55
A. MacGregor	.50
Davy Allison	2.90
Davy & Allison	3.21

On motion the Council adjourned.

HOME CONDITIONS AMONG INDIANS MUCH IMPROVED

Indicate Advancement and Growing Prosperity. — Better Homes and New Attitude Toward Education and Hygiene on Western Canada Reserves.

The Indians of the Prairie Provinces of Canada, all things considered, have been remarkably successful in their efforts at farming and stock raising. Recent reports from officials of the Department of Indian Affairs indicate the rapid progress made by these wards of the Government in fitting themselves to meet the new conditions of life amid which they are placed. Their material advancement and prosperity is probably in no way more markedly reflected than in the better home conditions apparent on every hand in the reserves in Manitoba, Saskatchewan, and Alberta. The housing conditions are so greatly improved that they compare favourably with those of the newer white settlers, while the change in attitude toward education and hygiene is a cause of satisfaction to government officials.

Probably the improvement in the dwellings of the Indians has been the most rapid of any of the changes in the home and social life of the Indians. The teepee, which during the earlier development gave way to the log shack, has now almost entirely disappeared and practically is now only used for seasonal hunting trips. The log cabin is now being rapidly replaced by dwellings of lumber, lath and plaster, and although some log cabins are still being built they are being finished with shingled roofs and lumber gables. The newer types of homes are substantial and commodious, with two or three bedrooms, a kitchen, a dining room, and a living room. These houses are well furnished and well kept, showing by their tidy and sanitary appearance the results of the frequent visits of the travelling nurses. The barnyards of these farms also bear evidences of the change which is taking place. Poultry, pigs, cows, and sometimes sheep are kept, indicating that the Indians now see the advantage derived from this side of farming.

In the matter of medical attention, the development of a new attitude has been very gratifying to the government officials. Four hospitals, with full staffs, and four travelling nurses are maintained on the reserves in Western Canada. An increasing use is being made of the hospitals while the work of the travelling nurses is also showing good results.

Each succeeding year the number of pupils attending the Indian schools shows an increase indicating the growing realization of the value of education on the reserves. A few years ago many of the Indians were opposed to sending their children to school, but most of them have come to realize that education will help them and they now appreciate the advantages provided for them in this respect. The fact that many of the parents are graduates of the reserve day schools or industrial schools also accounts for the growing interest in education.

The advancement of the Canadian Indian has been rapid during recent years and along lines that will eventually lead him to self-support and independence. To those responsible for this work, its success is gratifying and its future promising.

Two Canadians lived in a district where prohibition ruled. Permits for obtaining alcoholic drinks were issued by authorities. The two men were in the habit of "sharing" their permits.

One day they were granted permits simultaneously. They proceeded to spend an hilarious evening. One of them described it afterwards:

"Old Bill," he said, "he drank too much. I'm sorry for him. He drank and drank, until, poor fellow, I couldn't even see him!"

HIS UNSEEN GUEST

Waitress Tells of Experience in Serving Ghost.

Old Gentleman May Have Been a Little "Off," but Her Notion Is That He Had Recently Lost a Loved Grandchild.

Jane, who has worked in one particular section of the lunch counter of one of the great New York hotels since the day it was opened, is the best waitress that ever set down a dish without a spill or a clatter—so say the discriminating Her deftness, her quiet manners, her promptness—above all her unfailing politeness—stamp her as one apart from the sisterhood. She is serene and composed while she dealt with one of those peckish, snappy men who had dropped in under the impression that he could one sits on a stool in this excellent place it is cheap. It isn't. He was a little ashamed to fuss about the prices, so he fussed about everything else. But at last he departed, and serene Jane permitted herself a weary smile.

"You have to get along with all kinds, don't you?" remarked a patron.

"Indeed, yes," said Jane. "I served a ghost yesterday morning."

"An old gentleman came in quite early, for breakfast. He was beautifully dressed; I think he was one of the hotel guests; at least he came in that entrance. He chose a stool and when somebody tried to sit beside him, he said, 'Pardon me, but can't you see that seat is taken?' He ordered toast, soft boiled eggs and coffee. Then he turned to the vacant stool and asked 'What would you like, my dear?'

"He paused as if for an answer. Apparently he heard one, for he said to me with a smile, as if amused at the notion, 'A piece of pie and a cup of weak coffee with milk and some rolls.'

"There wasn't any pie at that hour and so he ordered sliced peaches. I brought all the things and arranged them as if for two. By that time people were moving away from him. He buttered the rolls at the vacant place before he ate a bite himself. Then he made his own breakfast. I thought there might be a scene about the two checks, but no. He added them up aloud and correctly; counted out the change in his hand; left a tip in front of each plate and then asked for a paper sack. In it he put an unbuttered roll. Then he paid the cashier and went out. They found the paper bag with the roll in it outside on the steps."

"Could you make out whether he thought he was talking to a man or a woman?" asked the patron.

"I thought it was a little child," said Jane softly. "He always looked down when he spoke to it, and he buttered the rolls, and the pie order for breakfast was childish, too—I thought," and Jane eyes secured a little misty. "I thought maybe he had lost a favorite grandchild."

Bananas Make Berlin Glad.

As I was passing down the Friedrichstrasse, says a correspondent of the London Times writing from Berlin, my eye was caught by a crowd of people which suddenly collected in front of a delicatessen shop.

It was only with difficulty that one could get near enough to see what it was that attracted so much attention. I heard exclamations of wonder and admiration, and on looking a little more closely saw—a bunch of bananas which the shopkeeper had just hung up in the window and which was a novelty to the Berliners, who for nearly five years have seen not a trace of fruit, once so plentiful in the capital.

The smiling faces and little jokes made it quite evident that the banana was recognized as a symbol of peace, and that the delight felt at its presence was due to the evidence it afforded that the blockade is a thing of the past.

Took Ride on Torpedo.

Probably the only man who ever rode a naval torpedo under way is Nelson H. Blount, a Yale graduate, now at the Newport torpedo station. Some time ago, when Mr. Blount was experimenting at New London, he wanted to go with the torpedo, so he rigged a saddle and two small pontoons on the sides, and taking his seat, had the missile shot from the surface and started on his daring ride. When the torpedo spent itself the inventor was still on top.

Only One Language for Honolulu.

A committee of the Honolulu Advertising club, appointed to investigate the dual language schools as now conducted, has reported that the system is objectionable and should be abolished. It recommends gradual elimination of schools conducted in any language other than English through development of an enlarged government school curriculum.—Christian Science Monitor.

Making a Distinction.

"The people in your community seem all mixed up in the vote on prohibition."

"Well," replied Uncle Bill Bottleton, "some of us highbrows attempt some mighty fine distinctions. We approve prohibition as a theory, but not as a condition."

An Instance.

"The producers like."

"Not always, for the doctor told us it was the well water that made us all sick."

A new tailor used as a trademark the picture of a large red apple. Curious to know better of the village grocer and he asked the tailor why.

"Well," said the tailor, "I'd like to know where the clothing business would be to-day if it hadn't been for an apple."

Felt Like a New Person Ever Since

So Says Ontario Lady After Taking Dodd's Kidney Pills

Mrs. E. Fransky Suffered With Inflammation of the Bladder and Found Relief in Dodd's Kidney Pills.

Bancroft, Ont., May 17th (Special)—About a couple of months ago I was troubled with my kidneys and could not rest good, and my back bothered me. It gradually got worse and I decided to see a doctor. He found I had a mild touch of inflammation of the bladder, caused by my kidneys. He gave me some medicine and on my way home I bought a box of Dodd's Kidney Pills. My husband advised me to take the pills and likewise I did. After taking the first box I felt very good, but after the second box I felt like a new person. I always keep them in the house now and tell others what wonderful work they can do." The statement comes from Mrs. E. Fransky, a well-known resident of this place.

Dodd's Kidney Pills are known all over Canada as the old reliable Canadian kidney remedy. They are known by the work they have done.

During a concert in a hall, the official who was collecting tickets at the door sought out the caretaker at the place.

"Be canny, mon, or ye'll be ha'in trouble," he whispered mysteriously. "Whit's the row?" demanded the caretaker.

"Beeyamy—no less," was the ticket collector's awed reply—"I've let in twa wimmin who said that they was the caretaker's wife, and noo there's a third yin wantin' tae come in."

Cook in a cool Kitchen *this* Summer

IT'S good-bye to the hot, stuffy kitchen when a Canadian Beauty Rangette is used. Just as the Electric light routed the coal oil lamp, the Canadian Beauty Rangettes make the old fashioned stoves a memory, so far as summer cooking is concerned.

With the Canadian Beauty Rangette, electrically generated heat is placed where you want it and nowhere else. The quantity of heat used can be regulated as well. You turn a switch, that's all—no fumes, no flames, no smoke, no ashes, no fuel to prepare or carry, no dangers. Cooking labors do not trespass on summer's leisure. You do not work over meals at blast furnace temperatures.

Canadian Beauty Rangettes have knocked the bottom out of Electric cooking costs. The expenditure for the largest Rangette is *about half* that for the ordinary Electric range, including installation. Prices for the other Rangettes and hot plates pictured here are in proportion.

Besides solving the entire summer cooking problem, the Canadian Beauty Rangettes are making friends with apartment and small home dwellers for year round cooking.

Every Rangette is strongly built, and all parts thoroughly tested. The Rangettes, though smaller than the large cabinet ranges, have cooking elements of the same style and capacity. Each element is equipped with the latest improved reciprocating switch. The top or cooking surface is of genuine, pearl-grey vitreous porcelain. Let the dealer show you the complete line.

PLACES BLAME ON MERCHANT

According to English Visitor, He Is Accountable for Extreme Styles Adopted by Women.

The more important question underneath the clothes question is what sort of appeal the new "audacious" styles are intended to make, or do make, says the Boston Transcript. Mrs. Beatrice Forbes-Robertson Hale's entertaining talk on this question starts off by saying frankly: "I do not believe that dress is based on a sex appeal." She thinks it is rather the reflection of a class appeal—the attempt to display wealth.

After democracy had done away with man's lace cuffs, frills, wigs, velvet cloaks and such ostentatious luxury of attire it became bad form for a man to show his class by his clothes, and so he advertises his prosperity by dressing up his wife.

"The modern American wife," says Mrs. Hale, "is nothing short of a shop window for her husband; she shows off his success. I speak of the average human critter, of course, not of the intellectual man. The cause of the inherent snobbishness of overdress comes from aping the thoughts of the old society system of Europe. Our education in dress here in America has come from the merchant who has goods to sell; we don't know where we are today, trying to wear all the styles these merchants are willing to sell us. We do not wear flimsy materials because we are trying to make a sex appeal, but because it is to the interest of the merchant to sell us something perishable."

What terrible creatures these women are who think and know how to speak! The mistake was in letting them learn the alphabet!

NEVER LET GO OF SUITCASE

Former Congressman, on Visit to France, Proved Himself Superior to Adverse Circumstances.

Dudley Doolittle, who used to be in congress from Kansas, recently returned from Europe, where he went on a secret mission for the United States government.

While in France, Mr. Doolittle had the unusual experience of roaming around several hundreds of battlefields with a seventy-six-pound suitcase clasped firmly in his arms. Shortly after Doolittle landed in Paris, and just before he started for the battlefields, the handle broke off his suitcase, which contained a number of valuable documents and papers which were almost as heavy as hardware samples. There was no porter around to help Doolittle into his automobile, nor was there any around during the ensuing ten days of his trip. Therefore, there was nothing for him to do but to clasp the suitcase firmly to his chest and get the best view of the battlefields that he could from behind the obstruction.

Doolittle says that he got so used to viewing war scenes from behind the suitcase that in order to enjoy movies of the war now he has to take a miniature doghouse to the motion picture theaters with him and hold it on his lap throughout the performance.

Montaigne Had Idea of "Tanks."

While the court of inquiry is so busily engaged in weighing the various claims to original authorship of tanks, and while discussion on the subject is going on in sundry capitals, a French writer, brushing aside Wells and his "Anticipations," points to one of the fathers of literature, Michel de Montaigne, as the man to whom methods and kudos are really due. There is a prognostication in one of the Essays of the entry of combatants into battle inclosed in hostions "just like those which the ancients caused their elephants to carry." There is the germ of the tank invention right enough, but that it should have taken so long to germinate may not inconceivably be regarded as invalidating Montaigne's claims to the Croix de Guerre.

Needed Coaching.

Volumes have been written about the poor English of high school pupils, but an eighth grade teacher believes that another chapter should be added to one of the volumes. When she began to plan for a basketball team at her building she asked the high school principal to send her a high school athlete for coach. The principal promised.

A few days later the new coach made his first visit to her building. They talked over plans for the winter's athletics, and then he made ready to leave. "I guess there's nothing more to tell you except to have your candidates for the team all lined up by next Wednesday night," he said.—Indianapolis News.

Much Argentine Wool Bought Here.

The United States is Argentina's best customer for wool, according to the bureau of markets, United States department of agriculture. For the wool season of 1925-16 Argentina exported 152,598 bales to this country, or 51 per cent of Argentina's entire exports of wool. For 1916-17 the United States took 225,467 bales, or 64 per cent. For the 1917-18 season 209,528 bales, or 73 per cent, were shipped to this country.

Tampering With Traffic.

"Why are you so silent of late?"

"I'm trying an economic experiment," replied Mr. Penwiggle, "but I'm afraid it isn't going to work. I thought that by limiting the supply of my extremely valuable thoughts I might create a more pressing demand for them."

"Things didn't seem to work together in your series of dramatic presentations."

"They didn't," admitted Mr. Stormitton Barnes. When we played tragedy the box office receipts were a farce, and when we played farce they were a tragedy."

Telltale Eyes and Toes.

The eyes tell the story of guilt when all the other muscles are controlled. This you will learn in the eleventh chapter of Darwin's book. Sometimes, when the face is controlled, as in the case of natives of India, other muscles are uncontrollable. Sir Henry Maine declares that in India the judge can tell when a native is lying by watching his toes. He keeps his face perfectly straight and his eyes expressionless, but his toes begin to wiggle as soon as he begins to lie.

Men of Rare Value.

"I weigh my words when I say that if the nation could purchase a potential Watt, or Davy, or Faraday, at the cost of a hundred thousand pounds down, he would be dirt-cheap at the money. It is a mere commonplace and everyday piece of knowledge that what these men did has produced untold millions of wealth, in the narrowest economical sense of the word."—Huxley.

NO MORE PILES

Thousands Bless Dr. Leonhardt, the Physician Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

This Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonhardt wants every sufferer benefit by his discovery and so that there will be no doubting or delay, Wallace's Drug Store and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

So that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID to-day.

Customer (with week's beard)—"Do you think that old razor will do it?"

Barber—"It will, sir—if the handle doesn't break."

Are you building?

Shall you be building this year? If so, profit by the experience of those who save money when building. Even on a small job you'll probably be surprised to find how using Long Distance enables you to get lowest prices.

"We bought all the material for a $75,000 building by Long Distance—it is the cheapest way"—writes a contractor in a medium-sized town.

"We use Long Distance to get prices on materials before making estimates or contracts"—writes another.

The leaders in every branch of industry know. They've proved it, as you can.

Mother of Eleven Children Praises Lydia E. Pinkham's Vegetable Compound

Her Interesting Experience

Buckingham, Quebec.—"I am the mother of eleven living children, and my baby is five months old. I am only 38 years old and I have taken Lydia E. Pinkham's Vegetable Compound for weakness and nerves. I knew of it from my sister, Dame Edouard Bellefeuille of Ramasayville. For five years I was in misery and was always ready to cry. Now I am so happy to have good health. My daughter, who is 18 years old, has also taken it and will be happy to recommend it to all young girls."—Dame WILLIAM PARENT, Box 614, Buckingham, Quebec.

Why suffer for years with backache, nervousness and other ailments common to women from early life to middle age, when Lydia E. Pinkham's Vegetable Compound will give you relief?

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, over 260,000 replies were received, and 98 out of every 100 reported they were benefited by its use. C

ODESSA

The many friends of Mrs. George Simkins were sorry to hear that she passed away last Saturday night very suddenly. The funeral was held from her late home to the United Church, Rev. Mr. McQuade officiating, and interment took place in the family plot at Wilton. To mourn her loss are her husband and two daughters, Mrs. Edw. Gilbert, Odessa, and Mrs. D. Robson, of Rochester, both of whom attended the funeral. The many beautiful floral offerings and the large attendance of relatives and friends told of the deep sympathy and respect in which the deceased was held. The pall bearers were H. J. Smith, Geo. Burnett, Wm. Daugherty, Thomas Kenny, William Frink and D. E. Smith. — Mr. and Mrs. Wm. Jenkins, Kingston, were guests of Mrs. George Watts last Tuesday.—Miss Zita Kenyon, Kingston, is spending a few days at B. L. King's.—Mrs. (Dr.) H. E. Day, Kingston, spent the week-end with her mother, Mrs. Chas. Timmegman.—Mrs. Herbert Remion, Niagara Falls, called on friends and visited her old home last Saturday. — Dr. E. E. Topliff and family, who are guests at W. E. Topliff's, spent a few days in Kingston with his sister, Mrs. Robt. Stevenson.

ENTERPRISE

Everyone has enjoyed and been benefitted by the recent rain, also the nice weather.—The wall of our Community Hall has been completed and the frame work is being started. — Mr. Floyd Graham left last week for Montreal, where he has accepted a position. — Messrs. WILTON

Rumors are going around that our little town of "Wilton is dead. Are we? Well, I guess not. It's quite alive. Everyone is very busy planting and seeding this fine weather.—We are glad to see Mr. Kenneth Babcock around again after his brief illness and able to return to the farm. He is a proud father of a little daughter.—Miss Dorothy Neilson spent Sunday with Miss G. Wallace.—Mr. Geo. Ventox and Miss Evelyn Conner were guests of Miss Lena Emmons, Bath, Sunday evening last. — Miss Helen Huff is visiting her sister, Mrs. K. Martin.—Mrs. George Bell, Sharpton, was also a recent caller at her daughter's, Mrs. Blake Switzer.—The Women's Institute was held in the hall last Tuesday afternoon, and it was well attended, and followed by a demonstration of Everwear aluminum in the evening. The hall was nicely filled, and the people were very much interested in the demonstration. Music and lunch was furnished by the demonstraters. They are very busy now taking orders for the Everwear aluminum. — The Dramatic Club of Wilton has been asked to present their play, "The Road to the City", here, on Tuesday evening. We hope the hall will be filled. They are planning also to take their play to Sillsville the first part of June. Now who says we are dead? — Everyone was shocked to hear of the death of Mr. Buckley Lake, whose funeral was held last Sunday afternoon at Odessa from his son's residence, Mr. W. Lake. A number from here attended. —A large crowd from here took in the Dumbells at Kingston last week, and reported them the best they had seen.—Mrs. Donald Frink has returned home from the General Hospital, and is doing nicely.—The Daly Tea Co. traveller passed through here last week.

The Leading Millinery House

—Paul Weighill, a Campbellford merchant, formerly of Tamworth, was found dead hanging in the basement of his store.

—Mr. W. D. Herrington, K.C., was re-elected Historian of the Ontario Bar Association at the sessions held in Toronto last week.

—The vacant corner on Centre St., adjacent to C. H. Spencer's Implement shop, has been leased by Mr. Reginald Douglas and an up-to-date service station is being erected, which will be completed in the course of another week.

—Victoria Day Races in Picton, on Monday, May 24th. The Committee are planning for a Grand Entertainment of Races, Baseball and Sports. Grand Dance in the Armouries at night. The roads are in excellent condition for motoring. Come and bring your friends. 2390

—The remains of the late Mrs. Melville Woodcock, who passed away at her late home in Brockville in February, were laid to rest in Deseronto cemetery Monday. The deceased was a former Napanean, being a sister of Mrs. S. Dryden and Mrs. G. Garrison, Napanee.

—We are very pleased indeed that Rev. R. W. Spencer, Anglican Church, Camden East, is having new lights installed, which will be very brilliant; and we are also pleased with the generosity of Mrs. Lillie Perry, giving a cheque for one hundred dollars towards a new furnace for the church.

—Master Arnold Hudson, third son of Mr. and Mrs. John Hudson, Deseronto Road, had the misfortune to break one of his legs in two places, the accident occurring last week. The lad had ridden a horse to the watering place when it reared, throwing him off. The break is a very severe one.

—Mr. and Mrs. Will Stevenson and family left Tuesday for Plainfield, N.J., where they will in future reside. Mr. and Mrs. Stevenson have resided in Napanee for a number of years, Mr. Stevenson being foreman at The Napanee Paper Works. Their many friends extend to them their best wishes for success in their home across the line.

—The sudden death occurred on Saturday evening, in Peterboro', of one of its best known citizens in the person of Lt.-Col. Joseph Mills. The deceased was quite well known in this district, he having married a daughter of the late Mr. and Mrs. J. H. Claringbold, of Carnarvon. Mrs. A. P. Young, Sandhurst, and Mrs. Egerton Sills, of Conway, are sisters of Mrs. Mills.

—Congratulations are in order to Mr. Albert E. Mellow, who passed his examination at the Pharmacy School, Toronto. The results were announced on Saturday. He is a son of Mr. and Mrs. John Mellow, River Road, and served his apprenticeship with Mr. F. L. Hooper at the Medical Hall, going to Toronto last fall for the term prescribed by law.

—The annual meeting of the Maple Leaf Branch of the Women's Institute, was held last Thursday, May 13th, at the home of Mrs. T. D. Creighton, Bath, with twenty-two ladies in attendance. At the conclusion of the general business and arrangements made for annual meeting of the summer series, when Mrs. M. E. Low, of Toronto, will address the meeting, the election of officers for the ensuing year took place, and resulted as follows:—Honorary President, Mrs. Wesley Cummings; President, Mrs. Fraser Hopkins; 1st Vice President, Mrs. Carman Day; 2nd Vice President, Mrs. Sperry Fraser; Secty. Treas., Mrs. Will Frette; Organist, Mrs. W. R. Smith; Auditors, Mrs. W. G. Scholl and Miss Fanny Closs; District Directors, Mrs. J. B. Sagar; District Representatives, Mrs. Wesley Cummings, Mrs. Tamblyn, Mrs. Geo. Vankoughnet, Mrs. Will Frette; Sick and Flower Committee, Mrs. Day, Mrs. Frank Sagar; Hospital Committee, Mrs. J. B. Sharp, Nurse; Committee, Mrs. Clayton Frette, Mrs. Arthur Gault, Miss Beatrice Sagar. A hearty vote of thanks was tendered the hostess, and on motion the meeting adjourned until June 17th. Refreshments were then served by the committee in charge.

—The Rev. Charles Mea, of Centreville, will give an address in the St. Patrick's Parish Hall, on Friday, May 28th. His subject will be "The Spirit of the Church and Modern Civilization". Everyone invited.

—The regular monthly meeting of the Odessa Women's Institute was held in the Public Library on May 5th. After the usual opening exercises, Mrs. Shirley Denyes read an interesting article on "How Institutes Came About". There were many helpful suggestions in each of the following papers, "Pulling Together", by Mrs. Bruce Smith; "Setting Up Housework", Mrs. Roy Graham; "Preparedness in the Home", Mrs. Walter J. Snider, and "The Scrap Bag", by Miss Willanna Clark. The Institute will hold their meetings the first Wednesday in each month. This is a new branch, and already has a membership of 33. The roll call for June will be "A Favorite Recipe".

BRIDAL SHOWERS.

Mrs. T. M. Galbraith gave a Bridge-Tea on Tuesday afternoon in honor of Miss Isabelle Benjamin, whose engagement to Mr. Harry Ross was recently announced. During the afternoon a "kitchen shower" was given the guest of honor, and the many useful gifts piled high in a dainty hamper, proved a delightful surprise. Tea was served in the dining room, where Mrs. Benjamin and Mrs. Herbert Daly presided at a prettily appointed table, done in pink and white. A pink and white wedding cake in three tiers under a wedding bell, formed a pretty centre piece, and frilled baskets of pink and bowls of sweet peas, carried out the color scheme.

The hostess wore black beaded crepe, and Miss Benjamin wore a rose georgette and cream lace, with a small black lace hat with a jewelled ornament. Those who assisted were Mrs. Hyland and Miss Ashley.

On Wednesday afternoon Mrs. Herbert Daly gave a tea at "Kilmeaden", in honor of Miss Isabelle Benjamin, whose marriage is to take place early in June. The bride-to-be received with her hostess, wearing a charming frock of bordered white georgette and chic white hat of braided straw. Mrs. Daly was in black and grey printed georgette over black crepe-de-chene, with panels of white beading, and wore a diamond pendant. The drawing rooms were appropriately arranged with cut flowers of pale pink and white.

Tea was served by candle light in the dining room, where a very "pridey" table was beautifully arranged, with a miniature wedding party stationed under an arch of smilax, pink roses and baby's breath. Bowls of pink and white sweet peas, pink candles in silver candlesticks, dainty baskets of bon-bons and nuts, filled with pink roses of silver and white falling from the chandelier, gave a wonderfully artistic effect. Mrs. Benjamin and Mrs. T. M. Galbraith poured tea, while Mrs. Brown, Mrs. Hyland, Miss Daly, Mrs. Morse and Miss Ashley assisted in serving.

After tea, in the drawing room, a very lovely "Ship of Happiness", provided by a sailor boy, Master Robert Hyland, sailed to the guest of honor, and unloaded a shower of beautiful gifts.

During the afternoon Miss Mary Daly and Miss Georgie Robinson sang delightfully, Mrs. John D. Morse accompanying.

SOFTBALL

On Tuesday afternoon, softball lovers at the N.C.I. had another opportunity of witnessing a fine game, although their team finished on the short end of a 15-8 score. Several new players were seen in action, and of these Marjorie Daly seemed to be the best. Where she has been during the Church League no one knows but by the way she played 1st base on Tuesday, she ought to catch a place on any of the teams.

N.C.I. were weak at bat, but this is accounted for partly by the superb pitching of Mary Stinson for Public School. This girl twirled a masterly game and her support was good. Jean Graham, a new catcher, surprised the crowd with her stellar work behind the bat, and will doubtless develop into a good catcher. Georgie Scott, another new player, was very prominent at 1st base in the first few innings, but later gave way to Grace Harrigan, another fine 1st baseman. Marion Embury was there as usual at shortstop, and her fielding was a feature. Helen Harrigan showed the way to the hitters with a homer and a three-bagger, and her hitting was heavy at all times. Mary Bates was the pivot man in two double-killings and gave a nice exhibition of how to play the short-field. Dorothy Wilson, another new player, covered 3rd base and did good work. She will be heard from again soon. Mildred Loucks did nice work in the field and at bat, as did Helen Walker. Dorothy Hagan also did some good work, but was replaced by Gladys Post in the latter part of the game. This girl distinguished herself by a nice catch of a hard-batted ball. Noreen Johnston pulled the prettiest play of the afternoon, when she caught a high batted ball, then dropped it, and caught it again before it hit the ground.

N.C.I. used three pitchers, Kathleen Ungar, Marion Thompson and Hazel O'Neill, all of whom are well known to local fans.

Hazel O'Neill was the pick of these although she was injected into the fray when the game was lost. Marion Grass caught the first two innings, but after that she was very conspicuous by her absence. The offensive power of the First Formers was greatly lessened when she retired. As mentioned before the fielding of Marjorie Daly at 1st was the bright light in the play of N.C.I. Marion Thompson, however, also did some fine fielding at short, while Henrietta Johnston, who played 2nd, poled out a few nice hits. Vera Chase did some nice playing at short-stop while Gladys Parrott, sister of the well-known Arthur Parrott, did some excellent work at 3rd. Thelma Hambly, Eleanor Lloyd and Helen Lasher looked after the outfield, and all did good work.

Next Tuesday evening will be another gala night for softball lovers of the town and district. Napanee K. C. I. in girls' softball and a good game is looked for. The local girls have been practising faithfully, and are expected to put over a win. "B" Co. Seniors will oppose K. C. I. in the men's game and a fine game is looked for. K. C. I. are up among the leaders in the Kingston City League, and will doubtless trot out a strong team.

Napanee girls will doubtless be stacked up against some outside team in basketball, and a men's game may be staged. The evening will be brought to a close by a dance.

Napanee Lady Delights Cobourg Audience.

In spite of many counter attractions, a large audience greeted Mrs. Katharine Powell, in St. Andrew's Sunday School Hall last Friday evening. The favorable impression made by Mrs. Powell in her former visit was more than sustained in her many and varied selections, showing her equally at home in tragedy or comedy. Particularly worthy of mention were her selections from Shakespeare's "King John" and Drummond's "Habitant". "First Aid to Matrimony" was mirth provoking, while "Aunt Dinah's Sunday School Class" brought forth much merriment. Mrs. Powell certainly possesses the happy faculty of taking her audience with her, and was most generous with her encores. The musical parts of the program were most acceptably filled by Miss Lenore Wood, Miss Runciman and Miss Gale. Miss Clara Field voiced the sentiments of all when she moved a cordial vote of thanks to all taking part in this most enjoyable evening. Mr. Charles McCallum made a most admirable chairman.—The Cobourg Sentinel Star.

A Medicine That Gives Strength

New Health Comes to Those Who Build Up Their Blood by the Use of Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills are a strengthening medicine. Surely and effectively they build up the blood, invigorate the appetite, tone up the digestion, give brightness to the eye, color to the cheeks and lips, and quickness to the step. These pills have direct action on the blood, making it a health-bearing stream; thus no part of the body can escape their beneficial action. Weak men and women, boys and girls find new health and strength through the use of this world-renowned blood builder. Mr. N. H. Langville, C.N.R. agent at New Germany, N.S., says:—"In November, 1924, I had a severe illness which left me in a very run-down condition. I got a supply of Dr. Williams' Pink Pills and derived great benefit from them. My appetite improved, and a gain in weight which is now normal I owe to the use of these pills. I can therefore recommend Dr. Williams' Pink Pills as a fine tonic."

Try Dr. Williams' Pink Pills for anemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

TAMWORTH UNITED CHURCH

The sermon subject for Sunday is "True Freedom." The order of services on the pastoral charge for next Sunday is: Tamworth, Sunday School 10 a.m., Communion service 11 a.m. Reidville, Sunday School 2 p.m., preaching service 2.30 p.m. Marlbank, Sunday School 10.30 a.m., preaching service 7.30 p.m. After next Tuesday the regular order will be: Marlbank, Sunday School at 10 a.m, preaching at 11 a.m.; Reidville, Sunday School at 2 p.m., preaching at 2.30 p.m.; Tamworth, Sunday School at 10.30 a.m., and preaching at 7.30 p.m., except the last Sunday of each month, when Marlbank and Tamworth will interchange.

The attendance at the Y. P. S. meeting at Marlbank last Tuesday was 47. They will be the guests of the Y. P. S. at Tamworth next Tuesday night, Marlbank furnishing the programme and Tamworth the games and refreshments.

Sidney R. Carroll and Miss Cora Doyle were united in marriage at the parsonage last Wednesday afternoon at 2 o'clock by the minister. They will make their home at Croydon in the house formerly occupied by George Barragar.

Last Tuesday Robert Perry, of Marlbank, took the minister in his motor through a very picturesque part of Hungerford Township, where the homes are scattered, but the children numerous. The minister had the honor and pleasure of baptizing three of the little ones.

Paul Weighill, a former merchant of Tamworth, but who, of late years, had been conducting a small store in Campbellford, last Sunday night, in a fit of despondency, took his own life. The body was brought here for burial. The funeral service was held in the home of his brothers on Wednesday morning. Deceased was unmarried.

TOMATO IS POPULAR

POINTS TO SECURE SUCCESSFUL PRODUCTION.

Wide Range of Choice Both With Reference to Soils and Fertilizers —Pruning and Harvesting.

(Contributed by Ontario Department of Agriculture, Toronto.)

Tomatoes are grown extensively as a truck crop, as a market garden crop and in the home garden. The field acreage grown for canning in Ontario has reached many thousand acres.

Soils.

The tomato does well on a wide range of soils. However, for the early crop light sandy or gravelly loams are preferred, while for a heavy yield, later crop, the rich sandy loams or clay loams are preferred.

Fertilizers and Manures.

General recommendations at best can only be a guide for the use of fertilizers and manures with this crop. The character and treatment of the soil, along with what may be the ultimate use of the crop, together with the length of season for the district, all help to suggest what treatment is needed. It is generally recognized that the tomato crop requires a soil in a high state of fertility. Fresh manure should not be applied just previous to the setting of the plants, far better if applied the previous autumn, or with the previous crop. Tomatoes will do well following clover, ploughed under the previous autumn. Of the commercial fertilizers, those bearing relatively high quantities of available phosphorous are most generally satisfactory. Sometimes a light application of nitrate of soda applied just when early plants are getting a start is useful to help them on after the shock of transplanting from frame to field. Since early fruiting and ripening is important with this crop, too much nitrogen will prolong the growth at the expense of early fruiting.

Planting.

Tomato plants are tender and should not be set out into the field until after danger from frost is over. Previous to setting out they should be well watered and as much of the soil and roots be moved with the plant as possible. It is well to choose a dull day or else delay planting until late afternoon.

The usual distance of setting the plants is four by four feet. Various methods are used to facilitate the work of setting — some growers plough out furrows, others mark their fields and dig the holes, while the most common method with the small grower is to use a trowel in setting the plants. It is good practice to set plants somewhat deeper than they were growing in the pot or box. Firm the soil well around the roots of the plant, this is important.

Cultivation.

Cultivation should be frequent. Keep all weed growth down. As the plants develop the tillage should become more shallow and finally cease when injury to the roots is noticed.

Growing Staked Tomatoes.

Many commercial growers produce a crop of tomatoes from plants supported by stakes and pruned to a single stem. This is a excellent way to grow the home garden crop.

Training.

Plants may be set from twelve to eighteen inches apart in rows that are three or four feet apart. Individual stakes of wood or iron may be used to support the plants or such may be supported by tying to wires. Raffia is the most satisfactory tying material, used as a loop around the plant stem and attached to the support.

Pruning.

In order to produce a single stem plant, all side shoots and suckers must be pinched off as soon as they appear.

Harvesting.

Tomatoes allowed to ripen on the vine have a superior flavor, so fully colored fruits only should be pulled. The eleven-quart basket is the most popular marketing package used in Ontario at the present time.

Firm, sound, well graded, clean fruits only, should be packed for market.—Dept. of Horticulture, O. A. College.

ALFALFA.

Food Reserve and Ability to Withstand the Winter.

Chemfeal analyses of the roots of alfalfa plants, from which the hay was cut when all plants were in full bloom, have been made to determine the amount of carbohydrates and both soluble and insoluble nitrogen present. The roots of plants that were allowed to come to full bloom showed more than twice as much reserve foods as did the roots of plants that were cut in the bud or one-tenth bloom stage. It has also been noted that plants that are harvested when the bloom is full come through the winter with less loss. The more vigorous condition of the root, as indicated by chemical analysis, for the plant that is allowed to come to full bloom and harvested only twice in the season, is a big factor in carrying the plants over winter.

Many alfalfa fields are rulled by late September and October cuttings—the roots are left in a too weakened condition to stand the rigors of winter.—L. Stevenson, Director of Extension, O. A. College.

A fourth laboratory analysis and field test of the commercial product known as "Soligro" at the O. A. College by special request. The results of this test tallied with those that were previously reported by the Department, and were to the effect that this product, which retails at six dollars per gallon, is of no benefit to crops on ordinary soil.

THOUSANDS OF THANKFUL MOTHERS

Strongly Recommend Baby's Own Tablets to Their Friends

Once a mother has used Baby's Own Tablets for her little ones she would use nothing else. The Tablets give such results that the mother has nothing but words of praise for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Glasgow, N.S., who writes:—"I have used Baby's Own Tablets for my children, and from my experience I would not be without them. I would urge every mother of young children to keep a box of the Tablets in the house."

Baby's Own Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach; drive out constipation and indigestion; break up colds and simple fevers and make teething easy. They are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

WISE AND OTHERWISE

With so many soft people in it this shouldn't be such a hard world.

Whether the corn be of old or new growth, it pays to feed it to Holloway's Corn Remover.

"Smith" says every town has a few who delight in making speeches for charity and never see the collection plate.

Many mothers have reason to bless Mother Graves' Worm Exterminator, because it has relieved the little ones of suffering and made them healthy.

Vicar—What would happen if you were to break one of the Ten Commandments?

Willie—Then there would be only nine.

For Rheumatic Pains.—The pains and aches of Sciatica and Rheumatism should be treated with Dr. Thomas' Eclectric Oil. The soothing and healing properties of this famous remedy have been demonstrated for fifty years. Use it also for inflammatory pains, cuts, scratches, bruises, sprains, either in human beings or the lower animals.

Salesman—"Yes, sir—in this car you'll feel just as if you were a house."

Prospective Purchaser (promptly) —"Er—have you no other kind?"

For Both House and Stable.—There is a good deal of similarity, physically speaking, between human beings and the lower animals. Both are subject to many ailments arising from inflammation, and for all manner of cuts and bruises, Dr. Thomas' Eclectric Oil is an entirely reliable remedy for such ailments and mishaps in both human beings and the lower orders of animals.

Lady (to tramp)—"Now you go away or I'll call my husband."

Tramp—"Oh, 'eh. I know 'im. 'E's the little feller who told me yesterday to go away or he'd call his wife."

Grandpa—"Richard, what are you doing with my watch?"

Richard—"I was only trying to find out if you had been cheated. I read the other day that a watch had 175 different parts, and I just wanted to be sure that they were all here."

Miller's Worm Powders will drive worms from the system without injury to the child. The powders are so easy to take that the most delicate stomach can assimilate them and welcome them as speedy easers of pain, because they promptly remove the worms that cause the pain, and thus the suffering of the child is relieved. With so sterling a remedy at hand no child should suffer an hour from worms.

Sylvia—"I made rather an impression at the wedding reception yesterday. Did you notice an exceptionally tall, dark, handsome man—yes? Well he simply couldn't take his eyes off me."

Chrissie—"Perhaps not, my dear. He was the detective, guarding the presents."

Husband—Eah! To think there was ever a time when I deemed you an angel."

Wife—"And you don't think so now?"

Husband—"No, madam; I am fondly anticipating the time when you will become one."

The Proven Asthma Remedy. Since asthma existed there has been no lack of much heralded remedies, but few have proved short lived and worthless. The ever-growing reputation of Dr. J. D. Kellogg's Asthma Remedy has given it a place in the field of medicine which no other can approach. It has never been pushed by sensational methods, but has simply won its way by its own merits as a new converts.

The lady in the tartan blouse, made from surplus kilt cloth, entered the grocer's shop with a purposeful air. "I want another dozen of those eggs you sold me yesterday," she said.

"Certainly, madam," said the shopman. "They are excellent value, aren't they? Shall we be asking, but are you making another batch of cakes?"

"Not with those eggs!" the lady told him coldly. "I have another use for them."

"Perhaps for puddings—" began the grocer tentatively.

"No; for my landlord," the customer said, her lips tightening. "He's coming to-morrow to argue with me about some repairs to the house, and I'm going to crack those eggs and hide them in the cellar. Then he'll think the drains are wrong, and agree to what I want in case I call in the inspector."

RHEUMATIC PAINS GO SWOLLEN JOINTS VANISH

Thousands of sufferers have freed themselves from the bondage of rheumatism; rid themselves of the torturing pain; reduced the swollen joints; thrown away canes and crutches, and walk in comfort, being able to work and be of use to themselves and their families.

They took Rheuma: the modern enemy of rheumatism, lumbago, sciatica, neuritis, and chronic neuralgia.

Don't be skeptical about Rheuma. You will know in a few hours after beginning the treatment that the poisonous waste matter is leaving your system through the natural channels. You will feel better in a day; you will know you are going to be helped in less than a week.

There is no guess work about Rheuma bringing you back to health. That's why Wallace's, Drug Store and druggists everywhere sell it with guarantee of money back if it does not give quick relief.

WONDERFUL CATARACTS IN CANADIAN NORTH

Alexandra and Louise Falls in Northwest Territories Are of Great Beauty

Hidden within the recesses of Canada's north country, less than fifty miles from the important trading post and mission station of Hay River on Great Slave lake but sufficiently off the regular routes of travel to have been visited by only a mere handful of white men, are two of the most wonderful cataracts in the Dominion. These are the Alexandra falls and the Louise falls, situated within about a mile of each other on the Hay river.

During the course of surveys carried on last summer along the Hay river for the Department of the Interior, a Topographical Survey party several days in the immediate vicinity of the falls. The members of the party were greatly impressed by the scene, and the surveyor in charge reports that it is scarcely possible to use language too extravagant in describing the majesty of the setting of Alexandra falls or the sheer beauty of Louise falls. In the case of the former the river comes around a bend half a mile above Alexandra falls, racing in a tumult of swift water and foam, to pour over a sheer precipice 109 feet high into a shadowy chasm with a thundering force that makes the earth quiver. Clouds of spray rise to the canyon's rim, where the sun adds to the glory of the whole by forming rainbows in the mist. Along the cliff edges are dense and thrifty stands of spruce and poplar, their colours kept fresh by the flying spray. The Alexandra falls are not in themselves the sole item of beauty here, though splendid views may be obtained from several points. It is in the drop of the entire river that one is most impressed with a sense of unlimited majesty and power.

The river, after flowing a mile through the canyon, comes to a second break and drops fifty feet, this time forming Louise falls. When one approaches up the beach of the lower gorge and rounds the point, the Louise falls may be seen to best advantage. Between the high walls of darkly wooded cliffs is a bit of fairyland, a band of silver pouring out of the darkness into light.

These falls were discovered by Dr. W. C. Bompas, Anglican Bishop of Mackenzie River, in 1872 when on a trip down Hay river, and were named by him Alexandra and Louise respectively, after the late Queen Alexandra and the Princess Louise.

An Aberdeen correspondent assures us that the following is the latest authentic "release" from that city. Geordie met his friend Mac and said, "Man, Mac, I wonder if you could callgee me wi' a cigarette?"

"But", replied Mac with reluctance, "I thocht you said you'd stoppit smokin'?"

"Aye, weel," replied Geordie, "I've reached the first stage. I stoppit buyin'."

HAVE PURPOSE IN WALKING

Noted American Authors Gather Ideas While on Pedestrian Tours Over the Country Roads.

The other day in a little literary gathering upstairs over a bookstore in San Francisco, Bailey Millard writes in San Francisco Bulletin, I heard one more or less famous California author say to another:

"I hear you have bought an automobile. I suppose that's the end of those celebrated walks of yours."

"Not at all," was the reply of the writer addressed. "It only extends them."

"How's that?"

"Well, I have had my machine more than six months. I find that an automobile is a fine thing to take you to some place like the Marin hills, where you can go and get a good walk."

Writers as a rule are walkers. They do not necessarily walk because they write, nor do they write because they walk; but almost any of them will tell you that walking, even along a dull street in town, is inspirational. It would seem as if a writer's legs, moving steadily and rhythmically, pump out of his inner consciousness ideas that eventually get upon the printed page.

Lean as a greyhound and brown as a berry, Julian Hawthorne was walking along a country road near Poe's old home in Fordham. I happened to be accompanying him, but was saying very little, for the son of the famous Nathaniel seemed to be in what our good old bromides call a "brown study."

Of a sudden he left my side and darted up a bypath through the woods, springing up the hillside like a deer. After a few minutes he came tearing down again, apologizing for his sudden freak by saying:

"I saw a half-formed idea floating about and thought I would chase it down. It was a mythical idea and a tough one. I have it now and I'm going to put it into a story."

Henry Lewis and David Graham Phillips, two authors with whom I was well acquainted during the latter years of their lives, both took long walks nearly every day and often I accompanied them. While they walked they talked and in the case of Phillips it was wonderful talk. In New York city we used to walk from the Players' club in Gramercy park, not far from Phillips' home, to Nineteenth street and to Forty-second street and back again, always along dingy old Fourth avenue. Sometimes we would tramp along as far as Fifty-ninth street and then over the Central park paths.

Phillips told me that but for his walks he never would have been able to write his novels.

Britain Fighting Rats.

In England, where the scarcity of food during the war was a much more serious matter than in this country, they have been giving much more attention to mensures to prevent the depredations of rats, and a concerted corn crib is coming into general use throughout great Britain, which will keep the grain in good condition and at the same time keep the rats out. The interior of the crib is built of concrete blocks with holes in them for ventilation of the building. The floor is of solid concrete, and on the sides where the blocks have openings the inside of the structure is covered with mesh. The trench in the center of the floor is built so that the extension feeder of the corn shelter can be placed in it when shelling out the crib. Short pieces of board are laid over this trench, and are removed as fast as the corn can be shelled. This trench is a labor-saving feature of this corn crib. It has been found by the modern farmer that concrete is the only effective way of fighting rats.

Balzac's Home is Restored.

The home of the famous French author, Honore de Balzac, in the Rue Raynouard at Passy has been reopened as an artists' center. The house had been sadly neglected, but has been restored to present the appearance it had in Balzac's time, with its vestibule painted blue and the original oak carvings and dark red tapestries decorating the apartment where Balzac wrote his masterpieces.

On the table stands the big china coffee-pot from which the author was wont to refresh himself, for Balzac was a mighty drinker of coffee. Old woodcuts and original printing proofs adorn the walls. In the garden the vine that Balzac tended still grows and his beloved lilacs have been replanted there.

In one room there is still the trapdoor through which Balzac used to disappear when importunate creditors called.

P. E. Island Fisheries

The value of the fisheries production of Prince Edward Island in 1925 was $1,698,119, compared with $1,201,772 in 1924, according to the Dominion Bureau of Statistics. These totals represent the value of the product as marketed. The principal kinds of fish, viz., lobsters, cod, smelts and herring show increases in quantity of catch and in marketed value. The catch of lobsters exceeded that of the preceding year by 12,677 cwt., while the marketed value of the product showed an increase of $311,411. The pack of lobsters in 1925 comprised 34,121 cases, values at $956,492, compared with 26,814 cases, valued at $681,575 in 1924. The marketed value of cod taken in 1925 was $150,135; of smelts, $142,496; and of herring, $67,041.

A lion met a tiger
As they drank beside a pool.
Said the tiger, "Tell me why
You're roaring like a fool?"
"That's not foolish," said the lion,
With a twinkle in his eyes.
"They call me the king of all the beasts
Because I advertise."

A rabbit heard them talking,
And ran home like a streak.
He thought he'd try the lion's plan,
But his roar was a squeak.
A fox came to investigate
Had luncheon in the woods;
So when you advertise, my friend,
Be sure you've got the goods.

THIS IS THE LAST APPEARANCE OF CRESSY'S NEW CONTEST

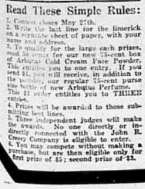
An easy way to win $75.00

Simply write one line of Poetry.
Nothing to Sell. Contest Closes May 27th.

Here's the Limerick

Though little Miss Marjorie Rose
Can't afford to wear wonderful clothes,
The powder she uses—
And perfume she chooses

Fill in the missing line and win cash prizes!



27 PRIZES
1st - - $75 Cash
2nd - - $25 Cash
and 25 others. Containing jar of cream, jar of vanishing cream, box of powder, box of rouge, bottle of perfume.

Read These Simple Rules:

1. Contest closes May 27th.
2. Write the last line for the limerick on a separate sheet of paper, with your name and address.
3. To qualify for the large cash prizes, send 50 cents for our new 5-cent box of Arbutus Cold Cream Face Powder, 5-cent jar of vanishing cream, 5-cent box of rouge, 5-cent bottle of perfume. Containing jar of cream, jar of vanishing cream, box of rouge, bottle of perfume. Send 81, you will receive, in addition to the above, our regular 15-cent purse size bottle of new Arbutus Perfume. Send $1 for other articles you fancy.
4. Prizes will be awarded to those submitting best lines.
5. Three independent judges will make the awards. No one directly or indirectly connected with John R. Cressy Company is eligible to enter.
6. You may compete without making a purchase, but are then eligible only for first prize of $5; second prize of $2.

Fill in the missing line and win cash prizes!

THOUSANDS of people answered Cressy's last big contest held during April. Every contestant was delighted with the exquisite Arbutus Cold Cream Face Powder and Arbutus Perfume. Here is a new contest. Just as interesting and so easy to do.

Fill in the missing line on the above limerick. The office boy suggests, "Have turned her girl friends into foes". You can think of a better line to rhyme with Rose and clothes. Get busy tonight and win $75.

IN the April Contest, 1st Prize went to Miss Agnes Maurer, Kitchener; 2nd Prize to Miss Margaret Bowen, Magog, Que.; and 3rd Prize went to Miss M. Dewey, Ottawa. There were 21 other winners.

"Your powder and perfume are exquisitely delightful," says Miss Kathleen Powers. "Better than French perfume," says Mrs. J. R. Martin. "No other powder stays on the skin as well or looks so natural," says Miss Dorothy Williams. You will say the same when you receive these delightful products.

Contest closes May 27th
This is your last chance!

Don't Miss This

You're behind the times if you don't know that Cod Liver Extract is one of the greatest flesh producers in the world.

Because it contains more vitalizing vitamines than any food you can get.

You'll be glad to know that McCoy's Cod-liver Extract Tablets come in sugar coated form now, so if you really want to put 10 or 20 pounds of solid, healthy flesh on your bones and feel well and strong and have a complexion that people will admire—buy any druggist for a box of McCoy's Cod Liver Extract Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist will hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days, and for old people with feebleness overtaking them they work wonders.

Automobile Insurance

Every time your car is driven you expose yourself to a danger, which in an instant may imperil your entire financial resources.

Records show that the most disastrous claims frequently fall upon those who have blameless driving records.

Why take any chances? Let us issue a policy that will protect you from damage claims due to any auto accident while driving your car. You will be surprised to find out just how much these auto rates have been reduced.

Prohibition Convention.

A Convention of Prohibition workers, representing the Eastern part of the Lennox-Frontenac and Addington-Frontenac constituencies, was held at Sydenham, on Tuesday, Mr. Anglin, of Battersea, presided. In view of the change of boundaries through redistribution, it was decided to re-organize along constituency lines. After considerable discussion, it was unanimously decided that a committee of three wait on the members of the political conventions, and place the views of the Prohibition workers before them. It was decided to hold a Prohibition Convention for the Lennox Frontenac Constituency at Odessa, on Tuesday, June 15th.

Presbyterian Church Camden East.

On Thursday evening of last week a preparatory service was held in the Presbyterian Church, Camden East. The Pastor, Rev. Mr. McMillan, gave an appropriate and impressive address on the sacredness of the communion and the duties of church membership. On the Sunday following the sacrament of the Lord's Supper was dispensed by Rev. Mr. Richardson, Deseronto. Ten names were added to the church membership, five by certificate and five by profession of faith. The church was made beautiful for the occasion with floral decorations contributed by members of the congregation.

OBITUARY

Mrs. Joseph Hambly.

The funeral of the late Mrs. Joseph Hambly took place at her late residence at Hay Bay, on May 20th. After a short service the remains were laid to rest in the Sand Hill cemetery.

Mrs. Joseph Hambly was born and lived all her life in the Hay Bay district, and died at the ripe old age of 87 years, 10 months and 7 days, and was a woman of great energy and Christian piety, being a staunch supporter of the church. She is survived by three sisters and one son. Her sisters are Mrs. Henry Degroff, of Bloomfield, aged 83 years; Mrs. John G. Ferguson, of Deseronto, aged 91 years, and Mrs. Jacob Windover, of Detroit, Mich., aged 92 years. Her only surviving son, John, lives on the homestead at Hay Bay.

BASEBALL

For sale—one Baseball Team. Apply to —— (?)

From all appearances Napanee is to have no ball team this year. What are all the players going to do? There are many good ball-tossers here, and it looks as though the first here can have whoever they want. For the benefit of any promoter who might want them, we'll name them over.

1. Catcher—Leo Scrimshaw or Harry Skitch—both good backstops.

2. Pitchers—Some unknown quantities. Ed. Daverin, a right-hander from Thorold, and Joyce, a left-hander from Deseronto. Am. Killorin, Joe Killorin and Mag Loucks — some home-brews. All rated as classy performers.

3. 1st Base—Jim Naphin, age 21, played for Deseronto, Gilbards, Napanee, and various other teams. Can also pitch.

4. 2nd Base—Harold Johnston, has played here for a decade or more. Age 24. Throws and bats left-handed.

5. Short-Stops—Ed. Daverin, former Thorold short-fielder—a pretty classy player. Age 22.

6. 3rd Base—Claude Fraser, age 17, has played ball for two years, Gibbards and Napanee. Throws right and bats left.

7. Outfield — Ray Huffman, a home-brew, has played here for a decade; fast outfielder.

8. Fred Carter, another home-brew. A fine hitter and fielder.

9. Tom Kirby, an unknown quantity, but is rated as a fast man, age 22.

10. Gerald Johnston, an expert batter and fielder. Age 24.

On Saturday afternoon the Napanee Beavers won their third game of the season when they defeated Newburgh by 13-3. Daverin's pitching was the feature of the game. He fanned eight and allowed but six hits. Holden pitched nice ball for Newburgh, but his support was bad. He fanned 6 and allowed 17 hits.

WEDDING BELLS

Blute—Doherty.

A smart wedding was solemnized on Saturday morning, May 15th, at Holy Family Church, Toronto, when Katherine Loretto (Kit) daughter of Mr. and Mrs. James Blute, formerly of Napanee, Ont., was united in marriage by Rev. Father Coyle, to James Doherty, of Winnipeg, son of Mr. and Mrs. James Doherty, of Hastings, Ont. The bride was given in marriage by her brother, Mr. Tom Blute, of Cornwall, Ont., and looked lovely in a dainty French frock of sunburst crepe romain and lace, with becoming silk mohair hat to match. Her arm bouquet was of sunset roses and lily of the valley. She was attended by her sister, Miss Mayme Blute, who was smartly gowned in a yellow georgette frock with trimmings of taffeta and silk mohair hat to match. Her arm bouquet was of pernet roses and orchid sweet peas. The groom was supported by his brother, Mr. Leo Doherty. Mrs. B. Scanlon sang during the "Offertory" and signing of the Register. A wedding breakfast was afterwards served at the home of the bride's parents to immediate relatives and friends. Later in the day the happy couple left by motor amidst a shower of confetti and rose leaves to spend their honeymoon in Cleveland, Atlantic City and New York, the bride travelling in a cocoa brown ensemble suit with blonde shoes and hangme hat. Upon their return to Toronto they will leave to spend a couple of months at Banff, Alta., before establishing their new home in Winnipeg.

Field Day at Centreville, Wednesday, June 16th.

Bill thought his gas was getting low; He struck a match—the tank let go— Bill sailed three miles in the air, Three miles to a pint is pretty fair.

MacGregor's Weekly Bulletin

THIS week we are reminding you of our promise a couple of Saturdays ago when we staged that storm-tossed sale of Marquisette at 5c a yard. We reminded you then that we would soon be in possession of a real surprise in Mill-Ends of Marquisette and High Grade Net.

THIS WEEK WE ARE PLACING ALMOST 1000 YARDS OF CABLE-CORD MARQUISETTE UP TO 75c PER YD., AND ALSO DOUBLE MESH BUNGALOW NET ALSO AT THE SAME PRICE.

These lines will be placed on the Sale Table SATURDAY MORNING at sale prices ranging from 10c to 19c per yd. You will have no trouble in selecting your requirements, as the yardage and price is marked on each piece.

This week we have added the following lines in new Spring Lingerie:

Rev. Mr. Thornley is attending conference at Kingston this week. — A representative of the Lord's Day Alliance of Toronto will preach in the United Church on Sunday night next. — Rev. Mr. and Mrs. Clark called on friends in town on Tuesday last, on their way to attend conference at Kingston. — A very sad death occurred on Tuesday, when the eldest son of Mr. Ed. Huffman was taken sick on Monday with lockjaw, and was taken to the hospital on Tuesday morning, passing away at 4 p.m. The funeral was held on Thursday afternoon. The bereaved parents have the sympathy of their many friends in their sad loss.—Mr. and Mrs. Geo. Black spent Wednesday in town. — The 24th of May celebration passed off very successfully. A softball game was played between Enterprise and Tamworth girls, the former winning by a score of 19-13. A league game of baseball was also played between Adolphustown and Tamworth. The score was a tie at the end of the ninth innings, and the visitors won out in the tenth.—Mr. Chas. O'Neill has erected a pavilion on the north shore of Beaver Lake, near his home, for the convenience of campers and others who wish to enjoy the summer season.—Mr. and Mrs. Wm. Haines and family, of Toronto, are visiting at Sampson Shields'.—Chas. Jamieson and sister, of Kingston, spent Monday in town.—Geo. Riley and John Lewis, of Camden East, spent Monday in town.—Rev. Mr. and Mrs. Foster, of Madoc, called on friends in town on their way to attend conference at Kingston.—R. Joyce, drover, passed through town on Tuesday last. —The Y. P. S. of Marlbank put on a programme with the Y. P. S. of Tamworth in the Religious Education Hall on Tuesday night. A very enjoyable evening was spent. — George Woodhouse was in town for the 24th. — Mr. and Mrs. Geo. Woodburn, were in town for the 24th.—Mr. and Mrs. Percy Thornton and son, of Toronto, were in town for the 24th, and visited his father and sister.

ENTERPRISE

Our village is becoming a very busy place, and we wish for it to continue so in the future. — W. S. Fenwick & Sons have started sawing lumber. — Rev. R. J. Merriam and family, of Camden East, were visitors at Wagar's on Monday. —Mr. Ray Covert is adding a coat of paint to his garage, which looks nice.—Rev. Mr. Bunt left on Tuesday to attend conference at Kingston. — W. W. Wagar and son, John, left last week for Detroit. — Our girls' softball team played at Tamworth on Monday, and were the winners. That's good for the first game of the season.—Rev. Mr. Leigh, a former pastor, accompanied by Mrs. Leigh, visited Mr. and Mrs. H. A. Carscallen, and other friends, this week. — E. R. Wilson has installed a new tank and pump, and has put in Shell gas. What next? — Mr. George Gay, Wagar and family, of Peterboro', spent Sunday at Hugh Wagar's.— Rev. Mr. Whyte, a former pastor, called on E. Fenwick, and other friends, Wednesday, enroute to Kingston. — Mr. and Mrs. J. Vannest visited at R. Wagar's last week. — Mr. Botting has moved into Mrs. Hill's house.—Mr. Stafford Murphy and bride have returned home, after spending their honeymoon in Uncle Sam's land. Congratulations. Mrs. Wellesley Coulter spent Sunday and Monday with Mrs. E. R. Bell.

MORVEN

Mrs. Bowen E. Bell, Toronto, is spending the week visiting Mrs. J. S. Fralick and other relatives in this locality.—Mrs. E. Chambers, Deseronto, is spending a few days visiting Mr. and Mrs. Thos. Chambers. —Mr. and Mrs. Alan Gausden, of Edmonton, and Mr. Charles Gausden visited at Mr. and Mrs. Frank Lake's on Sunday.—Miss Bond, of Fourth Line, spent Sunday at Mr. Arthur Bell's.—Mr. and Mrs. Wm. Close, Violet, spent Sunday with Mr. and Mrs. E. Lund.—Mr. and Mrs. Clifford Mills, Oshawa, motored down and spent the week-end with Mr. and Mrs. Alex. Mills. — Mrs. Hamilton is visiting her friend, Mrs. James Curran. — We were all painfully shocked to hear of the sudden death of Mr. Seymour Smith. Our deepest sympathy goes out to his only child, Mrs. B. Chambers.— Little Miss Doris Close spent several days with her uncle, Mr. Chas. Wilson. — Rev. J. N. Lovelace and family, Roseneath, are visiting at Mr. Henwood's. — Mrs. William Cummings gave a dinner party on Monday in honor of Mrs. Cummings, Sr., who has attained unto her ninety-ninth birthday. Congratulations.

STR. BROCKVILLE RUNS AGROUND

With over one hundred people on board, bound for the Victoria Day sports at Picton the steamer Brockville of Kingston ran aground in the Napanee River on Monday morning, and was not released until the following day. The passengers were taken off by motor boats from the vicinity and were taken back to Napanee.

Tugs worked at the Brockville on Monday night and Tuesday morning were successful in getting her off. About one hundred people were left on the dock at Deseronto when the Brockville failed to call for them, and with a final hope all turned to the ferry. The ferry just at that time broke down and the Deseronto bone fans were cut off entirely from the day's sports unless they were able to make arrangements to go the long way round by land through Belleville. Some took that course, but the majority were prevented from getting across the bay at all.

BICKNELL'S CORNERS

We are enjoying beautiful summer weather at present, although with very cool evenings, which makes everything very slow in growing. Nearly all the farmers are through seeding, and some are getting their planting ground ready. —Mr. and Mrs. Percy Wilson spent Sunday with Mr. and Mrs. Thomas Askam.—Mr. and Mrs. W. Jackson and George, of Colebrook, and Mr. and Mrs. J. E. Brown and little Betty, of Napanee, spent Sunday at Mr. E. W. Simmons'. — Mr. and Mrs. C. Snider, of Odessa, spent Sunday with her parents, Mr. and Mrs. Alva Emberly. — Mrs. Roy Samson, after spending several weeks with her parents, Mr. and Mrs. E. W. Simmons, and other relatives, motored to Toronto on Friday last with Mr. and Mrs. T. Parker, then later leaving by train for her home in Flint, Mich.—Miss M. Anderson, our teacher, spent the week-end at her home in Newburgh.

LENS

The farmers are all through seeding here and preparing for planting. —Mr. and Mrs. R. J. Wilson and Mr. N. Reid and sister Libbie attended the funeral of the late Robt. Close, Tamworth North, on Sunday last.—Services were well attended in Knox Church on Sunday last. Rev. Mr. Thornlee delivered a very impressive sermon from John 16:36.—Mr. Fred Reid spent Saturday in Tamworth.—Mr. Johnston Hannah and family and Mr. James Milligan and family spent Saturday in Napanee.—Mr. and Mrs. Ed. SOFTBALL AND BASKETBALL

Tuesday evening was another gala night for softball and basketball lovers in the Armouries. A large crowd came to see the games and all were satisfied.

"B" Co. 17, K.C.I. 10.

"B" Co. Seniors finally hit their stride when they downed the fast travelling K.C.I. team by 17-10. The game was a thriller from start to finish and the crowd entered into the play more than usual.

Benton did some high class twirling for the K.C.I. team, but "B" Co. bunched hits when runs were needed. A hit generally came when needed, and this accounts for the 7 run margin. Crutchley did the receiving and his chatter amused the crowd. Gibson covered the initial sack and was responsible for several nice catches off the girders.

Hewet Smith guarded the pivot position, but was given a hot time. MacCartney, at short, did some nice playing, while Connolly at 3rd was very prominent at bat. Davidson, Matheson and Day had a lot to do in the outfield, but all played nice games.

Murray pitched a neat game for "B" Co. Right from the start it was evident that he was "right on" and his teammates gave him air-tight support. Behind his splendid pitching they cracked the ball hard, many times for extra bases. Harrison never caught better in his life, and his throws to 2nd were dead on. He also contributed a three-bagger to the hit column. C. Fraser played 1st while Tom Kirby at 2nd looked exceptionally good on several plays. His steaming drives were hard to handle and he made Crutchley look ordinary on a wonderful slide to the plate. Harry Babcock, at short, surprised the crowd with his playing, while Harry Skitch poled out several nice hits. Thompson, Reid and Bayer in the left in the game all the time, and each was responsible for several hits. Reid made a nice catch and clouted a three-bagger to the balcony in the 4th inning.

Score by innings,—

	1	2	3	4	5	
K.C.I.	4	1	2	3	0	—10
"B" Co.	2	6	4	3	—	—17

K.C.I. 16, Napanee 12.

Playing far below their usual form the local girls went down to defeat before K.C.I. by 16-12. They could not do anything right and failed to come through in the pinch. The locals used eight pitchers, but all three were hit hard, and errors behind them spelled their doom. Reg. Hyland was started in the box but lasted only 3 innings. Mary Stinson relieved him and lasted two innings. Chris Taylor then took up the burden and managed to keep the runs scattered. Only a remaining 2 innings Marion Grass, local catcher, didn't play up to her usual form, and her batting record was missed. Mil Rikley was not as good as usual at bat, while Dorothy Boyce failed to put an appearance as often as usual. Marion Embury pulled one play to retire a runner, and this play was nothing short of spectacular. Mary Stinson connected for a few nice hits and did fine ball. Mary Noxon, although the latter failed to play her usual game. Dorothy Lees did some nice playing at 3rd, while Kathleen Unger was responsible for several nice hits. Ruth Edson did some nice playing in left field, while Grace Harrigan, who relieved at 1st, did some nice fielding. Dorothy Richards made a nice catch of a high fly.

A. Allen did the pitching for Kingston and turned in a neat performance. She fanned six and helped herself to several hits. Miss Pappas did some high class catching, while Miss Rules and perhaps this accounts for the ragged play.

Marion Grass and Marion Douglas played the defensive games, while Hazel O'Neill did a nice job at centre. Dorothy Johnston did a lot of running at side-centre, while Dorothy Richardson and Dorothy Lucas played nice playing at the back. Dorothy Johnston did a lot of running at side-centre, while Dorothy Richardson and Dorothy Lucas played nice playing at the back. Davies at 3rd, was especially good at tagging runners, while Miss Sinclair played nice ball around the pitcher's box. Stein, F. Sinclair and Miss Powell did the outfield patrolling, and each did some nice playing.

Crutchley and Richards acted as umpires.

K.C.I. 19, Napanee 10.

Without the services of Hilda Daly, Grace Boyes and Eleanor Youres, the girls' softball team suffered a 19-10 score in the final basketball game. The game was not productive of good basketball, the play being pretty rough sometimes for a girls' game. However, the girls all played their best and some beautiful baskets were caged. The game was played under girls' rules and perhaps this accounts for the ragged play.

Marion Grass and Marion Douglas played nice defensive games, while Hazel O'Neill did a nice job at centre. Dorothy Johnston did a lot of running at side-centre, while Dorothy Richardson and Dorothy Lucas played nice playing at the back. Dorothy Johnston did a lot of running at side-centre, while Dorothy Richardson and Dorothy Lucas played nice playing at the back. Mary Noxon and Mary Stinson played nice defensive games.

Miss Alma Wales and Mr. J. L. Murray refereed.

An attendant at a certain institution for the deaf and dumb was undergoing a pointless rapid fire inquisition at the hands of a female visitor.

"But how do you summon these poor mutes to church?" she asked, finally, with what was meant to be a pitying glance at the inmates near by.

"By ringing the dumb bells, madam," retorted the exasperated attendant.

ROBLIN

The funeral of the late Miss Minnie York, which was held in Roblin United Church on Wednesday, was very largely attended. The beautiful floral tributes also testified to the esteem in which she was held by all who knew her. W.C.T.U. GOLD MEDALS ARE WON BY ROLAND

The local branch of the W.C.T.U. under the direction of the able President, Mrs. H. L. Richardson, held a very interesting, educational and successful gold medal oratorical contest in St. Andrew's United Church, on Thursday evening, May 6th.

There were eleven contestants, ten girls and one boy. Eight of the contestant are holders of silver medals, and the other three were of the required age and possessed the necessary standing in school to enable them to compete for a gold medal.

Rev. R. A. Swyers of Wesley United Church, acted as chairman. The contestants were Edith McCutcheon, Lucy Wood, Elsie Rogers, Kathleen Tufts, Ellen North, Gwen Sanders, and Betty Scott, all of Carman; and Gertrude Parkinson, Edith Fryer, Shirley Cameron and Norris White, all from Roland.

The selections from the contestants were interspersed with hymns and also a pleasing instrumental duet by the Misses Cochran and Lestikow. The judges were Mrs. Belton, provincial president of the W.C.T.U., from Winnipeg, Mrs. Dowar of Grayville, and Mr. Rideout of Grayville. A collection in aid of the W.C.T.U. was taken while the judges were deciding the winners.

After a lengthy discussion, Mr. Rideout announced that Gertrude Parkinson and Norris White were the winners. Mrs. Belton then made a few appropriate remarks and presented the winners with gold medals, after which consolation prizes were given to all the rest of the contestants.

The class of work done at this contest was better than most people had expected, in spite of the fact that everybody was looking for excellent performances before the contest started. This high grade of work is the culmination of patient perseverance on the part of the W.C.T.U. teacher with diligent and persistent efforts on the part of all the contestants. The judges stated that in several instances the standing of the candidates differed only by fractions of marks. This indicates how closely the competition was.—The Dufferin Loader, Carman, Man.

Norris is the elder son of Mr. and Mrs. Jas. White, formerly of Adolphustown, Ont., and is ten years old and Grade V. school standing. The other contestants were all teen-age girls and ranged from Entrance Class to Grade XI., which fact makes the winning of the Gold Medal by Norris an achievement worth while. We understand he is the youngest Gold Medalist in the Province of Manitoba.

FORTIETH ANNIVERSARY

A very pretty event took place on May 19th, at the home of Mr. and Mrs. Darius William Detlor, of Tamworth and Arden Road, when they celebrated their fortieth anniversary.

Mr. Detlor was born in Kennebec Township, in the year 1864. When he was 3 years of age his parents moved to Sheffield Township, where he still resides.

Mrs. DeDor, formerly Mary Evangeline Jones, was born in Manchester, England, in the year 1860. In the year 1863 she crossed the ocean with her parents and settled near Tamworth, where she met Mr. Detlor.

Mr. and Mrs. Detlor were married in the year 1886. For a time they lived near Tamworth, where he and his brother owned a saw mill. In the year 1892 they moved to Pleasant Lake, on the Tamworth and Arden Road. Mr. and Mrs. Detlor have worked very hard, but are still very active. During the past year they have built a new residence.

Mr. and Mrs. Detlor are the proud parents of ten children, nine of whom are living. The second eldest daughter, Mary Elnora, wife of Manfred Fyles, passed away in the year 1918, leaving two small children, Melvin and Dorothy, who have since found a welcome home with their grandparents, Mr. and Mrs. Detlor.

The children living are: Mrs. Geneva B. Davison, Tamworth Road; Mrs. R. T. MacPherson, of Englehart, Northern Ontario; Mrs. Herbert B. Thompson, of Demorestville, Ont.; Frank J. Detlor and Minor H. Detlor, of Tamworth Road; Mrs. Shirley Haines, of Detroit, Mich.; Charlie W. Detlor and Paul D. Detlor, of Tamworth Road; Miss Edith Detlor, at home with her parents.

Mr. and Mrs. Detlor the the grandparents of ten children.

Those present at the anniversary were:—Mrs. G. B. Davison and family, Mr. and Mrs. Herbert Thompson and family, Mr. and Mrs. Frank Detlor, Mr. and Mrs. Charlie Detlor, Miss Edith Detlor, Melvin and Dorothy Fyles, Mr. and Mrs. Gilbert Thompson, of Elm Tree, parents of Herbert Thompson.

A very impressive address was read by the eldest daughter, Geneva, wishing them many more years of happy wedded life. The children showed their love for their parents by presenting them with a lovely upholstered mahogany leather rocker.

A dainty buffet lunch was served, and after several enjoyable hours were spent, all departed to their homes.

BICKNELL'S CORNERS

The farmers are nearly through with their seeding, and have started their planting.—Mr. Jack Fairbairn is working Mr. Alva Boulton's farm this year, on account of Mr. Boulton breaking his arm.—Mr. and Mrs. T. Chilean Nitrate Needed.

In spite of the prophets of disaster, the war did not ruin the Chilean nitrate industry; instead, military needs created an unprecedented demand. Now that this has ceased the Chilean pessimists are once again predicting ruin, but El Industrial of Antofagasta says there will now be a greater demand than ever for fertilizer and that artificial nitrates have failed even to rival the natural product of Chile.

Corn Lice by Trillions.

There is a tiny louse which lives on the roots of young corn and sometimes destroys a whole crop in one locality. It does this by the rapidity of its reproduction, from 11 to 22 generations having been counted in one season. It is estimated that each louse hatched in the spring leaves in the ground at the end of the season 319,000,000,000 descendants and 2,000,000,000,000 eggs.

Seeing Ahead.

There is always room for a man of force, and he makes room for many. A feeble man can see the farms that are fenced and tilled, the houses that are built. The strong man sees the possible houses and farms. His eye makes estates as fast as the sun breeds clouds.—Emerson.

Paths to Happiness.

It is the most beautiful truth in morals that we have no such thing as a distinct or divided interest from our race. In their welfare is ours, and by choosing the broadest paths to effect their happiness we choose the surest and the shortest to our own.—Bulwer Lytton.

Strongest Wood.

Lancewood is said to be the strongest wood, known; its tensile strength per square inch is 23,000 pounds—that is to say, that weight is required to tear asunder a piece of it one inch square.

Getting to the Top.

To succeed take hold of the first thing that will lift you up and then take hold of the next thing available to lift you still a little higher. Thus by Eyles, Mr. and Mrs. Gilbert you will go to the top with reasonable rapidity.

Injuries and Insults.

Injuries may be atoned for and forgiven; but insults admit of no compensation. They degrade the mind in its own esteem and force it to recover its level by revenge.—Junius.

Quick Relief From All Kidney Trouble

Dodd's Kidney Pills Are Excellent for Backache, Lumbago, Gravel, Bladder Trouble, Sciatica and Rheumatic Ailments

P. E. I. Man Used Them for Pains Across the Back and Found Relief.

Tignish, P.E.I., May 24th, (Special).—Just why Dodd's Kidney Pills are so popular all over the Dominion is shown by the statement of Mr. J. F. Perry, a well-known resident here.

"For a couple of years I was troubled with a pain across the back. When I stooped down I had a hard time straightening myself up again. After taking a few boxes of Dodd's Kidney Pills I feel a whole lot better."

That Mr. Perry's trouble came from his kidneys is evidenced by the relief he got from Dodd's Kidney Pills. They are purely and simply a kidney remedy. They heal and strengthen the kidneys and put them in shape to strain all the impurities from the blood in a natural manner.

Dodd's Kidney Pills relieve kidney trouble, no matter where or in what form it is found.

VARIETY SHOWER

On Wednesday evening, May 5th, the friends and neighbours of Mr. and Mrs. Morley L. Perry gathered at their home to bid them welcome to the community of Morven, and presented them with a variety shower. The evening was spent in cards and dancing. A dainty lunch was served at midnight, and all returned home to the wee small hours, voting Mr. and Mrs. Perry an ideal host and hostess.

Following is a list of the presents:—Mr. and Mrs. A. B. Perry, half dozen dinner plates and galvanized tub; Mr. and Mrs. James Mills and Vernon, $1.00 and jar fruit; Mr. Harold Cummings, aluminum cake tins; Mr. and Mrs. Arthur Curle, roasting pan; Mr. and Mrs. S. H. Fraser, aluminum sauce pan; Mr. and Mrs. Ray F. Perry, half dozen canned tomatoes and half dozen canned peas; Mr. and Mrs. Will Shane, aluminum roasting pan, sugar sifter and cup; Mr. and Mrs. Henry Page, Toronto, glass butter tub; Mr. and Mrs. Alfred Scrimshaw, aluminum sauce pan; Mr. and Mrs. Ed. Hamsby, $2.00, china butter dish and 2 jars fruit; Mr. and Mrs. Willie Bell, $2.00; Mr. and Mrs. W. H. Milling, $1.00; Mr. Arthur Fraser, and mother, aluminum pie tins; Mr. and Mrs. Harold White, aluminum potato kettle; Miss Cecelia Balcanquel, china salad bowl; Mrs. J. Irish, glass berry bowl; Mr. Albert Walsh and Clarence Baird, $1.00; Mr. John and Miss Nellie Walsh, $1.00; Mrs. James and Mrs. S. H. Fraser, quilt; Mr. and Mrs. John Chambers, granite basin; Mrs. G. Oliver and Grace, china cream and sugar; Mr. and Mrs. Harold Brandon and Mrs. Smith, nickle tray and glass water set.

Healthy Children Always Sleep Well

If Baby Does Not Enjoy Refreshing Sleep He Is Far From Well.

The healthy child sleeps well and during quite waking hours is never cross but is always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again.

Baby's Own Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion and promote healthful sleep. They are absolutely guaranteed free from opiates and may be given to the newborn babe with perfect safety.

You can obtain Baby's Own Tablets through any medicine dealer at 25 cents a box, or by mail, post paid, from The Dr. Williams' Medicine Co., Brockville, Ont.

Rock Dust to Save Miners' Lives.

Perhaps the oddest, yet one of the most effective, means for preventing coal dust explosions, eliminating fire-damps in coal mines is the use of rock dust.

A lot of it is placed on boards hung by chains from the roofs of mine tunnels. Obviously in case of an explosion the boards will swing and the dust will be shaken off.

Following an explosion a roaring flame, let us say, is coming through the tunnel. The air is filled with coal dust (or possibly with inflammable gas) to feed it. But it meets a curtain of non-inflammable rock dust (discharged from the board shelves) and is thereby stopped. Rock dust will not burn under any provocation. Suspended thickly in the air, it acts like an asbestos curtain. The flame cannot get through it.

Leaf Arms Without Pain.

Our story of a man being blown away, unhurt, by the explosion of a bomb which he did not hear, seems incredible to many people. Here is something like an analogy.

King Edward once brought together at his dinner table Ruschm Pasha, who had had half his right hand and part of his arm torn off by a bear, and Sir Edward Ward, who had had his left arm up to the elbow munched away by a tiger.

The two men compared notes. Neither had felt the least twinge of pain at the time. They imagined that their intense desire to save their lives dulled all other senses. — London Chronicle.

Bismarck's Wine Thirst.

In his choice of drinks Bismarck displayed a somewhat unpatriotic spirit. Talking to Mr. John Booth in 1870, Bismarck confessed that when stationed at St. Petersburg, he used to drink two bottles of champagne a day.

He estimated that altogether he had drunk 5,000 bottles of champagne and smoked 100,000 cigars.

On another occasion Bismarck declared that beer "makes one stupid, lazy and useless. It is responsible for the democratic nonsense spouted over the tavern tables. A good rye whisky is very much better."

CURRENCY MELTED IN CHINA

Chinese "Cash" Has Gone the Way of Many Other Forms of Money in That Country.

With the end of the war comes the end, one may believe, of an odd spectacle sometimes seen in the neighborhood of Tsinan, Tsingtau, and doubtless of other Chinese cities—the sight of a Chinese coolie pushing a wheelbarrow loaded with coins on their way to be melted down for the metal. War conditions raised the price of brass and copper to such an extent that it was found profitable to purchase coins and melt them, a practice which brought inconvenience, for it materially reduced the circulating medium. Laws were passed against it, but they seem to have been more or less successfully evaded, and wheelbarrows continued to be used in supplying the smelters. Thus is added another incident in the long history of Chinese "cash," which began 3,000 years and more ago with the circulation of coins that had the shape of knives, still to be seen used as paper knives by foreigners in China who have picked them up searching for antiquities. Other shapes were introduced, and before the Chou dynasty, about 600 B. C., the Chinese currency was ax-shaped and spade-shaped as well as knife-shaped. At that time round coins with a hole in them, so that they might be held together with a cord, were introduced and found much more convenient.

HAS VAST STORE OF GOLD

Nearly a Million and a Half Pounds of the Precious Metal at Kolchak's Command.

Something of the Arabian Nights, a memory perhaps of Ali Baba when he discovered the treasure cave, is suggested by the story of Kolchak's gold supply and the visit of inspection of foreign correspondents under the guidance of the Omsk government's minister of finance. About 1,440,000 pounds avoirdupois of gold; such is said to be the reserve of the Kolchak government at Omsk. Its value in American money is placed at about $475,000,000. "In one room there were about thirty tables loaded down with gold in all forms, requisitioned by the government from the people. . . . Conspicuous in this lot was a set of solid gold dishes, formerly the property of Mr. Tereschtschenko, one of the wealthiest of the Russian nobility." The set of gold dishes, in the upheaval of Russia, had passed through several hands before falling to the bolsheviki, and eventually to the Omsk government; and at least one of the possible heirs had renounced the title to it in view of its use by that government in the restoration of Russia. Most of the gold, however, was displayed in coins and ingots, and its exhibition was meant to inspire confidence in the ability of the government to finance some of its immediate operations.

She Told the World.

Getting on a car I hustled into a window seat for comfort, and unconsciously crossed my legs, placing my foot against the forward seat to brace myself back as I opened my newspaper.

Later on I was suddenly brought back to self-consciousness by the terrifying scream of a woman in front of me as "rip" went the back of her clothing.

When I planted my foot against the forward seat I inadvertently anchored the two tails of her jacket, or what-ever it was, that had slid down through the opening, and caused her to arise with such disastrous results. And when she told the world what I had done it was hard telling which of the two was most embarrassed.—Chicago Tribune.

Puzzles.

"Charley, dear," said young Mrs. Torkins, "everything you see in print now refers to some problem."

"I have observed it."

"I wish we could go back to the style of literature that prevailed in our parents' time and keep all the puzzle pages in the back part of the magazine."

In Washington.

"I wish," said the head of the department, "to let some of my clerks go."

"Why?"

"I have nothing for them to do."

"Huh," said Senator Graball, "that's a queer reason for wanting to keep clerks go."—Louisville Courier-Journal.

An Early Riser.

"Do you find the same old trouble in getting your boy awake in the morning?"

"No. It's the other way around now. Since he was in the army Josh has made it his business to wake up everybody at daybreak, blowing a bugle."

Sweden Using Wooden Corks.

Owing to the scarcity of true cork in Sweden wooden corks are being used in that country, the substitutes being made from quick growing pine. This wood has wide annual rings and one of its characteristics is to tend to swell somewhat after it has been fashioned into stoppers.

The Bargain Rush.

"One would think those women were rushing to get a husband," growled the man, in the department store.

"No," said his wife, sweetly, "they're after hairpins at 3 cents a paper. Something useful."—Louisville Courier-Journal.

Bill thought his gas was getting low; He struck a match—the tank let go— Bill sailed three miles in the air, Three miles to a pint is pretty fair.

Proof of Biblical Truth.

Perhaps the most impressive fact of recent concerning disease in ancient times is found in the Bible, in the First Book of Samuel, where we are told that the land where the Philistines were was overrun with a plague of rats or mice and that thereupon the people were smitten with bubonic plague to punish them for their seizure of the Ark of the Covenant. Thousands of years later our modern science discovered that rats are the chief disseminators of that pestilence. —New York Herald.

Our Different Worlds.

I once stood in a dome with different colored glass in each window. Thus four men touching each other might each see a different scene: a red ocean, a green city, blue fields, and yellow mountains. A rare man might climb to the top of the dome and see the whole circle of the landscape under the white light of a pure atmosphere. But most of us look through one window, each upon a different world, each world colored by our own individuality.—Robert S. Barrett.

Bees Distinguish Colors.

Experiments have shown that bees distinguish different colors, but different colors acquire significance for bees when the insects have learned that certain colors are associated with certain nutritive advantages. The bees are not "reflex-machines"—they are not compelled by any organic chromotropism to prefer certain colors to others. They accumulate experience and remember that certain colors are associated with certain nutritive benefits.

Garden of Eden in Mexico?

A prehistoric race that lived in Mexico centuries before Cortez ever arrived there to crush the power of the Aztec kingdom, was a civilized people who were flooded out of existence by a deluge that swept the valley of Mexico, as relics picked up near the capital city prove, and some writers assert that Mexico was the site of the beginning of man and that it was in this valley that Noah set forth for his 40-day tour of the flooded world.

Red Tape Citadel

"Circumlocution office" is a description used by the great novelist, Charles Dickens, in his book, "Little Dorrit," to ridicule official delays and indirectness. It is described as the chief of "public departments in the art of perceiving how not to do it." The name has come into popular use as a synonym for governmental routine, "red tape," procrastination and delay in transacting public business.

World's Finest Olive Oil.

The olive oil produced in the region of Bordeaux, France, has a lightness, a perfume, and a particularly delicate flavor which have given it a world-wide reputation and made it an important article of export and a source of wealth for its producers. Most popular is the oil from Nice imported under the Bordeaux trade-mark.

Bobby's Suggestion.

Bob was out visiting his aunt at a lake with his grandma. One evening he suddenly decided that he wanted to go home to mother. His grandma told him there were no trains and he couldn't possibly go that night. He said: "Well, grandma, can't you put me in a box and send me parcel post?"

Close Relationship.

One day when our insurance man came in he asked how old the dog was, and when he was told he turned around to ask how old my little sister was, and before my brother had a chance to answer him my sister said, "The dog is as old as me. Me and him is twins."—Exchange.

Linen From Nettle Fibre.

A company has been formed in Denmark for the manufacture of linen from the fibre of nettles. At a recent exhibition every one was struck by the whiteness and suppleness of the table cloths and napkins made of this nettle fibre.

The Linen Sheet.

It was in the reign of King John that linen sheets for beds began to be used. The sheriff of Southampton, on his receiving the honor of knighthood, was ordered to deliver to the king's valet a couch, a bed and a pair of linen sheets.

Deadly Arabian Sirocco.

The sirocco or sand storm of the Arabian desert is exceedingly treacherous. It often digs pits two hundred feet deep, scattering the sand for miles around.

Ineffective Hallering.

"De man dat hollers about his bein' jes' as good as any other man," said Uncle Eben, "mos' generally ain' doin' enough useful work to prove his argument."

Uncle Eben Says—

"Children must be a heap smarter dan dey come wut dey's pickly beautiful de way dey makes deir parents obey."

CARRIED WIFE TO BED

Suffered So She Could Not Walk. Restored to Health by Lydia E. Pinkham's Vegetable Compound

Minesing, Ontario.—"I am a practical nurse and I recommend Lydia E. Pinkham's Vegetable Compound to suffering women. For three months I was almost helpless and could not sit at the table long enough to drink a cup of tea. Many a time my husband carried me to bed, I would be so weak. Then he read in the paper of a woman suffering as I did who got better after taking the Vegetable Compound, so he went and got it for me. When I had taken three bottles I was just like a new woman and have had splendid health ever since. When I feel any bearing-down pains I always take it; sometimes a half bottle or whatever I need. It is my only medicine and I have told many a one about it. Any one wanting to know more about Lydia E. Pinkham's Vegetable Compound, I will gladly write to her. I do all I can to recommend it for I feel I owe my life and strength to it." — Mrs. NEAL BOWSER, R. R. 1, Minesing, Ontario.

Do you feel broken-down, nervous, and weak sometimes? Do you have this horrid feeling of fear which sometimes comes to women when they are not well? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and if taken regularly and persistently will relieve this condition.

"MONTH-END" BARGAINS AT "ROBINSON'S"

COME AND SHARE IN THE SAVINGS OBTAINABLE

Shoppers on Friday, Saturday and Monday, the three last shopping days in "May", will find a splendid line-up of especially prepared specials throughout the store. These specials have been arranged to maintain our sales volume for the month of May. You'll find them opportune in character, and priced advantageously for your pocket-books. All lines featured are Robinson's guaranteed qualities. None of the month-end bargains are advertised in this issue. You'll find this event most profitable from a money saving point of view.

Dresses For All Summer-Time Functions. Exploiting Fashionable Silhouettes and Colours

"June" is our greatest dress month of the entire year. Dresses of every type are in constant demand. We have prepared for this demand and have filled our display cabinets with dresses fashionably and authentically styled for every summer time occasion. Fascinating style, the most interesting subject of the day to women, is the keynote of our June assemblages. garment is different, but each conforms with fashion's prevailing style tendencies. Originality is to be found in the trimmings in the combinations of colors, and in the fabrics employed. You will likewise find our assortments complete in sizes and prices. We invite your earliest inspection.

DRESSES FOR FORMAL FUNCTIONS

Come made from beautifully colored Georgettes and Crepes. Both flare and straight silhouettes are favored. Some come long. Some dresses show slips in matching shades; others have slips in colored printed effects. Laces, too, make rich and effective trimmings. Priced from $16.95 up.

DRESSES IN ANY HOUR STYLES

For school, office, house or street wear, you'll find dresses desirable. The quality of material is thoroughly dependable, while the workmanship compares favourably with those higher in price. These are obtainable in the various Rose shades, the new Blues, the various Greens, Navy, and Black. Priced from $12.75 and up.

DRESSES FOR SPORTS WEAR

The straight-line Silhouette rules in sport wear. Fullness is achieved by the skilful employment of pleats. Styles come in one and two piece effects, while long and short sleeves are to evidence. Spanish Yellow, Rose, Oyster White, New Blue, Green, White, and Parchment are some of the many colors. Priced from $8.75 and up.

FOR YOUR HOT WEATHER DRESS CHOOSE VOILE

For genuine comfort on hot days these Voile Dresses are exceptionally appropriate. Besides being delightfully cool, they are serviceable and fashionable. The style range includes all the accepted silhouettes. Here short sleeves predominate, while laces and ribbons create attractive and becoming trimmings. Obtainable in dark and light colorings, in dot as well as printed patterns. Priced from $5.00 and up.

FOR THE CAMP CHOOSE RAYONS AND BROADCLOTH

These are equally as desirable for house and porch wear. The materials are both washable and dependable. Dresses come in a wide diversion of one-piece styles, featuring both flare and straight-line effects. The various materials are shown in striped, checked, figured and dotted designs. Procurable in Misses, regular and O.S. sizes. Priced from $2.95 and up.

THE VOGUE FOR PRINTS AND BORDERS

Still continues. Women find them practical for many occasions. Both flare and straight styles are fashionable. Patterns are exceedingly colorful. Occasionally their vividness is veiled with plain georgettes. Our present showing features an artistic varied assortment of colors and designs. Priced from $16.95 to $37.50. Women's and Misses' sizes.

A BUY IN BLUE

A blue suit for a man is not a luxury—it is a necessity. Countless are the occasions when only blue will do.

At Robinson's is a notable showing of Blue Serges and Blue Worsteds

At $25.00

in Young Men's Double Breasted styles, in the staple 2-button or 3-button styles.

There are Suits in the staple Blues and fancy Blues that were made to retail at $28.50, $32.50 and $35.00. Suits perfect in style, in fit, and in those little extra touches of finish which distinguish really fine clothes. The price is surprisingly reasonable.

Femi-Wear Semi-Made Dresses

The low price includes dress and trimming already cut, buttons, colored chart and complete instructions. Where hemstitching or pleating occurs in the dress design, this is already done for you.

The modish styles in new fast-colored cotton fabrics, specially designed and woven are developed in Femi-Wear Semi-Made dresses.

WEDDING BELLS

Hogman—Armitage.

A very pretty wedding was solemnized at the home of Mr. and Mrs. Wm. Armitage, Elva, Man., on Wednesday, May 17th, when their youngest daughter, Isabella Alma, was united in marriage to George Alfred Hogman, of Estevan. At 1 o'clock the bride entered the drawing room on the arm of her father and took her place under an arch of bells, roses and shamrock, while Mrs. Edgar Holmgren played the wedding march. The ceremony was performed in the presence of the immediate friends of the contracting parties by Rev. Clarke B. Lawson, B.A., B.D., of the United Church, Estevan. The bride was becomingly attired in a dress of green cut velvet trimmed with gold lace, and gold brocade slippers to match. Her only ornament was a beautiful rope of pearls, a gift of the groom. Miss Nellie Henry, in a pretty dress of almond green crepe back satin, attended the bride. The groom was supported by Mr. Albert Logan. Mrs. Armitage, mother of the bride, looked handsome in a gown of black cut velvet. The many beautiful and useful gifts testify to the esteem in which the bride and groom are held. The groom's gift to the bride was a 1926 model Ford coupe. To the bridesmaid, a signet ring, monogramed in white gold. To the groomsman, a cuff-link and pencil set. A sumptuous dinner was served in the dining room, after which the bride and groom left by car for North Portal, where they took train for Minneapolis, Chicago and other points. The bride travelling in a panay crepe back satin dress, with which she wore a neat coat and picture hat of gold cloth. Upon their return they will reside in Estevan.

The guests were: Mr. Joseph Hogman, father of the groom; Messrs. Jemima and Levina—Hogman, Mr. Albert Hogman, Mr. Logan, Mr. Lennon, Miss Hassart, Mr. and Mrs. Edgar Holmgren and Mayor and Mrs. Ramsay, of Estevan; Miss Nellie Hallwell, of Oxbow; Miss Nellie Henry and Mr. and Mrs. H. H. Mc-Rae, Elva.

WEDDING BELLS

A happy event took place at Tamworth Parsonage, on May 19th, 1926, at 2 o'clock, it being the marriage of Miss Coral Doyle, daughter of Mr. and Mrs. Ed. Doyle, of Tamworth, and Mr. Allan Carroll, of Croydon. The Rev. Mr. Thornley performed the ceremony. The bride was daintily gowned in sandlewood crepe de chene trimmed with gold metallic lace, with hat and coat to match. The groom's present to the bride was a very pretty gold wrist watch. The bride's mother and sister, Miss Clara, were present. After the wedding ceremony Mr. and Mrs. Carroll returned to the bride's home, where a very tasty supper was served. The happy couple left amid showers of rice and old shoes for their home near Croydon. All Friends of Mr. and Mrs. Carroll wish them bon voyage through life. They will reside near Croydon at the present.

Lennox and Addington Baseball League

The first game of the season was played in Tamworth on May 24th, Adolphustown defeating the home team by a score of 11-12. It was a close game from start to finish, and caused a great deal of excitement among the spectators especially, as the score was a tie at the end of the ninth. In the tenth Adolphustown came back strong, scoring one, and their pitcher, Cummings Daverre, retired the three opposing men in order. Due to the cold weather neither team was up to form, but both show good promise for the season. The boys themselves took a lot of fun out of the game, and everyone enjoyed it.

ROD AND GUN

In view of the increase in the popularity of Ontario and Canada generally with American tourists, the June issue of Rod and Gun, which is a special Ontario Tourist Number, is particularly interesting.

All stories and articles in the number, with the exception of the regular features, deal with Ontario sport while a personal message from the Premier of Ontario welcomes all tourists to the province, and a special Ontario section describes some of the beauty, health, fishing and hunting resorts of Ontario.

A new aspect of angling is given in "The Jumbo Trout of Lake Superior," possibly the gem of the table of contents; while "Trout Fishin'" is a delightful reminiscence of the creeks of old Ontario.

The regular gun, fishing, outdoor and kennel departments contain specially interesting material for this issue.

Rod and Gun is published monthly by W. J. Taylor, Limited, Woodstock, Ontario.

PROPOSED MEMORIAL TO SIR JOHN A. MACDONALD

Should Be Erected at Hay Bay, the Home of the U. E. Loyalists.

The great Canadian patriot and statesman, Sir John A. Macdonald, was not born in Canada, but in Scotland, and came to this country with his parents and other members of his family in 1820. It is fitting, that Hay Bay, near Adolphustown, where he spent the most of his happy boyhood days, should be chosen as the site of a fitting memorial for one who did so much towards laying a sure foundation for the upbuilding of a great nation.

Another claim of suitability is that Hay Bay (and Adolphustown) is the Mecca of the United Empire Loyalists.

Steps should be taken forthwith to organize and arrange for the Memorial.

The following letter, which appeared in the Kingston Satndard the other day, from the pen of our townsman, Mr. W. G. Wilson, will be found very interesting :

To the Editor of The Standard.

Sir,—I have just read with great interest your editorial in Thursday's issue entitled "Sir John A.'s Birthplace", and trust your suggestion as to the erection of a memorial at the place of his boyhood home at Hay Bay, in the Township of Adolphustown, in the County of Lennox and Addington, will be acted upon by the many admirers of the beloved deceased statesman.

Pardon me, however, for calling your attention to an error in your article, viz., in intimating that Sir John was born at Adolphustown. I would refer you to the work of Sir Joseph Pope, K.C.M.G., Sir John's literary executor, in which you will find that he was born in Glasgow, Scotland, January 11, 1815, son of Hugh Macdonald, and emigrated with his parents in 1820 to Canada, and first located in Kingston, and after a few years moved to Hay Bay, Adolphustown, and later to Stone Mills (now Glenora) in the County of Prince Edward, and the family finally returned to Kingston, where Sir John, at the age of 15 years, (1830), entered the law office of George McKenzie.

In Pope's work, "The Days of Sir John Macdonald," the author says : "To the last he never forgot the Bay of Quinte, and whenever I passed through that charming locality in his company, he would speak with enthusiasm of the days when he lived there. He would recall some event, and identify each neighborhood, until between Glasgow and Kingston, Adolphustown, Hay Bay and Stone Mills, it was hard to tell what was his native place. I told him so one day, and he laughingly replied : "That's just what the Grits say. The Globe has it that I was born in a new place every general election."

Mr. Editor, you have started the ball rolling; keep it up and cease not until a proper memorial monument appears in the Hay Bay U. E. L. settlement in Adolphustown.

W. G. WILSON.

Napanee, May 20, 1926.

MOSCOW.

Quite a number of people are suffering from grippe.—Our sports attended the races in Picton on the 24th, also the ball game in Belleville.—Dr. R. W. Huffman, Toronto, Miss Florence Huffman, Odessa, and Mr. and Mrs. Howard Nicholson, of Kingston, spent the week end at Mr. Morley Huffman's.—Miss Lottie Asselstine, of Peterboro', is at her home here.—All are looking forward to the bazaar and play which will be held on June 2nd. The play, "Sailor First", is put on by our young people, and is well worth coming to enjoy.—Enterprise Orchestra will furnish the music.—The farmers are nearly done seeding, though the continued cold weather prevents very rapid growth. —Mr. and Mrs. C. Johnston and family spent the 24th at Chas. Amey's.—Mrs. Ellerbeck, who has been quite ill, is improving.

STELLA.

The spring seeding is completed, and farmers are busy with their planting. — Rev. Mr. Leach and family, formerly of Sydenham, have taken up the duties in the Parish of Amherst Island.—Mr. Chas. Brown, of Chatham, is visiting relatives here.—Mrs. D. Caughey, Woodland Avenue, spent several days in Kingston, the guest of her brother, Mr. H. Filson. — The teachers of this vicinity spent the holiday at their various homes. — Mrs. R. Thompson, of Cleveland, O., is making an extended visit with her mother, Mrs. R. Glenn, Maine Street.—Mr. Kenneth Miller made a flying trip to Napanee on Friday last. — Rev. Mr. Craig, of Demorestville, conducted services in St. Paul's Presbyterian Church on Sunday. A special song service was held in the evening. Mrs. Fee, of Picton, will address the congregation on "Mission Work" at both morning and evening services next Sunday. — Miss Laura Hubbell, of Kingston, is visiting at her uncle's, Mr. Alex. Spiers.—Mr. S. Sutherland, of St. Louis, is improving conditions at the summer resorts on Stella Point. He has installed a Delco lighting system and waterworks. This pretty little point is an ideal resort for tourists. — All it lacks is a pavilion.—A number of local sports took in the celebration at Picton on Monday.—Mr. Thomas Smith, of Picton, is still under the doctor's care. — We are pleased to hear the report that our popular doctor, H. S. Northmore, has been named as a candidate in the coming election.—Miss Edna Strain, of Buffalo, is visiting relatives here. — The cottages on Long Point are again occupied for the summer. — Week-end visitors were Miss N. Burleigh, Misses Ruth and Rose McCormick, Miss R. Glenn, Miss A. Macdonald and Miss E. Instant at their respective homes.

CENTREVILLE

Mr. and Mrs. Nile Peters and family, of Toronto, spent the week-end the guests of Mr. and Mrs. Thos. Thompson, Lake Road.—Mrs. Andrew Peters and daughter Hazel, of Edmonton, Alta , are also spending two weeks with Mr. and Mrs. Thos. Thompson.—Rev. and Mrs. Leigh passed through here on Tuesday en route for Kingston to attend Conference. Mr. Leigh is one of our former pastors, and is now stationed near Toronto.—Miss Evelyn McGill, of Belleville, spent the week-end at her home here.—Miss Florence Pero, of Newburgh, spent the 24th at T. E. McGill's.—Quite a number from here took in the celebration at Tamworth on the 24th and report a good time.—Miss Inez McGill spent the week-end with her mother. She was accompanied by Miss Ruth and Mr. Henry Eaves.—A little son has come to brighten the home of Mr. and Mrs. Roy Milligan.—We were all sorry to hear that Grant Gerow, a former Centreville boy, had the misfortune to shoot his gun off while cleaning it. The bullet lodged in his right lung. We all hope for a speedy recovery.

VARIETY SHOWER

A very enjoyable evening was spent at the Centreville Hall, when about sixty of Mr. and Mrs. Percy Crouse's friends and neighbours gathered there, and presented them with a variety shower. The evening was spent in cards and dancing, lunch being served at about midnight. Following is a list of the presents :—

Mr. and Mrs. Reen Storring, pair of pillows and slips and fancy comforter; Mr. John Kennelly, pair of pillow slips; Mr. and Mrs. Peter Casidy, $2.00; Mr. Bert McGill, $1.00; Mr. Dan Powers, a couple of agate pie plates; Mr. Tim Kennelly, pair of fancy bath towels; Mr. William Storring, $2.00; Mr. Jim Pierce, $1.00; Mr. and Mrs. Jim Perry, $1.00; Mr. Willie Mouck, $1.25; Mr. Kenneth Grange, 50c.; Mr. Will Lochhead, $1.00; Miss Alice Campbell, fancy cake plate; Mr. Byron Perry, aluminum double boiler; Mr. Reen Lockeridge, aluminum stew kettle; Mr. and Mrs. J. Kearns, $1.00; Mr. Pete Perry, $1.00; Mr. and Mrs. Ed. Powers, aluminum set; Miss Evelyn McGill, fancy cake plate; Miss Pauline Richmond, fancy cake plate; Mr. Dan MacGregor, aluminum stew kettle; Miss Madge Campbell, fancy sideboard scarf; Mr. George McGill, $1.00; Mr. George Jackson $1.00; Mr. and Mrs. William Barrett, fancy crochet for pillow slips; Mr. and Mrs. Wellington Johnston, cake plate; Mr. R. Barrett, $1.00; Mr. Joe Brady, $1.00; Mr. and Mrs. Robert Dowdle, $2.00; Miss Ida Dudgeon, pair fancy bath towels; Mr. and Mrs. Tommy Richmond, $1.00; Misses Celia and Ethel Hawkins, agate stew kettle; Mr. and Mrs. Amos Woods, fancy fruit bowl.

TIMBER SUPPLY IN DANGER

Expert Points Out What Seems to Him Imperative Need of a National Forest Policy.

"One of the most interesting things to come to my knowledge is the seeming lack of interest on the part of the people of the United States to save our forests," said Charles Lathrop Pack, president of the American Forestry association. "Our new growth of timber is not more than one-third of the amount being used or destroyed every year. There is an end to all things," continued Mr. Pack, "and the timbermen, lumbermen and wood-using industries must get together with the foresters on a national forest policy of some kind. We all know about locking the stable door after the horse is stolen, and we can all stand around and wonder what to do when the well runs dry, but what are we going to do when the forests give out? Place your finger on something into which the use of wood in the making does not enter, if you can. I'll bet you I do it, I will say. The newspaper owner knows about the mounting cost of print paper when the cost of the barrel in which you find your flour has gone away up. You cannot eat the paper or the barrel, but they figure big in the high cost of living you hear so much about. We must have a national forest policy in this country, and that soon."

CHANGED FOR THE BETTER

Conditions, Especially in the Holy Land, Have Been Much Improved in Recent Years.

Whoever has journeyed to Cairo and from there down the Nile on to Jerusalem may now buy his ticket in the Cairo railway station and look out of the windows of the train at the scenery of the plain of Sharon as he makes his trip. The rail connection has been completed by a new line from Lodd to Haifa, passing the ruins of Ashdot, where the Templars long ago had their stronghold in Palestine. The journey from Egypt to the Holy land is greatly simplified: one need no longer land at Jaffa, nor wonder how much one's plans will be interfered with by uncertain conditions of wind and sea. More than that, Jerusalem is a much less dubious place for the tourist to visit, and the comfort of intourist may be much more conveniently inspected than they used to be. Good order is maintained, due to the strict British discipline, the chance of "falling among thieves," more or less an accepted risk under the Turkish régime, is hardly to be considered. One may visit the mosque of, Omar without the undesired companionship of a Turkish soldier, a good deal of which has been heard that "Europe would agree be the same upon" for tourists to look at, but to some extent at least it will be much changed for the better.

The English Walnut Tree.

King Solomon planted gardens of nuts. Surely a wise thing to do and another evidence of the wisdom of this anti-suffragette king.

Canada is a nut consuming country, but not a nut producing country. We import each year from various foreign lands nuts to the value of five million dollars, an amount that more than over balances the value of our apple export. If we buy more nuts than we are shipping apples, there are significant reasons for considering the culture of nuts in our Lake Erie countries. There are about 200 bearing English walnut trees now in Southern Ontario. If 200 thrive, why not 200,000, there is lots of room for them.

In the Isere Valley, France, the home of the best variety of English walnut, there are thousands of walnut trees, but only a few are planted in regular orchard form, most of the trees are scattered along the roads about the buildings, wherever it would be inconvenient to raise other kinds of crops. Even under these supposedly adverse conditions the hundreds of individual growers annually sell highly profitable crops, which in the aggregate total several thousand tons. The favored Lake Erie counties have many acres suited to the walnut, and very farm could accommodate 50 trees or more, distributed about the dooryard, buildings, along fences or ravines, without reducing the grain producing capacity of the farm by one bushel.

If modern agricultural industry is to make land produce more food then tree crops should be given consideration. The walnut is more hardy than the peach, and the crop will not spoil overnight. When you plant another tree why not plant a hardy northern grown English walnut?—L. Stevenson, Director of Extension, O. A. College.

WISE AND OTHERWISE

When a man tells a woman that he worships the very ground she treads on, it is quite possible that he is referring to her estates.

No man or woman should hobble painfully about because of corns, when so certain a relief is at hand as Holloway's Corn Remover.

"There are an awful lot of girls who don't want to get married."

"How do you know?"

"I've asked them!"

The cheapness of Mother Graves' Worm Exterminator puts it within reach of all, and it can be got at any druggist's.

Excellent for Croupy Children. — When a child is suffering with croup it is a good plan to use Dr. Thomas' Eclectric Oil. It reduces the inflammation and loosens the phlegm giving speedy relief to the little sufferer. It is equally reliable for sore throat and chest, earache, rheumatic pains, cuts, bruises and sprains. Dr. Thomas' Eclectric Oil is regarded by many thousands as an indispensable of the family medicine chest.

Bow Landlady — Only the other night my lodger came home, sat in the passage, and said that he had been overcome by the best. It was snowing outside.

"So you got $200.00 out of the railway company for the accident?" "Twas a accident. Just crossed the old wife on the heid wi' me stick when the crash came."

Powerful Medicine. — The healing properties in six essential oils are concentrated in every bottle of Dr. Thomas' Eclectric Oil, forming one of the most beneficial liniments ever offered to the use of man. Many can testify as to its power in allaying pain, and many more can certify that they owe their health to it. Its wonderful power is not expressed by the small price at which it sells.

Every careful and observant mother knows when her child suffers from worms. She also knows that if some remedy be not speedily applied much harm will result to the infant. An excellent preparation for this purpose is Miller's Worm Powders. They drive worms from the system and act as stimulating and soothing effects, so that the child's progress thereafter is painless and satisfying.

MANY SOILS NEED LIME

CHEMISTRY DEPT. AT O. A. C. HAS MADE SPECIAL STUDY.

Is Your Soil Acid or Sour? If So Lime Will Help—Anyway the Subject Is Worth Your Study.

(Contributed by Ontario Department of Agriculture, Toronto.)

What is soil acidity?

When we speak of a substance being acid we think of it having a sour taste, something that will put our teeth on edge, like lemon juice, or vinegar. This is acidity. Chemists go much further and draw much finer distinctions, one of which is the effect on certain substances that we term indicators. A common one is blue litmus paper. This paper changes color from blue to red when it comes in contact with an acid. Many substances when dissolved in water have an acid reaction. One of these is copper sulphate or bluestone. We know that if we dissolve it in a tin or iron pail it will "eat it." This is due to acid formed on dissolving. There are many compounds in a soil which have the same property—not copper compounds but compounds of silica, aluminum and iron. For example if we heat ordinary sand in steam under pressure it becomes an acid, silicic acid, which has properties common to all acids.

Sour Soil.

So often we hear the expression "sour" in speaking of soils. It is generally used to describe a soil which is poorly drained, more or less waterlogged and in poor physical condition. It may be acid or it may not, and therefore the term is misleading. There is only one term we can correctly use and that is "acid." If a soil behaves under chemical investigation in a certain way it is acid. So we will drop the term "sour" when speaking of soils.

How Soils Become Acid.

The acidity of soils is, therefore, due to acid salts, those that have an acid action when in solution, or to free acids. These acids and acid salts may result from decomposition or organic matter or from changes which occur gradually, due to leaching or washing away of bases from the soil. Thus we have two types of acidity which may occur singly—and they generally do—or may occur together.

Decaying Organic Matter.

Acidity due to decaying organic matter is largely found in peaty soils which are affected by waters coming from surrounding high land. We find this condition of affairs in Northern Ontario muskegs, where the humus, which normally might contain lime are buried deeply under a soil composed entirely of decayed plant matter.

High Lands and Acidity.

High lands tend to become acid first. This idea is new or comparatively so and contrary to the belief of many. It is now generally understood that low lying land is generally acid but one has only to look to be proven. Let us see how this is. In a climate like ours we get about 30 inches of rain per year. Many of this rain falls on the soil it soaks in. In passing through the air it dissolves carbon dioxide which is always present and forms a very weak acid. So weak is the acid that we cannot detect it except by very delicate tests. This acid dissolves the lime out of the soil, and the lime is then carried from the water. The water comes from the well or spring so that the rain water must have dissolved the lime in passing through the soil. We can readily understand how higher areas are more subjected to washing and leaching than more level lands. Don't forget this—all lands will become acid in time and it is only a question of time; but the higher portions will be affected first because the lime removed from them will largely be carried to the lower levels.

Lime Concentrates In Lower Levels.

Let us now look at the case of a more or less level field. The same dissolving action takes place in the soil, and the water percolates downward carrying lime with it. It then passes out of the soil by the drain tile or natural channels or remains in the soil, gradually being removed by evaporation. The fact has been established, however, that the capillary water rising to the surface to replace that lost by evaporation does not reduce the lime removed on its downward movement. So we see that there is a tendency to concentrate the lime in the lower layers of the soil, while the soil at the surface may become distinctly acid.

Another fact bearing on this particular phase is that the water by the time it reaches the sub-soil is satisfied with respect to its solvent power and has no further effect. Therefore, the lime in the lower layers of a soil is little affected and remains unchanged for long periods of time. At the same time the acid layer is deepening and we must, therefore, supply the lime deficiency before it becomes serious.

Don't Plant Diseased Potatoes.

It would seem wise on the part of everyone who plants potatoes to make a thorough examination of the stock before planting. If people plant diseased potatoes they are committing a crime, because they are propagating a disease in the district which may spread and do much damage to another grower's crop. With diseased seed potatoes being offered in many markets and by many who sell direct from the farm, it will pay the grower to put on his specs and carefully look over the offering before ordering.—L. Stevenson, Director of Extension, O. A. College.

To Cut Paper.

When you lose your knife or do not have a pair of scissors at hand for cutting the paper a common pin or needle of any kind serves the purpose admirably, says Popular Science Monthly. If it is a single sheet from which the clipping is to be removed, lay the part on another paper, hold the pin stuck wise so that the point will follow around the clipping. Just as if tracing its outline. Pass back over the scratch with the point in the lead and you will be surprised how smoothly the pin cuts the paper.

Such a Name!

A college professor in California has discovered a mineral hitherto unknown to science, which he has called "crestmoreite," because it was found at Crestmore. We are told by way of description, says the Providence Bulletin, that it is "a new hydrous basic silicate of calcium, containing small amounts of other oxides in place of silica," which leaves us altogether in the dark as to whether we shall soon be using crestmoreite as an improved stovepipe material or wearing it as a watch charm.

Tricks of Worms.

Mimicry in animals, "hitherto an unsolved mystery," is explained in the North American Review by Hudson Maxim. When a bird is about to attack a worm he looks at the worm, trying to ascertain whether the worm is a food worm or a puff-adder. The mental process of the bird is transferred to the nervous system of the worm, who, now aware of the fact that the bird would hesitate to attack him if he were a puff-adder, proceeds to imitate the puff-adder.

Hardy Tepary Bush Beans.

The cultivation of tepary beans is something new in the state of California. This legume came up from old Mexico and has been popular in New Mexico and Arizona for years. Because of its hardy habit, it is capable not only of standing extremes of temperature, but doing well under exceptionally arid conditions. It is a hardy bush bean with a high nutritive value.

Name Made No Difference.

A little miss was visiting at a home where two elderly women were stopping. One had a name easily remembered, but the other had an unusual one. Upon being presented to them the little girl looked pensive for a moment, but she quickly solved her difficulty by saying: "How are you, Drama B and Dramma More?"

Ridicule and Rumor.

The chief difference between ridicule and genuine humor is that ridicule is cruel and humor is kind. Ridicule shows lack of understanding and consequent lack of tolerance. Humor, by means of understanding, becomes tolerant. The really great humorists are great humanitarians.—Exchange.

CHEVROLET

Announces

The Landau

CHEVROLET has added another beautiful model to its line — the Landau — a handsome five-passenger car, with Fisher Body finished in Arizona Grey Duco.

The Landau reaches a new pinnacle in small car luxuriousness, being a seal grain leather top with distinctive Landau irons and smart D-shaped windows in the rear.

It is upholstered in rich velour, which harmonizes with the exterior finish, and is provided with a folding foot-rest and a robe rail. Pockets are built into the rear doors and the rear compartment is supplied with a smoking set.

Possessing the economy, ease of operation, quick acceleration and abundant power for which all Chevrolet models are famous, the new Landau represents a combination of value and quality never before presented in a car in its price class.

Laissez-Faire.

Laissez-faire means letting alone; a general noninterference with individual freedom of action; the let-alone principle of policy of the government and political economy. The term was first used in France to designate the principle of political economy which would leave industry and trade absolutely free from taxation and restriction by government except so far as required by public peace and order. It has since been extended to include noninterference with any guiltless exercise of the individual will.

Find Date Valuable Food.

Dates form the staple food of the Arabs in a large part of Arabia and are served in some form at every meal. Syrup and vinegar are made from old dates, and by those who disregard the teachings of the Korun a kind of brandy is distilled from them. The date pit is ground and fed to the oxen and sheep, so that nothing of the precious fruit may be lost. Whole pits are used as beads and counters for the Arab children in their games on the desert sand.

"Zouave" From Algiers.

"Zouave" is the French name taken from that of a tribe in Algiers and this kind of light infantry was first employed in that country in 1831, the members being Algerians and dressing in semi-Moorish uniforms. Other countries, including the United States, have adopted the Zouave system since. In the Civil war, and the Italian assault upon Rome in 1870, they were conspicuous. In the latter case defending the papal supremacy.

In the Days of Beaver Hats.

In the olden days in the United States soon after the Revolutionary war, a good beaver hat became a kind of family heirloom, and was handed down from father to son. For some strange reason it was considered to be rather frivolous and extravagant to be seen wearing a new beaver hat, and it was the custom when a man bought one to leave it out in stormy weather before wearing it, to "take the newness off."

Times Have Changed.

It is said that the post office in Philadelphia will lose $15,000 a day as the result of going from the three-cent back to the two-cent rate for letters.

That happens to be exactly the sum which Benjamin Franklin was able to turn over to Great Britain in annual revenues from the post offices in the colonies in 1774, after he had put in four years of hard work in creating a postal system.

To Take Baby's Picture.

Anyone who has tried it knows it is a difficult task to take an indoor picture of an active child. By placing the subject near a sunny window, but not in the direct sunlight, and with a sheet fixed at one side, high enough so that it reaches above the subject's head, good results may be obtained. If the child sits on the floor, the sheet will be high enough thrown over two chairs.

Jade Favorite Gem in China.

Light green jade is the favorite gem of China, and it is difficult to get the stone in uncut form even in that country. Sometimes a rich Chinaman's estate will consist in part of a lump of jade. DESMOND

(For last week.)

A gloom was cast over this neighborhood when it was learned that Mrs. J. W. Bell had passed to the Great Beyond. Although failing in health for several years yet apparently no worse than usual, she suffered a heavy stroke Wednesday morning, from which she never rallied. Mrs. Bell had been an invalid for twenty years, having had a stroke and falling and breaking her hip, which rendered her helpless as far as moving about was concerned. She was patient and cheerful, and of a very keen intellect which, with her Christian fortitude helped to pass away the long tedious years. Mrs. Bell was 88 years of age. Her husband, the late J. W. Bell, M.P., predeceased her twenty-five years ago. She will be greatly missed by a host of friends as well as her immediate family.—Mr. and Mrs. V. Davison, of Kingston, attended her aunt's funeral on Friday.—Mr. Alf. M. Bell has returned to Burwash, after attending his mother's funeral.—Mr. and Mrs. A. J. Switzer and Mr. Coleman Switzer visited friends at Violet, Sunday. —Mr. Wm. Coulter, Palace Road, is visiting friends here.—Mr. and Mrs. Alfred Jackson visited his sister, Mrs. Frank Switzer, Sunday. — Mr. and Mrs. Dorval Haley spent a day at Fifth Lake, recently, visiting his father.

Indigestion Banished

Through the Timely Use of Dr. Williams' Pink Pills.

The urgent need of all who suffer from indigestion is a tonic to build up the blood. Pain and distress after eating is the way the stomach shows it is too weak to perform the work nature intended it to do. New strength is given weak stomachs by Dr. Williams' Pink Pills, because these pills enrich and purify the blood. This is the natural process of giving strength and tone to the stomach and accounts for the speedy relief in stomach disorders that follow the use of these pills. Proof of this is given by Mr. Wm. H. Kelly, 216 Earl St., Kingston, Ont., who says:—"I cannot recommend Dr. Williams' Pink Pills too highly. I had been bothered with indigestion in a chronic form for almost ten years. Everything I would eat would turn sour. I felt as though there was a big ball in my stomach all the time. I felt tired and weak and would often turn dizzy. I doctored and tried many medicines, spending many, many dollars, but to no avail. One day I heard a lady praising Dr. Williams' Pink Pills and I decided to try them. I am more than glad I did, for soon I found relief, and after taking the pills for a couple of months the trouble disappeared, and now I can eat all kinds of food, and have again my old-time health and strength."

If you will send your name and address to The Dr. Williams' Medicine Co., Brockville, Ont., a little book, "What to Eat and How to Eat", will be mailed to you prepaid. This book contains many useful health hints.

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

This Farmer Knows Where He Stands

HE has a memorandum on the cheque stub of every account—and an entry in his bank book as well—a double check on his business. The incoming cheques or cash are also shown in his bank book. In a flash he can tell when he paid any particular account or when an account was paid to him. His bank book tells him.

He has no need to go to town to do his business if he is rushed. A cheque by mail pays an item or makes deposits almost as quickly as he could do it himself.

Today the safe, efficient, satisfactory method of business is through the Bank.

BANK OF MONTREAL

Automobile Insurance

Every time your car is driven you expose yourself to a danger, which in an instant may imperil your entire financial resources.

Records show that the most disastrous claims frequently fall upon those who have blameless driving records.

Why take any chances? Let us issue a policy that will protect you from damages claims due to any auto accident while driving your car. You will be surprised to find out just how much these auto rates have been reduced.

Paralysis Set in After Fall.

Returning to his home, north of Tamworth, on Saturday, Mr. Patrick Murphy was thrown from his buggy and suffered bad injuries to the spinal cord. The injured man is now at the Hotel Dieu Hospital, Kingston. Mr. Murphy was taken to Kingston Sunday suffering with almost complete paralysis of the arms and legs. Thrown from the buggy, it is thought that he fell on his back, the spinal cord near the shoulder being twisted and causing the paralysis. Everything possible is being done to alleviate suffering, but Mr. Murphy is in a very serious condition.

Lennox County Man Cannot Publish "Orangeism Unfolded".

Chief Justice Meredith at the session of the Supreme Court on Wednesday morning, in Kingston, granted the claim of the Grand Orange Lodge of British America, asking for an injunction against Fred Sexsmith, of Lennox County, from publishing a book on "Orangeism Unfolded".

His Lordship made the interlocutory injunction granted months ago a perpetual injunction and at the same time ruling that the plaintiff must pay the costs of the court. In his judgment Chief Justice Meredith pointed out that Sexsmith had entered into a contract with the Orange Lodge by taking an oath not to reveal the secrets of the society.

LETTER OF SYMPATHY

Tamworth, May 20th, 1926.

Mr. John Milligan.

Dear Sir Knight,—We, the undersigned, in behalf of the Sir Knights of John W. Bell, No. 725, R.B.P., convey to you their sincere sympathy in the trying illness in which you are passing.

You have always been faithful in your attendance, and your devotion to the cause for so many years has gained for you the best wishes of the Sir Knights in our illustrious order.

We sincerely hope that you may soon be restored to health and strength and be with us once more.

Yours fraternally,

BASEBALL.

On Monday afternoon the Lennox and Addington County League got away to a flying start at Tamworth, when Adolphustown squeezed out a 12-11 win from the Tamworth outfit. The game was a nip-and-tuck affair and went ten innings. Ed. Gallagher started on the mound for Adolphustown, but was derricked in the first inning. Daverne replaced him and pitched nice ball, distinguishing himself by striking out the side in the tenth. He also contributed a three-bagger to the score column.

Pope pitched nice ball for Tamworth, but the Tamworth hitters failed to connect often enough.

The teams :—

Tamworth—Ehret c, Pope p, Miller 1st, Leith 2nd, Alexander 3rd, Wells ss, Harrison rf, Wells cf, and Alexander lf.

Adolphustown—Allison c, Gallagher and Daverne p, Daverne 1st and p, Roblin 2nd, Prout ss, Roblin 3rd, A. Allen lf., J. Allen cf, P. Allison rf.

Subs—Dickson and G. Deane.

Another valuable ball-player left town last week, when Joe Killorin, a mighty good pitcher, left for Rochester. Killorin was never given a real chance to show what he could do here but he was the leading pitcher in Flint, Mich. Joe specialized in curve balls, and was a fine pitcher.

On Saturday afternoon, the Napanee Beavers defeated the Kingston Dark Horses and annexed their fourth win in five games. The score was 7-2. The pitching of Don Daverin was the big factor in the win as usual. This youth fanned 12 men and allowed but 8 scattered hits. The local kids are playing snappy ball, and the fans should turn out to encourage them.

Local fans are sorry to hear that Mickey Compeau, for Kingston short fielder, is out of baseball for good. Compeau played hockey and baseball here on different occasions, and was a fine player.

On Wednesday evening the Bankers and the N.C.L. played 4 innings, for a 3-3 tie. MacGarry for the Bankers, and Daverin for the N.C.L. were both twirling fine games, their support being excellent. Each displayed a neat assortment of hooks. The game was called because all the balls were broken.

SOFTBALL

Deseronto H. S. Girls Softball team suffered their first defeat of the season at Kingston on Monday, when the Treasurers squeezed out a 16-15 win. The teams were very evenly matched, and the large crowd in attendance certainly got their money's worth.

The teams :—

Deseronto—J. Whitton, A. Gaulin, M. Perry, T. Hoppins, J. Scrimile, E. Harvey, J. Generaux, M. Wager, V. Genereaux.

Treasurers—E. Ellerton, G. Gollogy, F. Connolly, E. Scrutton, J. Duncan, C. Ferris, E. Beck, E. Turner, F. Salsbury.

Score by innings,—

	1	2	3	4	5	6	7	8	9	
Deseronto ..	0	3	2	6	2	0	1	3	4	—15
Treasurers ..	4	0	0	2	1	3	1	2	3	—16

N.C.I. got their first taste of Boys' Softball on Tuesday evening, when Form IV. administered a 11-5 beating to Form III. A large crowd of students turned out to see the game and it appears that softball will soon be one of the chief sports in the school. As usual there were many new players out, but the class of ball was very good. There were few errors and many fine catches were made by players of both teams. W. Carr pitched for the 3rd Formers and A. Parks for 4th Form.

The teams :—

Form III.—Woodruff c, Carr p, Parrett 1st, Gibbard ss, J. Carr 2nd, Merritt ss, MacCracken 3rd, Allison lf, Benjamin rf.

Form IV.—Fraser c, Parks p, Corkill 1st, Sexsmith ss, Deline 2nd, Gibson ss, Parrott 3rd, Wilson cf, Anderson rf, Miller lf.

Umpire—C. A. Shoemaker.

OBITUARY

The funeral of the late Mrs. William Smith, who passed away at the home of her son, Frank, on Friday, took place Sunday afternoon from the family residence to Grace United Church. The service was in charge of Rev. T. H. P. Anderson, of Newburgh, a former pastor on the Empey Hill Circuit, who was assisted by Rev. A. J. Terrill, of Grace Church, and Rev. P. E. Scott, a friend of the family.

Some few weeks ago the deceased had a bad fall and owing to her advanced age of 83 years, little hope was held out for her recovery.

The late Mrs. Smith was a former life long resident of the Township of Richmond and while residing at Empey Hill was a faithful member and staunch worker in the many departments of the church's work. Some few years ago she with her son, Frank, moved to Napanee, and identified herself with Grace Church, and when health permitted was always in her usual place on the Sabbath Day.

In our Lingerie Department we have a complete stock of high grade Silk Knit and Glove Silk Garments at Reduced Prices.

We are fortunate in being able to handle the famous "Goldette" Bloomers, which have at least three distinct advantages over ordinary Bloomers. The triple stitch band does allow them to roll and curl; the in-seams are cut on the curve to take the bind and strain off the knees. It is cut with a white reinforced gusset for sanitary purposes, and adds inches to the stride. Our special for this Glove Silk Bloomer. Sale, $2.98.

Silk Knit Vests, $1.00. Bloomers, $1.50. In all shades and sizes.

Corsets and Corselettes, odds and ends ranging $1.75. Sale, $1.00 pair.

A final word about the Gordon "Boston Prince" three-quarter Silk and Lisle Sock. This Sock is one of the best pieces of workmanship presented to the trade. We have them in all sizes and shades, and we are selling them at the close Sale Price of 35c. and 50c. a pair.

Bargains on Our Second Floor

The Dollar Sale is over, but we always create excitement on the Second Floor, where we have Sale Prices all the time. Every article marked in plain figures, and every article a bargain.

T. Winter spent a few days in Belleville recently.—Frankie McCabe is spending a few days around here.—Andrew Pollock is home from Belleville, after visiting friends. — Mr. A. Walker spent a day recently with his daughter, Mrs. Hewitt.—The rain which fell on Tuesday was badly needed, and will do a lot of good.—Since May 1st the train service is not so convenient, as the passenger train is not running, only a flat rail motor it only stops at cities, which makes travelling a little inconvenient.

OBITUARY

Minnie York.

In the history of Robin the illness and death of Minnie York will ever be remembered as an event which perhaps more than any other stirred the sympathy of this and every neighbouring community.

Minnie York was born in Tamworth, a daughter of Ethel Brown and York, in the hour many improved York from early childhood Minnie was a universal favorite. After long and painful deposition, unassuming manner, reliability, and readiness to help others will ever stand as monuments. After an illness of several weeks during which medical skill was exercised, nursing were untiring in efforts to restore health, she passed into the other world on Tuesday, May 18th, being in her 21st year, and with all preparations ready for her approaching wedding.

Minnie York was a consistent church member, an enthusiastic officer and worker in the Epworth Circle and Roblin Sunday School. The funeral service on May 20th, in Roblin Methodist Church was very impressive. The seating capacity of the church was taxed to the utmost long before the hour appointed for service, and very many were unable to get in. Her Pastor, Rev. J. Wilson, [illegible] appropriately and feelingly [illegible] "They shall walk with me in white," Rev. 3:4. The selections by the Choir were highly appreciated. Rev. S. H. Jeffers assisted in the service. The floral tributes were numerous and beautiful. Wreaths were sent by Deseronto Lodge, etc. Many by Roblin Public School, Percy Pringle, two from Westlain, Mr. and Mrs. Chesterbrook, Mr. and Mrs. Jess York, Mrs. John Sharp, Jannie and Annie Denford, and a special floral tribute from Mr. and Mrs. Wesley Pringle.

Besides her sorrowing mother, Mrs. Christie Harten, one brother, Harold, two sisters, Mrs. Harold Harold, two sisters, Mrs. Harold Young and Helen York mourn her loss. She will also be sadly missed by her neighbors, for her gentle disposition and her step-brothers and sisters. Remains were interred in Roblin cemetery.

Mrs. Samuel N. Asselstine.

Mrs. Almira Cordelia Asselstine, widow of the late Samuel N. Asselstine, died May 18th, in her 73rd year, at her home in Selby, Ont. Mrs. Asselstine, nee Miss Almira Cordelia Huffman, was born at Mon. cow, Ont., and was a daughter of the late Elias Huffman. She was most highly esteemed by a wide circle of friends, and was a member of the Woman's Missionary Society for thirty years, and was ever ready to give a helping hand for God's kingdom. The funeral service was held at Trinity United Church, of which she was a member, Rev. W. R. Tanton officiating.

She leaves to mourn her loss three daughters and two sons, Mrs. E. O. Ungar, Napanee; Mrs. Fred Pringle, Toronto; Mrs. [illegible] Miss E. A. Asselstine, Chicago, Ill.; T. M. Asselstine, Napanee, and Wesley Asselstine, Selby; one sister, Mrs. George Sharp, Sillsville, and five brothers, Myro, of Kingston; Milton, of Colebrooke; Datus, of Minneapolis, Minn., and Amos and George, of Moscow.

ROSS-BENJAMIN WEDDING

On Wednesday afternoon, at half past two o'clock, a wedding of much interest took place in St. Anthony's Anglican Church in Yarker, when Miss Frances Isabelle Benjamin, youngest daughter of the late Albert W. and Mrs. Benjamin, was united in marriage with Henry Taylor Ross, Jr., of Toronto, present accountant of the Royal Bank of Belleville, and son of Mr. and Mrs. Henry Taylor Ross, of Walmer Road, Toronto. The Rev. R. W. Spencer officiated, and the wedding march was played by Mrs. Spencer.

The church was artistically decorated with apple blossoms and tulips. The bride, who is fair and petite, looked like a fairy, in a beautiful French gown of white chiffon embroidered in white and silver, with rose-point veil, silver kid slippers and bouquet of butterfly roses, mauve sweet peas and lilies of the valley. She wore the gift of the groom, a diamond and platinum pin. Her only attendants were the two dainty little train bearers, Miss Mary Galbraith and Miss Barbara Hyland, who wore georgette frocks, the former in pale pink, and the latter in pale blue, both dresses with French flowers which matched the ribbon hair bands. They carried old-fashioned bouquets of mauve and pink sweet peas, and wore the bracelets, which were gifts of the bride and groom.

The reception was held at the bride's home, in Napanee, Mrs. Benjamin receiving with her daughter, and looking very handsome in white chiffon with a black and white printed border, a black hat with osprey trimming, and a corsage of American Beauty roses. Mr. and Mrs. Ross, father and mother of the groom, also received, Mrs. Ross wearing grey georgette, with a navy and rose hat, and a corsage of pink roses. The drawing-room was a fit setting for so lovely a bride, being banked with white lilacs and rose tulips. The bride's table was done with the same favorite shades, pink roses, mauve statice and valley lilies being used in profusion.

Among those present were Mrs. Hyland, sister of the bride, in powder blue crepe-de-chine embroidered in white with a smart grey hat; Mrs. Stuart Connolly, of Montreal, who wore a mauy blue and rose printed chiffon with becoming black tulle hat trimmed with velveta and the groom's sister, Miss Marjorie Ross, in pink georgette, with a pink and French blue hat; and Miss Ruth Ross, who wore a red and white printed crepe, with a white hat.

After the wedding luncheon, Mr. and Mrs. Ross left on a motor trip through the Adirondacks, the bride wearing a muffin crepe-de-chine frock, brown with cloak and hat to match. They will reside in Belleville on their return.

The guests from out of town were Mr. and Mrs. Ross, Mr. Donald Ross, Miss Muriel Ross, of Toronto; Mrs. and Mrs. Stuart Connolly, of Montreal; Mrs. Mulkins, of Ottawa; Mrs. Hyland, of Toronto; Mr. and Mrs. Robt. Graham and Mrs. Carman, of Belleville; Mrs. Smith and Miss Robertson, of Cataraqui; Mrs. Goodeve and Mrs. Harold Herrington, Kingston, and Mr. Sparrow, of Toronto. Napanee guests were Mr. and Mrs. J. W. Robinson and Miss Georgie, Mrs. Burritt, Mrs. G. P. Carr and Mrs. Doller, Mrs. Coleman and Miss Coleman, Mrs. Pruyn, Dr. and Mrs. Galbraith and Mr. and Mrs. Wiggins.

McGarvey, Mr. and Mrs. Clarence Hawley, Mr. and Mrs. George McGarvey, Jr., George McGarvey, Sr., and family, spent the week-end at Flinton and vicinity. — A number from here visited Tamworth on May 24th, and report a good time. — Miss Muriel Wilson, of Toronto, spent Sunday, May 23d, at the home of her parents here. —Mr. Wm. Ballance has installed a new gas tank, and those who own cars find it very handy to be able to purchase gasoline and oil in the village.—Mr. and Mrs. Geo. Finlay and Mr. and Mrs. Bert Jackson spent Sunday in Kingston, attending a session of the annual conference of the United Church. — Mr. Fraser Young has traded his Ford tourer on a Ford sedan. — The young men of the village have organized a football team, and are anxious to have a game with some neighboring team. If any team would like to "kick" against them, arrangements should be made with either Harold Morgan or George Scott.—The meeting of the Mission Circle will be held in the church this (Friday) evening. The usual invitation is extended to all young people of the community. Let's go.

Sunday School at 10.30 a.m. — Rev. A. H. Hoare attended conference in Kingston last week, and returned with very encouraging reports.

Daughter—Marry that rich old fool? Why, I'd die first!

Mercenary Mamma—Nonsense, my dear! He's not as strong as he looks.

TAMWORTH UNITED CHURCH

The sermon subject for next Sunday is "What the Eye Beholds."

During the absence of the minister on vacation, last Sunday the services were under the auspices of the Ontario Prohibition Union, conducted by Rev. R. T. Richards, of Peterboro', and Rev. C. D. Daniel, of Campbellford. Interesting services and good offerings for the cause of prohibition are reported.

The first regular session of the Bay of Quinte Conference has passed into history. It was characterized by a spirit of brotherly love and optism. It was a part of the United Church of Canada moving forward in its great adventure of faith. The presidency of Rev. G. A. Brown, of Chalmers Church, Kingston, was gracious and efficient. The task of the Settlement Committee, without, as yet, any well defined rules of procedure, was difficult and arduous. They needs must move carefully, doing their best to conserve the rights and interests of both the pastoral charges and the ministers. The work done does not all appear in the list of appointments made.

It looked for a time as though the minister would be sent to another charge, when Ameliasburgh thought they required his services, but through the urgent representation of a delegation from Tamworth the Settlement Committee changed its decision and the minister cheerfully came back to serve another year.

Revs. Messrs. Wilson, of Roblin; Balstaine, of Selby, and Terrill, Tanton and Wilson, of Napanee, motored to the seat of conference with the minister.

Mr. J. E. Huffman, our Sunday School Superintendent, was the lay representative of the pastoral charge to the annual conference, but an event which shocked and saddened the whole community prevented his attendance. His eldest son, Neil, a lad of nine years of age, was at a ball game on Monday, taken to the General Hospital in Kingston on Sunday morning, where he died the same afternoon of tetanus, and was buried on Wednesday afternoon, conducted by Rev. Mr. Clarke, a former pastor, and Rev. Mr. Poston, the Anglican minister, assisted in the service. The following were the floral tributes to the sweet and promising young life that had so suddenly ceased on earth: Spray of Carnations, Mother, Father, Brothers and Sisters; crown with cloak and hat to match. Grandmother Huffman, Aunt Elsie and Mr. McLaughlin; Heart of Roses and Lilies, Grandfather and Grandmother Richardson; Broken Wheel of Roses, Miss Blair and pupils; Wreath of Roses, Lawrence O'Connor; Wreath, School; Spray, Mr. and Mrs. William Conway; Spray Mr. and Mrs. W. D. Rogers; Spray, Sunday School; Spray, Mr. and Mrs. Grich; Spray, Gertrude, Edison and Beatrice Poston; Spray, Mrs. Lockridge and Caroline; Bouquet of Sweet Peas, Roy Milligan; Violets, Stacia Palmer, Marie Barragar and Emma Williams.

NEWBURGH

Mrs. Brewer, of Syracuse, who visited her father, Mr. W. Sutton, for a short time, returned home on Friday last, accompanied by her sister, Miss Helen, who will visit her for a while.

Mrs. Marshall Peters and Mrs. Vanderwater spent Thursday last in Napanee.

Mr. and Mrs. McLeod and Mr. and Mrs. Close, of Tamworth, were recent visitors with Mr. and Mrs. Holden.

Mrs. J. N. Lucas and Miss Ruth and Master J. R. Lucas visited recently with Mrs. Lucas' parents, Mr. and Mrs. Thompson, of Napanee.

Born, at Newburgh, a son to Mr. and Mrs. Orison Bern, of Sillsville.

Mr. and Mrs. Carl Watson, of Schenectady, visited on Saturday with Mr. and Mrs. J. S. Yeomans and family. Mr. Watson attended Newburgh Public School for two years in the days when Mr. T. Shorey was Principal, and has many pleasant memories of those days.

Miss Thompson, of New York City, arrived in Newburgh on Friday last and is the guest of Miss M. Cameron for the summer.

Mrs. Walker, of Bell Rock, and Mr. and Mrs. Marcus Switzer were week end visitors at the home of Mr. and Mrs. Albert Switzer.

Master Cecil and the Misses Fern and Bessie Baker, of Strathcona, were bright guests of their grandparents, Mr. and Mrs. R. McGarvey, over Sunday.

Mr. and Mrs. Percy Gerow were at Mr. Stewart Weese's, on Sunday.

Mrs. Switzer and son, Edward, at Mrs. Hill's, on Sunday.

Mr. and Mrs. D. Fletcher Brown, of Schenectady, were visitors on Saturday with Mr. and Mrs. Yeomans.

Mr. Okel Yeomans, son of Samuel Yeomans, of Wesley, passed away at his home in Kingston on May 19th. Mr. Yeomans received his education in Newburgh High School, and will be remembered by many as an honorable young man. He was a member of the Methodist Church, and later a member of the Pentecostal Church. Besides his parents and sister, he leaves a widow and two young children to mourn his loss.

Mr. and Mrs. E. Nugent and family, and Mrs. and Mrs. A. Madden and Miss Madden, motored to Tamworth on Sunday.

Mrs. E. C. Meyers, of Rome, N.Y., called on friends in the village during the week.

Mr. D. Fletcher Brown, formerly of Deseronto, and now a popular resident of Schenectady, N.Y., visited in the vicinity over the week end. Although his time was limited, he was very anxious to visit the scenes of his childhood, in the Township of Sheffield, and a hurry automobile of nineteen relatives, motored on Sunday afternoon to the home of Mr. and Mrs. Orison Bern, near Marlbank, where they were royally entertained. The afternoon was spent in singing old time hymns and choruses, which included many happy reminiscences. A few of the company were preferred to roam the fields and woods, which look so gorgeous in their mantle of green, but all up to the bloom of wild plum blossoms. The company included the following:—Mr. and Mrs. Carl F. Schenectady; Mr. and Mrs. R. S. Wales, of Napanee; Misses Marion and Alma Wales, of Toronto University, who are holidaying at their home in Napanee; Mr. and Mrs. Fred Russell and two sons, Robert and John, of Napanee; Mr. and Mrs. J. S. Yeomans, Miss Emily Yeomans, Messrs. John, James and Stewart Yeomans, of Newburgh. About 5 p.m. Mrs. Brown served a delightful supper to her guests, despite the fact that the affair was unexpected to her. Every one enjoyed the day so much that it was suggested that it be made an annual affair. The company dispersed early in the evening, thanking Mr. and Mrs. Brown for their hospitality. Mr. and Mrs. D. F. Brown and Mr. and Mrs. Carl F. Watson left Napanee early Monday morning for their home in Schenectady.

Mr. and Mrs. Murton Vandervoort and family, of Newburgh, visited on Sunday at Colborne, with Mr. and Mrs. H. W. Vandervoort, who are leaving on a three months' motor trip to the Old Country, for the benefit of Mr. Vandervoort's health.

Mr. and Mrs. Boyce, wife and daughter, of Syracuse, N.Y., called on his mother, Mrs. Boyce, on Saturday, and on Sunday motored to Empey Hill, accompanied by Mrs. Boyce and Mrs. Vanderwater, of Napanee. The whole party returned to Newburgh on Sunday evening and had supper at the home of Mrs. Boyce.

Mr. Earl Penny, of Syracuse, and formerly of Empey Hill, called on friends in Newburgh on Sunday.

Mr. G. W. Dunwoody and his sister, of Ebenezer, spent a day recently with Mr. and Mrs. T. A. Dunwoody.

Born, at Newburgh, a son to Mr. and Mrs. Orison Bern, of Sillsville.

Mr. and Mrs. William Madden, with their son and family, of Black Creek, spent the week end with Mr. and Mrs. H. Ballard, of Napanee, and Mr. and Mrs. Roy Wartman and Mrs. Emily Wartman, of Newburgh.

Mr. and Mrs. James Wales spent Tuesday with Mr. Charles Ackerman and family.

Mr. and Mrs. J. W. Courtney motored to Peterboro' and Mount Pleasant for a few days.

Mrs. J. Paul and Miss Gladys Shorey, of Cleveland, visited with Mrs. George Wartman on Wednesday.

Rev. A. F. Ball, of Kingston, conducted the services in the Free Methodist Church on Sunday in the interests of Home Missions, and received a free-will offering of over $26.00.

Mrs. Henry Allen has returned from Odessa, accompanied by her father and mother, Mr. and Mrs. Fraser.

Mr. T. A. Dunwoody, delegate from Newburgh United Church, was at Kingston last week, attending the Conference.

Rev. Mr. Fraser, of Ivanhoe, and Rev. Mr. Knox on their way from Conference, called at the home of the Misses A. and L. Gandier, and also at the Parsonage.

Mr. and Mrs. J. Wartman and Miss Marguerite visited friends near Kingston, and attended the Sunday services of the Conference in Kingston. Many availed themselves of the privileges of Conference both the week night services and the Sunday services. The following from this charge were noticed in attendance: Mr. and Mrs. Geo. Paul, Mrs. Shorey, Mrs. Geo. Ramsay and Miss Helen Ramsay, Mrs. J. Moore and Miss M. Moore, Jas. Lucas and family, Miss L. Gandier, Mrs. T. A. Dunwoody, Mr. and Mrs. Geo. Quail, Rev. T. P. and Mrs. Anderson, Douglas Anderson, Miss E. Shepley, Miss M. Gordon, Miss Barrie, Miss M. Anderson, Rev. A. H. Hoare, Mrs. Sexsmith, Mr. Delbert Sexsmith, Miss Williams, Mr. and Mrs. Bruce Finley, Mr. and Mrs. Geo. Finley. The morning Conference Ordination Service held in Sydenham St. Church, was an inspiration to all. The message was appreciated. Rev. Dr. Malcolm McMannon, of Runnymede United Church of Toronto, gave a stirring sermon based on Acts 20, 16, "The Cultivation of the Inner Life." The Ordination service, conducted by the President, Dr. Bryden, was very impressive, beautiful in tone, and of solemn dignity. The union services of the congregations of the United Church of Kingston was perhaps one of the most deeply impressive services of the Conference. A massed Choir of over one hundred voices, led the singing. Between fifteen hundred and eighteen hundred filled Grant Hall at Queen's University. The Rev. H. S. Dougall, M.A., Ph.D., of Oshawa, delivered an able sermon on the text, "Work out Life from God entered into them", Rev. 11:11. The preacher made a strong plea for the cultivation of the inner life, especially The United Church", to bend its energies toward awakening the Spirit of God in the soul as the supreme purpose of the human race was not material but spiritual.

Mr. Warren Walroth, Mr. Stanley Embury, Misses Marguerite and Madelon Walroth were visitors in Harrowsmith, on Sunday.

Mrs. Lee, with her two children, of Camden East, spent a few days of the week with her mother, Mrs. McNeely.

Judge and Mrs. Deroche and Miss Helen, of Belleville, were visitors at the home of Mrs. Shorey and Mrs. Geo. Paul and family.

Mr. and Mrs. George Shorey and little son, Elmer, of Cannifton, and Mrs. Benn, of Napanee, at Mrs. Shorey's during the week.

Mrs. Maggie Sexsmith, who has been a resident of the West for some years, is on an extended visit to this district, and is at present with her brother, Mr. James McCormick, and family, at Switzerville.

GRAPHITE MINING IN CANADA IS RECOVERING

Industry Being Established on More Favourable Basis and Future Promising

Graphite mining in Canada is recovering from the depression from which it has suffered for some years. The industry is now being established on a more healthy and favourable basis, and promises well for the future. The Black Donald mine at Calumet, Ontario, and the Standard mine at Guenette, Quebec, finding a ready market for their products, are producing to the full capacity of their concentrating plants. The Black Donald is marketing the greater part of its product in the United States, the Standard in Germany and in England.

In the Buckingham district of the Province of Quebec, about twenty-five miles northeast of the city of Ottawa, the property of the North American Graphite Corporation was explored by diamond drilling during the autumn of 1925. Some promising ore bodies have been located which will be developed during the winter, and ore made available for milling operations in the spring. The Bell and Quebec properties in the same district have recently been acquired by Ottawa and Montreal interests, and both of these companies appear to have obtained good financial backing.

Canadian graphite deposits are of good grade. The disseminated flake deposits contain on an average fifteen per cent graphite. The Black Donald is unique, in being the richest known deposit in America, containing over sixty per cent graphite, and owing to the superior quality of its product it was enabled to maintain production during the periods of uncertainty. Considerable tonnages of ore are available for increased production.

Canadian graphite is of high quality, suitable for both lubrication and crucible purposes. A high grade flake can readily be produced by modern methods of concentration and refining. The percentage of No. 1 flake from the disseminated ore averages around sixty per cent of the graphite content, No. 2 flake and fines making up the balance of the recovery, which is over ninety per cent of the content of the ore. The Canadian industry has suffered in the past by inefficient methods of concentration and refining, by inexperience on the part of the promoters, and by importations of cheaply mined flake from Madagascar and Ceylon. The first two factors having been largely eliminated, graphite can now be produced in Canada at a very reasonable price.

The present activity is due to higher prices for flake in the United States market and to possibilities of increased trade with Europe. Canadian operators have the stability of Canadian credit as an inducement to European trade. The greater development of this trade, and the continued support of European buyers will enable Canadian operators to furnish a dependable supply of high quality graphite.

TRY THIS BUTTERSCOTCH LAYER PIE

This pie differs from the ordinary kind, in that it is made up like cake.

Caramelize one quarter of a cup of granulated sugar in an enameled ware saucepan, over a slow fire. Watch carefully and stir so that it does not "scorch". Cream together one quarter cupful butter and one third cupful flour. Add one cupful brown sugar, three egg yolks, well beaten, and one-half teaspoonful salt. Add two cupfuls hot milk and the caramelized sugar. Place in an enameled ware double boiler which will insure the delicate color and flavor of this creamy filling. Stir constantly until thickened.

Cut three rounds about a quarter of an inch thick of a flaky pastry to fit the bottom of the pie plate and prick well with a fork. Bake in a hot oven until delicately browned.

When the pastry and filling are cool, put the pie together like a layer cake with filling on top also. Cover with a meringue made of the three egg whites beaten with six tablespoonsful of powdered sugar. Brown slightly in a moderate oven.

A REAL SPRING TONIC

Early rhubarb, which dietitians consider so healthful, is now to be seen at many green grocer's, and should be served once or twice a week while in season. It can be stewed "plain" with sugar and a little water and eaten for breakfast, or as a side dish at dinner, or in pies or other desserts.

The housewife whose family does not care for it plain may be able to include a little of it in the family's diet by combining it with other fruit and tapioca, thus toning down the sharp taste of the rhubarb which some people find objectionable.

Place one cup of prune juice, one half cup hot water and two cups rhubarb cut fine into an enameled ware double boiler, which has a vitreous surface and will not be affected by the fruit acids. Cook slowly, add one cup sugar, the juice of an orange and one half cup of the kind of tapioca that does not need soaking. Stir frequently for twenty minutes or until the tapioca is soft, and then add twenty stewed prunes from which the stones have been removed. Cool and serve with cream.

"I'd give the world to call you mine"
Her lover thus implores.
"I fear that's quite impossible,"
She answers, "it's not yours."

Embers.

Winter fuel is being gathered up wherever it may be found this autumn. In Paris the coal carts which all day lumber along the Avenue de Versailles on the edge of the Seine are followed by a troop of women and children armed with sacks and baskets. The road is worn, there are many holes, the jolts are frequent and bits of coal or coke come tumbling down. There is a rush and eager hands thrust the black treasure into grimy sacks. The gleaners organize themselves into shifts—it's worth doing—they get as much as a sackful—one hundredweight—in one quarter of an hour. Thus Paris is taking in its coal—in good time. In London where all the streets, or nearly all, have been up this August and September there has been a harvest of half-worn tarred wood blocks—little heaps of them along the side of the road. No lack of customers either, and in areas and back yards tidy little stores of blocks have been put by for use in the coming winter.

The Intolerable Rooster.

The hen is not at all proud-spirited. She differs in that respect from her rooster spouse. Whether her marriage vows bind her to love and obey him and to drudge and lay for him, I am not ready to state, but it would seem very much that way by the haughty air chanticleer assumes toward her ladyship. Married roosters are far more selfish than husbands of the human tribe. A man, even though he detests housework, will sometimes condescend to carry a scuttle of coal or turn the wringer washday. But you'll never find a rooster willing to interfere with a hen's domestic affairs.—Zim in Cartoons Magazine.

A College Education.

A story not new, but worth repeating, is once again going the rounds in England. Two bootmakers, whose establishments faced each other in the village high street, were very distinctly rivals. One of these had a son at college and, in the first week of his vacation, there appeared in the shop window the motto: "Mens Conscia Recto." His rival over the way was for some time a little nonplussed, but within a few days he arose to the occasion and there appeared in his window a card bearing the legend, "Men's and Women's Conscia Recti."—Christian Monitor.

Paternal Wisdom.

"Pa, what is an 'impresario'?"

"An impresario, my son, is—er—a man who runs a restaurant."

"But, pa, I thought he had something to do with a theater."

"That's right, my son. He's a man who runs a restaurant in connection with a theater."—Birmingham Age-Herald.

Fashion's Power.

"Some of the most fashionable people are going to wear old clothes."

"That's terrible news," wailed the man with shiny sleeves.

"Why terrible?"

"If old clothes become fashionable they'll cost so much that nobody can afford to buy a second-hand suit."

Father's Punishment.

"Out after hours again, eh?" said the father.

"Only two minutes," replied the son.

"Well, go at once to your room, sir, lock yourself in, and bring me the key. This thoughtlessness must be checked."—London Tit-Bits.

Water Iris Good Fertilizer.

High value as a fertilizer is found in the water iris. The material is partially dried before stacking, and after becoming well rotted it proves to have almost the same composition as farm yard manure, except that it is richer in potash.

DODD'S KIDNEY PILLS

THE HOG AND BACON TRADE

The year 1925 was a prosperous one for hog raising in Canada in spite of the fact that the number marketed was less than in the previous year. There were 2,883,418 hogs marketed at stockyards and packing plants compared with 3,166,689 in 1924. The decrease was brought about chiefly by the heavy liquidation of sows in 1924, and was more than compensated for by a more than compensated for by a marked improvement in the general quality of the animals offered, and by considerably higher average prices. According to a Review of the Live Stock Market and Meat Trade prepared by the Dominion Live Stock Branch, and distributed by the Publications Branch, Department of Agriculture, Ottawa, average prices ranged up to $4.50 per hundredweight higher than during the previous year, an increase of about $7 per head. This made the total revenue from sales much higher than in 1924. In fact the estimated value of hogs sold on stockyards, under Federal grading, was $27,010,724 against $18,777,753 in 1924.

The export bacon trade with Great Britain was very encouraging. Canadian exporters found a receptive market for their products, and 1,266,861 long hundredweight of bacon were shipped compared with 1,190,249 in 1924. There was a marked improvement in quality and the average prices received were considerably higher. It is encouraging to know that in 1925 Canada was the only source of British supply to hold or increase sales in comparison with the business of 1924.

The outlook, too, is bright. Industrial conditions at home and abroad show evidence of further improvement. Consumptive demand is increasing, and it is fairly evident that increased production of hogs in this country will find a ready and profitable market.

How Weak Girls Can Gain Strength

It Comes Through the Tonic Blood-Making Qualities of Dr. Williams' Pink Pills

In the life of almost every girl there comes a time when weakness attacks her. The strain upon her blood supply becomes too great, and there follows headaches and backaches, loss of appetite, attacks of dizziness, heart palpitation and constant weariness and a tendency to a decline. All these symptoms may not be present in any particular case, but the presence of any one of them shows the necessity for prompt treatment. And there is no other treatment so sure and so speedy as that through the blood-making qualities of Dr. Williams' Pink Pills. They are the one thing needed to maintain the health of growing girls and women of mature years.

Here is a bit of positive proof of the value of Dr. Williams' Pink Pills in cases of this kind. Miss Clara Fraser, Thessalon, Ont., has been brought back to health and strength through the timely use of this medicine, and gives expression of her gratitude as follows:—"I feel it a duty as well as a pleasure to tell you what Dr. Williams' Pink Pills have done for me. They have restored me to health, if, indeed, they did not save my life. I was suffering greatly from anaemia. I grew pale and always felt tired and nervous. At last I grew so weak I had to remain in bed. The doctor did not seem to help me any and I was growing weaker, and my heart was bothering me. At last a friend who called to see me said she had read of a similar case restored by Dr. Williams' Pink Pills and urged me to try them. I felt helpless but decided to take her advice, so my mother got me a supply of the pills and I began taking them. It was not long before I began to find benefit from the use of the pills, and in less than two months my health was restored. In fact I was in better health than I had ever been before. I strongly recommend Dr. Williams' Pink Pills to all who are weak and run down, for I feel sure they will not be disappointed."

You can get these pills from any medicine dealer or by mail at 50c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

RHUBARB SHORT CAKE

Every housewife knows that her family enjoys the succulent flavor of rhubarb and that a pie with its juiciness bubbling under a flaky crust is always a treat. Most have also found that a dish of stewed rhubarb for breakfast is most welcome. Yet very few ever seem to think of using this delicious fruit-vegetable, which has better food value than many fruits, except in a pie or sauce.

Rhubarb short cake makes an attractive and delicious dessert.

Wash the rhubarb, peel and cut into pieces. Place in an enameled ware saucepan, cover with boiling water and cook slowly until tender. The surface of enameled ware does not interact with fruit and vegetable acids, so the fruit and utensil will not be affected. Then drain off the water and for every two cups of rhubarb add one cup of sugar, and flavor with ground cinnamon to taste.

For the short cake, sift together three cups flour, three teaspoons baking powder and one-half teaspoon salt. Cut in one half cup shortening or rub it in with the fingers. Then add one cup of milk and one egg, well beaten. Spread evenly in a well buttered layer cake pan and bake in a hot oven for twenty minutes. When the filling and cake are cool, split the cake, put the rhubarb between and on top and serve with whipped cream and a little cinnamon dusted over the top.

The woman took off her hat, threw it on the table and, dropping into an easy chair, lighted a cigarette. She had been to a political meeting and proceeded to regale her husband with her views.

"We are going to sweep the country, James," she said, airily.

"Excellent," said her long-suffering husband. "Nothing could be better. I hope you'll start with the sitting-room."

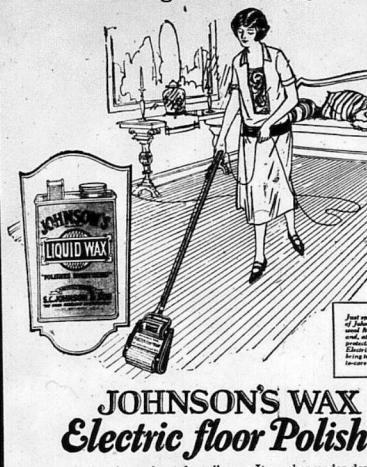
Wax Your Floors Electrically

—Without Stooping, Kneeling or Soiling Your Hands



Just spread on a thin, even coat of Johnson's Wax with a Lamb's wool Mop. This cleans the floor and, at the same time, deposits a protecting film of wax which the Electric Polisher will quickly bring to a beautiful, artistic, easy-to-care-for polish.

JOHNSON'S WAX *Electric floor Polisher*

This wonderful new invention takes all the work out of keeping floors beautiful and makes this household task a pleasure. Ten times faster than hand methods, it enables you to polish all your floors and linoleum in the time it formerly took to do a single room.

Johnson's Wax Electric Floor Polisher gives a much higher, evener and more beautiful polish than can be obtained by hand. It actually *burnishes* the wax.

It reaches under davenports, buffets, beds, etc., without moving the furniture. Polishes the hard-to-get-at places as easily as the middle of the floor.

Johnson's Wax Electric Floor Polisher is simple in construction—there is nothing to get out of order. Weighs but 9 lbs. Requires not the slightest exertion—it runs itself—you simply guide it. Runs from any light socket. Sturdily built to last a lifetime and guaranteed.

Rent It by the Day

Rent this Johnson's Wax Electric Floor Polisher from your dealer. The charge is nominal and you can rent it by the day, half day or week. It will take but a few hours to polish all your floors and linoleum—by electricity. Telephone your dealer today and make an appointment for it.

McCoy's Cod Liver Extract Tablets Fine For Thin Underdeveloped Kids

Children Love Them Because They Are Sugar Coated and as Easy to Take as Candy.

It's your duty, Mother, to see that the frail, peaked, sickly youngster grows up to be strong in body, keen in mind and robust in health.

Extracted from the livers of the lowly codfish are the health, weight and strength producing vitamines that are found in McCoy's Cod Liver Extract Tablets, which are sold by pharmacists all over North and South America.

Doctor's know about them and so do all druggists, and if your children need building up ask for these tablets to-day if you want to give your loved ones a good appetite and put pounds of good healthy flesh on their bones. But be sure and get McCoy's.

They are not expensive—60 tablets 60 cents—and if you are not pleased with the improvement after 30 days your money back.

A very sickly child, age 9, gained 12 pounds in seven months and is strong and healthy.

One skinny woman gained 9 pounds in 24 days.

SOME LUCKY FINDS

Priceless Art Treasures Dug Up in Odd Places.

Recovery of Long-Lost Old Masters Have Not Infrequently Made the Fortunes of Their Fortunate Discoverers.

The recent discovery of a long-lost Raphael in an old curiosity shop in a Paris slum recalls many a story, no less dramatic, of treasure trove in art, says a London Tit-Bits writer.

It is not long since a stolen canvas by Raphael of the "Holy Family" was found in the cottage of an Italian peasant, where it was serving the sordid purpose of stopping a broken window; a Correggio which had vanished from the walls of the Dresden gallery and been lost to sight for generations was recovered from the recesses of a Saxon hayloft, and priceless tapestries, designed by Raphael for Pope Leo X., were rescued from the hands of a Paris Jew after he had burnt two of the pieces in order to extract the gold and silver contained in their texture.

Raphael's pictures, indeed, seem to be peculiarly ill fated. Only a few years ago his "La Belle Jardiniere" was picked up at a second hand shop in Paris for 44 francs. His Vatican "Adam and Eve" was found—flung aside in the corner of a picture dealer's shop in the Rue St. Lazare, by an artist who paid a hundred francs for it, and sold it a few days later for 80,000, and for a modest 50 centimes a Parisian art amateur, purchased, Raphael's original design for his great picture, "La Disputa Sacramento," for which he would willingly have paid 20,000 times as much.

More romantic still is the story of the great master's famous picture, "The Massacre of the Innocents," which was recently discovered in the cottage of a poor widow at Como. Originally owned by Cardinal Luigi d'Este, it had somehow come into the possession of a priest, who had paid the equivalent of a sovereign for it, and who gave it to the Duke Alfonso d'Este more than three centuries ago. After the duke's death the canvas vanished utterly until it came so dramatically to light again in the Como cottage.

Rubens' famous masterpiece, "The Visitation," was, a few years ago, exchanged by a Paris curiosity dealer for two Louis XV. arm chairs and a sixteenth century coffer, and a fortunate collector discovered among a number of canvases exhibited for sale by a second hand dealer at Montmartre one of Teniers' finest canvases, which he was able to purchase for 30 francs.

A portrait of Nell Gwynn by Sir Peter Lely was discovered in singular circumstances at Birmingham by a medical man. While attending a patient in a small tenement he noticed on the wall of the living room a tattered picture of the head and bust of a woman. The frame was worm-eaten with age; but, despite its torn condition, the picture seemed a good one and it was purchased by the doctor for a trifle. He took it away and ultimately sent it to be cleaned.

There was nothing on the canvas to indicate the artist's name, but the eyes of the subject bore that peculiar expression of tender languishment, blended sweetness and drowsiness so tempted by no other painter than Lely.

Girls Play Fox and Hounds.

French village streets are admirably adapted to the American game of fox and hounds, according to Miss Vera B. Haines of Lake Bluff, Ill.

Miss Haines is in charge of a summer camp which the Y. W. C. A. has opened for industrial girls at Quiberon, France.

The camp is similar to those which the association has established in this country for girls who want an outdoor vacation with plenty of sports and good times, but who cannot afford to pay much for it. It is only one of three established in France by the American Y. W. C. A.

Swimming is taught every afternoon for those who wish to learn it at Quiberon, but the weather is almost too cool to make this sport popular, Miss Haines writes. The girls are anxious to learn American games, so they have been playing fox and hounds through the streets of the village in the afternoons and becoming acquainted with "bacon and bats," on the beach and long hikes. Bonfires are next to impossible in arranging because of the scarcity of all the essentials—wood, wienerwursts and marshmallows.

Didn't Stay to Say.

One rainy morning in the early fall I was awakened by a noise, writes a correspondent of the Chicago Tribune. I listened, heard some more noises, and decided there must be some one in the house. I jumped from my bed, turned on the light in the dining room, and there, to my horror, stood Mr. Burglar at the kitchen door. He had jumped through the pantry window and got only as far as the kitchen when I caught him. I screamed at the top of my voice: "Get out of here! What do you want here, anyway?" and quietly he unlocked the door and went, never saying a word.

The Critical Cuisine.

"This coal shortage—" began the apprehensive citizen.

"It doesn't interest me," interrupted Mr. Stormington Barnes. "My Hamlet gets roasted regardless of the fuel supply."

Judge—"I have listened very carefully to you, Mr. Brown, for an hour, but I am none the wiser."

Counsel (politely)—"I hardly expected your lordship to be, but I thought you might be better informed."

Colorado's Wonderland.

The Garden of the Gods is a tract of land, about 500 acres in extent, near Colorado Springs, Colo. It abounds in weird and fantastic pinnacles of red and white sandstone, some of them more than 300 feet high. Among the chief features are the Cathedral spires, the Balanced rock, etc. The gateway of the garden consists of two enormous masses of red sandstone, 330 feet high, sufficiently far apart for the roadway to pass between them.

Bananas.

The banana is a perennial herbaceous plant, growing from year to year from an underground root stock with a stem or stalk from 10 to 15 feet high above the ground. The plant has drooping leaves, but no branches like fruit trees of the north countries. Each stalk produces one large cluster of fruit. After fruiting, the stalk is cut down to the surface of the ground and grows up again from the root.

Finland.

Finland occupies about 144,000 square miles of territory, of which 125,680 square miles are land. This territory, which is slightly larger than Norway, has a population of only 2,084,000 people. It is said that illiteracy is almost unknown.

When Holland Banned Orange.

There was a time when Holland forbade the sale of oranges and carrots. Orange was the color of the stadtholder's family, and when the democratic feeling against this family was at its height the fruit or orange color was taboo.

Medicine From Horns.

In China a large trade exists in deer, reindeer and wild sheep horns for use in medicines, and Hongkong, as the chief center of trade in Chinese medicines in south China, imports a considerable quantity of such goods annually.

Sea's Depth Told by Bomb.

For measuring sea depths a Massachusetts doctor has invented a dynamite bomb which explodes on striking the bottom, the distance being estimated by measuring the time it takes the sound to reach the surface of the water.

Few May See Her Face.

The Mohammedan woman may show her face only to men whom she may not marry. This means that a man may see the face of his mother, wife, sisters, daughters, aunts, and none other of the women of his class.

New Way of Tinting.

Glass may be tinted permanently by immersion in the medicinal water of Bath, England, and this recent discovery is to be made use of in the establishment of a stained glass industry.

"Good Night" Is Too Long.

IN MEMORIAM

In loving memory of our dear wife and mother, Mrs. Milton Hughes, who departed this life on June 6th, 1925.

In the graveyard softly sleeping,
Where the flowers gently wave,
Lies the one we love so dearly,
In her lonely, silent grave.

She will never be forgotten
Never shall her memory fade,
Sweetest thoughts will always linger
Around the grave where mother's laid.

Sadly missed by Husband and Daughters, 23ap

IN MEMORIAM.

In loving memory of our dear husband and father, C. Edward Ellis, who passed away seven years ago to-day, June 6th, 1919.

When the evening shades are falling,
And we are all alone,
In our hearts there comes a longing,
If you only could come home.
Oft we think of you dear husband,
And our hearts are sad with pain,
Oh, this earth would be a heaven,
Could we but hear your voice again
—Wife and Children,
23a Napanee.

IN MEMORIAM.

In loving memory of a dear wife and mother, Mrs. J. W. Shier, Sr., who passed away June 7th, 1925.

On a bright and pleasant morning,
When the robins were singing gay,
Death's grim reaper made us lonely
By Taking dear mother away.

Suffered? Yes, great were her sufferings,
Day and night were all the same;
Yet dear mother bore them calmly,
Neither murmured nor complained.

Friends and neighbours oft would visit her,
When she greeted with a smile;
Although blind, their voices were welcome,
And a comfort unbeguiled.

We try to be cheerful and show not our grief,
Although Grown in our hearts we are sadly bereaved,
For she whom we loved was so faithful and true,
To husband and family, and friends not a few.
Sadly missed by Husband and Family. 23a

Birthday Tea.

The East End Committee of St. Andrew's Ladies' Aid gave a Birthday Tea on very pleasant afternoon. The Sunday School Room was prettily decorated with apple blossoms and mauve lilacs, and the pillars were also mauve. Tall vases of spring blossoms were placed on tables, piano and shelves. There were twelve tea tables, representing the months of the year, each one appropriately decorated. A good musical programme was provided, with the kind assistance of Miss Georgie Robinson, Mrs. Valkman, Mrs. Hosey and Miss Georgie Hosey, Miss Catherine Henderson, Miss Doris Anderson and Miss Helen Milling.

Death of Leopold Ohlman.

The sudden death occurred at his late residence, on the York Road, on Monday evening, of Mr. Leopold Ohlman, who was well known in Napanee. Deceased suffered a stroke a few days ago and was again stricken on Monday night, passing away almost immediately. The late Mr. Ohlman was a life-long resident of the Township of North Fredericksburgh, and resided near Hawley for a number of years, later moving to his late residence, which is situated about a mile from Napanee. He was particularly well known in the township, as well as in Napanee, and his sudden demise will be learned with regret by a host of friends. Besides his sorrowing wife he leaves to mourn his loss one son, George, of Napanee, and four daughters, Mrs. Will Blackadder, Belleville Road; Mrs. Archie Hegadorn, Westbrook; Mrs. Arthur Hagerman, Alberta, and Mrs. Paul Lapell, California. The sympathy of the community is extended to the bereaved family in the irreparable loss which they have sustained.

SPORT IN GENERAL

It's about time something was done to put Napanee back on the sport map. There will hardly be any sport here at all during the summer, and surely Napanee is not going to give up its place in the sport world. Players are leaving town fast and if something isn't done soon all the young men of the town will be gone. Dave Stinson is the latest to go, and he will be missed. Napanee loses an excellent hockey player, or at least a future hockey star. Dave was also a pretty fair ball player.

Softball seems to be the only active sport in the town, and perhaps a league could be formed and operated during the summer. A fine place for a diamond could be in Mr. A. E. Paul's field, next to the river, at the eastern end of the town. It is a nice easy place to reach and doubtless would be well patronized. A girls' and boys' Church League could be run, with double-headers each night.

Mr. Walter Metcalf gives out the information that Kingston wants a game of lacrosse, with the old rivals, Napanee and Deseronto, putting in the team. Napanee still has all its players, with the exception of Everett Fraser, and should give the Quinte town boys a good go.

CAMDEN EAST

We had a fine shower of rain on Tuesday, which was very welcome as the ground was very much needed.—Mr. Sherlock and Mrs. Peterson spent a few days in Napanee last week with Rev. Mr. Hamilton and his daughter, Eva, of Tamworth, spent Wednesday evening last with their friends, Mr. and Mrs. E. M. McKim.—Mr. and Mrs. D. R. Amey with her brothers, Messrs. Frank and Fraser Bell, at Desmond, on Friday last.—Mr. E. M. McKim was quite ill last week, with Dr. Mounce, of Newburgh, in attendance.—Mr. J. W. Stewart, who has been seriously ill, went to Kingston General Hospital on Tuesday and underwent a serious operation successfully.—Mr. Archie Hinch, of Toronto, and his sister, Helen, motored here in his new car, and spent the week end with their mother, Mrs. Annie Hinch, and other relatives.—Mr. and Mrs. Chas. Wallens, Odessa, with Mr. and Mrs. L. Hartman on Tuesday last.—Mr. and Mrs. Kenneth Amey and little son have returned home, after visiting her sister, Mrs. Bateman, and family, at Madoc, last week.

SOFTBALL

On Tuesday evening a fair sized crowd of fans turned out to see the games in the Armouries, and all were pleased with the result and the class of ball displayed. The crowd entered more into the play than usual, and the continual cheering was deafening at times.

Napanee 16, Belleville 8.

In the opening contest, Napanee All-Stars trounced Belleville's best by 16-8. The game, with the exception of the 3rd frame, was a snappy exhibition of baseball, although the locals clearly had the edge on the play. They swatted three Belleville pitchers freely and scored at will. They had a grand chance to add to their score in the 7th, when they filled the bases with none out, but the next three batters went out in succession. Christobel Taylor went the whole game for the locals and was ably upheld by Marion Grass. Chris. whiffed ten batsmen and retired the first four batters in succession. Marion Grass is nothing if not a good catcher, but her hard drives were missing Tuesday night. She has not been hammering the ball lately, but doubtless will be back in form soon. Mil Rikely and Gwen Harrigan divided the duties at 1st base, and each played fine ball. The latter made a sensational catch in the first of the seventh, falling just as she caught it but she hung onto it and was given a big hand by the crowd. Marion Embury stung the ball hard all evening and tied the score in the second by some nice base-running. She retired the last Belleville batter by a wonderful catch of a liner to her left. Dorothy Daverin finally regained her batting eye and she lined out hit after hit. Mary Bates delivered a swat to deep centre, which saw her as far as 3rd, and put two runners across the plate in the third, and played sparkling ball all through. Dorothy Lucas and Hazel O'Neill alternated at 3rd, and each played fine ball all through the contest. Ruth Dickson slammed the ball hard and scored Napanee's first run. Kathleen Ungar played the best ball of her career on Tuesday evening in centre field. Her batting and base-running was a treat. Dorothy Richardson came into her own and lined out several nice hits be sides retiring the first batter up by a nice catch. Irene Embury played nice ball in left field for the last three innings and did some effective batting.

Ruth Fox started on the mound for Belleville, but was hit hard and had to be relieved. However, she made up for her failure as a pitcher by her fielding and batting. Florence Miles was the best player on the B team, her catching being especially good, while Ruth Adams did some good work at 1st base. Helen Adams made a few errors at short, but nevertheless played good ball, while Marion Holloway caught everything at 2nd. Edith Whalen played a nice game at s.s., as did Marjorie Adams at 3rd. Vivian Ibey, Ruth Currie and Veronica Parr did nice work in the outfield.

Canadian Nationals 19, "B" Co. 13.

As soon as the girls had won their game a fan was heard to remark that the boys would lose. This has never failed this season and didn't fail on Tuesday. Belleville, with half the C.N. team playing downed "B" Co. 19-13, but could have made it worse. They scored 16 runs in the first frame, but were held to 3 markers during the next four innings. The speed and dash of the Belleville veterans, coupled with their terrific hitting, was too much for the youthful "B" Co. players. The local players are all under 18 years years, with the exception of Murray and Babcock, but they play fine ball at all times.

Belleville trotted out a south-paw for mound duty. This husky lad shot them over the plate a mile-a-minute and swung a wicked bat. Harry McNeill and Kenneth Edgecombe, two former Napanee boys, lined up with the C.N.R.'s. "Bo" received a tremendous ovation when he stepped up to the plate, and was jostled by the crowd all through the contest. Vern Weir, Blakely and Hagerman, of the Belleville C.O.B.L. team trotted out with the C.N.E.'s, and all three were present in the win.

BASEBALL

The Napanee Beavers won their fifth game of the season on Saturday at Newburgh, when they downed the homesters by 5-2. Daverin pitched five innings and allowed but four hits. Due to an error two Newburgers crossed the plate and Newburgh thus enjoyed a 2-1 lead for five innings. Napanee then changed batteries, D. Stinson going behind the plate, and C. Fraser pitching. Due to air-tight support mainly, Newburgh made but one hit for the remainder of the game. Daverin had an unassisted double play, while Dave Stinson drove the ball nearly over the school house for a three-bagger. Holden and Miles pitched good ball for Newburgh, although the latter was hit hard.

Score by innings :—

PAINFUL ACCIDENT.

Mr. Fred Lasher, of Sillsville, met with a painful accident on Monday last. When operating the steam road roller, his thumb became caught in some gearing, pulling it in and mangling it nearly the whole length of the thumb. He was taken to Napanee, where Dr. Stratton dressed the hand, removing the wounded member near the second joint.

Solitude.

What period do you think I recall most frequently and most willingly in my dreams? Not the pleasures of my youth; they are too rare, too much mingled with bitterness and now too distant. I recall the period of my seclusion, of my solitary walks, of the fleeting but delicious days that I have passed entirely by myself, with my beloved dog, my old cat, with the birds of the field, the blinds of the forest, with all nature and her inconceivable Author.—Rousseau.

Life Not Merely Lapse of Years.

The mere lapse of years is not life. To eat and drink and sleep; to be exposed to the darkness and the light; to pass round in the mill of habit; and turn the wheel of wealth; to make reason our bookkeeper and turn thought into an implement of trade—this is not life. In all this, but a poor fraction of the consciousness of humanity is awakened; and the sanctities still slumber which make it most worth while to be.—James Martineau.

Lavander Smokers.

Long before tobacco was known or smoked, sweet lavender was a favorite smoking mixture. Pipes have been dug up in Roman settlements, adorned with base-reliefs picturing the lavender plant. From which it is surmised that the Romans smoked lavender, which, according to writers of the time, is said to produce a feeling "active, ardent, and vigorous."

Only One.

A little girl had a twin brother and sister. Now, she was used to the cat having kittens and only one of the kitten family being kept. So when her father brought the twins down to show her she gazed at them earnestly for a small space of time, then said, "Daddy, I think we'd better keep that baby!" Pointing, as she thought, to the prettier one!

To Remove Ink Stains.

Ink stains on white fabrics can be removed with peroxide of hydrogen. Drop it on the stain with a medicine dropper or, if it is a large spot, pour it on slowly from a spoon. As this preparation has a bleaching effect, great care must be exercised if used on colored materials.

Fear in the Child.

"There is a world of truth in Prof. Angelo Mosso's emphatic declaration: 'Every ugly thing told to the child, every shock, every fright gives hip, will remain like minute splinters in the flesh, to torture him all his life long.' —"Psychology and Parenthood," by H. Addington Bruce.

Evil Always to Be Fought.

There can be no compromise with evil. It must be right to know wrong, whatever golden returns it may offer or however difficult it may be to get rid of it. In our social life and in our personal life, wherever evil shows its hand there must be battle, not compromise.—Exchange.

For Dull Mirrors.

If mirrors be very dull and speckled, the following method is excellent: Take a small portion of whiting and add sufficient cold tea to make a paste; rub the glass with warm tea, dry with a soft cloth; rub a little of the paste well on the mirror and polish dry with tissue paper.

The Only Medicine Baby Has Had

Is What Thousands of Mothers Say of Baby's Own Tablets

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that they are without an equal for relieving baby of any of the many minor ailments which afflict him at one time or another. The Tablets never fail to be of benefit—they cannot possibly do harm as they are guaranteed to be free from all injurious drugs.

Concerning Baby's Own Tablets Mrs. Russell Hill, Norwood, Ont., says:—"I shall always have a good word to say for Baby's Own Tablets. I have given them to our baby girl. In fact they are the only medicine she has ever had and I am proud to say that she took second prize at our baby show. She is eleven months old and weighs 22 pounds. No mother whose child is peevish or ailing will make a mistake in giving it Baby's Own Tablets."

Baby's Own Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WISE AND OTHERWISE

Geraldine—"Mother, what is a dead letter, please?"

Mother—"One that has been given to your father to post?"

Corns cannot exist when Hollaway's Corn Remover is applied to them, because it goes to the root and kills the growth.

Father—"Did you tell Leslie that I won't leave him a penny if he marries that girl?"

Mother—"No, better still—I told the girl."

No child should be allowed to suffer an hour from worms when prompt relief can be got in a simple but strong remedy — Mother Graves' Worm Exterminator.

Mrs. Blank—Have you a letter from your last mistress?

Applicant—No, mum; we parted good friends, but we ain't carryin' on no correspondence.

Miller's Worm Powders attack worms in the stomach and intestines at once, and no worm can come in contact with them and live. They also correct the unhealthy conditions in the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attested their power in hundreds of cases, and at all times are thoroughly trustworthy.

Dugald—"Did ye hear that Sawney McNab was ta'en up for stealin' a coo?"

Donald—"Hoot, toot, the stipit bodie! Could he no bocht it, an pa paid for't?"

The Family Physician.—The good doctor is always worth his fee. But it is not always possible to get a doctor just when you want him. In such cases, common sense suggests the use of reliable home remedies, such as Dr. Thomas' Eclectric Oil, which is wonderfully effective in easing inflammatory pains and healing cuts, scratches, bruises and sprains. The presence of this remedy in the family medicine chest saves many a fee.

Higgs—"Where can you find the truth these days?"

Higgs—"About half-way between how fast a man tells a magistrate his car can go and how fast he tells his friends it can go."

Don't Submit to Asthma. If you suffer without hope of breaking the chains which bind you do not put off another day the purchase of Dr. J. D. Kellogg's Remedy. A trial will drive away all doubt as to its efficiency. The sure relief that comes will convince you more than anything that can be written. When help is so sure, why suffer? This matchless remedy is sold by dealers everywhere.

Patriotism (says an American newspaper) is the ability to believe that one would pay less for one automobile tires if the rubber monopoly were owned in the United States instead of in England.

Your Home Medicine Chest.—Among the standard household remedies that should always be on hand in your home medicine chest, none is more important than Dr. Thomas' Eclectric Oil. Its manifold usefulness in relieving pain and healing sickness is known by many thousands throughout the land. Always use Dr. Thomas' Eclectric Oil for relieving rheumatic and sciatic pains, treating sore throats and chests, coughs, burns, scalds, cuts, bruises and sprains.

Trouble With Philadelphia Visitor Was That He Didn't Understand Just How to Use It.

Harry N. Taylor, president of the National Coal association, said in Washington:

"It takes an optimist to look at the situation hopefully—an optimist like Rittenhouse Walnut of Philadelphia.

"Rittenhouse Walnut, in the days before Philadelphia got a filter plant, laughed heartily one evening at a friend who complained that the Philadelphia water was too muddy to bathe in.

"'Why, my boy,' said Rittenhouse, 'our Philadelphia water is the best in the world for bathing purposes. Why, it beats Marienbad.'

"'But it's so muddy.'

"'That's the point,' said Rittenhouse. 'It's medicinal mud, full of phosphates and calories and things. Tonight you try a Philadelphia water bath, a good, long bath, and you'll feel like a new man. Let me caution you, though, to use no towel.'

"'No towel?' sneered the other. 'No towel, eh?'

"'No, sir; no towel,' said Rittenhouse. 'Just stand before the radiator and let the water dry on you. Then brush it off.'

IRREPARABLE LOSS TO WORLD

Treasures of Louvain Library, Destroyed by the Huns, Can by No Possibility Be Replaced.

The completeness with which the famous library of Louvain was destroyed comes out in the report of the American committee which has been visiting the ruin with a view to building a new library of Louvain, which is to be the "free gift of the United States." Some of the walls, pillars and buttresses remain standing, and even retain their carvings and sculptures, but the idea of rebuilding the library has been abandoned. Of the contents of the Louvain library nothing at all is left; the few volumes that were found still retaining their shape crumbled when touched. Aside from the thousands of volumes that can be replaced the ruin contains the ashes of at least a thousand manuscripts that were priceless, because it would be impossible to replace them. There were, one may admit, more widely important things in the world, for example, than the two autograph manuscripts of Dionysius Carthusienesis, but Louvain was proud to possess those specimens of his handwriting, and all the wealth of the United States cannot give them back.—Christian Science Monitor.

Last of Calapoolas Dies.

Down around Cottage Grove, Ore., the old-timers are only discussing what they remember of the Calapoola Indian tribe. The last specimen of the tribe, Sim Fern, went to the happy hunting grounds a few days ago and the people at Cottage Grove are wondering what will become of the land which the Calapoola tribe was using. Some of it is exceptionally fertile land. The tribe got its name from the range of mountains in that vicinity, or vice versa, and the Calapoola were always a peaceful band. This tribe went through the great fire which swept the coast range about a century ago, when the only way the Indians could save themselves was to remain in the rivers for several days. The fire was so intense that the water became warm. Calapoola Indians declared that the wild animals also fled to the river and wolves and deer paddled around together in perfect harmony.—Portland Oregonian.

Artist vs. Photographer.

Early in the submarine campaign, one of our boats was given a coat of camouflage, and when the vessel sailed from its pier in the North river, New York, the owners sent a photographer two or three piers down the river to photograph the ship as she went by. He took the picture, writes A. Russell Bond, in his "History of the Great War," but when the negative was developed, much to his astonishment, he found that the boat was not all on the plate. In the finder of his camera, he had mistaken a heavy band of black paint for the stern of the ship, quite overlooking the real stern, which was painted a grayish white. The artist had fooled the photographer and at a distance of not more than 200 or 300 yards.

As long as Lige is in his right mind you couldn't get him to run as heavy a thing as a tractor over his land. It's too durned fertile."—Birmingham Age-Herald.

Ancient Honduran City.

Copan is an ancient ruined city of northwestern Honduras, on the Copan river. The remains are of unknown antiquity and very extensive, stretching for about two miles along the river. The buildings are of stone, embracing a temple over 600 feet long, with many sculptured figures. The Copan ruins take their name from a modern town to the east of them. This was an Indian stronghold, and was taken after a fierce struggle by the Spaniards under Hernando de Chaves in 1530.

"Bosker Time" Is Cheerful.

The term a "bosker time," which the Australians use to describe a cheerful leave, comes home to its birthplace, little altered. "Bosky," with a similar meaning, was an English colloquialism in the eighteenth century. And "bosky" is still current slang with us, but implying too generous use of the wine cup. There is one phrase in the book of slang which is decidedly pleasing, "Australian grip." It stands for that best of greetings, the honest, hearty hand shake.—London Chronicle.

These Balance Men.

I profess no special partiality for any critic, who, holding balance in hand, weighs eagerly whatsoever of learning comes to his counter. I question whether he is not taking less of the quality of the wares than of the fashion of his scales, never questioning their accuracy nor his own levity. Still it must be admitted that these balance men are not without their usefulness, being convenient for appraising market values.—A. Bronson Alcott.

"Kitchen Middens."

Kitchen middens are great mounds, some 100 feet long and 250 feet wide, found in Denmark, England, Scotland, France and in parts of Europe, North and South America and Australia. They are supposed to be the refuse heaps of prehistoric periods, and are composed chiefly of oyster, periwinkle, cockle and mussel shells. In them are found implements of wood, stone, bones of animals and cinders.

Edinburgh Landmark Gone.

An interesting bit of old Edinburgh, dating back about 1600, has been burned. The destroyed building, which consisted of a single story and attic, was one of the landmarks of the Holyrood area. It was the old Yew Tree tavern, and stood inside the bounds of the Holyrood sanctuary for debtors, within which, in days of yore, the fugitive was free from the attentions of his creditors.

Utilizing Paper.

Although there are great shortages of paper, it is unlikely that many of us have carried economy to the extent indicated in a letter received by a school teacher the other day. "Dear Sir," it ran, "Please excuse Tom being late, but our gas leaks, so we couldn't cook any breakfast. Please send a man to put it right. P. S.—Please let him take this note on to the plumber."

The Roman Fare.

The Roman homes, which were built such wonderful roads and carried a weight of armor and baggage, lived on coarse brown bread and sour wine. They were temperate in diet and regular and constant in exercise. The Spanish peasant works every day and dances half the night, yet eats only black bread, onion and water lemon.

Famous English Chimneys.

A "twisted chimney" distinguished an Elizabethan manor house in the ancient town of Buckingham, England, which is to be offered for sale shortly, and the auctioneers assert that the secret of this modern construction is lost, and that the only other "twisted chimney," and that less perfect, is at Hampton Court.

Ostrich a Monogamist.

In the wild state ostriches pair in the spring. Once paired they remain mated "till death doth them part." The female makes a shallow hollow in the ground away from water courses for her nest. During the sitting period the male remains on the nest by night, the female by day.

Stars in a Dream.

To dream of stars is said to have the following meanings: If the stars were clear, Dame Fortune is going to smile upon you, but if they were obscured and dusky, then the reverse may be the case.

To Tell Age of Fish.

Tear rings on the scales of fish are used in Norway and Finland to determine the age of sardines, whether they have reached their full growth and when they will spawn.

Keep Tacks in Jars.

Save all small glass jars. One good use for them is to keep tacks, screws and small nails in. It will save time when looking for a particular kind.

Great Men.

Great men hallow a whole people, and lift up all who live in their time.—Sydney Smith.

Palm Sugar.

Sugar is extracted from sixteen varieties of palms that grow in Ceylon.

Until Shirts are cheaper than Soap
~ Use **Sunlight**

HOW quickly even the best shirts wear out, especially at the cuffs where the hardest washing comes.

How easy it is to prolong the life of a shirt.

Any expert laundress will tell you that whether it is to wash shirts or sheets, soap should be chosen for combined cleansing power and protection to fabrics. She will tell you she feels absolutely safe with Sunlight Soap because it is backed by a $5,000 guarantee of purity.

Sunlight Soap harms nothing but dirt. It cleanses thoroughly and beautifully and prolongs the life of fabrics.

To save mending and make the "clothes allowance" go farther, use Sunlight.

"To me, the purity of Sunlight Soap is an assurance of scrupulously clean and long-wearing clothes."

Great Rejoicing by Rheumatic Cripples

If So Crippled You Can't Use Arms or Legs, Rheuma Will Help You or Nothing to Pay

Get a bottle of Rheuma to-day and wear a satisfied smile on your face to-morrow.

It's a remedy that is astonishing the whole country, and it's just as good for gout, sciatica and lumbago as for rheumatism.

It drives the poisonous waste from the joints and muscles—that's the secret of Rheuma's success.

But we don't ask you to take our word for it; go to Wallace's Drug Store or any druggist and get a bottle of Rheuma to-day; if it doesn't do as we promise get your money back. It will be there waiting for you.

Why shouldn't they buy from you?

Make up your mind to secure the trade of the Summer cottages near town, this year. Think of all the things they will be buying! Why shouldn't they buy them from you? In the city they are used to ordering goods by telephone. Call them, even using Long Distance where necessary and tell them what you can do for them. Remind them that for week-end parties you can give them prompt delivery.

When they see how easy it is to order from you by telephone they will likely prove good customers all Summer.

WOMAN COULD HARDLY WALK

Mrs. Horn Tells how Lydia E. Pinkham's Vegetable Compound Restored Her Health

I have taken Lydia E. Pinkham's Vegetable Compound and would not be without it now. I had a female trouble so badly I could hardly walk and I was all run-down and could hardly get around to do my housework. I would be in bed three or four days at a time. I was told by a friend to try Lydia E. Pinkham's Vegetable Compound. I did, and now two bottles I was strong and again. I took one bottle of Lydia E. Pinkham's Tablets and now I am all-around in my own work. I recommend your medicine to my friends and have told them what it has done for me. I also used Lydia E. Pinkham's Sanative Wash, and I believe my health is due to your compounds, and I was used women for years. I would not be without it for much more."—Mrs. Ida Horn, 28 St. Matthews Street, Ontario.

If you feel you need a medicine for women, nervous and run-down, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence. For 30 years Lydia E. Pinkham's Vegetable Compound has been helping sick women to health. It is surely worth a trial when you want such results as Mrs. Horn obtained. For special advice write Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Importance of Good Health.

Good health of itself, to be sure does not sum up the whole secret of personality. But it is a most important element, as you will presently appreciate when you adopt rules of living that result in a distinct bettering of your health. You will begin to feel more self-confident. You will attack business problems more masterfully. You will find it far easier to sway others by your personal influence.—H. Addington Bruce, in Chicago News.

Meaning of "Selah."

The word Selah, which occurs so frequently in the Psalms, is usually believed to be a direction to the musicians who chanted the Psalms in the temple. Mattheson, the great musical critic, wrote a book on the subject, in which, after rejecting a number of theories, he came to the conclusion that it is equivalent to the modern "da capo," and is a direction that the air or song is to be repeated from the commencement to the part where the word is placed.

Good Word for Pussy.

Brave Little Bob has received many injunctions to be "manly," the word being used to mean to go about his business bravely and quietly and in a self-respecting manner. The other day Bob's pet cat was suspected of some weakling misdemeanor and Bob rose to the rescue in a hurry. "I'm sure she never did it, mamma," he exclaimed indignantly. "She'd never think of acting in such a manner. She is a very manly cat."

Earth's Life Zones.

Biologists have divided the entire surface of the earth into life zones, each zone having much the same flora and fauna wherever found. The life zone in a given locality depends upon both latitude and elevation. Thus the Canadian life zone, which has everywhere plants and animals similar to those of Canada, is found in the high Rocky mountains as far south as southern Colorado and northern New Mexico.

Pietists.

This religious sect was also called "Separatists." It was a sect of the Lutheran church which preferred private to public worship. The founder was Spener of Leipsic and his home was called "Collegia Pietas," because his disciples met there. Ordained clergymen had no marked precedence and anyone was permitted to address the assembly, as among Quakers.

History Repeats Itself.

Briggs and Fowler were talking of the great wars fought in the days when the world was considerably younger. "You know," said Briggs "it always seems to me that those old warriors were very much like our modern financiers." "What do you mean?" asked Fowler. "Well they were always investing some one else's capital, weren't they?"

Possible Origin of "Loafer."

An old Dutchman in New York had the misfortune to have a shiftless young American fall in love with his daughter. He disapproved of this and used to say to her: "Here comes that lofer' of yours, the idle good for nothing." How the "a" got into the word is not known, but an idle man hanging around came to be called a "loafer."

History of the Melon.

Melons were first extensively cultivated in France early in the seventeenth century, but were known to the ancients from the commencement of our era. The Egyptians grew them. They are said to have been carried to America by the Portuguese.

Making Billiard Balls.

Experience has shown in the making of billiard balls that, as it dries, ivory shrinks, so they are turned in the rough and kept in a warm room for a long time—sometimes two years. Then after shrinking they are turned again.

Lucid.

Little Roy had just returned from a week's visit to his aunt, and was trying to describe the folding bed he had been sleeping in. "It lays down at night, mamma, and stands on its hind legs in the daytime."—Boston Transcript.

The Other Way Round.

Merrington—"Many a wise word is spoken in jest." Stingsby—"Yes, but they can't compare with the number of foolish ones that are spoken in earnest."

Miner's Inch.

A miner's inch is a unit of measurement of water used in irrigation, and varies considerably in different states. In Arizona the miner's inch is equal to one-fortieth of a cubic foot per second.

They Bring Almost Instant Relief

That is What Mrs. A. Mills Says of Dodd's Kidney Pills

Ontario Lady Took Dodd's Kidney Pills for a Weak Back, With Very Beneficial Results.

Belleville, Ont., May 31st, (Special)—Short, but to the point, is the statement made by Mrs. A. Mills, who resides at 14 Green Street, Belleville. She writes:—

"I have always been troubled with a weak back; especially after any extra work. I find, if I take Dodd's Kidney Pills, they bring almost instant relief."

The relief that Mrs. Mills found has come to thousands of other Canadian women through the use of Dodd's Kidney Pills. That shows that the ache is caused by the kidneys, for Dodd's Kidney Pills are purely and simply a kidney remedy. For more than a quarter of a century Dodd's Kidney Pills have been a household remedy in thousands of Canadian homes.

A Sad Affair

In the charming little villa that is Miss Smithson's home a sad affair has taken place.

Bold Bertram has proposed to Miss Irene and been refused.

"I am truly sorry to give you pain, Mr. Hankinson," said the young lady, "but please do not refer to the subject again. I can never be your wife."

"That is your final answer, Miss Irene?"

"Yes, Mr. Hankinson, it is."

"Nothing can induce you to change your mind?"

"No; my mind is finally and unalterably made up."

"Miss Irene," said the young man, rising and looking for his hat, "before coming here this evening I made a bet of five pounds with Perkins that you would say 'no' to my proposal. I have won.

"It was taking a great risk, but I was absolutely penniless, Miss Irene" he continued, his voice quavering with emotion. "You have saved a despairing man from the fate of a suicide and won the lifelong respect and friendship of a grateful heart. Good evening!"

The scene was an old country farmyard and the farmer's wife stood at the door. Down the country lane a tramp, bedraggled and dirty, made his way.

At the farmyard gate he stopped and asked the farmer's wife to give him something to eat.

"Come into the yard," she said cordially.

The tramp eyed the bulldog that was roving round the yard.

The bulldog eyed him.

"Come in!" repeated the farmer's wife.

"I dunno about that," answered the tramp. "How about the dog? Will he bite?"

"I don't know," said the farmer's wife. "I only got him to-day, and that's what I want to find out."

Wilton Institute.

The June meeting of Wilton Women's Institute was held on June 1st, in Grange Hall, Wilton. Mrs. W. C. Snider, the President, presiding, the meeting opened with the Ode and the repetition of the Lord's Prayer. The minutes of the last meeting were read and approved. Much discussion was before the meeting. Plans were made for our Domestic Science (Foods and Cookery) Class, which begins next Monday, June 7th. The Monday class will be in the evening, but the other classes will be in the afternoon. Any one interested and wishing to take this class is cordially invited. On June 17th a Government speaker will address the Institute on "Value of Self-control". On June 30th the annual Institute Convention will be held in Wilton. After the business part of our programme, Mrs. Ernest Wright gave a very valuable talk on "First Aid". As her time was limited, Mrs. Wright promised more at a later date. The meeting closed with "God Save the King". The social half-hour was enjoyed. Our July meeting will be on July 13th. Roll call to be answered by paying membership fee.

CONCERT AND LECTURE A GREAT SUCCESS

The concert and lecture under the auspices of the Catholic Women's League on Friday evening last, was a great success, the Parish Hall being filled to capacity.

The concert opened with the singing of the National Anthem, "O Canada", accompanied by Miss Agnes Cavanaugh, pianist.

The Chairman, Mr. Joseph Marshall, then spoke of the treat in store for those assembled, assuring them that the programme arranged by the new President and her Executive, would be both educational and entertaining.

The musical treat was furnished by Kingston talent, Misses Olive Simpson and Mary Kennan, violin; Miss Anne Corrigan, vocal, and Miss Katharine Kennan, pianist. These young ladies may be assured of a warm welcome whenever they come to Napanee again, as each one of these young ladies' numbers called for repeated encores.

Father O'Connor was called on next, who spoke briefly, stressing the need of a new Parish Hall, for which plans are now under way. He introduced the speaker of the evening, Rev. Chas. Mea, Pastor of St. Anthony's Church, Centreville, who had so kindly accepted the invitation extended by the C. W. L. Executive, and welcomed the Rev. Father on behalf of his congregation assembled, quoting reminiscences of their life long friendship.

Rev. Father Mea's opening remarks were thanking the Executive for the invitation, and that Father O'Connor's kind remarks had brought to his memory the kind, consoling friend Father O'Connor had proved himself years past when sickness had visited his brother's home. Taking for his subject, "The Church, Organization and Modern Rome, two thousand years ago", the speaker, in his very capable manner, carried his audience with him back to those early pagan days, and through the era until this pagan country was Christianized. The members of the C. W. L. hope that they will, in the near future, be able to hear Father Mea again.

BEATS THE MEN

M. B. Mills has just received word from his brother, Frank G. Mills, of Cleveland, that his daughter, Mrs. Gladys Easty, of same city, has distinguished herself by winning over all competitors, men and women, in the recent Bowling tournament held in that city. Her ladies' team also won the Western Ohio and City Championship, and came a close second for the "National" at Milwaukee, by a score of 2477 against 2505. Following is the press clipping from the "Plain Dealer" of Cleveland, Ohio :—

"That famous theory that no woman can bowl as well as a man has been battered into bits by Mrs. Gladys Easty, prominent member of the Duke Eyler team. In the F. G. Smith headpin tournament just concluded Mrs. Easty not only defeated all the male rollers but closely approached a perfect score of 300 for three games. She finished with 348, hitting the headpin in every one of her thirty-six rolls. She won an automobile awarded for high score during the solid month of bowling."

FARM NOTES

The local Agricultural Representative is arranging a number of poultry culling demonstrations to be held at farms throughout the County in June and July. Any farmer interested in weeding out the unprofitable hens should get in touch with the office and either have a demonstration conducted at his farm or in the neighborhood.

Plans for cow testing have been completed. High producing cows are profitable, but it is only by scientific testing that returns from individual cows can be determined and those that do not pay disposed of. Assistance in carrying on this work may be had by applying to the Department of Agriculture.

Farmers are finding sheep profitable, especially where the flock is given proper care. Dipping to get rid of ticks and lice brings about more rapid gains in flesh and heavier fleeces. For the purpose of demonstration, a few permanent dipping tanks will be installed in this County about June 20th. Any sheep owner wanting to have one of these on his farm should apply to J. Laughland.

SOFTBALL

A crowd of eight hundred fans filled the Armouries on Thursday evening of last week to see the long awaited clash between Toronto Nationals and Napanee. The Nationals defeated the locals by 29-24, and had to step to do it. The Nationals are undoubtedly the best team seen here since softball got its hold on the fans of the town. They are a real team and every player is a star. They go in to win and doubtless would beat many boys' teams. Each girl has a good knowledge of the game and are on their toes all the time. They talk to their pitcher and encourage her, and are never disheartened when behind. There is not a weak batter on the team and all are exceptionally good at laying down bunts. Their playing on Thursday was a treat to watch, but nevertheless, the local girls, although they lacked the smoothness and polish to their plays that the Nationals exhibited, they made up for this by good heavy batting and heady base-running. The Torontonians were bothered by the girders, and couldn't play the ball correctly when it hit the ball, but nevertheless, their experience both at bat and in the field was the difference between victory and defeat.

Mary Stinson, Marion Embury and Kathleen Ungar were the stars of the local team. Mary Stinson drew rounds of applause by a seemingly impossible catch, and she richly deserved it. Her fielding at short-stop was something seldom seen around here.

Marion Embury made a startling one-handed catch immediately after Mary Stinson's, and the crowd went wild. Marion's fielding all during the game was a feature. She knocked down a liner in the fifth by a great leap and was cheered heartily when she returned to the game after being injured in a wonderful slide to the plate to give the locals another run. Mary Stinson started the rally which netted the locals six runs in the last of the ninth, when she whaled a mighty liner to deep centre for the circuit with one on base.

Kathleen Ungar was in the limelight all during the game by her splendid fielding and batting. She made two smart catches while running at top speed and turned one into a double play. Her baserunning was also a feature.

Chris Taylor twirled the best game of her career and whiffed eight batters. Her brainy pitching was very evident during the battle. Mildred Rikely played a cool, steady game on 1st base, and although she did nothing spectacular, she did her best and it was enough. Dorothy Daverin looked after 2nd base in her old-time way, always cool and steady, and as usual her batting stood out. Hazel O'Neill was responsible for several neat put-outs at 3rd, and her playing was up to the standard. Marion Grass was behind the bat as usual, and her heavy clouts were much in evidence. Mary Bates and Ruth Dickson did their share of the work in the outer gardens. Each was very effective both at bat and in the field. Dorothy Johnston relieved in right field for the last four innings and played nice ball. She made one nice catch and her baserunning was good.

In Geraldine Stutesny, Nationals trotted out a pretty good pitcher, although she was hit hard. Evelyn Gault did the receiving and is undoubtedly a splendid catcher. She was on her toes all the time and her chatter greatly helped liven up the game. Marion Thane covered 1st, and her fielding was a feature. At bat she occupied the clean-up position and her heavy clouts nearly always went over the fence. Mrs. Elabe Booty was one of the liveliest on the floor. She was talking all the time and running to back up players and in all her playing was exceptionally good.

Edna Crawford was also a wideawake player and her playing was as good as any.

Score by innings —

	1	2	3	4	5	6	7	8	9	
Toronto	5	0	6	2	1	5	4	1	5	—29
Napanee	3	4	0	1	5	2	0	3	6	—24

Umpires — Messrs. Murray and Powell.

As far as can be seen Napanee has gone softball-mad. On every vacant lot in the town a group of boys or girls are playing softball. Every body is playing it, old and young. Every softball night in the Armouries, the fans arrive at 6.30 to get their seats, and the place is crowded long before it is time to start. The boys of the various churches are taking it up and striving to beat each other.

On Monday evening, at the N.C.I. grounds, Trinity boys defeated Grace by eleven innings by 14 to 13. Black and Vine were the opposing hurlers and each pitched fine games. The batting on both sides was "heavy and strong", but the fielding was a feature. The players caught the ball in their pockets, hats, and some just by waving at it. There were some of the most sensational catches seen that anyone ever saw. No one was safe unless he sat right on the base, for the players couldn't seem to be able to drop the ball. They caught everything. Such a game was never witnessed before, and the players for a long time till another is seen.

The line-ups were —

Trinity—Logan c., Black p., Dewline 1st., Graham s.s., Allison 2nd., Dickson c.s., Thompson l.f., Vanhouten r.s., Wilson c.f., Henderson l.f., Russell and VanLaven subs.

Grace—Gibson c., Vine p., Clute 1st., Rogers s.s., Gibson 2nd., Vick 1.s., Black 2nd, Walker r.f., Moore c.f., Hogan l.f., Perry subs.

NEWBURGH

Mr. Leslie Haggerty and Miss Mae Haggerty were guests of Mrs. Kellar and family on June 3rd.

At Sunday evening's service in the United Church, Mr. T. A. Dunwoody, delegate to the recent Conference in Kingston, gave a Layman's impressions of the Conference.

Mrs. Margaret Lewis, sister of the late William Elsworth, passed away on Wednesday morning, at the age of 81 years. Mrs. Lewis has spent most of her life in California. She has been tenderly cared for in her illness by Mrs. Lewis, Miss Maggie Elsworth, with whom she has been living for a time. The funeral is being held (this) Friday at 1 p.m., from the Presbyterian Church, 5th Concession.

Mrs. Hope, of Toronto, is spending a week with Mrs. S. Shorey and family.

Mr. and Mrs. Simpkins and Mr. C. Peters, of Wagerville, were motor visitors with Mr. and Mrs. Vanderwater, on Thursday last.

Mr. and Mrs. Lucas of Napanee, spent the week end with her cousin, Miss Ruth Lucas.

Mr. and Mrs. J. N. Lucas and family spent a recent day at Wellington on a visit as aunt of Mrs. Lucas, who is critically ill.

Mrs. W. Scott, of Kingston, visited friends in Newburgh last week.

Mr. and Mrs. Howard Smith, of Enterprise, called on Mr. and Mrs. Bowerman, on Saturday.

Mr. Holden and Mr. Vanderwater were at Wagerville on Friday last.

Mr. William Hill, brother of the late Mr. Fred Hill, was married on May 22nd, at Miss McCracken's home, Toronto. Mr. Hill is an old Newburgh boy, and has friends and acquaintances here who tender congratulations.

Mr. and Mrs. Warren, of Kingston, were week end visitors with Mr. and Mrs. Quail.

We have heard of artful thieves. We wonder if flower thieves come under that head? Anyway, we are not a very artful dodge for the parties who stole those flowers from the home of Mrs. Archie Reid, on Tuesday night, as they left their pocket handkerchief behind them. Mrs. Reid will be pleased to hand the article to the party who owns it.

Grant Gerow, who has been suffering from a gun-shot wound, was removed to Kingston Hospital on Sunday, by Dr. Mounce. An operation will be performed the last of this week. Mrs. Gerow is stopping in Kingston to be near her son.

Ward Wartman was in London on business this week.

Mrs. Byard Parks, of Deseronto, spent part of last week with Mrs. Archie Reid. Miss Margaret Pilon, of the Palace Road, was also a guest at the Reid home during the week.

Mr. Albert Adams, of Russell, Ont., visited his uncle, Mr. W. W. Adams, on Saturday, returning to Russell by motor on Sunday morning, accompanied by Mr. W. W. Adams, who visited his aged mother and other friends, returning to Newburgh by C.N.R. on Monday last.

Misses H. M. and Eliza Paul are at Mr. Vernon Paul's, Switzerville, for a short visit.

Mr. C. Peters, of Kingston, with his mother of Perth Road, were recent visitors with Mrs. A. Conway.

Mr. Israel Peters has built a new garage, and Mr. Geo. Waller, Orland Mr. Vandevoort are improving their properties by coats of paint.

Mr. Joe Ramsay took a trip to Montreal recently.

Mrs. F. A. Winter was in Kingston on Wednesday.

We extend congratulations to Miss Leah Ramsay, who has been successful in passing the "Advanced Grade" Singing examination of the Associated Board of the Royal Academy of Music, and the Royal College of Music, London, England, held in Napanee on May 26th.

The W. M. S. monthly meeting was held at the home of Mrs. Kenneth Ward on Thursday afternoon.

Rev. H. and Mrs. Bunt, Enterprise, and Mrs. Lake, Morven, were recent callers at the Parsonage.

Rev. and Mrs. Anderson attended the Executive meeting of Camden and Sheffield Townships at the home of the Presidents, Mr. Purcell, Colebrook, on Saturday evening. The business of the evening was that of the Sunday School Convention to be held in Tamworth, and a very pleasant social hour was spent.

Mr. and Mrs. Geo. Paul entertained the "Nationals" of Toronto and their friends on June 3rd. The following composed the team, Doris Keating, Nancy Barr, Edna Crawford, Marian Thain, Emily Gault, Gladys Smith, Dorothy Johnston, Ruth Dickson, Mary Mathews, Thelma Darby, Annie Miller, Annie Aspinwall, M. P. Husband, coach, and Chris Smith, of Toronto, chaperon. Dr. A. B. Babcock, of Toronto, accompanied the party.

The annual Field Day at Newburgh, on June 3rd, was well attended, despite the cold weather. The principal attractions were a softball game, Nationals of Toronto, vs. Trinity, Napanee. This was very interesting. Each team played well, but the Napanee boys excelled at every point, and were deserving winners. The result of the game was 21 to 7, in favor of the Nationals. The league game, between Trinity and Newburgh, resulted in a score of 9 to 6, in favor of Newburgh.

The result of the game was 21 to 7, in favor of the Nationals. The league game, between Trinity and Newburgh, was exceedingly interesting. Tamworth team were in good trim, as was Newburgh also. Good humor prevailed throughout the game, and each play showed a good sporting spirit. The result was 7 to 11, in favor of Newburgh. Herb Holder, of Napanee, was umpire. More than 600 people were in attendance, and the whole event was a tremendous success. Much credit is due the Executive of the Athletic Association who planned the day and carried it through to such a splendid success. Fred Ballard, of Napanee, won 1st prize, and Tom Harrison 2nd, in the wrestling contest. In the evening a basketball game between Tamworth and Newburgh, resulted in a score of 9 to 6, in favor of Newburgh.

STRATHCONA

Miss Gladys Noakes, of Montreal, spent a few days this week at James Wilson's. — The interior of the United Church here is being redecorated by Scrimbeury Bros., of Belleville, and service will be held next Sunday in the Library Hall at 2.30 p.m. Sunday School at 1.30. —The June meeting of the Mission Circle was held in the church last Friday evening. Most of the members were present and a very helpful hour was spent. — Mr. and Mrs. James Wilson were in Toronto recently attending the graduation of nurses of the General Hospital. Among those who graduated was their daughter, Kathleen. All her old friends will be pleased to hear of her success. — Mr. G. R. Finlay made a business trip to London this week. He was accompanied by Undertaker Ward Wartman, of Newburgh, who also went on business.—Mr. Manley Hawley has secured work at Point Anne, and intends to move his family there soon.—Mr. Charles MacDermid has moved into the north end of the boarding house, and Mr. L. Patrick, of Newburgh, intends moving into the house vacated by Mr. MacDermid. — Mr. Roy Jones visited his uncle, Mr. Herb. Kimmerly, Empey Hill, on Sunday.—Miss Ruth Wilson is supply teacher in the East Ward School, Napanee. — Miss Evelyn Toner, who is training for a nurse in Uncle Sam's land, is at home for her holidays. — Mr. and Mrs. Fraser Young and Mr. and Mrs. C. Baker attended camp meeting in Yarker on Sunday.—A number from here motored to Napanee on Sunday to hear Rev. C. W. DeMille, a former pastor, who preached in Trinity United Church morning and evening. — Mr. and Mrs. B. Finlay, Mr. and Mrs. Wm. Ballance, Mr. Henry Luther, Mr. Wilfred Wilson and Mrs. A. H. Hoare went to Ottawa on the excursion on Wednesday. — Miss P. Luther, nurse-in-training at the Kingston General Hospital, is home for her holidays.—Mr. Geo. Toner, of Detroit, is holidaying at the home of his parents, Mr. and Mrs. Henry Toner. — The hay press is making its rounds in this vicinity. — Mr. Wm. Ballance has put an electric light over his gasoline tank, so those who wish to buy gas or oil late in the evening may do so without any inconvenience. Let us patronize home industries.—Everybody remember that the circuit meeting social will be held on the parsonage lawn, Newburgh, on the evening of July 7th. Keep the date open. — Mr. E. Fox, of Mountain Grove, is once more in our midst and is working in the district. — Mr. David Mowers is all smiles,—it's a wife." On Wednesday he and Miss Eva Clute went to Napanee and were married at Trinity parsonage. We all extend congratulations to the newly married couple.

ADOLPHUSTOWN

This Friday evening, the Bi-Nais Dramatic Club of S. Luke's Church, Kingston, will present their four-act play, "Plain People", in the Parish Hall. This entrancing comedy is by Lulu Vollmer, and was played by J. Stevens, and its presentation by Kingstonians, well versed in histrionic art, insures an evening of more than usual enjoyment. The players are to be accompanied by Shea's five piece Orchestra, who will furnish the music for dancing after the play. — Announcement has been made of the marriage of Miss Bertha Smith, daughter of Mr. and Mrs. Joseph Smith, to William Robinson, formerly of Napanee. The ceremony took place June 1st, in Detroit, where the young couple will make their home. The bride is a popular resident of this village, and hosts of good wishes follow her to her new home. — Mr. Charles Roberts, Montreal, visited relatives here this week.—Miss Hyacinthe Smith and Mr. Sheppard, of Kingston, were week-end visitors of Mr. and Mrs. Herbert Gallagher. — Morley Reynolds, who is seriously ill of bronchial pneumonia, was taken to Kingston General Hospital this week for treatment.—Mrs. Orrel and Miss Hazel Smith, Trenton, visited their parents over the week end. — On account of the play being held on Friday night in the Parish Hall, ice cream will not be served next Saturday evening; but on these popular ice cream socials will be resumed the following Saturday, and held weekly throughout the season.

TOWN COUNCIL

The regular meeting of the Council was held in the Council Chamber, on Monday night.

The members present were Councillors Dunbar, Fitzpatrick, Howitt, MacGregor and Roy.

Mayor Ming presided.

A communication was received from the Secretary of the Board of Education, with the request that signs be placed on the streets adjoining the schools, warning motorists to slow down when approaching the schools. Referred to Street Committee.

A petition was presented, signed by twenty-five propertyholders on John Street, for a permanent pavement on that street, with proper curb and gutters, from the Canadian National Railway lands to Dundas St., the work to be done under the Local Improvement Act, and assessments covering the cost thereof to extend over a period of twenty years. A delegation waited upon the Council in support of the petition. Mr. J. G. Daly, spokesman for the party, said that next to Dundas St., John St. was the most important thoroughfare in Napanee. There was a heavy traffic to and from the station, and a permanent pavement was necessary to keep the roadbed in proper shape. Also that a majority of the residents and business men on John St. very much deserved it.

The petition was referred to the Streets Committee to report on.

Coun. MacGregor, Chairman of Streets, reported that he expected the streets to be oiled about the 15th inst. The Company had notified him to that effect.

The special committee appointed to report on the parks were given further time to investigate.

Coun. Howitt reported that the Market and Police Committee had purchased small scales for the market weighing. The scale of prices will be 2c. for 100 lbs. or less, over that quantity 5c. will be charged.

It was moved and seconded that a sign be placed in front of the Fire Hall, notifying motorists that no parking will be permitted within twenty-five feet of the hall.

A motion was made and carried that the Mayor confer with the Utilities Commission and find out their attitude with respect to Springside Park. The Council would be willing to go 50-50 with them in improving this resort.

The coal weighing by-law was read a third time and passed. In substance it means that the driver of any load of coal being delivered to a customer can be halted by a police officer and made to weigh his load on the market scales. The enforcement of the by-law is left to the discretion of the police.

The following accounts were ordered paid:—

TAKING OUR TEMPERATURE

A Few Observations About Clinical Thermometers.

In winter and spring when la grippe is rampant, many of us make use of clinical thermometers, but few give thought (especially if the mercury reads above the "normal" point) to the nature of the little instrument which is found in practically every household. Probably the clinical thermometer is the most widely used of any pathological instrument, and, although familiarity may breed contempt the accuracy of these small thermometers does actually compare very favourably with that of the much more costly and larger instruments used in scientific laboratories. The clinical thermometer, in common with its larger brethren, is subject to errors which may give rise to fictitious indications. Unless special glass is used for the thin bulb containing the mercury, errors will accumulate for some considerable time after manufacture, due to a slow shrinkage which takes place—extending sometimes for years. Often, too, gas entrapped in the walls of the thermometer tube passes into the fine capillary hole and results in portions of mercury becoming detached from the main column. These pieces may pass unnoticed, and incorrect temperatures may be indicated.

Then, too, clinical thermometers have troubles of their own—due to the main to the constriction which enables the mercury column to retain its reading after removal from the patient's mouth. The making of this construction calls for great skill on the part of the glass blower. If the thermometer is over constricted the mercury will rise by large jumps, causing errors, and the column will be difficult to shake back. On the other hand the mercury must be trapped effectively, otherwise a fall will take place in the index, when the thermometer is removed for reading—giving a temperature which is too low.

These errors are quite frequently encountered. The National Physical Laboratory in England reported that in one series of nine thousand thermometers twenty-eight per cent were found unreliable. Good makers have a much smaller percentage of failures. As a comparison with the figures just quoted, one firm in the same year had only twenty-five instruments rejected out of fifteen thousand and most of these were for minor defects.

At the National Physical Laboratory the number of clinical thermometers tested has averaged as high as twenty-five thousand per week throughout the year—this figure giving some idea of the number of clinical thermometers in use. In Canada, tests to clinical thermometers similar to those made at the National Physical Laboratory are undertaken by the Physical Testing Laboratory, Topographical Survey, Department of the Interior, Ottawa. This laboratory has special equipment for the work, and regularly issues certificates of approval for thermometers for the Government Service, hospitals, sanatoria and the Canadian public generally.

Practical Training.—Mrs. Timkins was taking her son to school for the first time and, after impressing the schoolmaster with the necessity of his having a thorough education, finished up by saying: "And be sure he learns Latin."

"But, my dear madam," said the master, "Latin is a dead language."

"All right," said Mrs. Timkins, "I'll send it. He's going to be an undertaker."

RICE PUDDING THE CHILDREN WILL LIKE

Mothers realize the healthful properties of rice and its importance in a child's diet, but often find that the simple methods of serving it boiled or as a baked custard become unmanageable and distasteful. By combining rice with fruit it takes on an entirely different appearance which is sure to appeal to the child's appetite. And although its flavor is also changed, it carries the same amount of nutriment—in fact more, because fresh fruit is also beneficial.

This pudding, which is easily prepared, can be served as a main luncheon or supper dish for children, and with a few added touches becomes a dainty dessert for the grown-ups.

Boil one cup of rice in a quart of salted water until very soft. Drain the rice, add a cup of milk and then cook until it is like mush. Add a tablespoon of butter, half a cup of sugar, a tablespoon of lemon juice and a little of the grated rind, and two well-beaten eggs. Arrange in a well-buttered enamelled ware baking dish, place halved ripe peaches over the surface, with a split blanched almond in the cavity, if desired. Then brush over with melted butter and sprinkle thickly with powdered sugar. Bake in a hot oven about thirty minutes. For the children, serve it plain, either hot or cold from the dish in which it is baked. For the grown-ups, prepare a hard sauce as usual, beat well, then fold in some peach pulp to flavor well, also if desired the stiffly beaten white of one egg.

RASPBERRY AND CURRANT CONSERVE

The berry season will soon be at its height, and the housewife who wishes to have a good stock of preserves on her pantry shelves for winter use, will take advantage of any bargains she can get when she finds her dealer overstocked.

Conserves are always a delicious adjunct to hot roasts or cold cuts, and raspberries and currants are a splendid combination. A conserve made of these berries together with other fruits, provides a delightful pungent flavor which is sure to satisfy the most fastidious palate. And, in addition, its lovely color helps to make a well-appointed table look more attractive.

Place two quarts of currants in an enamelled ware saucepan together with a quarter of a cup of water. Simmer until the currants are soft, and then press through an enameled ware colander to remove the skins. Then put the juice and pulp into the enamelled ware saucepan again, add three pounds of granulated sugar and cook for about ten minutes. The surface of enameled ware is impervious to the action of fruit acids, so there will be no danger of the fruit affecting it or becoming affected by it. Then add one medium sized pineapple cut into cubes, one pint of strawberry rhubarb cut into small pieces, and the pulp and juice of four oranges, with just a little of the outer rind—about two tablespoons. Let the mixture simmer until it is a thick consistency. Pour into jars and, when cool, seal.

WEAK AND NERVOUS

A Condition Always Due to Thin, Watery Blood

Thin blood and weak nerves generally are found together. Red blooded people seldom complain of nervousness. The reason is that the blood feeds the nerves and keeps them toned up to do the work nature intended. When the blood is thin and weak it fails in this important function and nervous troubles follow. The following case will interest those who need a tonic for the blood and nerves. Mrs. D. Veno, Union Square, N.S., says:—"With a feeling of gratitude I write to tell you what Dr. Williams' Pink Pills did for me. I had become badly run down, and reached the stage when I could not do my housework. I was pale and weak, but my nerves seemed completely shattered. The least noise would startle me and I would be troubled with headaches. Worse still, I could not sleep at night. Perhaps I would get an hour or two sleep, and then lie awake for the rest of the night. I had reached a stage when I actually feared I would lose my mind. Up to the time I decided to take Dr. Williams' Pink Pills, nothing I had taken seemed to do me any good. I got a few boxes of these and soon there was no doubt they were the medicine to help me. As I continued the use of the pills I gradually grew stronger, ate better and could sleep at night, and now I am as well and strong as a woman could wish to be. I hope some other weak, nervous person will be benefitted by my experience."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

One night Willie Pinkerton and his family were enjoying a wonderful concert over the radio from station K.A.L.E. when all of a sudden the concert stopped and a mysterious code message came out of the loud speaker. Nobody knew what it meant. But Willie was quick enough to jot it down and as it had been a Sterling secret broadcast, Willie Pinkerton managed to decipher it. Can you?

HOW HE DECIPHERED IT

His Pa and Ma wanted to know what the message meant but Willie wouldn't tell them. He told them how he worked it out to see if they could do it too. He told them the message contained 11 words, each little group of letters representing a word. Then by writing the alphabet down from A to Z and number each letter beginning at Z first as number 1, Y2, X3, W4, and so on. Then change the letters of the mysterious words into numbers by finding which number each letter represented. Then by writing down the numbers underneath, numbering in the right way A number 1, B2, C3, D4, and so on. Change the numbers back into letters by finding the letter corresponding to that number. In order to help them he told them the first word was "It". Decipher the complete message if you can and send your answer right away to compete for the tag prizes.

200 POINTS WINS FIRST PRIZE

The magnificent and valuable prizes in this contest will be awarded according to the number of points gained by each entry. The entry gaining 200 points wins first prize, the entry with 190 points second prize, and so on. Comply with the rules and be sure of a prize.

THE OBJECT OF THE CONTEST

Frankly this is an advertising contest its aim being to further the popularity of the well-known Sterling Hosiery. Also to sell to the consumer direct the lines of Sterling Hosiery now on sale at stores direct to the home. Thousands of people in Canada already know and wear Sterling Hosiery, but we want to reach thousands more that they may become acquainted with Sterling Quality and Sterling Values in pure silk, silk and wool, and pure wool hosiery for every member of the family.

SEND YOUR ENTRY TODAY

When your answers are received we will write and tell you how many points you have gained towards the prizes, and will ask you to allow us to send you a few sample pairs of Sterling Hosiery to show to a few friends who will gladly become Sterling Hosiery users as a result. This is a simple and easily fulfilled favor, involving little time, and need not cost you a cent of money, and will qualify your entry to stand for the prize you win. Prizes will be awarded for every effort you put forth in furthering the sale of Sterling Hosiery.

First Prize Value $850.

BE PREPARED TO CAN WHILE YOU CAN

Strawberries, the first of the berry crop, are now in season and within a few weeks they will be plentiful and selling at a reasonable price for preserving. The strawberry is without doubt the favored berry for jam, and the housewife who realizes that they are only in season for about two months and wishes to keep her family supplied throughout the winter, will go over her preserving equipment now and add to it or replenish any utensils or accessories.

The spring sales advertised in this newspaper feature all the necessary equipment—enameled ware preserving kettles and funnels, long handled spoons, skimmers, colanders and glass jars.

Be prepared to take advantage of the low price your dealer will ask for strawberries when he finds that he has overstocked.

CARE OF SHADE TREES

Clean culture is an important factor in the protection of shade trees from the insect enemies that attack them, according to a new bulletin of the Entomological Branch of the Department of Agriculture, at Ottawa, on the shade tree insects of Eastern Canada. All dying and dead branches and trees should be removed and burned, as they are the breeding places of many insects and rot-causing fungi. All such waste material should be collected and burned promptly. Unhealthy wood should be cut out and burned as soon as detected. Time and labour spent on this work will be well repaid as it will likely save considerable expense involved in treating trees from insects by spraying or other means.

They Worked a Miracle For Him

So Says Ontario Man of Dodd's Kidney Pills

Mr. H. Austin Suffered With Backache, Headache, And Was Gradually Losing Strength.

Coldwater, Ont., June 7th, (Special)—There is no more enthusiastic believer in Dodd's Kidney Pills anywhere than Mr. H. Austin, a well-known resident here. He has good reasons for his enthusiasm. He writes: "This is to praise Dodd's Kidney Pills for what they have done for me. I think it is a miracle. I suffered so much with my kidneys and pains in my legs and back. My head ached and, in fact, I seemed to lose my strength. After using six boxes of Dodd's Kidney Pills I am now quite well. Thanks to Dodd's Kidney Pills, which I always keep in the house now, I have gained in weight."

Many men suffer periodically with backache and, as middle age approaches, the pain increases in severity. Rest may give temporary relief, but Dodd's Kidney Pills do more than this. They strengthen weak kidneys and remove the cause of the pain.

THIS MOTHER GLAD DAUGHTER IS WELL

Mrs. Parks Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Daughter's Health

Toronto, Ontario.—"My daughter is 16 now and has been an invalid ever since she was six months old and has been compelled to remain out of school the greater part of the time. We have tried different kinds of medicine, but none helped her much. I had taken Lydia E. Pinkham's Vegetable Compound myself when I was run-down, and it had helped me so much that I thought it might help her at this time. She has gained ever since she began taking it. She attends school every day now and goes skating, and does other out-of-door sports. I recommend this medicine to any one who is run-down and nervous and weak."—Mrs. PARKS, 106 Bond Street, Toronto, Ontario.

Sturdy Old Italian Dames.

The women of the lower classes in Italy are indefatigable workers. They have to be, and do all sorts of laborious and unwomanly tasks, according to one American idea. In fact, the traveler in Italy is almost convinced that the women do all the work, while the men do the talking. Age is no barrier to feminine activity, for one old crone at least eighty, to judge from her wrinkled face and tottering steps, was photographed carrying an immense basket of faggots, all alone, across one of the busiest streets in lovely Lugano in Italy.

Explaining Geysers.

In a word, the whole secret of the intermittent geyser lies in a subterranean reservoir, the contents of which are forced out by steam expansion every time it gets filled up. The Yellowstone park is a region which not so very long ago was fiercely volcanic. In that role it has ceased to play an alarming part, but over its vast area the crust is extremely thin. A very literal hell rages not far beneath the places frequented by tourists, and thence is derived the heat that causes the outbursts of the geysers.

Brass Most Useful Alloy.

Brass is perhaps the best known and most useful alloy. It is formed by fusing together copper and zinc. Different proportions of these metals produce brasses possessing several distinctive properties. The proportions of the different ingredients are seldom precisely alike; these depend upon the requirements of various uses for which the alloys are intended. Peculiar qualities of the constituent metals also exercise influence on the results.

Protests Seizure of Book.

A deed book of New York city more than 200 years old, in possession of J. E. Spannuth, a second-hand dealer of Pottsville, Pa., has been seized by authority of New York city officials. The book covers the period from 1687 to 1694, and contains the titles to most of the property in the financial district, worth hundreds of millions. Spannuth says he bought the book from an antiquarian and will contest the right of the city to seize it.

Was Bound to Go Along.

Harry's father and a friend were going for a walk one Sunday afternoon, and Harry insisted on going along. His father said he would give him a nickel if he stayed home. Harry refused. His father then proposed to bring him back a bicycle if he stayed at home and was a good boy. Harry pondered this for a moment, and replied: "No, I'll go along and ride it back."

When I go anywhere I want a change."

Bonaparte's Short Career.

In 1802, on August 2, Napoleon Bonaparte was declared consul of France for life. Thirteen years to the day, the convention between the representatives of Great Britain, Prussia, Austria and Russia declared Bonaparte, then emperor of the French, to be a prisoner of the allies and intrusted Great Britain with his custody.

New Kind.

Little Frederick, five, was visiting their neighbor across the way and noticed Mrs. Smith with a new pair of eye-glasses. "Oh, mamma," he exclaimed on arriving home, "I went over to see Mrs. Smith and she wears lobbing glasses on her eyes."

PILES GO QUICK

Without Salves or Cutting

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Had circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt was first to find the remedy and called his prescription HEM-ROID. Dr. Leonhardt tried it in 1000 cases with the marvelous record of success in 98 per cent, and then decided it should be sold by druggists everywhere under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from Wallace's Drug Store to-day. It has given safe and lasting relief to thousands and will do the same for you.

Every Motorist a Monarch

Supreme in the Empire of Ontario's Beauty

GOOD roads in Ontario have made each motorist the Monarch of an Empire of natural charm and beauty. This Empire is his to know and to enjoy, with convenience and ease.

In an hour or less, he can pass through unequalled scenes of farmland, lake and stream—can mount hills which open out a wide and colourful panorama—can descend into valleys where nature is most exquisite because most intimate.

The highways invite you to see your Province and thus to know how good a place it is in which to live. Never have the roads been better. Enjoy them. But use them sanely. Excessive speed damages road surfaces and hastens the need for costly repairs. Remember that roads are maintained at the expense of yourself and the other motorists of Ontario. Do not break the speed law.

The Government relies on the cordial co-operation of motorists in maintaining the roads by sane driving. Those who are careless about speed restrictions are reminded that the law is being rigidly enforced.

S. L. SQUIRE,
Deputy Minister

THE HON. GEO. S. HENRY,
Minister of Highways

Issued by the Ontario Department of Highways to secure the co-operation of motorists in abating the abuse of the roads of the Province.

YARKER SOUTH

The weather has been so cool for so long that we hope for a change soon. — A number from here attended camp meeting at Yarker, on Sunday.—We are sorry to report that Mr. Cassin Davy is not improving in health.—Mrs. J. Vanness, of Peterboro'; Mrs. M. Thompson and Mrs. German Wagar and Mrs. R. H. Wagar spent Friday at J. A. Love's. —Mrs and Mrs. Harold Huff and Mrs. M. Love called on Mrs. John O'Mara, Chippawa; also Mrs. J. Switzer, on Sunday afternoon.—Miss Ruby Davy spent Sunday with her parents here.—Mrs. John Love is spending a week at Enterprise. — Mrs. M. Love spent Monday afternoon at Elginburg, with her aunt, Miss Martha Graham, who has been very ill.

Progressing Rapidly.

For the fourth time a new baby had arrived at the home of Robert's sister Nellie. When informed of the event one of his aunts told him in an impressive manner that he was now an uncle for the fourth time. Rather fussed, the little fellow answered: "Goodness me, if things keep on I'll soon be a grandpa."

Childhood's Ills.

Barbara wanted a piece of apple, but while grandfather was getting it for her sleepiness almost overcame her and her eyelids began to droop. It was bedtime, but she winked and blinked and at last exclaimed: "I wish they had made the eye hinges a little tighter."

Solo Most Frequently Used.

Music may be joined to words in many ways: in church music, opera, oratorio, madigrals, part songs, and so on. But experience shows that the most frequently used type is the solo, ranging in its manifestations from primitive folk song up to the richest complexities of the art.

Eliminated.

Marie and Helen were playing house one day, when Ruth joined them. They were not particularly anxious to see her that day, and finally said, "Well, you can be the maid and this is your day out."—Nebraska Awgwan.

YOUR SUPPORT WILL MAKE IT A SUCCESS

"Applesauce," Sparkling Comedy, a Chautauqua Feature

The smashing Broadway comedy hit, "Applesauce," will be one of the big features of the coming Dominion Chautauqua. It will be presented by a splendid cast of New York actors.

The play gets its name from the blarney of a lovable, good-looking, happy-go-lucky youth who wants to marry Pa Robinson's daughter, Hazel. Pa and Ma want her to wed a plodding, well-to-do youth of the town, Rollo Jenkins. She does accept Rollo, but her love for Bill and his "applesauce" cannot be downed and wins out, just as the audience wants it to.

MOSCOW WOMAN'S INSTITUTE

The Women's Institute held a very successful Bazaar on June 2nd. In spite of the unfavorable weather the numerous booths were well patronized during the afternoon.

A lunch counter, ice creams and candy booth, fancy work and apron booth, also the fish pond were all under the supervision of capable conveners and their splendid assistants.

A bean guessing contest proved interesting. M. I. Huffman and Mrs. Wheeler, of Tamworth, were the prize winners.

A pair of duck feather pillows were donated by Miss Georgie Huffman, and tickets were sold on the same. The tickets were all put in a bag and well shaken. Then little Nellie Lakins drew the prize ticket which proved to belong to Mrs. R. Asselstine. The beautiful autograph quilt was on exhibition but was not sold.

The play, "Safety First", was put on by our young people in the evening, and was thoroughly enjoyed by all.

The President, Secretary and Conveners of all the committees deserve great credit for the able manner in which the whole affair was carried through.

OBITUARY

Mrs. Thomas Smith.

One of Napanee's oldest residents passed away in Kingston early on Saturday morning last, in the person of Mrs. Thomas Smith, at the advanced age of 93 years. Deceased, whose maiden name was Lily McDowell, was born in Sheffield, near Tamworth, in June, 1833, being a daughter of the late William and Lily McDowell. In early life she was married to the late Thomas Smith, who for many years was a valued employee in the tannery conducted by the late Daniel Dey. Practically her entire life of nearly five score years was spent in Napanee, and she will be well and kindly remembered by our older residents. Three sons, Messrs. Samuel, Thomas and John Smith, survive to mourn the loss of a kind and loving mother. Her husband predeceased her several years ago. The remains were brought to Napanee on Saturday afternoon to the home of her son, Mr. Samuel Smith, and the funeral was held from there on Sunday afternoon at 2 o'clock. Service was held in the Pentecostal Hall, and the remains were interred in Riverview cemetery. The surviving members of the family have the sympathy of their many friends in their bereavement.

James Byron Scanlon.

At 11.30 a.m. Tuesday, May 25th, 1926, after an illness covering a period of four years, James Byron, son of the late Mr. and Mrs. James Scanlon, Enterprise, Ont., passed peacefully away at his home in Buffalo, N.Y., aged 48 years and 6 months. Byron, as he was familiarly known, was a general favorite with all who knew him, and the news of his death came as a shock to his host of friends. His childhood days were spent on the farm, near Enterprise, Ont. In early manhood he became associated with the C. P. R. Co., acting in the capacity of telegrapher for a number of years, later going to the C. N. R., where he remained until 1922, when his health failing he was forced to retire from active work and moved to Buffalo, N.Y., going into business, where he has since resided. In 1908 he was happily married to Loretta E. Meagher, of Marysville, who, with one son, Jack, survives him. He was a devoted Catholic, and bore his affliction with fortitude and patience, his life being an example to all with whom he came in daily contact, and his untimely passing brought keen sorrow to countless friends and relatives. His remains were shipped from Buffalo to Enterprise on Thursday, accompanied by his wife and sister, Mrs. McHarg, and was taken to his boyhood home, where his brother, Thomas, now resides, and where numerous friends of earlier days gathered to pay their last token of respect and sympathy. The Spiritual bouquets were many, testifying to the high esteem in which Byron was held by all who knew him. The funeral, which was largely attended, took place Friday morning, a Requiem High Mass being celebrated by the Rev. Father Hanlon at the Church of the Annunciation, Chippewa, after which interment was made in the R. C. cemetery, where he was laid to rest beside his brother, John, who predeceased him six months ago. Besides his sorrowing widow and son, there are left to mourn his going two brothers, Thomas at Enterprise, and Edwin, Colorado; and three sisters, Mrs. T. D. Murphy, Clayton, N.Y.; Mrs. A. H. McHarg, and Mrs. Albert Browne, of Texas.

TAMWORTH

Miss Maggie Jones' house caught fire about 3 o'clock Wednesday afternoon, from some unknown cause. The roof was burned off the kitchen, which was between the wood house and the main part of the house, but with the fire extinguisher and lots of help and lots of water, the main part of the house was saved. Loss was covered by insurance.—Mr. and Mrs. Wright, of Ottawa, are visiting with friends in town.—A. B. Carscallen and Stanley Haggerty were in Montreal for part of this week on business.—In the game of baseball played at Centreville, between Odessa and Tamworth, the score was 10-14, in favor of Odessa.—Boys report good fishing at Beaver Lake. — Tommy Kennedy will have an auction sale on Saturday of all his household goods. He intends moving to Kingston, where he will be near his work.—Mrs. Jerry Donovan was taken to the hospital on Wednesday.

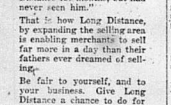
Others do— you can!

To sell people one has never seen — by Long Distance — may seem strange to you, but it is being done every day. "I sell by Long Distance to points 200 miles away," writes a hardware merchant, "and never see the customers."

"A man called at our store the other day" — writes another merchant, "I recognized his voice at once. I had been calling him by Long Distance for months, but had never seen him."

That is how Long Distance, by expanding the selling area is enabling merchants to sell far more in a day than their fathers ever dreamed of selling.

Be fair to yourself, and to your business. Give Long Distance a chance to do for you what it is so successfully doing for others.



Copalline, the varnish that resists water, gives a brilliant gloss and stands the everyday wear and tear. For sale at Wallace's only.

WISE AND OTHERWISE

"Is your husband fond of those clinging gowns?"

"He must be; he has let one cling to me for two years."

Corns cause much suffering, but Holloway's Corn Remover offers a speedy, sure, and satisfactory relief.

"I'll never ask another woman to marry me as long as I live."

"Refused again?"

"No, accepted."

A pleasant medicine for children is Mother Graves' Worm Exterminator, and it is excellent for driving worms from the system.

Mother—"Don't you think Daisy sings with a good deal of feeling?"

Crusty Old Fellow—"Well, hardly! If she had any real feeling, she wouldn't sing at all."

The Friend of All Sufferers.—Dr. Thomas' Eclectric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone and realizes it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever enquired for.

"Have you heard that Smithson is marrying the wealthy Miss Playface?"

"Yes, poor blighter!"

"But why? She's pots of money."

"Yes, but the worst of harrying a woman for her money is that when the money's gone, the woman remains."

Fresh Supplies in Demand. Wherever Dr. Thomas' Eclectric Oil has been introduced increased supplies have been ordered, showing that wherever it goes this excellent Oil impresses its power on the people. No matter in what latitude it may be found its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breakage.

Coleman du Pont said at a dinner in New York:—

"The United States has four times as many automobiles as all the rest of the world put together."

Mr. du Pont smiles and added:

"We often complain that we have no national flower. It seems to me we ought at once to make our national flower the car-nation."

Miller's Worm Powders not only exterminate intestinal and other worms, but they are a remedy for many other ailments of children. They strengthen the young stomach against biliousness and are tonical in their effects where the child suffers from loss of appetite. In feverish conditions they will be found useful and they will serve to allay pain and griping in the stomach, from which children so often suffer.

Miss Leedom—You want me to go ridin', you say? Do you drive your car?

Mr. Stamper—Yes.

Miss Leedom—Do you drive with one hand?

Mr. Stamper—Yes.

Miss Leedom—I'll get you an apple for the other.

Awful Asthma Attacks. Is there a member of your family who is in the power of this distressing trouble? No service you can render him will equal the bringing to his attention of Dr. J. D. Kellogg's Asthma Remedy. This remarkable remedy rests its reputation upon what it has done for others. It has a truly wonderful record, covering years and years of success in almost every part of this continent, and even beyond the seas.

A schoolmaster met two students out for a walk when he knew they ought to be at their lessons.

Going up to them, he took out his notebook and pencil to jot down their names.

"Now, sir," he said to one of them, "what migrat your name be?"

"William Makepeace Thackeray, sir," answered the boy.

"What, Sir! Do you mean to tell me that your name is William Makepeace Thackeray?" cried the master.

"Sir," replied the student, gravely, "you asked me what my name might be, not what it is."

Quick Relief For RHEUMATICS

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it to-day. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good-riddance to bad rubbish."

Many people, the most skeptical of skeptics right in this town and in the country hereabouts, bless the day when Wallace's Drug Store and other druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma to-day.

HAVE SIMILAR FINGER MARKS

Important Discovery Made by California Professor as to Peculiarities of Family Groups.

Prof. J. A. Larson, instructor of physiology in the University of California, announced a new discovery in connection with finger prints which is likely to have a remarkable influence on many important cases that concern the law courts of California.

Briefly, Professor Larson's discovery indicates that a similarity of finger prints among members of a family is sufficiently marked to enable scientists to trace family groups and determine positively whether a given individual is really a member of the family to which he claims relationship.

The importance of the discovery in probate cases such as the Slingsby case is obvious.

Should Dr. Larson's new discovery be accepted by law and science, the Slingsby decision may be reversed, as well as many other analogous cases.

Dr. Larson's investigations began in 1913 at the Boston university.

"Since that time I have examined prints of members of approximately 100 families," he said, "and I am satisfied in my own mind that such a means of identification is possible. I am preparing detailed reports of my work now in order that science may be benefited by my discovery. Before I complete this, however, I expect to investigate the prints of fifteen or twenty additional families so as to remove all doubt as to the accuracy of my discovery."—San Francisco Chronicle.

AMBER FORMED BENEATH SEA

Natural Resin of Pines Turned Into Precious Material by the Action of the Elements.

"The world's supply of amber, that rare and therefore precious substance, the "gold of the north," as it has been called, comes from the coast of Samland in the eastern Prussian peninsula, between the towns of Burstineken and Palmnicken, and here the shafts of a famous mine run out under the Baltic and the miners are actually working under water. Ages ago the country was a land of pine forests which the ocean overwhelmed; the pine trees vanished beneath the surface of the sea, and then, century by century, the wood became fossilized and the natural resin of the pines was turned into amber. Millions of years were needed to transform the resin into amber, and the search for amber has developed romantic and picturesque episodes like those that have become part and parcel of the story of gold and diamonds. An amber mine, however, is not necessarily under water, and there is an open-air mine at Palmnicken where amber is dug for in much the same way as diamonds are sought in the mines of Kimberley. In normal times this one mine provides occupation for about 3,000 amber seekers.

Our Own Masters.

We have been told that America is to save the world and rescue civilization from destruction, but we must do it in our way; in the way that has made us, in a little more than a century, the most unified, the most virile, and the most potent single power in the world. And when we ask ourselves what it is that has given us this unity, this virility, and this potency, the answer is, that we have founded this nation upon principles of law, and upon the guarantees of individual rights under the law. That is our great contribution to civilization; and if we are to be of use to other nations, old or new, our first thought must be to remain our own masters, to preserve our independence, to control our own forces as a nation by our own laws, and to protect our heritage of organized liberty from any form of detraction or perversion.—David Jayne Hill in the South American Review.

Giant Warrior of Middle Ages.

The pride and magnificence that played their part in the days of chivalry can hardly have a better illustration than the suit of equestrian armor which has recently been placed on exhibition in the Metropolitan Museum of Art, in New York city. Sieur Jacques Gourdin de Genouillhe wore the suit in the sixteenth century, and Sieur Jacques was an uncommonly large and powerful warrior, who served under Louis XII. and Francis I. of France. As may be deduced from their armor, the knights of the period were not noticeably large men, and Sieur Jacques must have seemed a veritable giant, for a six-foot attendant at the museum has tried on his armor and is said to have "merely rattled around in it."

Sea Moss.

Owing to the war the supply of "sea moss," of which several hundred thousand pounds, valued at almost $50,000, have been imported annually, for the most part from France and Germany, has virtually come to an end. Sea moss (not seaweed) is the popular name of several kinds of small marine animals that grow in colonies of a branching, plantlike form. Their commercial value arises from their having a horny skeleton which preserves the general plantlike shape of the growth.

Slang Among the Ancients.

An ancient use of a mere slang idiom was mentioned recently by T. E. Peet, the lecturer in Egyptology at Manchester university. He said that the Egyptians always used the verb "to do" in referring to a visit to a country, just as an American today speaks of "doing" Paris or London. After this it will not surprise us to learn that Hannibal considered his expeditions as nothing more than "visits" or that the Roman populace was rather annoyed when Julius Caesar was "done in."—Manchester Guardian.

"Amen Corner."

The phrase "amen corner," is said to have originated in London, where, at the end of Paternoster row, the monks at one time finished their recitation of the "Pater Noster" as they went in procession on Corpus Christi day to St. Paul's cathedral. They began in Paternoster room with the Lord's prayer in Latin, continuing it to the end of the street, and then said "amen" at the corner of the row. As used in this country the phrase describes the corner of a church where the elderly members sit and pronounce the word "amen" at intervals.

Mankind's Debt to Reading.

"Have you ever rightly considered what the mere ability to read means?" once asked James Russell Lowell, and then answered his own question: "That it is the key which admits us to the whole world of thought and fancy and imagination? to the company of saint and sage, of the wisest and the wittiest at their wisest and wittiest moment? That it enables us to see with the keenest eyes, hear with the finest ears, and listen to the sweetest voices of all time? More than that it annihilates time and space for us."

The Works of Peace.

There remains to us a great duty of defense and preservation; and there is open to us also a noble pursuit, to which the spirit of the times strongly invites us. Let us advance the arts of peace and the works of peace. Let us develop the resources of our land, call forth its powers, build up its institutions, promote all its great interests, and see whether we, also, in our day and generation, may not perform something worthy to be remembered. —Daniel Webster.

Foolish to Trust to Luck.

It's no use tackling big propositions blindly. Dumb luck may bring you out on the right side. It may also bring you out on the short side. And if it does you are bound for defeat. Blind good fortune has brought men through trials, but that is not smarter for it. It's the man who sees the trials and marshals his forces so as to bring every ounce of energy into control that wins honors on the up-grades.—Exchange.

Still Searching for Atlantis.

Phoenician tradition ascribed to the people of Atlantis a high civilization. During the last few years scientific expeditions, in pursuit of natural history collections, have made explorations of the sea bottom in that region. How interesting it would be if their dragnets brought up from the depths some ancient relics from drowned towns of the lost continent.

The Six Senses.

In a primary school examination, a question about the senses was answered by a bright pupil in this fashion: "The five senses are sneezing, sobbing, crying, yawning and coughing. By a sixth sense is meant an extra one which some folks have. This is snoring."—Boston Transcript.

Hadn't Thought of That.

A man, unable to choose a wife from three girls whom he admired, sent duplicate letters of proposal to all, intending to marry the one who assented first. The trouble that he did not foresee was that the two too-late ones would sue for breach of promise.

Needs Brains First of All.

"In our complex civilization one scarcely knows what ethical principles to follow," says a writer. One might set forth reasonably confident in the Ten Commandments and the Sermon on the Mount.—St. Louis Globe-Democrat.

Her Other Boarder.

Tillie Clinger says that in asking for accommodations at a strange place yesterday she inquired if there were any other boarders. "No," replied the landlady, "unless it's my husband, and he can quit any time he wants to."—Seattle Post-Intelligencer.

Novelty Soon Wears Off.

An experienced young woman told us the other day that there is a time in every engaged girl's life when about a day's growth of beard adds to her thrill, but that after the novelty wears off, clean shaving is much preferred.—Ohio State Journal.

Her Shoes Hurt Her Feet.

As a general thing, when you see a woman hobbling along the street with an agonized expression it is a sign that she's got more foot than head.—Dallas News.

Optimistic Thought.

An emperor traveling as a man has the rights of a man.

B. & H. English Paint costs more than some other makes, but when you consider that 2 quarts cover an area that takes 3 quarts of ordinary brands, and gives a superior wearing surface, it is clearly the most economical. B. & H. English Paint for sale at Wallace's.

Keep Smiling For Him

There is absolutely no need for you to wear out your nerves and knuckles over a washboard. Change the hard work of washing to just rinsing.

Rinso, the marvelous time and labour saver made by the makers of Lux, takes all the hard work out of wash-day.

Rinso is already granulated and therefore dissolves instantly in hot water.

Clothes soaked for a couple of hours—overnight if you wish—in Rinso suds need no rubbing. Think of it! You just *rinse* the dirt out.

Don't do another washing without Rinso.

Keep smiling for him.

Made by the makers of Lux.

Rinso

DIRECTIONS

Put some Rinso in a saucepan. Pour boiling water over it to set *all* its good, cleansing power free. Pour this into the wash-water. Quickly, completely, the tiny granules dissolve into a clean solution.

Use enough to get creamy, lasting suds. Then drop in the clothes. Soak—boil—or use a washing machine as you prefer. Rinso works perfectly any way you like best to wash.

GETTING SKINNIER EVERY DAY

Something Must Be Done and Done Right Now — Quick

Hollows in Cheeks and Neck Growing Deeper Every Week

Tens of thousands of thin, run-down men—yes, and women too—are getting discouraged—are giving up all hope of ever being able to take on flesh and look healthy and strong.

All such people can stop worrying and start to smile and enjoy life right now for McCoy's Cod Liver Extract Tablets which any druggist will tell you all about are putting flesh on hosts of skinny folks every day.

One woman, tired, weak and discouraged, gained 15 pounds in five weeks and now feels fine.

We all know that the livers of Cod Fish are full of vitalizing flesh producing vitamines and these same vitamines of the highest class are found in McCoy's Cod Liver Extract Tablets—sugar coated and as easy to take as candy.

And this shows what faith the makers have in McCoy's for they say: If any thin person don't gain at least 5 pounds in 30 days your druggist will give you your money back—and only 60 cents for 60 tablets. Ask any live pharmacist anywhere in North or South America.

But be sure to get McCoy's, the original and genuine.

An M.P., who was a staunch advocate of sex equality, sat next to a very clever woman at a dinner party, and in reply to a remark of hers, said:—"My dear lady, I go further than believing in woman suffrage, I maintain that man and woman are equal in every way."

"Oh," said the woman, sweetly, "now you're boasting!"

Best for Summer Cooking!

THINK of it! You can install a 3-burner Findlay Electric Hot Plate or Rangette, complete with portable oven, for less, in many cases, than the extra wiring necessary to install an electric range.

The Findlay Hot Plate does the same faultless cooking as the most expensive electric range. The elements are each adjustable to three degrees of heat. The oven, which is sold separately, is very efficient in roasting and baking.

Findlay Hot Plates are made with one, two and three burners, and in various styles and sizes. A size to attach to electric light socket, others to attach to base board or wall socket, and larger and speedier types that require extra wiring back to the meter.
